STATE NEWS

coming Fall and Winter. Goldsboro known in the State-37 strong.

Lincolnton Courier: A negro. Lewis Little, was drowned last Wednesday in Sandy Run. He was working on the washouts, n ar Ellenboro, on the Carolina Central Railroad, and by some mishap fell into the water, whence he could not be rescued. -- Mr. Daniel E. Rhyne, of Mt. Holly, who was here last week, looking out a site for a cotton factory, returned last Mon day and completed a trade for the old Laboratory property. He will at once balldings for the factory.

Asheville Citizeu: We learn that the waters in Cane and Clear Creeks have been very high, and the oats not housed are all swept off. Corn is likely to be injured if the waters do not run off We fear the valley of the French Broad in Henderson and Transylvania has soffered greatly. The river has been high here, but it has been much higher in former freshets, and we have heard of no damage in Buncombe county. - One of the best and most respected citizens of Asheville has gone to his rest. After a few days illness, Mr. Canada Cowan, one of our oldest, best and most useful citizens, died yesterday evening. Our whole community was shocked when the announcement was made, for but few knew of his illness, and everybody respected and revered

him. Charlotte Chronicle: The freshet has come and gone, and though it did considerable damage to the lowland crops, the country is still safe, and the farmers are happy. The hot sunshine following the cloudy weather is making the corn grow, and the cotton bolls swell, and is reviving the hopes for the biggest crop known in years. The cloudy weather retarded the cotton crop, and the first bale will not be in as early as was expected, but when it does begin to come there will a rush. -The Carolina Central Railroad is doing a big freight business for the Wadesboro brown stone company, ten car loads of stone having been brought to the city for distribution through the railroads centering here for various cities North and South. This Wadesboro company, which was recently organized with a capital stocks of \$300 -000, is said to be the second brown stone quarrying company in the Unit. ed States. The company has contracted to supply a demand for 20 car loads of stone per day. -There is a tremendous crowd of people at Spariauburg, attending the encampment, and about forty Charlotte people are there. They report a pleasant time and plenty of fun. Some excitement was created at one of the botels there Thursday night by the antics of a man who had been made crazy by smoking eigar ettes. His name was Plummer and he had just arrived in Spartanburg with his bride, from Birmingham. His insanity was of the rip roaring character, and it took six men to manage him and keep him from clearing the hotel of its guests. The doctors who were called loaded him with morphine by hypodermic injection, and he was finally put to sleep. The young bride was terribly agitated by the occurrence and attracted the sympathies of all the people about the hotel. This case will be one of general interest from the fact weekly always contains instalments of one, that the young man's insanity was caused by smoking eigarettes, and it points a moral which the youth of the land should heed. The man is said to be a raving maniac and the doctors at-

indulgence in the ciga rette. Raleigh News and Obs. rver: Dr Herbert B. Battle has been appointed by the executive committee of the Board of Agriculture to fill the vacancy in the office of State Chemist, made vacant by the resignation of Dr. Dabney, at least from October first until the meeting of the full board in December. Dr. Battle has for six years and more been the first assistant chemist of the department and has proven his fitness for the position he is now to hold. He is a North Carolinian. a graduate of our own university, thor oughly capable, earnest and devoted to order. oughly capable, earnest and devoted to the States' interests. — Yesterday morning at 10 o'clock a rumor which seemed to be well founded was current that a new syndicate had to the effect that a new syndicate had been formed headed by the Kimball House of Atlants to raise the purchase bid for the Atlantic Hotel at Morehead 10 per cent The bid recently made was \$18,000. The property originally cost between \$50,000 and \$60,000. Nothing definite is settled and authing definite can be learned. It is said,

however, that several members of the new syndicate went down to Morehead yesterday evening.

Page, pastor of the Methodist church, has been granted a vacation on account of ill health, and during his absence Rev. R. S. Ledbetter will supply his place -- We regret to hear of the serious illness of John P. Little, Esq. of Little's Mills, Dr. J. M. Covington. of this town, having been called to see him several times within the past week or so. —We blush to say it, but it is nevertheless a fact, that our county is nevertheless a fact, that our county is cursed with an officer, clothed with is nevertheless a fact. that our county is cursed with an officer, clothed with considerable authority who is small minded and mean enough to use his efficial position for the punishment of his personal enemies.

Their Business Booming. Probably no one thing has caused such a general revival of trade at W H. Green & Co's. Drug Store as their giving away to their customers of so many tree trial bottles of Dr. King's

New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs. Celds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted
