Single copies, 5 cents. This paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or to any other place, at the rate of 10 cents per week. The English co-operators have a book whose transactions amount to \$200,000 a year. They have 1,400 members and do a business of \$150,000 a year. Their 900,000 members receive an annual profit of \$15,000,000. These profits during the past 24 years have been \$50,000,000.

There is big money in cotton—some of it is indisputable. It is in favor of this assertion. It comes to us all the way from Houston, Texas.

The death of Viscount Doneraile from hydrophobia draws attention to M. Pasteur's system of treatment for rabies. Lord Doneraile and his coachman were both treated by M. Pasteur. Neither showed any untoward symptoms after the treatment, and the coachman is alive and well to-day, never having suffered the slightest inconvenience from his wound since it was healed or exhibited any signs of hydrophobic tendencies.

For genuine humor commend us to the following, which is part of the regular report for last year, made by the treasurer of a church not a thousand miles from Raleigh.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory, and get their best white shirts in the land at 75 cents. J. KILBACH, Prop., 37 Market street.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Attorney, Clay county, Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

The great remedy will ward off, as well as cure all Malarial Diseases and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1. at W. H. Green & Co.'s.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

The receipts of cotton at this port to-day foot up 70 bales.

The *Passport* carried a large party of colored excursionists to Carolina Beach this morning.

Only two vessels, a brig bound out, and a schooner bound up, were reported in below this morning.

The harvest moon fills next Friday, and we have a prospect of some gloriously beautiful nights this week.

You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOB'S Hdw. Depot.

There will be a moonlight excursion from Southport to night to Fort Caswell. The *Louise* will take the party over.

The colored excursion from here to Florence this morning was well patronized. There were five coaches and baggage cars.

Mr. Samuel Bear, Sr., offers through this issue a large assortment of tobacco and cigars, which he is selling at manufacturer's prices.

Major Fowler invites proposals for furnishing winter uniforms for the police force. The bids will be opened at noon of September 13th.

Hereafter a pouch for Wadesboro will be made up at the Postoffice in this city and sent out on the night train. This is for the benefit of merchants at both ends.

Southport is still improving, a number of the sidewalks have been paved with shells, and work on others will follow. It has been a pleasant, sociable Summer in the old town.

The *Passport* will make the run down the river to-morrow night to Carolina Beach by the light of the harvest moon. The train will leave the Beach at 11 o'clock and the party will get back here a little after midnight.

On Thursday last a house was advertised in the REVIEW for rent and it was rented before the very next issue of the paper. It was advertised in the REVIEW alone and was rented as a consequence of that advertisement. This is worth noting.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Dog Collars. Large assortment just received. Can buy a nice collar from 25 cents up, at JACOB'S Hdw. Depot.

On last Saturday afternoon a little girl only two and a half years old, the daughter of Mr. Luther Tharp, of Southport, had one of her arms badly fractured. Surgical attention was had and the little sufferer was resting well at last accounts.

One of the morning papers—we forget which—spoke of an effort to be made to get the Germania Cornet Band as a company band for the W. L. I. Perhaps this statement was a little too previous as one of the leading members of the band told us to-day that no proposition of that kind had yet been made to them.

Indication. For North Carolina, fair weather, stationery temperature and North to East winds.

And Still Another. We learn from the Goldsboro *Argus* that there will be another excursion from that city to Wilmington and Carolina Beach on Thursday, September 1st, leaving Goldsboro at 6:30 a. m., and returning that night. It will be under the management of Messrs. J. R. Smith, S. D. Hankins and W. P. Hall, of Mt. Olive. The fare for the round trip is one dollar.

For the Juveniles. Our *Little Ones* for September, now at hand, is as bright and pretty and charming as ever. It is very nicely adapted to the comprehension of the little ones, being replete with short articles in short words and short meanings, and with illustrations suitable to the subject matter—illustrations, by the way, which seem to have been executed with as much skill and care as those that grace the large monthlies. Russell Publishing Company, 36 Bromfield street, Boston.

Personal. Nor. barque *Nordsoon* from this port, arrived at Fleetwood on the 25th. Messrs. W. T. Easdale and James N. Anderson, of Raleigh, were here on Saturday.

Lt. Gov. Stedman and family are at the Sulphur Springs, five miles from Asheville.

Mr. and Mrs. H. P. West returned to the city on Saturday night from a trip to the North.

We are glad to hear that Mr. George F. Herbert, who has been so seriously ill, is reported as improving.

Mr. D. H. Lippitt has returned from Blowing Rock, where he left a good sized coterie of Wilmingtonians.

We are glad to see that Mr. A. F. Lucas, who has been sick for a few days past, has recovered and is in his office to-day.

Mr. Henry M. Cowan, of Raleigh, Chief Clerk of the Treasury Department, was in the city Saturday and yesterday. He returned this morning.

Mr. R. E. Branch, the efficient ticket agent for the Atlantic Coast Line, returned to the city last night, after spending a week very pleasantly in New York.

Asheville Citizen: We had the pleasure yesterday of meeting Mr. Mike Cronly and his son, Mike Cronly, Jr., of Wilmington. Mr. Cronly, along time friend, is one of the foremost business men of his city, and has done as much for its advancement as any of his fellow citizens, and has a degree of sagacity as to the needs of the city in relation to the extension of its business which may ultimately bear its long deferred fruits.

A Big Freshet. There is a big freshet in the river, pouring on its way down to this city. Capt. Tomlinson, of the *Cape Fear*, had a telegram this morning from Fayetteville which said that the river had risen 40 feet at that place but that it was now falling rapidly. It is almost certain that there will be a heavy loss to the farmers along the line of the river. Some of the finest corn lands in the State are the bottom lands along the Cape Fear. These are inundated every Winter by the floods which come down from the interior of the State bringing with them rich deposits of mud, which are left on the lowlands when the overflow passes off. Hence, some magnificent crops of corn are made there and the yield is sometimes enormous. It has been several years since the lands have been inundated during the crop season but we fear that the water is over them now. In cases of this kind the only way is to cut the corn down and cart it off to the high ground and make the best they can of it there.

Paints and Varnish. Best in city at JACOB'S, and at lower prices than you can buy elsewhere.

Magistrate's Court.

George Fulford was arraigned before Justice Mills this morning on a charge of assault and battery. He was adjudged guilty, and turned over to the Criminal Court, and in default of bail he went to jail.

The Second.

The second of the series of excursions given through the efforts of our neighbor of the *Messenger*, for the benefit of indigent persons here, will take place on the *Passport* to-morrow, to Carolina Beach. One hundred and fifty tickets will be issued and it is hoped that the third of the series will be given on Thursday. The *Passport* will also take other passengers who may wish to go down during the day.

City Court.

Two white men were arraigned before the Mayor this morning for fighting. Case continued until to-morrow.

A. B. Martin and Hisson Wilson, charged with assault and battery, were both found guilty. A fine of \$20 or 30 days was imposed on Martin and a fine of \$10, or 20 days on Wilson.

M. Liebeck, charged with larceny, was sent on the Criminal Court and in default of \$100 bond was committed to jail.

John Nobody, d. and d., was next arraigned. He was fined \$20 or 30 days. The same, for resisting an officer. Judgment suspended for the present.

All Serene Now.

There have been very heavy rains in the interior, the report of which will be found in clippings from the *News and Observer* in our State news column to-day. In addition to these there were also heavy rains on Saturday on the Carolina Central R. R. There was no train between Raleigh and Hamlet, on Saturday night, because of the washouts but there was nothing more than a slight detention on the C. C. R. R.—The damages on the R. & A. A. L. turned out to be slighter than they at first appeared to be. They have all been repaired and trains will run as usual to-night.

Point Caswell Items.

A friend at Moore's Creek sends us a few interesting items from that locality. He says:

We have fine crops in this section and there is no discount on that fact. The farmers are now up to their eyes in fodder pulling, and they will soon have it all stacked.

The business of the water mills in this section (not the watermills) was nearly all broken up in this section by the late heavy rains, which also left the roads in a very bad condition.

Our venerable friend, Mr. Owen Alderman, has arrived home safe and sound from his extended visit to South Carolina. He is in fine health and has gained 10 pounds in weight and is well pleased with his trip.

Mrs. George Alderman, who left Wilmington a good many years ago, is now on a visit to her many relatives and friends. She expects to return to her home in Texas some time in September.

There will be preaching on Sunday at Moore's Creek Baptist Church by Rev. W. M. Kennedy.

Who was He?

The *Charlotte Chronicle* has an account of the murder of a young man by the name of Thomas Brown (whether white or colored is not stated) who is said to hail from this city. It is as follows:

We yesterday published a brief account of a murder on the C. C. & C. road, about 5 miles from Rock Hill, and from additional particulars received yesterday it seems that the name of the man killed was Thomas Brown, and no was slain by section boss D. B. Deal. Brown was from Wilmington. He became involved in a quarrel with Deal about some work and Deal ordered him to leave the place. The two men abused each other for some time. Brown picked up a rock and Deal ordered him to drop it. He dropped the rock, whereupon, it is claimed, Deal rushed upon him and stabbed him in the back. After being stabbed he ran a short distance down the railroad track and fell dead. Deal, it is supposed, or charged, dragged his dead body from where it had fallen in the railroad cut into the woods, where it was afterwards found by a farmer. Deal then went toward Yorkville on foot. The body was without any other wound upon it except the one in the back. An inquest was held and a verdict brought in in accordance with the above facts.

Brown was a young man about 25 years of age. Deal claimed to have come from Conover, N. C. He has not been arrested. He was heard from as being on the plantation of a farmer living 9 miles from Rock Hill Thursday night. Every effort should be made to bring him to justice.

Disabled at Sea.

Capt. L. E. Wheeler, of the schooner *George H. Ames*, which arrived here to-day, while in lat. 39 10, lon 69, spoke barque *Arminia*, Capt. Moore, of St. Johns, bound from New York for Boston. She left New York on Wednesday, the 17th, and a severe gale struck her on Saturday, the 20th, at 4 p. m. Her sails were blown away and she was cast on her beam ends. Her hold was entirely filled with water. The second mate was blown overboard and lost. They were without fresh water, which Capt. Wheeler furnished. Capt. Wheeler says he encountered a severe gale, but received no damage.

A Chinese Complexion.

When observed in one of the Caucasian race, is indicative of bile in the blood. Who would be yellow when he or she can exhibit the hue of health on cheek and brow through the aid of Hostetter's Stomach Bitters, an antacid at whose onset liver complaint takes refuge in flight. Fur upon the tongue, nausea, sick headache, pains under the right ribs and shoulder blade, an unpleasantly odorous breath, are remediable with this benign alterative, which does not, like a potent cathartic, deplete the intestines or, like the mercurial preparations, contaminate the blood. Not only the liver, but the stomach and bowels are aroused, toned and regulated by this fine family medicine, which has won the confidence of the most sensible classes, not by startling assertions on its behalf, but by the consistency of the claims made for it with its performance in every instance when tested.
