One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Correspondents will report any and all fallacies to receive their paper regularly.

Governor Knott, of Kentucky, at the expiration of his term of office, will be in Louisville and perhaps become a journalist. He is said to have an appointment to the United States Senate now.

Henry S. Ives, the young Napoleon of finance, is not at all discouraged by the failure of his \$15,000,000, but talks cheerfully of the future. He has been out, and that he will come back in a few days.

The sharp the notorious New York Judge, it seems will not do his duty. He has granted a stay of proceedings on the ground that there is reason to doubt that the judgment reached by the Court of Oyer and Terminer is just, and he has ordered a stay of the execution of such judgment until the appeal shall be decided by the General Term.

The German bark Mathilde arrived at Wilmington Thursday with the passengers and crew of the Inman steamship City of Montreal, who were cast away in a boat on the morning of Aug. 11 in mid-ocean. There were thirteen of them, and when picked up they were in the best of spirits, although they had suffered somewhat from exposure and had nearly run out of water. They had been five days at sea.

Mrs. Langtry, who now wants to be called the "California Lily," has a strong desire to become the owner or lessee of a New York theatre. She is now at Saratoga pleasantly domiciled in one of Pail Daly's palaces, for which she pays a round thousand dollars every month of her sojourn. She is trying very hard to secure a long-term lease of the Bijou Opera House, but Dixey and Rice are also after that dainty little theatre and they may spoil her plans.

A very wealthy tribe of British Columbia Indians are now moving into Alaska as a direct result of unwise legislation. A similar cause has set on foot a committee of Newfoundland fishermen to Alaska, commissioned to prospect for a settlement near good fishing grounds. The committee have just arrived at San Francisco, and seem disposed to recommend the Aleutian Islands, which are near the codfish banks of Alaska.

Charles S. Macomber, who died in Washington on Monday, was once a leading politician in New York State, and it was he who urged and secured Mr. Cleveland's nomination for sheriff of Erie county. He was a warm personal friend of Mr. Cleveland, and supported him warmly for Mayor of Buffalo, Governor of New York, and President of the United States. In his early career Mr. Macomber had considerable wealth, but lost it all through reverses, and when Mr. Cleveland became President Mr. Macomber moved to Washington with his family and became a claim agent. A short while before his death the President's attention was called to the fact that his old friend was in destitute circumstances, and he sent him fifty dollars and a dray load of provisions.

A driver in Manchester, says the Petersburg Index-Appal, has been arrested for over loading his team. Here is an example which the Petersburg police will have many opportunities to follow. The wretch that overloads or otherwise maltreats a horse deserves the severest penalty provided by the law. Hardly a day passes that some brute in this very city does not prove his ferocity to the title to humanity by acts of brutality that would shame any brute. If the police will not enforce the law, then the better class of citizens should organize themselves into a society for the prevention of cruelty to animals. The above remarks are as applicable to Wilmington as Petersburg, and we would be glad to see some action taken to prevent cruelty to animals in this city.

A Chinese Complexion. Who observed in one of the Caucasians race, the yellow hue of the skin, who would have thought when he or she can exhibit the hue of the cheeks and brow through the aid of the Chinese's stomach Bitters, an anti-oxidant at whose onset liver complaint takes refuge in flight. For upon the tongue, nausea, sick headache, pains under the right ribs and an unpleasantly odorous breath, are remediable with this benign alterative, which does not, like a potent cathartic, irritate the intestines or, like the mercurial, contaminate the blood. Not only the liver, but the stomach and bowels are purified, and regulated by this fine family medicine, which has won the confidence of the respectable classes, not by starting the claims made for it with the performance in every instance when tested.

The two new houses being erected on Red Cross street, near Front, by Mr. George Chadbourn, are receiving their finishing touches. The new residence of Hon. George Davis, is also nearing completion.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop., 27 Market street.

Headquarters for base ball supplies is at Heinsberger's.

Many old acquaintances were renewed among our citizens and the excursionists who were here yesterday and many new ones made, which we hope will redound to the mutual benefit of all concerned.

This market is now being supplied with Northern cabbages, apples and onions, all of which should be raised by our own farmers. Will the time never arrive when our people will be self-supporting as to these articles?

The health officers of this city seem to be putting in their biggest legs just now at cleaning up the streets and putting them in a cleanly condition. This is right and all good citizens will aid them by keeping their premises in good condition.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cents and \$1.00 per bottle at W. H. Green & Co.'s Drug Store.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lung and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewert, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by the doctors. Am now in the best of health. Try it. Sample bottles free at W. H. Green & Co.'s Drug Store."

Those interested are making preparations, for a big theatrical season this Winter, by increasing the bill board stands.

The attention of the city authorities is called to a washout in the sidewalk, at the corner of Eighth and Dock streets.

Several young gentlemen were out last night serenading their lady friends in the Eastern portion of the city. The music was good and sounded very sweet.

Messrs. Sol. Bear & Co., have removed their stock of liquors and tobacco from the North side of Market street to No. 18, South side of Market street.

The "boom" in house-building in this city continues, there is hardly a street but upon which can be seen new ones going up and old ones repainted and repaired.

Next month, September, the first with "r." will soon be here, when the luscious New River oysters will put in an appearance, and, as usual, receive a hearty welcome.

The family of our good friend, Mr. Samuel Northrop, is thrown in gloom and sorrow over the death of one of his children. THE REVIEW extend its heartfelt sympathies.

Mr. J. H. Hanby, of this city, had the misfortune to lose a fine horse last Wednesday night. He was put in the stable that night apparently well and was found dead the next morning.

Take a lemon, squeeze it in a wine glass of water, and drink it before retiring, and also another wine glass full upon rising, and it will relieve all biliousness and purify the system.

The two new houses being erected on Red Cross street, near Front, by Mr. George Chadbourn, are receiving their finishing touches. The new residence of Hon. George Davis, is also nearing completion.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop., 27 Market street.

Inspection of W. L. I.

Col. Cameron, Adjutant and Inspector General of the North Carolina State Guard, inspected the Wilmington Light Infantry yesterday afternoon, in front of the City Hall. The company turned out thirty-five member ranks and file. They presented a neat appearance, though several members were fined for inattention to details of accoutrements. After the inspection Capt. Daniel put the company through the manual and marchings, which was witnessed by a large number of ladies and gentlemen.

The New Tug.

The steam tug Alex-Jones, which was recently purchased by Capt. J. T. Harper, arrived here this morning. She was built in Baltimore in 1877, registers 133 11-100 tons, is 106 feet on the keel, 23 feet beam, and 11 1/2 feet depth of hold. She has a steeple compound engine 20x24 high pressure and 24x34 low pressure. The tug left Baltimore on Wednesday the 10th inst. and ran into Norfolk, Va., on Thursday, the 11th, for coal. left Norfolk Friday, encountered the storm Friday night and returned to Norfolk Saturday night. Left Norfolk again Tuesday night and put into Cape Lookout and remained until Thursday when she left for this port. She arrived at Southport last night at 8:30 o'clock and reached this city at 1:15 o'clock to day. Capt. Snell, who was in charge, says he does not care to encounter such another gale.

We are told that our merchants did a thriving trade with some of the excursionists that arrived here yesterday. That is a natural consequence. The more attractions we have to bring strangers to our city the more money will be spent here and the more prosperous will our people become.

The walls of Grace M. E. Church, corner Fourth and Mulberry streets are going up rapidly, and from appearances, it will not be long before the congregation of that church will have the pleasure of seeing their house of worship finished and ready for occupation. It promises to be an ornament to that part of the city.

It is estimated that at least three hundred persons who expected to come in on the excursion train from Tarboro yesterday, were compelled to remain at home for want of room on the train. Projectors of excursions should keep an eye to windward always, and secure accommodation sufficient to meet all demands.

Carolina Beach and the Sounds have certainly proved an attraction this Summer. Hundreds of strangers have visited them and when more accommodations are furnished at each and the railroad built to the Sound, Wilmington and its surroundings will become among the most famous Summer resorts on the Atlantic Coast.

Indications.

For North Carolina, fair weather, slightly warmer, winds generally from North to East.

Base Ball.

The second game of base ball between the Acme, from this city, and the Cape Fear, of Fayetteville, took place in that city yesterday, in which our boys were the losers in a score of 26 to 27. A close game, but we would rather the figures had been reversed.

Annual Meeting.

The second annual meeting of the stockholders of the Carolina Oil and Cresote Company was held at the office of the company in this city yesterday.

Dr. A. J. DeRosset was called to the chair and Mr. J. N. Sobrell was appointed secretary. Twenty-four hundred and fifty shares being a majority of the stock, were represented in person or by proxy.

The report of the President, Col. W. P. Canady, was submitted, showing a most gratifying condition of affairs, and attesting the skill and ability of the management in conducting the business of the company. The report of the Secretary and Treasurer, Mr. Andrew Smith, was also read and received with approval.

An election of directors for the ensuing year was then held, and the following were chosen: Hon. Geo. West, Ballston, N. Y.; Hon. Wm. Mahone, Petersburg, Va.; Hon. Warner Miller, Herkimer, N. Y.; Capt. A. A. Thomas, Washington, D. C.; and Col. Wm. P. Canaday, Mr. L. Hansen, Capt. J. F. Dwyne, Mr. Andrew Smith and Mr. R. E. Heide, of Wilmington.

Col. Wm. P. Canaday was unanimously elected president of the company for the ensuing year; Mr. Andrew Smith, secretary and treasurer, and Mr. Ludwig Hansen, general superintendent.

A semi-annual dividend of three per cent. on the capital stock was declared, payable at the First National Bank of this city.

Improvements to the plant to the amount of \$30,000, as recommended by the president and superintendent, were authorized.

You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOBI'S Hdw. Depot.

Cora Moore, keeping an unlicensed casino. Case dismissed.

Dave Mallett, larceny, bound over to Criminal Court in the sum of \$100. He went to jail.

Robt. Stevenson, larceny, bound over to Criminal Court and in default of bond of \$100. He went to jail.

Archie Marine, keeping an unlicensed dog was fined \$5. \$1 to be remitted when badge is procured.

Jas. Guttrie, keeping an unlicensed dog, fined \$20. the owner of the dog carried him out of the city, whereupon \$15, was remitted, and \$5 paid.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
