LOOK OUT! Compare this with your purchase:

As you value health, perhaps life, examine each bottle and be sure you get the GENUINE. See the red Z Trade-Mark and the full title on the front of wrapper, and on the side the seal and signature of J. C. Zeilin & Co. Beware of cheap imitations. Remember that the other genuine Zeilin's Liver Regulator costs 3 times as much.

Two races of men are dying out—the Laplanders, who number 30,000, and the Maoris of New Zealand, reduced from 100,000 to 45,000 since the days of Capt. Cook, and likely to be extinct by the year 2,000.

According to the Chicago Tribune, 200 murders were committed in this country during the month of July. This is said to be the largest monthly total for years; but at present it looks as if August would make an even worse record.

Mrs. Langtry's coachman is one of the sights at Long Branch. He is only a little more than four feet tall and weighs about 110 pounds. What little hair he has is red and his face is covered with freckles. As a foil for his handsome mistress he is an unequalled success.

Hiberto it has been thought that Jesus spoke in Aramaic, but Professor Roberts, of St. Andrew's University, in Scotland, will shortly publish a book called "Greek the Language of Christ and His Apostles." It should be a cautiously interesting work, if its contents shall justify its title.

The Nebraska Prohibitionists and the Women Suffragists are in close alliance. In fact the alliance is so close that no difference is appreciable. At the recent State Convention of the Prohibition party Mrs. Bittenbender, of Lincoln, Neb., was nominated as a candidate for Judge of the Second judicial district of the State.

The railway between Corinth and Vostizza, the ancient Argium on the Gulf of Corinth, is completed will soon be opened to the public. The remaining section from Vostizza to Patras will be finished within three months, and if a line of steamers is established between Patras and Brindisi Athens can be reached from London within four days.

More than 2,000,000 glass eyes are made every year in Germany and Switzerland, and one French house manufactures 300,000 of them annually. The pupil is made of colored glass, and sometimes red lines are painted on the outer surface to simulate veins. The largest number of these eyes are bought by laborers who are exposed to fire, and are consequently liable to lose an eye.

Japan's foreign trade last year was greater than ever before, and that with the United States and Canada was greater than with any other country. The balance was all against us; for while we exported to that country about \$2,000,000 worth of goods, we imported from there no less than \$16,000,000. Great Britain's trade with Japan was not the reverse of this. We bought her tea, rice and silks and paid cash, and the cash drifted finally into English hands to pay for cotton and woollen goods. And yet Japan is on our side and not the British side of the globe, and her commerce naturally belongs to us, and not in the one-sided way it is carried on now either.

You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOBI'S HDW. Depot.

President Cleveland is leading the life of a Cincinnatus at Oak View. He rises before 7, dons a blue serge suit and a wide-brimmed straw hat, and, with a cigar in his mouth, strolls through his big vegetable garden until breakfast is served at 8 o'clock. He spends a large part of the day on the piazza. He drives but little. There is but one horse on the place after Col. Lamont has driven off to the white house in the family carriage. A female cook and Mrs. Cleveland's comely maid are the only representatives of the gentler sex now at Oak View.

Alvan Clark, who had a world-wide reputation as a practical astronomer and manufacturer of telescopes, and who has been a resident of Cambridge, Mass., for the past fifty-two years, died last week aged eighty-three years and six months. Through his efforts he has given to the world the largest and most powerful astronomical instruments ever made, the results being the discovery of celestial bodies heretofore unknown. From New York to St. Petersburg and in every civilized country in the world the name of Alvan Clark is a familiar one among scientists.

Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Diphtheria is raging in Fayetteville. We are sorry to learn that Mr. Archie McMillan lost two children in two days recently.

Mr. A. S. Winstead, at No. 115 North Second street, advertises a lot of fine French candy, apples, &c., in this issue. See adv.

A comfortable residence, with five rooms, on Chestnut, between Fourth and Fifth streets, is offered for rent. See ad. in this issue.

Messrs. George Harris & Co., cleared the schr *Georgia Clark*, this morning for Philadelphia, with 217,000 feet lumber and 5,000 bolts.

Henry Lee, colored, was arraigned before Justice Mills this morning for committing an assault and battery on Mag. McGaas. Defendant submitted, paid the costs and was released.

The brown stone quarries in Anson county are now supplying rock for the government works at the mouth of the river. A train load arrives at the Carolina Central depot in this city every day or two.

The steam Yacht Louise left her wharf at 10 o'clock last night for South port, and returned at 11 o'clock this morning. The Captain reports everything quiet below, with only a light wind last night at that place.

The steamer Cape Fear arrived from Fayetteville this morning at 4 o'clock with 20 excursionists, the most of whom spent the day at Carolina Beach. They are delighted with the beach and say they will come again.

Indications. For North Carolina, cooler and fair weather, and Northerly winds.

School Books and School Stationery you can buy cheapest at Heinsberger's.

Three bales of new crop North Carolina cotton, first of the season, was received in this city to-day, via the C. C. R. R., from Kenan Bros., Laurinburg. They were consigned to Messrs. Alex. Sprunt & Son. It was graded as middling.

Exciting Chase. We saw on Water street this morning an able-bodied man—drunk—chasing a crippled man. The cripple ran as far as he could, then he stooped down and picked up an empty box and knocked his pursuer down. This ended the chase.

City Court. The only cases for the Mayors consideration this morning was those continued from yesterday. The first called was David Mathis, charge, drunk and disorderly; fined \$20 or 30 days.

Henderson Davis charged with disorderly conduct was the next called. The evidence being insufficient, his case was dismissed.

That Cyclone. The cyclone with which this section has been threatened for the past two days has, we are pleased to state, given us the "go-by," and the elements are reported calm and serene hereabouts and no apprehension may be feared of a terrific blowout at present. The following telegram was received at the Signal office in this city at 10:40 this morning:

Supplemental Suggestion. We suggested yesterday that the approaches to Sixth street bridge be made as good as possible, in view of the fact that the new bridge on Fourth street cannot be completed until December, and this suggestion has been supplemented by a gentleman who has occasion to frequently cross there in a vehicle with one that the bridge itself be boarded up on the sides and the immediate approach to it on either side be made more secure. As it is simply dangerous. It is open at the sides and there is nothing to prevent horses crossing there seeing, as well as hearing, the locomotives and trains which frequently pass under it. Better attend to it now than wait until after an accident has occurred.

Personal. Mr. Willis Turlington, of Bennettsville, S. C., is in the city.
Mr. Theo. G. Eger, Traffic Manager of the Clyde Lines, left last night on his return to New York.
Capt. Wm. Harlowe and wife, who have been spending several weeks in New York, returned to the city last night.
Mr. E. W. Doescher, who has been spending some time at Rutherfordton for the benefit of his health, has returned to the city and we are glad to see him looking much improved.
Messrs. W. B. Singletary, of Tar Heel, Capt. J. D. Robinson, of Fayetteville, R. E. Lee and Dan Sutton, of Sugar Loaf, are among the excursionists from the upper Cape Fear.

Cheer the Old Soldier. There is now in the City Hospital, under treatment of a skilled physician and surgeon, one of our brave Confederate veterans, suffering from a wound received nearly twenty five years ago at Fredericksburg, on Dec 13th, 1862, A. G. Smith, Orderly Sergeant Co. H. of the gallant 18th N. C. Regiment, was severely wounded in the leg while doing battle for his own fair native land. After years of suffering it has been decreed there is no remedy but amputation. He therefore leaves his Columbus home and comes to our Hospital for treatment and is now awaiting a favorable condition for the operation. A large hearted citizen of Columbus county is defraying his expenses at the Hospital. But any little delicacies sent him by our lady friends would be appreciated. Books, or magazines and papers he also can enjoy, and visits from old comrades would be very welcome. We have it from the physician that he is in good condition to receive company. No doubt a large number of the old Eighteenth, as well as other Confederate survivors will feel it a privilege to visit and cheer the old soldier.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop. 37 Market street.

Headquarters for base ball supplies is at Heinsberger's.

The Largest Excursion of the Season

The excursion from Wilson arrived this morning at 11:30 o'clock with seven coaches for whites and two coaches for colored people all of which were crowded, about 1,000 came, all eager to go to Carolina Beach. The steamer *Passport* left this morning on schedule time, but in order to accommodate the excursionists, she returned at 11:30, and at 12 o'clock pushed off from the wharf crowded. The steamer *Cape Fear* was afterwards chartered by the Beach Co. and left at 1 o'clock with about 300 on board. Our streets are still crowded. They will leave for their respective homes at 8:30 this evening.

This Morning's Fire.

This morning at 1 o'clock the alarm of fire was sounded from box 35, corner of Eighth and Market streets, it was discovered to be the residence of Mr. W. B. Davis, corner of Market and Sixteenth streets, a one story frame building. The origin of the fire is unknown. The fire department were promptly on hand, but only one engine could be used, as the nearest and only water plug is at the corner of Tenth and Market streets. The building and furniture are a total loss. The building was insured for \$700, in the Hibernian Insurance Company, and the furniture for \$350, in the North Carolina Home. Both companies are represented by Messrs. Atkinson & Maoning.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
