

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID. One year \$4.00. Six months, \$2.00. Three months, \$1.00. One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Advertisers will report any and all failures to receive their paper regularly.

# THE DAILY REVIEW

VOL. XI WILMINGTON, N. C., WEDNESDAY, AUGUST 31, 1887 NO 207

Prof. M. W. Humphreys, of the University of Texas, has been elected to the chair of Greek at the University of Virginia.

The only chair of sanitary engineering said to exist is at the Imperial University of Japan. It is under royal patronage.

Providence, R. I., has a freak of nature that is attracting considerable attention. It is four kittens that are joined together at the abdomen by a ligament.

An Ocoee, Ga., man has a gander that follows him around like a dog, and will sound the alarm when a stranger enters the yard, and attacks the intruder with wings and beak.

The 20,000 estimated membership of the Y. M. C. A. in the United States remains the same as it was four years ago while the 26,338 of the University of that date have fallen to 35,530.

Mrs. Cleveland is a lady of fortune as well as a fortunate lady. Congressman McShane of Nebraska, is authorized by the statement that the present valuation of the Omaha property in which the President's wife and her mother have each an eighth interest is \$200,000.

After forty-six years of active service in all grades of naval duty, Rear Admiral Samuel R. Franklin was placed on the retired list on last week. His retirement promotes Commodore Bancroft Brockard, present commandant of the Brooklyn navy yard, to the rank of rear admiral.

It turns out that the whites and not the Indians have been the aggressors in Colorado, just as was outlined in a special to the Herald published by us yesterday. If the Northern bloody-shirters would but turn their attention to the wrongs suffered by the ignorant savages at the hands of unprincipled white men, they could find a safe vent for their superabundant spleen.

The remarkable story comes from San Francisco of a boy who was vaccinated and upon his arm has come the picture of a cow's head. It is about the size of a standard dollar. It is an exact representation of a cow's head, and the nose, jaw and horns are perfect. There is even a speck of white flesh visible where the eye is supposed to be located.

Mrs. Polly Ford, of Milford, near New Haven, will be 100 years old to-morrow. She has not been to church since 1796, but is a member of the Congregational denomination. When in her 83d year she received her second sight, and can see better than many at 60 years of age. She sometimes has an idea that her daughter is her mother, but the delusion does not last long. Her health is comparatively good.

Archibald Forbes, the war correspondent, is said to be in the last stages of consumption. He is forty-nine years old, and was married in Washington June 19, 1886, to Miss Louisa Meigs, daughter of Gen. Meigs, of the United States Army. The couple had been engaged four years. After the marriage Mr. Forbes and his wealthy bride went to New York, and were the guests for a few days of Mrs. F. W. Whitridge, Matthew Arnold's daughter. They sailed for England immediately afterwards, and since then have lived there.

The French Government has taken measures to suppress the importation of manufactured cripples into the country from Spain. It is a very common outrage for the scoundrels who deal in these things to take feeble young children and bind their lower limbs under them so as to destroy the use of them and then turn them out to beg in little carts. They excite great compassion and collect much money. The Government has ordered the prefects in the southern departments to prevent their entrance into France.

Berry Wall was banished from a Saratoga ball room the other day for having, in the latest English style, left off the tails of his dress coat, thereby giving that garment a free and easy appearance, which was very displeasing to the master of ceremonies. Berry retired in good order, but remarked plaintively: "Heaps of people howl for a difference in the costumes of waiters and guests, and the first person who attempts to introduce a modification is set down as a crank." Truly, the way of the reformer is hard, but a subsidized reformer, like this fellow, can stand it.

The Tichborne claimant is mixing cocktails at a low resort in the Bowery.

The Pennsylvania state Democratic Convention is in session to-day. The candidates to be nominated are a Supreme Court Justice and the State Treasurer. A big fight was expected on the tariff question.

A thief in New York met a most horrible death on Monday morning. Having been discovered while at work on a safe he dived head-foremost through a plate glass window, nearly a quarter of an inch thick, where he hung impaled on the glass. He was cut through nearly to the spine and died before assistance could reach him.

Dr. Lysaght, of the Bristol, England, royal infirmary, sacrificed his life in an effort to save a patient. About a fortnight ago a man was admitted to the infirmary suffering from an affection of the throat, supposed to be diphtheria. The operation of tracheotomy was performed by Dr. Lysaght; but, the tube being choked, the last chance of saving the man's life was for some one to apply his lips to the tube and suck the moisture. This Dr. Lysaght did but without avail, for shortly after the patient died of suppressed scarlatina. Dr. Lysaght caught the disease in its worst form and died. A window is to be erected in the infirmary to his memory.

Nothing definite can be learned relative to the situation in Havana. The censorship established on the cable cuts off all means of information. The following, from the New York Star, is all that can be gleaned in relation to the situation:

The stoppage of the cable leaves the world in darkness as regards the situation in Havana. The military are in charge of the telegraph offices, and no dispatches relating to what is transpiring on the ever-faithful isle can be sent to the mainland. All the important dispatches between the Cuban government and Madrid are brought to Key West by special messenger for transmission, and replies are also sent to this office. Hence if there is anything new in the situation it is admirably concealed.

The trouble originated in Captain-General Marin taking possession of the Custom House and placing the officials under arrest. The city is in charge of regular troops. A reign of terror prevails and it is expected that Havana will be declared in a state of siege. Already several conflicts have occurred between the troops and civilians, resulting in the killing of some and the wounding of others.

The colonels of all the volunteer regiments were called together at the plaza and ordered to disarm their forces, otherwise they would be held responsible for what might occur. The volunteers, who are opposed to Marin, and are encouraged therein by political bodies desirous of his removal, have joined the rioters.

Artillery has been placed in commanding positions, while the troops stationed in towns adjoining Havana are kept under arms, ready to move at a moment's notice. Those in Havana also have been quartered in the barracks for several days. The forces of the Orden Publico, mounted and afoot, are distributed throughout the city. In the Park of La Pila de la India two companies of infantry are stationed, one at Caleda del Monte Sell, and the other at the Dragones street entrance, while inside the park ten mounted soldiers and an equal number afoot patrol in front of the Payret Theater. In fact troops are scattered everywhere through the city.

**A Sound Legal Opinion.**  
E. Bainbridge Munday, Esq., County Atty., Clay county, Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

The great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c, and \$1, at W. H. Green & Co.'s.

**Don't Experiment.**  
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

You will find bees, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOBI'S Hdw. Depot.

## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
JOHN W. ARPER—Notice  
GILES & MURCHISON—For Rent  
C. W. YATES—Cotton is Coming In  
FENSELL & DANIEL—Telescopes  
HEINSBERGER'S—New Check Books  
Change of sailing Days N Y & W I S & Co

Nor. barque *Frida*, Steingen, from this port, arrived at Antwerp on the 29th.

Ger. barque *Richard*, Paske, from this port, arrived at London on the 29th inst.

Slightly warmer weather is promised by the indications.

This is the last day of August and the last day of Summer.

School Books and School Stationery you can buy cheapest at Heinsberger's.

First anniversary to-night of the big earthquake shocks of August 31st, 1886.

Another lot of those fine Cumberland county watermelons were on the market this morning.

The receipts of cotton at this port today foot up 107 bales, against 3 bales for same date last year.

Messrs. Giles & Murchison offer for rent the store now occupied by their retail crockery department.

Scuppernong grapes—50 cents a peck; watermelons, 10 to 40 cents each; sweet potatoes, 80 to 90 cents a bushel.

A fresher is reported in Black River but it is not thought that there will be any serious loss to the crops by it.

On account of the cool weather last night, the *Passport* did not go on the moonlight excursion, as advertised.

Little Russell Foster, son of Col. F. W. Foster, is seriously ill at the residence of his grandfather, in Salem.

Who is going to sit up to see the earthquake to-night? Try it with your best girl and you will find it a luxury.

Mrs. Comfort Johnston, a very old lady of Masonboro Sound, who has been suffering with paralysis for two years, died this morning.

A big excursion party is expected here to-morrow from Goldsboro and to accommodate them the *Passport* will not leave for the Beach until half-past 10 o'clock.

A game of base ball was played at Florence yesterday between the Florence and Darlington nines for a purse of \$50. Florence scored 9 and Darlington 2.

The excursion party which was to have come down from Fayetteville last night on the steamer *D. Murchison* did not arrive. They were detained by the big treshet in the river.

It being a year since the earthquake, praise, humiliation and prayer services will be held in St. Paul's Evangelical Lutheran Church, at 8 o'clock tonight. The services will be held in English.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop., 27 Market street.

Owing to the pressing demand for freight room two steamers will leave New York this week for this port, instead of one as usual. The schedule will be found in our advertising columns.

**Indications.**  
For North Carolina, generally fair weather, winds generally shifting to East and South and slightly warmer.

**Successfully Amputated.**  
The leg of Mr. A. G. Smith, formerly Orderly Sergeant of Co H, 18th N. C. Regiment, was amputated yesterday at the City Hospital. Dr. Lane was assisted by several of our city physicians and the operation was a successful one. The leg was taken off a few inches below the knee. Mr. Smith's case was spoken of in the DAILY REVIEW of the 25th inst. He was a gallant soldier of a gallant command and was wounded at Fredericksburg, December 13th, 1862. He was sent to the city by a high-souled gentleman of Columbus county, who pays his expenses here, and whose name we would be glad to give to the public but for fear of wounding a charity which never vaunteth itself, which is not only not puffed up of itself but does not care to be puffed by others.

Mr. Smith is doing well to-day and we hope that he may be soon and speedily recovered.

Headquarters for base ball supplies is at Heinsberger's.

## City Court.

The first party arraigned this morning was an old offender, charged with being drunk and disorderly. He was found guilty and required to pay a fine of \$10, or go below for 30 days.

George Davis was next arraigned on a charge of assault and battery. He was adjudged guilty of assault and fined \$10, from which judgment he appealed and was required to give a justified bond in the sum of \$100.

## Commissioner's Court.

Capt. W. G. Talt was arraigned before U. S. Commissioner Gardner this morning, on complaint of the U. S. Government, for running his tug, the *Peel*, without the proper license. District Attorney Busbee appeared for the Government and Mr. Jno. D. Bellamy, Jr., for the defendant. He was adjudged guilty and recognized in the sum of \$200, to appear at the next term of the U. S. District Court.

## Short Weight in Fish.

Here is an item clipped from the Raleigh News and Observer, which may possibly interest someone in this city or section:

The merchants of this city have detected what they suppose to be some irregularity on the part of fish packers on the Carolina coast. Fish are shipped here in the same size packages that formerly contained a hundred pounds of fish net, but these packages, according to the dealers, do not now average fifty pounds of fish net each, though before the brine is taken from the packages they weigh considerably more than fifty pounds. The dealers buy the packages expecting them to contain one hundred pounds of fish each and are put to considerable trouble and inconvenience when they fall short of this weight. The matter ought to be remedied by the packers.

## PERSONAL.

Mr. F. H. Busbee, of Raleigh, U. S. District Attorney, is in the city.

We are sorry to hear that Capt. J. M. McGowan is sick and confined to the house.

Col. N. Frederiek, recently proprietor of the New Purcell House will remove with his family to Lilesville.

Mr. G. W. Rivenbark, who has been visiting friends in Duplin for a few weeks past, has returned to the city.

Mr. R. G. Ross, who came here from Florida a few days ago, is now much better and will go to New York to-night.

Mr. and Mrs. Willis Turlington, of Bennettsville, who have been visiting relatives here for a week past, left last night on their return home.

Dr. J. T. Schonwald, who removed from the city about twelve months ago, has returned and will again locate here for the practice of his profession.

Mr. John D. Bellamy, Jr., has returned to the city from a visit to his family, who have been spending some time with relatives in Granville county.

Mr. W. A. Dick, of the clothing and furnishing house of Dick & Meares, returned last night from New York, where he has been for the purpose of purchasing new goods.

We are glad to be able to state that Major Foster's condition has improved, although his progress towards recovery is yet slow. He is now able to sit up for a few hours each day.

Mr. Wilkin Roddick returned yesterday on the steamer *Benefactor*. Mr. Roddick for the last week or ten days has been on a fishing excursion, on the Miramichi river, New Brunswick, where he had fine sport, having caught 62 salmon.

Mr. S. R. Twining, Manager of the Carolina Chemical Concert Company, an organization recently formed here, leaves the city to-night for a few days on business. The company will make their first appearance here next week, before starting out to meet a schedule of engagements at other places.

Mr. Jno. H. Clark, of Clarkton, one of the most prominent citizens of Bladen county, left last night for New York for the purpose of purchasing goods for the Fall and Winter trade. Our genial friend is, we think, fast approaching three score years and ten and this is his first trip to the Northern markets, although he has been engaged in mercantile pursuits for forty years. We wish him a pleasant visit and a safe return.

The *Robesonian*, in speaking of Col. Alfred Rowland, Congressman-elect from this district, says: "The many friends of this distinguished gentleman all over the State will be glad to learn that he has now so far recovered as to be able to visit his office daily. He hopes by next week to be able to visit and spend a few days on the sea shore. He has had a very serious time, but is now beyond the contingency of a relapse."

## Exports Foreign.

Haitian brig *Les Trois Sœurs*, cleared to day for Antigua; with 270,000 feet lumber and 52,000 shingles, valued at \$3,886, shipped by Mr. E. Kidder's Son, and Ital. barque *Dorad*, cleared for Bristol, England, with 681 casks spirits and 3,175 barrels rosin, valued at \$14,082 shipped by Messrs. Paterson, Downard & Co.

Dog Collars. Large assortment just received. Can buy a nice collar from 25 cents up, at JACOBI'S Hdw. Depot.

## The River.

Capt. Smith, of the steamer *D. Murchison*, which arrived here last night from Fayetteville, reports that the treshet is running off rapidly, it having fallen about five feet up to 7 o'clock yesterday morning. Capt. Smith's estimate is that about one-half of the lowland crops along the Cape Fear are lost, although it is impossible as yet to fix accurately upon the percentage of damage.

## Advertising as a Necessity.

Shall a merchant advertise, or shall he keep the best stock of goods and leave the world to find out the fact for itself? Strict integrity and close attention to one's business are always necessary to any success, no matter how moderate. But no great business can be gained or kept except by some methods of advertising. Every city has many instances of merchants who tried to do business on their unaided merits, and failed. Getting a bargain is the second law of nature, male and female. The merchant who persistently and continually proclaims to the people that he has the bargains will draw the crowd. And in the hurrying, busy, eager life of today it is the large and constant advertiser who attracts the attention of the public. He who waits for the people to discover, unaided by his advertising, the merits of his store will wait only to see his business dwindle away to nothing. Advertising is to business what vigorous health is to the body—one can drag along an existence without it; but existence is not life any more than the simple fact of having something to sell is business.

## Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Paints and Varnish. Best in city at JACOBI'S, and at lower prices than you can buy elsewhere.

The REVIEW JOB OFFICE is the place to get good work at moderate prices.

## AT REST.

Died on Friday, August 26th, and laid to rest on Sunday, the 28th, Mrs. MARTHA J. JAMES.

Another of our old citizens has been called away, the joys of another home have been shattered and the hearts of family and friends are bowed down with grief. And she deserved all the tears that fall upon her new made grave. In all the relations of life, as wife, mother, friend, she was blameless; as wife, tenderly affectionate and considerate, as mother most devoted, as friend, loyal and true and capable of any sacrifice for those she loved. Generous to a fault, and utterly unselfish, her hospitality was profuse and she was never so happy as when ministering to the wants of others or adding to their pleasure and enjoyment. She was unobtrusive by nature and shrank from the glare and show of the more fashionable and worldly, finding her enjoyment in the faithful discharge of domestic duties and the delights of her own home circle, of which she was the idol. The qualities of truth, sincerity and virtue, which were inherent in her nature, she added the high graces of the christian character and was through the greater part of her three score years and ten a humble follower of the blessed Redeemer, striving to walk in his paths and to follow in his footsteps. She had abundant charity and her heart was full of kindness for friends and neighbors. Surely there is comfort for the afflicted in the remembrance of her many virtues. She made her home happy for those who were nearest and dearest to her, but alas! that home is now desolate and we dare not intrude into that sacred sanctuary, for private loves and private griefs belong not to the public eye; they are for the heart and for God. She has gone to her rest, a Mother in Israel, has ceased from all the weariness of life, its cares, its perplexities, its sorrows, has finished the work which God has given her to do, and is now at peace, for "there remaineth a rest for the people of God."

## NEW ADVERTISEMENTS.

### For Rent.

THE STORE AT PRESENT USED as our Retail Crockery Department. Possession given Oct. 1st.

aug 31 GILES & MURCHISON.
