WILMINGTON N. C., TUESDAY, SEPTEMBER 13, 1887

NO. 218

assassin who, he says, was hired by Gould, tried to club him to death at Ruffe Bar, and pursued him to Flushing.

Senator John T. Morgan, of Alabama, was interviewed on political matters in New York a few days ago. He stated that in Alabama every Republican Federal official had been replaced by an honest Democrat, with one exception, in the entire State. The receiver of the Huntsville land office was the solitary Republican official remaining. The public service had been bettered by the changes. "President Cleveland is greatly admired in Alabama; in fact the love for him far exceeds that for any previous President, not excepting Jackson. He will get sixty thousand majority in Alabama if he is again a candidate," exclaimed the Senator enthusiastically.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at W. H. Green & Co.'s Drug Store.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co.'s Drug Store.

Some of the finest flavored oysters we ever tasted were from Buzzard's Bay, just below Zeke's Island, and yet it is just seldom that any of them ever reach the city. There is a fine field there for cultivators.

Indications.
For North Carolina, slightly warmer and fair weather, and light to fresh winds, generally Southerly.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you far more injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinberger's.

Commissioner's Court.
U. S. Commissioner Gardner had the Pender county moonshiners before him to-day, for an investigation of the case. The defendants were N. B. Taylor, Jacob Hines, Giles Hawkins and Wiley Stokes. The evidence was found to be sufficient to send them on for trial at the next term of the District Court, to be held in November. Taylor's bond was put at \$500, Hines' at \$200, Hawkins' at \$200 and Stokes' at \$300.

Julius Thompson, white, for the same offense, case continued until to-morrow.

Paul Carr, white, same offense, \$20 or 30 days.

Charles Smith, white, for the same offense, \$5 or 10 days.

Falls From Grape Skins.
Something should be done to abate the grape-skin nuisance. Only last Saturday afternoon we saw a lady step on one on the pavement opposite this office, and fall to her hands and knees. She was young and sprightly and fortunately was not injured. About the same time last year, and near the same spot, we saw an older land slip and fall from the same cause. The man who throws grape-skins on a pavement lays a trap for the unwary—the old and aged and infirm, as well as the young, the active and the agile.

You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOB'S Hdw. Depot.

An Organ on its Travels.
Two years ago last May the organ used in Mt. Williams Presbyterian Church, near Bannerman's Bridge, was stolen from the church. It was not known at the time who took it but it was afterwards ascertained that it was stolen by one Obed Meredith, a white man and a horse thief who is now serving a term in the Penitentiary. The church was locked at the time but Meredith gained entrance through one of the windows and, once inside, opened the back door, which was secured by bolts from within. The organ was then carried out and carted off.

The loss of their musical instrument was felt as a sad loss by the members of the church and of the Sunday school and all attempts to trace it and recover it were useless. Time passed on and recently Mr. John R. Bannerman heard something which induced him to write to parties in Beaufort county in regard to it. Considerable correspondence followed, the trace was followed up, the organ located and described and finally it was fully identified and recovered, and last Thursday it was once more placed in its old position in the church. But it was found to have been sadly abused and some important repairs will be necessary to it.

Obed Meredith was found to be the man who had committed the bold and sacrilegious theft. He at that time lived in Duplin and carried the organ there. He afterwards removed to Pamlico and from thence to Beaufort county, the organ accompanying him in all of his migrations. Some time since he was wanted in Robeson for horse stealing and the sheriff of that county found him in Beaufort and carried him to Robeson where he was tried for the crime, found guilty and sent to the Penitentiary. It was only lately, however, that the clue to the organ was discovered, resulting in its return to the church last week.

Messrs. Carl Polvogt, John H. Rehder, G. W. Mills and J. Geary arrived here to-day from New York on the steamship *Benefactor*.

Mr. Chas. H. Robinson, Collector of the Port, and Mrs. Robinson, who have been visiting relatives in Vermont, returned to the city last night.

Rev. F. W. E. Peeschau, Pastor of St. Paul's E. L. Church, has gone to Cabarrus county to attend the golden wedding of Rev. S. Rothrock and his wife.

Mr. Chas. F. Browne has returned to the city from a trip to Bladen county. He confirms previous reports of the good crops and says that they are the best known there in several years.

Mr. A. G. Warren has gone to Philadelphia to be present at the Centennial this week. He will afterwards visit New York and will probably return here the latter part of the week.

Messrs. B. F. Murphy, Master Carpenter of the Wilmington & Weldon Railroad, and C. B. Hodges, of the Wilmington, Columbia & Augusta Railroad, left this morning to attend the Master Car Painters' Convention, which meets at the Grand Central Hotel, New York city, this week.

Mr. J. T. Player, of Pender county, was in the city to-day and favored us with a visit. We were sorry to hear him say that the crops in the Bannerman's Bridge and Holly Shelter section were sorry this year. The promise was very fine up to July but after that came heavy rains which worked much injury.

We regret very much to hear of the death of Mrs. A. H. Neff, news of which was received here to-day in a telegram addressed to Mr. W. A. French. The sad event took place yesterday at Gildersleeve, on the Connecticut river, and the interment will be on Thursday. She was an amiable, charming and accomplished lady and had many warm friends in this city.

Wilmington Light Infantry.
A regular monthly meeting of the Wilmington Light Infantry was held at the armory last night. There was a full attendance.

Mr. W. A. Willson, who has been secretary of the company for the past three or four years, resigned the position, and Mr. Thos. Gause was elected to the vacancy.

The question of providing new uniforms for the members of the company came up. A committee of four—consisting of Capt. Jno. H. Daniel, Lieut. W. N. Harris and J. C. Morrison and Ex-Capt. F. L. Meares—was appointed to formulate a plan and style for new uniforms, to report at the next regular meeting or earlier if possible.

The uniforms now worn by the company are old and shabby, and should be replaced at the earliest opportunity; but new ones will cost the company about \$3,500, which will be a heavy tax upon the members, if they are compelled to make the purchase themselves. But they ought to and no doubt will receive substantial aid in this matter from our citizens.

Regular drills were ordered for Tuesday night of each week; the first drill to be held to-night.

Cured of Neuralgia.
EAST VIEW, WESCHESTER CO., N. Y., January 23, 1889.

I have been a great sufferer with pains in the back of my head, worse than any headache, I could not reach it with internal medicines at all, and during the cold weather I have suffered excruciatingly. I finally thought I would try an ALLCOCK'S PLASTER applied to the nape of my neck. In less than half a day the pain entirely ceased.

LOTIE L. DERIAN.

To Build a Brick Church.

Rev. A. M. Conway, Pastor of the First (colored) Baptist Church in this city, has returned from an extensive visit to the North and Northwest in the interest of his church. During his absence he preached in a number of places and succeeded in securing contributions to the amount of \$900, all of which has been deposited in the Bank of New Hanover. This fund is intended as a nucleus for a building fund, the design being to erect a handsome new brick church, on the site now occupied by the wooden structure, corner Campbell and Fifth streets. Our citizens will be appealed to for aid in the undertaking, which will probably meet with a generous response. As soon as the sum of \$2,000 is secured work on the new church will begin.
