

THE DAILY REVIEW.

VOL. XI.

WILMINGTON, N. C., FRIDAY, JULY 22, 1887

NO 173

The Ohio Democrats had a very harmonious convention yesterday. Thos. E. Powell was nominated for Governor and D. C. Coleman for Lieutenant Governor. The platform strongly endorses Cleveland's administration.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Attorney, Clay county, Tex., says: "I have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters. The great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1. at W. H. Green & Co.'s."

Bishop Watson will hold services at Lebanon Chapel, Wrightsville Sound, on Sunday, next.

The hotels at Southport are overcrowded with guests, the most of whom are boarders for the season.

The steamer *Louise* made the run from Smithville this morning, including four stops, in 2½ hours. Quick work.

Go to Sol. Bear's and buy a Gossamer and some elegant Bath Towels, then go to Carolina Beach and—take a surf bath.

Owing to the extremely low stage of water in the Cape Fear, no steamers arrived from, or cleared for, Fayetteville to-day.

There will be an open air concert and lawn party at the City Hall Park next Wednesday night, given by the Cornet Concert Club.

Some of those who own hogsties are very careful to have them snugly penned during the day, but turn them out at night to act as scavengers for the streets.

The Signal office affords very poor consolation this weather. "Stationary temperature," has been indicated for so many days that it has become monotonous and tiresome.

The dulcet tones of Guy Wright's "tootinettes" were inviting our people this afternoon to "Listen to the mocking bird," while two colored boys were furnishing a drum accompaniment.

The third and last game of base ball between the Henderson and Wilmington nines is being played at the Seaside Grounds this afternoon, and had not been concluded at the time of our going to press.

Messrs. W. E. Worth & Co., proprietors of the Wilmington Ice Factory, have opened an ice house on Dock street, between Front and Water, where they are now prepared to fill all orders.

Some of the ladies, who wished to do a little shopping, had a walk for nothing this afternoon, as they failed to bear in mind that to-day is Friday and that the stores were closed at 1 o'clock. We venture the assertion that they will not make a similar mistake next Friday afternoon.

Cotton: Has it been of any advantage to the farming interest of the State? This important question will be ably discussed at the Grange Encampment & Farmers Institute in the month of August, at Mount Holly, by James T. LeGrand, Esq., farmer and lawyer, of the Pee Dee section.

"Where can I go to buy what I want?" "What do you want?" Well, whatever you want, whether Matting, Towels, Trucks, Gossamers, Hammocks, Straw Hats or Summer Clothing, you can save money to buy at Sol. Bear's."

City Court.

The first case for the Mayor's consideration this morning was for disorderly conduct, in which the defendant submitted and judgment was suspended.

Violet Hicks, colored, for keeping an unlicensed day, was required to pay a fine of \$3, with the understanding that \$1 would be remitted upon her procuring the necessary license.

Antonio Mario, charged with vagrancy and begging upon the streets, was sent below for ten days. He could speak neither English nor French, but claimed to be an Arab, and was dressed in the costume of that race.

Serious Accident.

Mr. J. W. Westbrook, who lives at Wrightsville, had the misfortune yesterday afternoon to meet with quite a serious accident. He was riding on the turnpike in a buggy, with Miss Kate Reston, of this city, and when near the "dam" the horse took fright and ran away, throwing both parties out of the carriage. Miss Reston, fortunately, escaped without harm while Mr. Westbrook sustained several severe injuries on his head and body from which he suffered intense pain. Medical assistance was soon present and the sufferer was made as comfortable as possible. He was resting easily at 1 o'clock this afternoon, and the prospects are that he will speedily recover.

City and Country.

It is an undeniable fact that the number of visitors to our city this season has been greater than in any preceding year for a corresponding time. This is partly owing to the new attraction of Carolina Beach and partly to the fact that the pleasures of our city can afford have become more generally known. It is now well known that Wilmington is much cooler than the surrounding country, and the old fog idea, which for many years obtained, that our city was fearfully hot and uncomfortable, has been effectually exploded. Several hundreds of excursionists have visited the city within the past two weeks, and several hundred more will arrive within the next ten days. Those who have been here have been delighted with their visit; all have spent more or less money with our merchants, boarding house keepers, hotel keepers and livery stable men, and we have profited by them, and at the same time have had the satisfaction of knowing that the city has proven an attractive place for the visitors. Thus new acquaintances have been formed and a spirit of friendship established between city and country which will prove of lasting and mutual benefit.

Literary.

Scribner's Magazine, for August, has been received, and its contents are unusually entertaining and attractive. "The Unpublished Letters of Thackeray" are continued, with illustrations. The other continued papers are, "A Girl's Life Eighty Years Ago," with portraits and illustrations, and Seth's Brother's Wife." "The Picturesque Quality of Holland," by George Hitchcock, is an interesting paper, as is also, "The Instability of the Atmosphere," by N. S. Sailer. The other prose articles are "The Lost Rembrandt," by T. R. Sullivan; "A Perilous Incognito," by H. H. Boyeson; "The Revival of Handicraft," by John F. Weir; "Realism and the Art of Fiction," by Arlo Bates, and "Father Acacio's Little Game," by Lizzie Champney. In poetry we have "Disillusion," by Mary W. Plummer; "The Burden of Time," by Charles Latin Hilbreth; "Midsummer Noon," by Charles Edwin Markham; "A Song of Life," by Maybury Fleming; "What Word," by Edith M. Thomas, and "Compensation," by Graham R. Tomson. All of the articles are of a high order of merit, and make *Scribner's Magazine* one of the very best periodicals in the country. Published by Charles Scribner's Sons, New York, at \$3 per annum or 25 cents a number.

Personal.

We are glad to learn that Col. Alfred Rowland is now rapidly improving in health. Mr. John D. Bellamy, Jr., with his family, has gone to Granville county, on a visit to Mrs. Bellamy's relatives. Mr. H. Cronenberg, the photographer, with his wife, will leave on to-morrow night's train for Columbia, S. C., and will be absent several days. Mr. H. W. McLaurin, a native Wilmingtonian, who has been away for several years, has returned here and will again locate on the old sand hills.

Our clever young friend, Mr. Charles D. Jacobs, has purchased the family grocery, corner of Seventh and Orange streets, recently occupied by Mr. John H. Hanby, and will hereafter keep a stock of new and fresh goods, which will be sold at low prices.

On to Conway.

The Wilmington, Chadbourne & Conway R. R. is rapidly pushing its way on towards Conway. It is now constructed 12 miles South of Loris, all of which has been built since last Spring. Conway is still about 8 miles distant and the road will surely reach that town next Winter, by Christmas Day at the latest.

Criminal Court.

The following have been the proceedings before this tribunal to-day: State vs. Lewis Whiting, larceny. Edward Hayes called and failed. Judgment nisi.

State vs. Mary Williamson, selling liquor on Sunday. Defendant submitted. Judgment suspended upon payment of costs.

The Heat.

John King, colored, living on Church street, between Front and Surry, was overpowered by the heat at the Carolina Central Railroad depot at about noon to-day, and had to be conveyed home.

Capt. T. J. Southerland lost a valuable horse yesterday from the effects of fast driving and the extreme heat.

The Carolina.

A new and handsome barge, with a seating capacity for 150 persons, has been built and placed on the river to convey passengers to Carolina Beach. This has been necessitated in order to accommodate the constantly increasing travel to that popular resort. The barge was built at Capt. Skinner's yard and has been named *Carolina*. She will be used on Monday next for the first time.

Fatal Accident.

Mr. — Biggs, trestle master on the Wilmington, Columbia & Augusta Railroad, was killed on Wednesday night, near Nichols, S. C., under distressing circumstances. As the mail and passenger train passed the station on the night in question the engineer saw a white object lying on the track, but it was impossible to stop the train in season to prevent passing over it. The train was stopped as quickly as possible, when the engineer ran back and found the body of Mr. Biggs in a fearfully mutilated condition. It is supposed that Mr. Biggs, who is a young man and had the confidence of the railroad officials, after eating his supper, left his shanty car and sat down on the track to get cool and that he fell asleep while thus enjoying the pleasant evening breeze, and thus met his death.

Carolina Beach. Keep cool and remember that the headquarters for bathing suits is at the Wilmington Shirt factory. Suits made to order. Ladies a specialty. J. ELSEBACH, Prop., 27 Market street.

Indications.

For North Carolina, local rains and stationary temperature.

The Great Tortilita Mines.

From New York Tribune May 29, '87. Ex-Governor Rodman M. Price, of New Jersey, the California pioneer for whom the Legislature of that State recently appropriated \$50,000 to erect a monument in recognition of his public services, is in town. As a Lieutenant of the Navy, Governor Price took possession of California in the name of the United States. He has long been identified with the interests of the Pacific slope. Asked his opinion of the Tortilita Mines in Arizona, whose offices are at 57 Broadway, this city, and whose shares are about to be listed, and whose shares are about to be listed, and whose shares are about to be listed, Governor Price said: "I am familiar with the country in which the Tortilita mines are located. They are in the central and best part of the territory and in an enormously rich mining district. The company has twelve miles and owns a territory three miles long, with over 250 acres of rich ore deposits. The Tortilita have already produced over \$150,000 in bullion. I expect to see a second Virginia City established there and another Comstock in the results of the ore below the water level in the two mines which are now being worked, which is the absolute test of permanency. They have a vein of ore already exposed 42½ feet wide that assays \$50 per ton, and the supply is inexhaustible. "Am I acquainted with the management?" Yes. It is composed of reliable, competent business men of the highest standing. The president is Mr. Joseph H. Reall, president of the American Agricultural and Dairy Association, with whom I was for many months identified in the passage of the National Oleomargarine law, and the vice president is Genl. J. Floyd King, of Louisiana, a distinguished

officer in the late war, and for nine sessions, eight years, a member of Congress. The superintendent of the mines, D. T. Emore, upon whom much devolves, is endorsed by Senator Sawyer, of Wisconsin, as one of the best mining men in America, and of absolute integrity and capacity. There is a great future for this enterprise, in my judgment. I regard the Tortilita as one of the best properties ever placed on the New York market and experienced operators and mining men coincide in my opinion; I foresee great activity in mining stocks this summer.
