

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alums or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

STATE NEWS.

Charlotte Herald: Mr Davidson, an employee of Elliott & Marsh's furniture factory, had his right leg crippled for life, this afternoon about two o'clock. He was at work planing, when the knife of the plane took off three middle fingers and a portion of his thumb.

Kinston Free Press: The army worm has made its appearance in many of the cotton crops in this section and is doing heavy damage to it. It is said that about one pound of Paris green to twenty five or thirty pounds of landplaster or slaked lime sprinkled where the worms are or over all the cotton, proves very effective, in destroying them.

Fayetteville News: Messrs. W. Duke, Sons & Co.'s Cigarette Factory, of Durham, is said to be the largest factory of the kind in the world. They sold in the month of July 47,000,000 and in August they shipped 55,000,000 cigarettes. Oh, how we yearn and our hearts desire it that we could say the same about Fayetteville.

Greensboro Patriot: We regret exceedingly to learn that the condition of Col. Eugene Morehead, a prominent banker of Durham and paymaster general of the State, is reported as hopeless. He is in a hospital at Philadelphia. He is a son of the late Gov. Morehead, and has a very extensive acquaintance in this county.

Newton Enterprise: A protracted meeting will be held at St. Matthews church, commencing on Friday night before the second Sunday in September. The German Reformed congregation here will soon commence the erection of their new church building. The corner stone is to be laid on next Thursday. The sermon will be preached by Rev. G. W. Welker, D.D., Thursday morning.

Hickory Carolinian: The store houses and stocks of goods, at Keever's, Jarret & Poston, and Keever & McCaslin were discovered about midnight, on last Friday night to be on fire. The former was entirely consumed at the time, but the latter was supposed to have been saved as it was thought that the fire was extinguished but late in the afternoon of Saturday the fire again broke out from this building and finished its destructive work. The loss was entirely covered by insurance.

Clinton Caucasian: Last Saturday morning witnessed the heaviest rain fall in this section since July 8, 1886. From 6 o'clock until 12 the rain fell in torrents almost without intermission. The day was so dark and dreary that business was practically suspended during the forenoon and very little was done in the afternoon. The water courses were very much swollen in consequence of the rain, but fortunately the damage to crops was merely nominal. Some rice was submerged and a little rotter here and there that had been pulled but not cured, was injured to some extent.

Statesville Landmark: Stamp Clerk Burke sold, Tuesday, to Statesville manufacturers, between \$500 and \$900 worth of tobacco stamps—enough to stamp about 11,000 pounds of tobacco. —Chills and fevers are prevailing in some sections of the county but the health of Statesville was never at any time better than it is now. —Mr. W. R. Myers, Jr., of Charlotte, who for a number of years ran as route agent on the Charlotte & Statesville Railroad and has been running for six or eight years past as route agent between Charlotte and Washington, is one of the luckiest of men. In all his years of railroading he has hardly received a scratch. In a collision on the Virginia Midland Railroad one day last week several passengers were hurt and the postal car was wrecked almost completely, but Mr. Myers who was in it, escaped unscathed.

Newbern Journal: Mr J D LaRoque, superintendent of Mr. J. A. Bryan's Lake Ellis farm, came up yesterday and gives us the following bear story: Late Tuesday evening Mr. Elliott, living in the neighborhood, came through the farm and asked permission of Mr. LaRoque to go down to the corn field and kill a bear. It was granted with the understanding that a bear must be killed. About fifteen minutes after Mr. Elliott left a gun fired in the direction of the corn field, and the hallooing and two other shots which followed induced Mr. LaRoque and his force to go immediately to the relief of the man, who seemed to be in distress. Upon arriving they found Mr. Elliott in the wildest state of excitement, but he had saved the bear. He was in the field gathering roaring ears when Mr. Elliott came upon him, and although excited Mr. Elliott's shots were well directed enough to save him. He was a very large one, but poor in flesh.

Charlotte Chronicle: The visitors at Blowing Rock have had quite a taste of winter during the past few days. On the morning of August 31st, there was a heavy white frost in that section, and the thermometer at the hotel registered 36 degrees above zero, or within 6 degrees of the freezing point. —The suit of Mr. L. J. Kirk against the Richmond & Danville Railroad Co. for \$10,000 for the loss of an arm, has been removed for trial from the Superior Court to the Federal Court. The removal was secured by the railroad, upon an affidavit that the company could not secure justice in the Superior Court, upon account of local prejudice. The case is to be tried in the Western district, and will doubtless be called at Statesville. Mr. Kirk won the case some time since in the Superior Court, but an appeal was taken and it was remanded to the lower court for a new trial. Parties from Shelby yesterday informed a reporter that Major Bowman is now engaged in surveying the route of the railroad to be built from Shelby to the Cranberry mines, and that the greater portion of the distance had already been surveyed. The new road will pass through Morgan ton, and will develop one of the richest sections of North Carolina. Work will be commenced shortly after the route is surveyed, and will be pushed to a rapid completion. The company has ample means to prosecute the work, and the railroad is an assured fact.

Don't Laugh at Nervous People.

Their sufferings are very real, although you, with your vigorous physique and strong nerves, can scarcely believe it. Rather suggest the use of Hostetter's Stomach Bitters which, in removing every trace of dyspepsia, and regulating the liver and bowels, strikes at and extricates the most prolific cause of chronic nervous trouble. That nervous shattering disease, fever and ague, is among the formidable ailments, to the removal of which this genial remedy is specially adapted. Nervous prostration, resulting from prolonged mental or physical effort, is also a state of the system where the intervention of this tonic is very desirable, more particularly as its use is so quiet and relaxing to the over-taxed nerves. The Bitters are invaluable in Rheumatism, neuralgia and kidney troubles. Employ no substitute for it.
