Greensboro Workman: Mr. A. M Bradshaw and his company, of Friendship, threshed out over 590 bushels of grain last Friday, in about 7 hours. Chatham Record: On and after next Monday trains will run regularly on the C. F. & Y. V. railroad to Dalton, to which point the track has just been closed at 9.25 for September. Opened laid. This is near Pilot mountain.— Our venerable triend, Jordan Tysor, Opened at 9.10 and closed at 9.10 tor Esq., has the most precocious turnips November that we have heard of. On the 6th of this month be sowed some turnip seed, and by the 15th they had grown so rapily that the leaves were as large as a silver dollar. - Mr. Jonn Q. Smith, of Matthews township, informs us that he has a cat 17 years old, that has had 190 kittens, and every one of them had a gray tail. This beats the item copied in last week's Record from the States ville Landmark about a cat in Iredell with 72 kittens.

Charlotte Chronicle: The congregation of St. Peter's Episcopal church in this city, has decided upon the erection of a new and exceedingly handsome building, on the present site, corner of Seventh and Tryon streets. The old church building will be torn away to give place to the new one. The new building will cost about \$10,000, and will have two entrances. Lone on Seventh street and . ne on Tryon street. It will be the prettiest church in the city. -At Rockingham yesterday morning the body of a well known colored man, named Wesley Leak. was found in a box car on the side track of the Carolina Central Railroad. Wesley had been stabbed through the heart and his body was lying in a pool of blood. The knife used in the deed, judging from the nature of the wound. must have been what is ordinarily termed a butcher knife The gash was over an inch in length and extended entirely through the heart. Immediately upon the discovery of the body, the coroner was notified and a jury of inquest was summoned, and sufficient tacts were developed to lead to the immediate arrest of one negro, upon charge of complicity in the murder, and to the arrest later in the day of several other colored men. It seems, from the evidence, that last Monday night Leak and a party of colored friends went into the car to have a quiet game of cards. and that during the progress of the game a quarrel arose between Leak and one of the party, and the two men final ly came to blows. The fight, however was brief, for Leak's opponent drew a knife and plunged it through Leak's heart. At the time our informant left, the coroner's jury was still investigating and issuing warrants which Richmond's active sheriff, Mr. J. M. Smith, lost no time in serving. It is believed that nearly all in the gang were captured during the atternoon, and they will have a preliminary trial to day.

Painless Regulation.

It is no longer a question of doubt-although the contrary was once believed-tha: medi cines which produce violent effects are un sulted to other than desperate emergencies. In other words, that super potent remedies are calculated to weaken and injure the sys tem rather than reform its irregularities among medicines of debilitating effect are cathartics and cho agogues which copiously and abruptly evacuate the bowels. Because it does not do this, Hostetter's Stomach Bit-ters is preferable to the drenching class of purgatives. Painless in its effects, it is sufficiently active to remedy chron e constipation it relieves by invigorating the intestines, and enables, not forces, them to perform the duty imposed upon them by nature Promoting the secretion of b le in normal quantities by its healthfully stimulating effect upon the liver, it is eminently conducive to digestion, and contributes in no small degree to keep the bowels regular
