A WONDERFUL PHENOMENON.

The Celebrated "Walking Man" and Why He Keeps Going-A Warning to Others.

At Mill Grove, Ind., lives John Snider. the "Walking Man." In 1884 he felt muscular and nervous exhaustion, a strange restlessness, general uneasiness, and the only relief he could get was by constant walking. For twenty-eight months he has tramped in a circle around and around his house, resting only four hours each day, and it is estimated he has covered more space than the circumference of the globe. He has attracted universal attention, been visited by hundreds of curiosity seekers, and has really become a public character. His nervousness has shown itself in walking; other people's nervousness acts in other ways. Sometimes the person is resttrembles. has nervous headless. aches, a sinking at the pit of the stomach, a loss of appetite, inability to sleep, forebodings, and general exhaustion. At other times irritability, previshness and faultfinding are felt and life is a fearful When these things come on sometrial. thing must be done, or this nervousness will lead to insomnia, insanity, or death. Many people take morphine, opium, or narcotics; but they only deaden the nerves for the time being. What people need is to as-sit Nature a little, and Nature itself will restore the nerve-tissue and bring health and strength. The best researches of modern scientists have proven that there is nothing for this purpose equal to pure spirits, and no spirits so reliable and valuable as Duffy's Pure Malt Whiskey. An authority on this subject, being no less than the well-known Dr Caldwell, who treats only nervous diseases, says:

In typhoid and nervous exhaustion I know of no remedy to approach or equal Duffy's Pure Malt Whiskey to bridge over a crisis or mend the broken cup of health in an emergency of immediate danger. This may be said of alcohol in general, were it not the fact that many of our whiskies are so sophisticated. These impurities are in the Duffy's Pure Malt Whiskey entirely absent, thus affording a pure and safe stimulant, a true tonic.

JOHN D. CALDWELL, M. D., Neurologist, 90 N. Charles st., Baltimore, Md.

All people have nervous exhaustion at times, but only those who are careless perit runs into the worst known troubles, which make life a burden and death a relief. People who allow this are alone to blame, for it is comparatively easy to overcome, and can be absolutely controlled. By the use of the pure stimulant (but not intoxicant) above named, these fearful things may be avoided, and health and happiness succeed to sickness and misery.

DUFFY'S PURE MALT WHISKEY Is Sold Only in Bottles. Price \$1.00. For sale by Druggists. Grocers and Dealers. Persons East of the Rocky Mountains (except the Territories), unable to procure it from their Dealers can have Half Dozen sent. in plain case, unmarked, express prepaid, by remitting \$6 to The Duffy Malt Whiskey Co. WILMINGTON. N. C. SATURDAY, SEPTEMBER 10, 1887. stared of the Postofice at Wilmington, N. C. as second-class matter.

Thirteen consumptive patients Albany, N. Y. have been treated after Bergeon's method without success. Two physicians in reporting the cases buisness and making the American for "Medical Annals" state that after a people so healthy that they can enjoy fair trial, lasting from a fortnight to a month, the treatment was abandoned. No good results followed, and the patients suffered so much annoyance from the gaseous enemata that they begged for the discontinuance of the treatment. The Bergeon method is most emphatically condemned by these physicians, who seem to have made an honest effort to test its officiency. This who were hoping that a permanent cure for phthisis had been discovered.

The war department has received an fficial confirmation of the statement recently published that Lieut. F J. A. Darr, one of the instructors at the Military Academy, had eloped with the wife of his brother professor. Lieut John R Totten The story, when first published, was not believed at army headquarters. When Lieut. Totten came out in a published card denying marry a couple in eighty seconds, and mit it to continue. When it does continue the truth of the charges made against his wile every one sympathized with him A letter was received from the lather of Lieut. Darr at the war department a few days ago, asking that the acceptance of his son's resignation be revoked, upon the ground that he was temporarily deranged. The de-

partment informed his father that his request could not be granted, as the parties were out of the country. Information comes to the department from West Point to the effect that Lieut, Darr and Mrs. Totten have gone to South America. A sad teature of cruch to say so. In Brief And To The Point. Dyspepsia is dreadful. Disordered iver is misery. Indegestion is a foe to

good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, slopyy food. bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspepties. But Green's August Flower has done a wonderful work in reforming this sad their meals and be happy.

Remember -- No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle Seventy-five cents.
