**SIMMONS' LIVER REGULATOR**  
PURELY VEGETABLE.  
It acts with extraordinary efficacy on the LIVER, KIDNEYS, AND BOWELS.  
AN EFFECTUAL SPECIFIC FOR Malaria, Bowel Complaints, Sick Headache, Constipation, Biliousness, Kidney Affections, Jaundice, Mental Depression, Colic.

**BEST FAMILY MEDICINE**  
No Household Should be Without It, and, by being kept ready for immediate use, will save many an hour of suffering and many a dollar in time and doctors' bills.

THERE IS BUT ONE **SIMMONS' LIVER REGULATOR** See that you get the genuine with red "Z" on foot of wrapper. Prepared only by J. H. ZEIN & CO., Sole Proprietors, Philadelphia, Pa. PRICE, \$1.00. Sent by mail.

Alfred Krupp, the great Prussian gun maker, left \$250,000 to his employees, and his son Frederick has added \$125,000 for the people of Essen. On the theory that one good turn deserves another, Essen is going to give Mr. Krupp a \$15,000 monument.

It is to be noted that Egypt is again becoming a land of onion culture.—Large quantities are yearly shipped to Europe from Alexandria and other ports. A few years ago the trade hardly existed, while in two months of last year alone 14,000 tons were shipped to Liverpool.

Prof Ramsay, of Glasgow, declares that English literature is of no account beside the study of Latin; Ex-Prof. Blackie tells the collegiate boys in Edinburgh that Latin and Greek are "unnecessary and useless," that "we have got a man as big as twenty Homers—Shakespeare. We have got a Scottish Homer—Walter Scott."

The amount annually expended for benevolent purposes in New York is estimated at about \$7,500,000. There are 320 charitable societies and institutions.

Wilmington, on Thursday last, decided by a large majority to subscribe to the Oaslow Railroad, and the papers of that city are jubilant thereat—*Greensboro News*.

We beg your pardon. There is one paper in this city that has shown no signs of rejoicing, just as there was but one paper here that did not express an opinion of its own on the question, one way or the other.

Outside the walls of Jerusalem a new town has sprung up, a building club having been established a few years ago, under the operation of which 130 houses were erected in four years by the Jews; while along the Jaffa Road many country villas have been erected of late by European residents as summer abodes. The latest development of the building of new houses without Jerusalem is to be found in the enterprise which has led to much building being done on the slopes of the Mount of Olives, the summit of which is crowned with the Church of the Ascension.

**Worth Knowing.**  
Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption Guaranteed to do just what is claimed for it. Trial bottle free at W. H. Green & Co's Drug Store.

**Receives Her Youth**  
Mrs. Phoebe Chesley, Paterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50c. For sale by W. H. Green & Co.

**INDEX TO NEW ADVERTISEMENTS.**  
C. W. YATES—Grocers,  
SOL BEAR—Via Benefactor  
JOHN W. HARPER—Carolina Beach  
HEINBERGER'S—Do You Know It?  
Fodder pulling time is at hand.  
Another slight rise is reported in the river at Fayetteville.  
Paints and Varnish. Best in city at JACOBI'S, and at lower prices than you can buy elsewhere.  
Steamer *D. R. Murchison*, arrived this morning from Fayetteville, with a full cargo of naval stores.  
Steamer *Benefactor* arrived yesterday afternoon from New York, with a full cargo of merchandise.  
The crowd at Carolina Beach yesterday was one of the largest this season. The surf bathing was unusually fine.  
Last night was exceedingly warm. There was but very little wind and what there was came from the Northwest.  
According to the record it has not been so warm to day, after all. At 3 o'clock the thermometer registered 90 degrees.  
Mr. S. A. Johnson, Superintendent of construction of Fourth street bridge, informs us that he will have the abutments completed in eight days.  
The *Messenger* made a statement which the *Review* refuted and thereupon the *Messenger*, not caring to back its statements itself, an anonymous writer fills the breach.  
We venture the assertion that the communication which appeared in this morning's issue of the *Messenger*, signed "Physician" was not written by a physician and we challenge the *Messenger* to prove that it was.  
Carolina Beach. Keep cool and remember that the headquarters for bathing suits is at the Wilmington Shirt factory. Suits made to order. Ladies a specialty. J. ELSBACH, Prop., 97 Market street.  
Dog Collars. Large assortment just received. Can buy a nice collar for 25 cents up, at JACOBI'S Hdw. Depot.

Our market was well supplied this morning with watermelons, chickens and eggs. Melons, from 10 cents to 20 cents a piece; eggs 20 cents per dozen; chickens 10 to 25 each.

Capt. F. M. James, Superintendent of Oak Grove Cemetery, was called upon last night about 9 o'clock, and presented with a burial certificate, which was for a colored infant.

Helen Haywood, colored, was found wandering about the streets last night. She was taken to the City Hall and placed in confinement. She claims to be from Acorn Branch, near the city, and is evidently insane.

Superintendent S. H. Terry, of the House of Correction, states that he released to-day eleven prisoners who had served out their terms. He has now confined six prisoners, seventeen paupers and eleven insane persons.

It was reported this morning that a colored man named Edward Neal had expired very suddenly last night. Enquiry reveals the fact that the man had been sick for four months and that his death was a result of his disease.

Mr. Martin O'Brien is having a brick store erected on Nutt street, between Walnut and Red Cross, adjoining that he occupies, which he will use as a grocery and clothing store. Next to and adjoining this he is erecting another brick building, which will be used for a blacksmith shop.

Capt. Manning's guests at Wrightsville are to take a sail this afternoon as far down the coast as Carolina Beach and return. They are to go through the Sound, according to one of our morning contemporaries, in which event they must needs walk some little distance. Masonboro is the last inlet and from there to the Beach it is, we think, about 8 miles.

**City Court.**  
The only case for the Mayor's consideration this morning was that of Robert Johnson, charged with being drunk and down. Defendant was found guilty and sentenced to pay a fine of \$20 or go below for 30 days.

**Your Name, Doctor.**  
THE REVIEW does not care to answer the sneers of anonymous correspondents. There is one given a hearing in the *Messenger* this morning under the head of "Physician" (we did not know that our neighbor had an M. D. on his staff) which we will very readily reply to if the gentleman who fathers the article will but publish his name.

**New Evening Paper.**  
The *Daily Sun* is the title of a new evening paper which has just gone into publication at Charleston, under the proprietorship of Mr. John McElree and under the editorial management of Mr. A. B. Williams, one of the best newspaper men in the State. It is a 24-column paper, well printed, bright and newsy, and starts out with a liberal amount of advertising patronage. It is represented in this city by Mr. Mercer Brown, who paid us a pleasant visit to-day.

**Magistrate's Court.**  
W. C. Kopes was arraigned before Justice J. C. Millis yesterday afternoon upon the charge of forcible trespass in entering the house of Elsie Howard and taking pictures therefrom. Judgment for the costs. From this decision defendant appealed and the Justice required a bond of \$50 for his appearance at Court. Bond furnished.

The same defendant was arraigned on the charge of slandering Elsie Howard. Case dismissed and prosecutrix ordered to pay the costs. Appeal taken and bond given.

**Arrested and Escaped.**  
There was a lively time last night in the neighborhood of the Gibbon Lodge building, corner of Eighth and Princess streets. A colored festival of some kind was in progress there at the time and when a disturbance arose Officers Batson and Tietgen entered and arrested one John Lane. They tried to get him off but were followed by a lot of hoodlums and racked and jostled about so severely that the prisoner escaped. It is said, however, that he will be recaptured, along with a number of the assailants. Verily, the life of the Knight of the Locust is a hard one.

**Indications.**  
For North Carolina, fair weather, light variable winds and stationary temperature.  
You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOBI'S Hdw. Depot.

**Verbum Sapientis.**  
Wilmington is fortunate in that the wholesale houses, in every line, send out men to represent them who, as well as being true to the interests of their respective houses, are true to the interests of our "City by the Sea." Hencever and wherever a word is sounded in her praise, their voices are always heard in loud acclaim; but let anything be uttered to her detriment and they are braver than Spartans and more eloquent than Demosthenes in her defence.

We are informed by one of our road salesmen, who travels mostly in South Carolina, that unless other steps are taken than at present anticipated by our cotton buyers, Norfolk or Charleston will get what belongs to Wilmington. From merchants in Florence and Cheraw he hears that our Wilmington merchants do not intend to send cotton buyers to these places, but that propositions have been made which do not meet the approval of the cotton factors in these towns.

It is very much to be hoped, if merchants in towns like Florence and Cheraw do not care to consign their cotton either to commission merchants or exporters, that our cotton factors will meet their demands by sending to them a man who will buy their cotton where it is. Inasmuch as the Palmetto Rail Road, recently completed between Hamlet and Cheraw, opens up direct rail facilities to Norfolk, Wilmington should counteract such facilities by additional energy and inducements.

**Personal.**  
Hon. O. P. Meares has returned from Charlotte.  
Mr. W. B. Hocutt, of Rocky Point, was in the city to-day on a short visit.  
We are sorry to learn that Mr. George F. Herbert is still quite sick and confined to his room.

Capt. and Mrs. W. L. Harlowe, and Mr. and Mrs. Henry P. West, left this morning for New York.  
Mr. Arthur Kirkland, who married a daughter of Capt. Cutts, of this city, has removed from Georgiana, Ala., to Chapman, in the same State.

We are pleased to learn that Mr. R. G. Ross, who met with an accident at Mayport, Florida, a few weeks ago, is improving. His relatives expect him here in a few days.

Mr. Robt. Fletcher, a prominent stevedore of Norfolk, Va., arrived in the city last night. He visited a number of shipping merchants to-day and will return to-night.

Mr. John G. Oldenbittel, Chief of the Fire Department, and Mr. Nick Hallen and wife, were passengers in the steamship *Benefactor*, which arrived here yesterday afternoon from New York.

Mr. S. G. Worth is in the city, gathering the statistics of the shad fishery of the State for the United States Fish Commission. From this point he will canvass all the fishery centres of the Albemarle and Pamlico Sounds and tributary rivers. He finds a large increase in the Cape Fear during the two last years, over preceding seasons.

**Painless Regulation.**  
It is no longer a question of doubt—although the contrary was once believed—that medicines which produce violent effects are unsuited to other than desperate emergencies. In other words, that superior remedies are calculated to weaken and injure the system rather than reform its irregularities. Among medicines of debilitating effect are cathartics and cholagogues which copiously and abruptly evacuate the bowels. Because it does not do this, Hostetter's Stomach Bitters is preferable to the strengthening class of purgatives. Painless in its effects, it is sufficiently active to remedy chronic constipation. It relieves by invigorating the intestines, and enables, not forces, them to perform the duty imposed upon them by nature. Promoting the secretion of bile in normal quantities by its healthfully stimulating effect upon the liver, it is eminently conducive to digestion, and contributes in no small degree to keep the bowels regular.

**The Last Chance**  
To buy clothing at 40 and 50 cents on the dollar. Don't miss the opportunity of getting a slice of the numerous bargains now to be had at I. Shrier's. Remember that this is no humbugging scheme. Every dollar's worth of goods must be sold before Shrier's removal to the mammoth store in the Purcell building on Front street. It would be advisable for country merchants to give him a call and get bargains in job lots.  
The cheapest place to buy your school books and school stationery is at Heinberger's.  
Headquarters for base ball supplies is at Heinberger's.
