How public opinion overbears law
was recently illustrated in a
French Court. A duellist was sen-
tenced to imprisonment, not because
he had wounded his adversary, but be-
cause he parried a thrust with his left

Dueling is illegal in France.

The British telegraph service, which

penses since the rate was reduced to
six-pence per message, or about twelve

was \$223,000 on working expenses and
\$330,000 for interest on the working
capital—in all \$553,000 or \$2,750,000.

THE DAILY REVIEW.

VOL. XI WILMINGTON N. C., THURSDAY, SEPTEMBER 1, 1887 NO 208

The Democrats of Pennsylvania were
in Convention yesterday and after a
harmonious session nominated J. Ross
Thompson for Supreme Court Judge
and B. J. McGrann for State Treasurer.
The platform is a wise one and it seems
to us covers the ground pretty effectually.
Mainly it is as follows:

1st. That we renew our allegiance
to the principles and declarations of the
platform adopted at Chicago in 1884
which Mr. Cleveland, the nominee of
the party, heartily endorsed, declaring
in his letter of acceptance: "I have
carefully considered the platform ad-
opted by the convention and cordially ap-
prove the same; so plain a statement
of Democratic faith and the principles
upon which that party appeals to the
suffrages of the people, needs no sup-
plement or explanation." To these
principles he has faithfully adhered in
all his public utterances. We further
affirm the platform adopted by our
State convention of 1886 and in view
of the existing condition of the public
treasury we demand with emphasis
that the large surplus already in the
treasury shall be used to pay the public
debt, and that the current and unne-
cessary increase going on beyond the
needs of the government shall be im-
mediately prevented by a wise and
prudent reduction of internal taxation
and of duties on imports, in accordance
with the foregoing declaration.

2nd. That we fully endorse the ad-
ministration of President Cleveland.
Wise, sagacious and patriotic he has
restored confidence to the business
interests of the country, in the Demo-
cratic party; has directed the financial
affairs of the Government with apt
ability; has strengthened the public
credit and thereby given us proof of
great industrial and commercial
prosperity. The apprehension in the
minds of some that the advent of our
party to the control of the Federal Government
would be dangerous has been dispelled.
Our people are more contented
and well to do than in years, and more
respected than ever before by other
nations. His period of administration
has been pure, economical and fearless,
and meets the approval of all fairminded
and conservative citizens.

3rd. We recognize the material bene-
fit which this country has received
from immigration. We endorse the
legislation of Congress against the im-
portation of contract labor, and to
compel the return of paupers and
criminals. We commend the national
administration for its efforts to rigidly
enforce these laws, and while we are
opposed to any illiberal restrictions we
favor such additional measures of
regulation as may be found necessary.

4th. We favor liberal pensions to de-
serving Union soldiers and sailors, and
refer to the action of the present admin-
istration in adding to the pension rolls
a larger number than was ever before
placed thereon within a corresponding
period, while at the same time protect-
ing the treasury from fraudulent claims
as a proof of this fact.

5th. We point with pride to the fact
that since the Democratic party has been
in power, in any branch of the
Federal Government, not one acre of
the public lands has been granted to
corporations, nor has any land grant
been revived or extended.

The sixth, seventh and eighth sec-
tions refer exclusively to State matters.
9th. The Democratic party sym-
patizes with the oppressed of all nations
in all movements having for their object
the attainment of the blessings of local
self-government, such as are enjoyed
by the people of this Union as the result
of the enforcement of Democratic policy.
The granting of Home Rule to
Ireland is due to the acknowledgment
of the sacred, inherited right, and the
gallant struggle for the accomplishment
of this long delayed act of justice under
the magnificent leadership of Gladstone
and Parnell commands itself to the
moral support of the American people.
It is our earnest wish that the efforts
of these distinguished statesmen may soon
be crowned with success. We still
hold to the ancient doctrine of the party
that the preservation of the rights of the
people demands that we should look
with jealousy upon monopolies and re-
strict corporate power within its proper
sphere, and we heartily approve the
action of the National Administration
in reclaiming and throwing open to the
people for settlement one hundred mil-
lion acres of land, which, through artifice
and fraud, were wrongfully held by
corporations, having been forfeited to
the people by their failure to comply
with the conditions of the grants.

Don't Experiment.
You cannot afford to waste time in
experimenting when your lungs are in
danger. Consumption always seems,
at first, only a cold. Do not permit any
dealer to impose upon you with some
cheap imitation of Dr. King's New Dis-
covery for Consumption, Coughs and
Colds, but be sure you get the genuine.
Because he can make more profit he
may tell you he has something just as
good, or just the same. Don't be de-
ceived, but insist upon getting Dr.
King's New Discovery, which is guar-
anteed to give relief in all Throat,
Lung and Chest affections. Trial bot-
tles free at W. H. Green & Co.'s. Large
bottles \$1.

**Rock Crystal Spectacles and
Eyeglasses.**

Advice to old and young: In select-
ing spectacles you should be cautious
not to take more magnifying power
than has been lost to the eye, as in the
same proportion that you pass that
point of increase, will cause you fur-
ther injury to the eye. Using glasses
of stronger power than is necessary is
the daily cause of premature old age to
the sight. You can get the best at
Heinsberger's.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County
Atty., Clay county, Tex., says: "Have
used Electric Bitters with most happy
results. My brother also was very low
with Malarial Fever and Jaundice, but
was cured by timely use of this medi-
cine. Am satisfied Electric Bitters
saved his life."

Mr. D. I. Wilcoxson, of Horse Cave,
Ky., adds a like testimony, saying:
"He positively believes he would have
died, had it not been for Electric Bit-
ters."

The great remedy will ward off, as
well as cure all Malarial Diseases and
for all Kidney, Liver and Stomach Dis-
orders stands unequalled. Price 50c.
and \$1, at W. H. Green & Co.'s.

day, at Wrightsville, over the usual
course, between the *Mabel*, Capt. A.
M. Waddell, Jr., and the *Sprite*, Capt.
A. J. Flanner. It was a spirited con-
test, the *Mabel* winning by just 30
seconds.

The receipts of cotton at this port for
the crop year which ended yesterday
were the largest known in the history
of the city, with one exception. This
was the year 1832, when they amounted
to 137,341 bales, just 3,034 bales more
than were received here last year.

Col. J. L. Cantwell, Secretary of
the Produce Exchange, enjoys the well-
earned reputation of being one of the
most careful and correct statisticians in
the city. He held an makes an error.
During the past day or two he has re-
vised his entire reports for the past
twelve months and has not found one
error in them.

zen of Wadesboro, and for many years
proprietor of a hotel in that town, died
suddenly, of apoplexy, on Monday. He
was taken early in the morning, about
6 o'clock, and died at 1 p. m.

Railroad Elections.

It is expected that the Board of
Commissioners in Pender county, and
also in Onslow county, at their regular
meeting next Monday will order elec-
tions on the question of a subscription
to the W. O. & E. C. R. R., the for-
mer for Grant township and the latter
for Onslow county at large. The
amounts on which the vote will be
taken will be \$10,000 for Grant town-
ship and \$60,000 for Onslow county.
The friends of the measure in the two
counties seem confident that they can
carry the election if they can get the
matter before the people.

More Mail Facilities.

A movement is on foot, started by a
prominent commission house in this
city, looking to the establishment of a
night way mail on the Carolina Cen-
tral R. R. in addition to the day mail
now in existence. A petition to the
Postmaster General was circulated to-
day and extensively signed here and
blank copies have been sent to various
points on the road, suggesting that the
people there sign it also. The mail
asked for is a matter of great impor-
tance to the business interests of this
city, as well as those of residents along
the line between this city and Charlotte,
and we believe that it will be estab-
lished.
