former friends have made a public de-
mand that he shall divide his \$25,000 a

ant organizations in Spain. It is just
eighteen years since the first Protestant

those that do.

A tall, blue-looking colored man re-
cently called on Secretary Lamar, and
the two men sat down and conversed

at length learned that the caller was
Ransom Turner, of Georgia.

Henry W. Grady perforates his own
Vice Presidential boom by announcing
that he is in favor of a Western man
for the place. He has no doubt of
Cleveland's renomination, and says
that Georgia will give 100,000 Demo-
cratic majority next year.

Over \$100,000 has been contributed

to make needed repairs on church
property in Charleston, S. C., damaged
by the earthquake. There was \$7,

\$4,507.77 in Brooklyn.

Leo XIII is one of the most retiring
of popes. He is rarely seen in his re-
ception robes; still more difficult is it
to observe him in his house dress. He
is constantly before his enormous
artistically carved writing desk, hidden
behind a heap of books, diplomas
letters, and newspapers.

A carefully prepared estimate of the
earnings of 107 railroads for July shows
\$38,453,244 on 61,751 miles of road,
against \$24,240,606 during July of last
year on 58,750 miles. Earnings in-
creased \$2,241,538 and tracks increased
3,001 miles; the percentage of increase
on earnings was 5.34, and on mileage
5.1.

THE DAILY REVIEW.

VOL. XI. WILMINGTON N. C., SATURDAY, AUGUST 20, 1887 NO 198

The prize offered by the French Gov-
ernment of \$10,000 for the most valu-
able discovery relating to the utiliza-
tion of electricity is to be awarded next
December. It is for any use or appli-
cation of electricity, namely, as a
source of heat, or of light, or of chemical
action, as a means of transmission of
mechanical power, or of verbal com-
munication in any form, or, finally, as
a curative agent.

The northern part of Minnesota is
yet a wilderness. While the central
eastern and southern portion of the
State are well settled, the St. Paul
Globe says 'the northern part is un-
touched except for the occasional in-
cursions of lumbermen.' The lumber-
men follow the banks of the streams
and leave a desolation behind them,
but settlers first occupy lands along the
lines of railroad. It is the railroads
that bring virgin territory into the
market. They afford facilities for get-
ting into a country, and for getting out
again with anything the settler may
have to sell.

The Trichological Society is the name
of an organization recently formed in
Philadelphia. As its name imports,
the society will devote its energies to
the study of hair. Scientists have of
late asserted that the man of the future
will be bald. Realizing the ornamental
and practical value of hair, the
Quaker City enthusiasts intend to be-
gin a crusade against the trichoclastic
tendencies of modern life. Just what
methods they will pursue in carrying
out their high purpose cannot yet be
ascertained, but every man who has a
regard for posterity will be glad to aid,
as far as possible, the designs of the
new society.

Renews Her Youth
Mrs. Phoebe Chesley, Peterson, Clay
Co., Iowa, tells the following remark-
able story, the truth of which is vouch-
ered by the residents of the town: "I
am 73 years old, have been troubled
with kidney complaint and lameness
for many years; could not dress myself
without help. Now I am free from all
pain and soreness, and am able to do
all my own housework. I owe my
thanks to Electric Bitters for having
renewed my youth, and removed com-
pletely all disease and pain." Try a
bottle, only 50c. For sale by W. H.
Green & Co.

Worth Knowing.
Mr. W. H. Morgan, merchant, Lake
City, Fla., was taken with a severe
cold, attended with a distressing cough
and running into Consumption in its
first stages. He tried many so-called
popular cough remedies and steadily
grew worse. Was reduced in flesh,
had difficulty in breathing and was un-
able to sleep. Finally tried Dr. King's
New Discovery for Consumption and
found immediate relief, and after using
about a half dozen bottles found him-
self well and had no return of the
disease. No other remedy can show
so grand a record of cures, as Dr.
King's New Discovery for Consumption.
Guaranteed to do just what is claimed
for it. Trial bottle free at W. H. Green
& Co's Drug Store.

heard it while seated in the house.
Dr. J. D. Bellamy is having a house
owned by him near the corner of Second
and Dock streets repainted and re-
novated.
The only peaches in market to-day
were a few in a huckster's cart which,
although half green, were actually sell-
ing at 80 cents a peck.
Last night, from 11.30 to 11.45, the
velocity of the wind was 28 miles an
hour. At Southport the highest rate
was 26 miles per hour.
Mr. Coerr will hold service and
preach in St. Paul's Church Sunday
morning, service beginning at 11
o'clock. The subject of the sermon
will be, "The Assault of Shame upon
the Gospel of Christ."
Wrightsville was glorious yesterday
afternoon. There was a good tide and
a splendid breeze from the Northeast.
One of the sharpies, with a number of
ladies and gentlemen on board, ran
over to the banks in twelve minutes
and returned in ten.
Headquarters for base ball supplies
is at Heinsberger's.

But one interment this week in Oak-
dale and none in Bellevue.

Bishop Watson will officiate in
James' Church to-morrow at all of the
services.

The Register of Deeds issued four
marriage licenses this week, all to
colored couples.

Five bales of new cotton received
here to-day, all from Darlington, S.
C. Messrs Worth & Worth got four
and Messrs Giles & Marchison one.

Those who were on the banks last
night say that the spectacle was mag-
nificent. A tremendous sea was on
and the waves were dashing up to the
very foot of the Club House at Wrightsville.

Last night, during the wind storm,
the schooner *Delia*, discharging ice at
the wharf front of Messrs. Hall &
Pearsall's, parted her moorings, swung
around and demolished two small
boats. No other damage.

The change in the weather is more
than pleasant; it is delightful, inspiring,
invigorating. The wind got around to
the Northwest before day and sleeping
was just splendid. With many it was
the first pleasant night's rest had this
week.

City Court.
The only case for the Mayor's consid-
eration this morning was that of Ob-
diah Jenkins. He was adjudged guilty
of being a nuisance and bound over to
the Criminal Court.

Indications.
For North Carolina, local rains in
the Eastern portion, fair weather in the
Western portion, Northerly winds,
becoming variable, and slight changes
in temperature.

A Novelty.
Mr. Garrett Walker, an enterprising
farmer of Harnett township, has a four
barrel cannon that he uses in his melon
patch. It is in a cast iron box, with
its four muzzles projecting and can
bring down four watermelon thieves at
one discharge.

A Burglar Foiled.
An unsuccessful attempt was made
last night to burglarize the house of
Mary Pickett, colored, on Castle street,
between Eighth and Ninth. She awoke
about 12 o'clock and heard some one
in her room and found that the light
had been put out. She called for assistance
and George Sheridan, colored, and
officer B. R.emann, who resided in the
neighborhood, and was off duty last
night, ran to her assistance, but the
rascal jumped through a window and
escaped.

Magistrate's Court.
Rebecca Long, whose case was trans-
ferred from the Mayor's Court, was
arraigned this morning before Justice
F. B. Rice for assault and battery—
Guilty. Judgment \$1 and costs.
Christian Smith was before Justice
Price for an assault on Jane Foy. Both
parties were found guilty of an affray
and ordered to pay the costs.
Jane Foy swore out a peace warrant
against Christian Smith before Justice
Miller and the prosecutrix was ordered
to pay the costs. She was committed
to jail in default.

A Personal Item.
We were published yesterday a clipping
from the *Florence Times*, relative to
Mr. W. C. Kops, who is now in this
city and who has had some difficulty
here in his business relations with a
customer, but nothing against his char-
acter has been alleged. Our neighbor
of the *Times* is very harsh. Is he sure
that he is justly so? Mr. Kops has in
his possession some excellent creden-
tials, certified to by some of the best
people in Marion county.

Look Out!
This is a good time of the year for
storms and it is likely that we may be
accommodated with one or two during
the next six weeks. The first of the
season is now near at hand and as close,
perhaps, as our personal comfort might
desire. The cautionary signal was
raised about noon to-day in response
to a telegram from headquarters, at
Washington City, which says: "H-ist
cautionary for Wilmington and Wil-
mington section. Storm central-off the
coast of North Carolina. Will prob-
ably increase in force from the North-
east."

Arrested at Burgaw.

Some little excitement was occasion-
ed at Burgaw on Thursday afternoon
by an arrest which was effected there
on that day. Four tramps, two boys
and two young women, all said to hail
from this city, entered the store of Mr.
J. T. Collins and one of the women
called for some stockings. Mr. Collins
put our pair down on the counter, for
which one of the women offered a brass
ring in exchange, she claiming that the
ring was gold. They left the store, but
the girl who offered the ring was called
back and searched by Mr. Collins and
one pair of the stockings was found
concealed in the bosom of her dress.
Mr. Collins, who is a deputy sheriff,
then ordered her arrest but she resis-
ted and fought like a wildcat,
biting and scratching like one. She
was taken before Justice A. H. Pad-
dison, when after a preliminary examina-
tion she was ordered bound over in the
sum of \$50 for her appearance at the
next term of Pender County Superior
Court. Failing to give the bond she
was placed in charge of Deputy D. W.
Rivenbark who yesterday brought her
to this city and lodged her in jail. The
three other tramps took leg bail in the
direction of Weldon.

Just How It Stands.

The status of the railroad question,
from this city to Wrightsville, and on
from Wrightsville to Onslow, is simply
this: If the people of that part of Pen-
der and Onslow through which the
road will pass, and who have been
clamoring for such facilities, will but
vote the amounts asked for, the road
will be built; if not, then the company
say that they will not construct the
road. From Grant township, in Pender
county, \$10,000 is expected and from
Onslow county, \$30,000 when the road
is built to New River and \$30,000 when
it is completed through the county to
the Jones county line.

If these subscriptions are made the
road will be built; if not, the original
intention will be abandoned and the
road will be constructed at once from
Wilmington to the beach opposite
Wrightsville. The abandonment of the
intention to build to Onslow will of
course carry with it a loss of the \$100,
000 recently voted by the people of this
city to the road.

But the road to Wrightsville is to be
built anyhow, and at once. The money
can be easily raised for this purpose
and there will be no lack of funds for
the enterprise.
So it will be seen that if our country
friends want this road they must put
their shoulders to the wheel and help
in the work. Wilmington has already
done its share by voting the \$100,000
subscription and it remains for the
friend of the enterprise in Pender and
Onslow counties to come to the front
and help along in the good cause.

Railroad Talk.

Here is an item of railroad news,
clipped from the *Raleigh News and
Observer*, which is of interest to our
readers:
A prominent official of the Suffolk &
Carolina railroad, which is now rapidly
pushing its line to completion in eastern
North Carolina, was in the city
yesterday. A reporter, in an interview
with him, learned that this new road
had completed its line from Suffolk,
Va., southward through Gates county
in this State and to Woodley's on the
Chowan river in Chowan county. This
line will make connection with lines
for western North Carolina, by the
steamer Olive which will run
from Woodley's down the Chowan
river, then across the head of Albe-
marle Sound and up the Roanoke
river to Jamesville, connecting with
the Roanoke Railroad, which was formerly
known as the Albemarle & Raleigh
road. Connection will also be made
with the Jamesville & Wilmington
road. The ultimate purpose of this
company is to extend a line
of road from Washington to Newbern,
using as a connection the Jamesville &
Wilmington road, and then extend its
line from Newbern to Wilmington—
Plymouth will be a point from which
a road will run to Jamesville, but until
this is completed the steamer Olive will
run from Woodley's to Jamesville to
make railroad connection. There is
considerable talk of an agreement al-
leged to exist between the R. & G. R.
and the W. & W. by which the W.
& W. is to extend the Albemarle &
Raleigh road nearer Raleigh, the
present terminus of that line. It is
rumored that certain circumstances which
will soon take place will have the effect
of annulling this agreement after which
the W. & W. company will extend the
Albemarle & Raleigh road, now known
as the Roanoke road, to Raleigh.

Brig Hattie cleared to-day for Mar-
tenique with 219,000 feet lumber, valued
at \$4,277 28, shipped by Mr. E. Kid-
der's Son.

Rev. C. M. Payne, of Concord, will
preach at the First Presbyterian church
on to-morrow (Sunday) morning, at
11 o'clock.

There will be a game of base ball at
the Seaside grounds Monday next, be-
tween the Mutual and Maple Leaf,
colored clubs.

A party of colored folks who are here
from Newark, N. J., visited the Rock
Spring this morning and drank some of
the water. They had heard of its vir-
tues.

The New Church.

The new Methodist church in Brook-
lyn is completed, and will be opened
for worship to-morrow morning. The
opening sermon will be preached at 11
a. m. by the pastor, Rev. C. W. God-
win. The public is invited to attend
the services.

This church was begun in May last
and has been but two and a half months
building. It is a neat church, finished
in Gothic style, and has a seating capacity
of about two hundred and twenty
five.

Stimulate the Blood.

BRANDRETH'S PILLS are the great
blood purifier. They are a purgative
and blood tonic, they act equally on the
bowels, the kidneys, and the skin, thus
cleansing the system by the natural
outlet of the body—they may be called
the purgative sudorific and diuretic
medicine. They stimulate the blood so
as to enable nature to throw off all
morbid humors, and cure disease no
matter by what name it may be called.
One or two of them taken every night
will prove an infallible remedy.

Personal.

Dr. R. W. Ward, of Onslow county,
is in the city.

Mr. Clayton Giles is spending a few
days at Blowing Rock.

Mr. J. H. Sharp, of the Carolina
Central, has gone to Vance county, to
visit his family.

Rev. C. M. Payne arrived in the
city this morning. He is the guest of
Mr. B. G. Worth. He will remain
here until next Wednesday and will
preach in the Second Presbyterian
Church to-morrow night at 8 1/2 o'clock.

Mr. F. R. Hawes was hurt yesterday
afternoon, while on the *Passport*, by
being struck in the face by a fender, as
the boat was leaving the wharf. The
fender struck a projection in the wharf
and struck Mr. Hawes in the rebound.
That gentleman was painfully but not
seriously injured.

Judge McKee.

The following pleasant allusion to
Hon. James C. McKee, Judge of the
Superior Court, and his business-like
methods, taken from the *Sheby
Aurora*, will be read with interest by
that gentleman's many friends in this
city and section:

Judge McKee has ably presided at
our two week court, soon to termi-
nate. He is not as rapid as Judge Mont-
gomery, nor such a terror to trans-
gressors as Judge Clark, yet he runs
his court without dictation of the law-
yers, dispatches business and has given
general satisfaction. In saving of jury
expenses he is a model to other Judges.
We saw him save money several times
for Cleveland county in tales jurors
and once in sending for a jury ready to
return, so as to save the expenses of a
new jury. Our jury this court has cost
us much less than usual, thanks to
Judge McKee. To economize he ap-
pointed Wednesday of next Superior
Court for witnesses in all civil cases to
attend, so civil witnesses will draw pay
from the third day of next court. This
will save several hundred to litigants,
as state cases claim precedence and al-
ways occupy the first three days.
