# THE DAILY REVIEW

VOL. XI. WILMINGTON, N. C., WEDNESDAY, AUGUST 3, 1887 NO 183

Every tenement house in Boston, the province of the board of health of that city, is visited once a week.

"Buffalo Bill" is to have a rival in the West. West shows business in London. Lured by his brilliant social success away there, "Mexican Joe," otherwise known as Capt. Joe Shelley, sailed on the National Line steamer Italy, from New York for Liverpool, last week, with a good sized party of Texas cowboys.

The "Glenn bill," now before the Georgia Legislature, is deserving rapidity. The general opinion is that it is entirely unnecessary. No one dreams of any trouble from teaching or attempting to teach mixed schools, as the public sentiment of the State in reference to the co-education of the race is too well known.

The New York Star's Grant monument fund has risen at about \$6,000, and that paper confesses its mortification at the popular indifference to the memory of the great soldier. But the Louisville Post suggests that the Star should be encouraged for the reason that "the fault of his Country had been dead three fourths of a century before he got a monument."

Apartment houses are still so popular in New York that a great number of them, six, seven and eight stories high, are being constructed along the West Side Elevated Railroad. It is said that the owners of this kind of property manage in many instances to obtain from 15 to 20 per cent. per annum on their investments, and it is rarely less than 10. Small houses, of two or three stories, renting from \$800 to \$1,000 a year such as were abundant in the upper part of the island in former years, are now unknown.

Bishop Potter, of New York, is proceeding with the organization of the diocese for mission work determined on last fall, and will presently announce the appointment of three of the four archdeacons. These are the Rev. Dr. Alexander MacKay Smith, one of the ablest Protestant Episcopal clergymen of the city, who will have charge of the New York district; the Rev. F. B. Van Hook, of White Plains over Westchester County, and the Rev. Dr. Henry L. Ziegenfuss, of Poughkeepsie, over the Third district. The salary is merely nominal, but the office carries powers of great importance.

Beer drinking, according to internal revenue figures, is growing in popular favor at the expense of whiskey. The taxes on distilled spirits for the last fiscal year show a falling off of nearly \$3,000,000, while those on malt liquors increased greatly. Prohibitionists will be pleased to learn that the reduction on hard drinks was effected mainly in States where temperance measures have been most successful. Receipts from tobacco continue to grow greater, and not a little of the increase is due to cigarettes. The total internal revenue receipts will show a falling off of about \$2,000,000.

The following letter has been sent to the New York Herald from Paris by Prince Erlin: "My attention has been called to statements in the New York journals concerning me. I beg leave to state with emphasis that the Marquis de Leuville never struck me on Hyde Park or elsewhere, and did not attempt to do so. Had he tried to I should have promptly taken steps to vindicate my honor. I don't consider the Marquis de Leuville a person from whom I can demand satisfaction, but had he lifted his hand against me I should have ordered my servants to chastise him."

**Greatest Sacrifice in Clothing Ever Known in Wilmington.**  
Mr. L. Strier, desiring to close out every dollar's worth of clothing, gents' furnishing goods and to make quick work of it, will sell out his entire stock regardless of cost. The real cost or actual value of the goods will have nothing to do with the low prices; his main object is to open up in the large and handsome store in the Parcell building with one of the largest and finest stocks of custom-made clothing. All goods on hand will be slaughtered off. Read a few of the slashing prices in children's suits: For \$1 worth \$2.25, some at \$1.50 worth \$3; a very handsome suit for \$1.50 worth \$4. On suits the price will be reduced \$3, \$5, \$8 and \$10; in furnishing goods 15, 25, and 33 per cent. Remember this is no sensational humbug scheme. Don't miss the opportunity of getting a bargain of the well known L. Strier, 114 Market st.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at W. H. Green & Co's Drug Store.

**The Verdict Unanimous.**  
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co's Drug Store.

**INDEX TO NEW ADVERTISEMENTS.**  
Moonlight Sound Party.  
C. W. YATES—Always Ready.  
DICK & MEARES—Closing Out.  
HEINSBERGER'S—Do You Know It?  
I THOS ALDERMAN—Commission Merchant.

There have been fine rains in the upper Cape Fear section, and steamboatmen report about five feet of water on the shoals in the river.

The Brooklyn Baptist Sunday School will make their second excursion of the season to Carolina Beach tomorrow and with a fair prospect of having a good crew.

The moonlight excursion on the *Rassport*, last night, was well patronized and was much enjoyed by all who participated in the pleasures of moonlight on the waters.

**Base Ball.**  
The "Twinkling Star" Capt. H. Peterson, and the "Tarheel" Capt. T. Gottenberg, two juvenile base ball clubs of this city, played a match game yesterday afternoon on Dickinson's Hill. The former were the winners in a score of 15 to 5.

**Oak Grove.**  
We are informed by Capt. F. M. James that there were six interments in Oak Grove Cemetery during the month ended July 31st, 1887. Of this number one was white and five were colored. Three were adults and three were children.

**Wind and Rain.**  
There was quite a gale of wind blowing nearly all of last night. At about 3 o'clock this morning it blew with much violence, while at the same time the rain fell in torrents. Fortunately the wind ceased to blow so hard and the waters ceased to fall in a few moments, after which, for a time, the weather became perceptibly cooler.

**Music and Moonlight.**  
Howard Relief Fire Engine Company, No. 1, will give a Sound Party at Stokeley's Pavilion, Wrightsville Sound, to-morrow. The wagonette will leave the engine house at 3, 5 and 7 o'clock to-morrow afternoon, and the fare for the round trip, including the party, has been fixed at the merely nominal sum of 50 cents for each person. The music for the occasion will be furnished by the Italian harpers, and the committee of arrangements have made every preparation to assure a pleasant time.

**Fast Freight.**  
We clip the following from "Railroad Notes" in the New York Herald of the 2nd inst:  
By entering into agreements to run fast Southern freight trains in connection with the Atlantic Coast line the Wilmington and Weldon, and Richmond and Petersburg, and the Virginia and Midland, and Richmond and Danville, the Pennsylvania Railroad Company deals a serious blow to the Richmond, Fredericksburg and Potomac road. Heretofore this line has been doing most of the Southern business for the Pennsylvania, upon which it is dependent, the latter company owning the forty miles of the route between Washington and Quantico. Is the new arrangement merely a scheme to depress the value of the Richmond, Fredericksburg and Potomac property? It looks so.

**Our Building Industry.**  
If any one should have the hardihood and effrontery to say that Wilmington is a dead city and that there are no signs of prosperity within her borders "shoot him on the spot." It makes us angry clear through to hear such remarks, and to effectually silence some of those who are continually croaking the dismal refrain, "There's nothing doing," we have taken some pains to ascertain correctly the number of buildings now in course of construction within the city limits, and must confess—as large as we know this industry to be—that we were surprised at the result of the investigation. Some of the buildings enumerated are far advanced towards completion, some have just been begun and, in a few instances, they are merely additions, the latter being all noted. The following is the list as furnished to us through the courtesy of Capt. Brock, Chief of Police, to whom we are much indebted for the valuable information:  
Mrs. J. H. Mallard, dwelling, on Fourth street, between Red Cross and Campbell, East side. O. M. Flyaw, dwelling, N. E. corner Fourth and Red Cross streets. Mr. E. S. Tennant, dwelling, N. W. corner Third and Walnut streets. Mrs. Jewett, addition to building, on Fourth street, between Mulberry and Walnut, West side.—Hon. Dwelling on Seventh street, between Nun and Church, East side name of owner not ascertained. Brooklyn M. E. Chapel, S. W. corner Fifth and Bladen streets. Mt. Zion A. M. E. Church, Fifth street, between Swann and Nixon, West side. W. L. Parsley, dwelling, Third street, between Davis and Nixon, West side. Peter Bower, dwelling, N. E. corner Fifth and Nixon. Two dwellings on Brunswick street, between Sixth and Seventh. Owner's names not ascertained. Two dwellings on Schutt's alley, between Bladen and Harnett streets. Owner's names not given. Three dwellings on Eighth street, between Bladen and Harnett. Owner's names not ascertained. Addition to dwelling on Eighth street, between Harnett and Swann. Owner's name not ascertained. Dwelling on Swann street, between Seventh and Eighth. Owner's name not ascertained. Dwelling on Bladen street, between Eighth and Ninth. Owner's name not ascertained. Dwelling on McKee's alley, between Harnett and Swann. Owner's name not ascertained. Wm. Ulrich, kitchen, S. W. corner Front and Church streets. Wm. Alderman, dwelling, Eleventh street, between Princess and Chestnut. Four dwellings between Gwynn and Rankin and Wood and Bay streets. Owner's names not ascer-

taind. J. Rheder, dwelling S. E. corner Miller and Dickinson streets. Dwelling on Anderson street, between Miller and Green. Owner's name not ascertained.—Buchanan, dwelling, S. W. corner Seventh and Orange streets. Old Fellow's Hall, colored, S. E. corner Seventh and Nun streets. Dwelling on Seventh street, between Church and Nun, and two dwellings on Sixth street, between Wooster and Dawson. Owner's names not ascertained.  
By the foregoing it will be seen that there are now in course of construction in the city, and in various stages of completion, 61 buildings, a very large proportion of which are dwellings.

**Grange Encampment.**  
Hon. A. B. Butler, Commissioner of Agriculture for South Carolina, will deliver an address at the Grange Encampment at Mt. Holly which will be held on the 10th, 11th 12th and 13th inst. His subject will be, "The cause of general failure on the part of farmers of North and South Carolina to make farming a profitable and pleasant occupation." Dr. Charles W. Dabney, of the N. C. State Agricultural Department, will also speak upon the same subject.

**CITY COURT.**  
Sam Larkins, colored, was found sleeping on the wharf last night and would not attempt to find other quarters when ordered to do so by the police, in consequence of which he was arrested and lodgings furnished him at the guard house. He was brought before Mayor Fowler this morning by whom he was sentenced to do 10 days' work on the public streets.

John King, colored, who was taken to the guard house and confined yesterday afternoon on the ground of lunacy, was considered so decidedly insane this morning that he was held for examination by a commission *de lunatico inquirendo*. King has long been subject to slight fits of insanity, but has heretofore been considered harmless. During the present heated term he was overcome by the heat and his malady has taken a dangerous form in consequence. On Monday night he attempted to kill his wife and child, and it became necessary to secure him by tying his hands and feet with ropes.

**This Morning's Fire.**  
At about 2 o'clock this morning the residence of Mr. W. B. Davis, corner of Fifteenth and Market streets, was discovered to be on fire, and in a few moments the alarm was sent out from box No. 35, corner of Market and Eighth streets. The Hook and Ladder Company were soon on the ground, and by the liberal use of fire extinguishers, with which they are supplied, the flames were kept from spreading and were soon under control. The upper part of the centre of the building was where the most of the damage occurred. Mr. Davis was asleep when the fire was discovered, and when he was awoke by a colored man he was nearly stifled with smoke. With the assistance of neighbors who rallied to his aid, he succeeded in removing his furniture, thus preserving it from injury. The loss is estimated at about \$250, which is fully covered by insurance in companies represented by Messrs. Atkinson & Manning. The engine companies halted at the hydrant at Market and Tenth streets, the Adrian hose reel reaching this point in advance of all others.

**Canoe Race.**  
There was an exciting canoe race at Masonboro Sound yesterday afternoon, which, owing to the gale of wind that was blowing at the time, was attended with some danger, and in which all the canoes met with accidents of more or less importance. Six canoes entered for the race, as follows:  
Allie—Capt. J. A. Hewlett.  
Bertha—Capt. J. Walton.  
Ida—Capt. Emanuel Holt.  
Mamie—Capt. Lewis Craig.  
Ripple—Capt. J. J. Hewlett.  
Wanderer—Capt. D. George.  
The Wanderer was the first to pass the finishing point, and consequently, she won the first prize; but it was secured under difficulties as she capsized during the race and had to be righted and baled out, a task which, as a matter of course, caused considerable delay. The Ripple won the second prize, and carried away her bowsprit and job in the struggle. The Bertha won the third and last prize. The Mamie came in fourth and last as the Allie and Ida became so crippled that they were compelled to retire from the contest before it was concluded. Quite a large throng of ladies and gentlemen

assembled to witness the race, and they were interested spectators and enthusiastic admirers of the lively and exciting scene.

**Indication.**  
For North Carolina, local rains, followed by fair weather and stationary temperature.

**Personal.**  
Miss Louise Goodwin, the popular milliner for Mrs. E. B. Wiggins, left this morning for New York. She leaves behind many warm friends who will be delighted to welcome her back in the Fall.  
Capt. J. F. Divise returned to the city last night from the North, where he has been in attendance upon a meeting of railroad officials called for the purpose of perfecting arrangements for a fast freight line from New York to the South.

Are you going to build, repair or paint? Then buy your material from JACOB'S Hdw. Depot. He will supply you with the best and save you money!

**Seeds that Germinate Quickly.**  
The human system is a fruitful soil, and among seeds that germinate most rapidly in it are those of rheumatism and neuralgia. A slight cold, brought on by sitting in a draught, wet feet or damp clothes, will develop either of those abominable painful maladies with unexpressed rapidity. The proper preventive of this agonizing vegetation is Hostetter's stomach Bitters, a medicine which nullifies a tendency to either of the maladies named, and sooths the aches which they cause. Nor is it so effectively a remedy for rheumatism than as its preventive, a fact as amply attested as any other relating to its curative properties. Marblers, miners, ironworkers and others, have ever found it a faithful preservative of health in unfavorable regions, and a benign remedy for malarial disorders, and stomach, liver and bowel complaints. It is a fine promoter of appetite and a capital tonic.
