

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$4.00, Six months \$2.00, Three months \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

All the New York Exchanges will give in a petition to the Legislature of that State to repeal the Saturday half holiday law or at least to confine it to the summer months.

M. Maspero the Egyptologist, doubts that there ever was such a queen in Egypt as Cleopatra. Perhaps her whole story is a mere fabrication by Bacon and the elder Roman historians.

The famous Dismal Swamp is no longer used as a shelter for runaway negroes, of course, but it is believed to be the hiding place of at least 100 white men who, for various reasons, want to retire to private life for a spell.

Sixteen New Yorkers, with an aggregate weight of 3,851 pounds, sat down to a breakfast at North-west, Conn., last week. "What a fine assignment they would make to the King of the Canibal Islands," remarked a bystander.

The political campaign in New York next month will be lively for many reasons, among which is the part the United Labor party will play—or perhaps work—in it. The organization, it is said, has a ready arranged for 300 mass meetings.

An Oseash county, Michigan, veteran got \$1,000 in pension money recently, gave his wife \$300 worth of toggery, bought a house and lot for \$500 and decided to bet, and yet she wasn't satisfied, so she sold the house for \$500, and taking the money skipped out with another man.

For crimes of a peculiarly brutal and vicious sort we have learned to look to New England. Last week two murders occurred in that section, one in Massachusetts and the other in Connecticut, in which the victim was kicked to death. In the Massachusetts case the deed was the more shocking from the fact that the sufferer was a woman.

An astonishing firearm has been introduced in France. It is of French origin and is wonderful in the results obtained. At three thousand feet distance 90 per cent. of the balls hit a number of baskets representing a company of soldiers. Col. Lebel, the inventor, stood within ten feet of a target while one of his friends fired at it six thousand feet distant.

A cheerful view, if not a strictly correct one, is taken of a seeming misfortune by a Texas paper, which observes: "It is a good thing that the cattle in Texas are dying off, for when they die off they decrease in number, when they decrease in number they become more valuable, when they become more valuable their owner becomes wealthier therefore it is a good thing for the cattle to die off."

Every day Governor Hill of New York becomes more anxious to know who it was that set in circulation the statement that he had offered \$35 in gold for every pair of colored twins born in the year 1887. Duly certified records of dual births are pouring in upon the distressed Governor at a rate which indicates that this is an extraordinary year for twins.

There is a section of country in the State of Vera Cruz, 120 miles from the city of that name, called "Heaven" on account of its climate. Its air, water and general environment are conducive to long life. A man who recently died there at the age of 154 was carried to the grave by his three sons, aged respectively 140, 114 and 110 years. To marry at 12 and 14 years of age is a common thing.

Jonathan Bell, of Oglethorpe county, Ga., had his coffin made a number of years ago. He told his friends a few days ago that he would soon die, and to send for his coffin. He then ordered it made water-proof, and he had the makers fill it full of water, screw the lid on, and turn it over and over. They did so in his presence, and he was satisfied. He died the next day, and was laid away to rest.

The millionaires of Colorado are preparing to bid for the seat of Senator Bowen in the United States Senate.—His term expires in March, 1889, and the Colorado Legislature to be elected this fall will choose his successor.—Bowen is a candidate for reelection, and has as competitors Edward Wolcott, attorney for the Denver & Rio Grande Railroad; Ex-Governor Rout, William A. Hammill, the mining millionaire; Ex-Congressman Chilton; Ex-Governor Samuel Elbert, Judge Albert, of the United States Court; Ex-Governor Evans, and Congressman Symes. The auction promises to be an interesting one.

THE DAILY REVIEW

VOL. XI. WILMINGTON N. C., WEDNESDAY, SEPTEMBER 14, 1887 NO. 219

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co. of Shelby, N. C. Get a free trial bottle at W. H. Green & Co.'s Drug Store.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicinal have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co.'s Drug Store.

The Regatta Yesterday.

The last regatta of the season was sailed over the usual course at Wrightsville yesterday by yachts of the Carolina Yacht Club. The following boats were in the race:
Mist—Capt. Ed. Daniel.
* Little Alice—Capt. Percy Cowan.
Mabel—Capt. A. M. Waddell Jr.
Hermit—Capt. R. C. DeRosset.
The Little Alice came in first and was awarded the champion flag of the second class and the Mist, the only first class boat in the race, was second and was awarded the flag for boats of her class.

The judges were Messrs. W. R. Barksdale and L. L. Pritchard.

Pender County Court.

Yesterday and Monday were devoted to the criminal docket, and the civil calendar was to have been taken up today. Only two cases of general interest were tried. One of these was that of a colored man named Miller, of Rocky Point, who was charged with burglary and rape. The first was not clearly established but he was found guilty of the last, and sentenced to seven years in the Penitentiary.

The other case alluded to was that of a boy by the name of Jim Marshall, of the Long Creek section, and the outcome of this was interesting as well as edifying. The boy was charged with the larceny of money. His father was present and he agreed to take him outside and give him a good thrashing, if the Court would let him off with that. The boy's guilt was clearly established but as he was of tender years the Judge told the old man to take him outside and lay it on well and then bring him back into the court room and he would tell him what he would do. The boy was then taken outside and there was no discount on the parental chastisement which followed and which was witnessed by a large number of spectators. He was then taken back into Court and released on the payment of costs by his father.

Judge Phillips presides with grace and dignity and his rulings seem to give general satisfaction. Court will probably adjourn to-morrow.

The streets are very dry and dusty and rain is needed here.

The receipts of cotton at this port today total up 1,343 bales, against 104 bales for corresponding date last year.

You will find hoes, forks, shovels, spades, scythes, swaths and farming tools of all kinds at JACOB'S Hdw. Depot.

The city authorities are sawdusting Seventh street, from Queen to Market. The work has progressed as far as Ann, coming North.

The stalls in the three markets in this city will be rented at public auction next Tuesday, at the hours designated in advertisement in this issue.

Are you going to build, repair or paint? Then buy your material from JACOB'S Hdw. Depot. He will supply you with the best and save you money.

The *Passport* did not sail until after 10 o'clock this morning. She waited for an expected excursion party from points on the W. & W. R. R., very few of whom came.

Those who want nice, well rooted rose plants for Fall bedding, are referred to the advertisement of Mr. W. J. Kirkham who has 1,700 fine two-year old plants for sale.

There was a very slim attendance on the excursion to Carolina Beach today, announced for the benefit of the Wilmington Base Ball Club. Not enough printers ink was used.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop., 27 Market street.

This fine weather has lasted a long time and we think that a change is near at hand. The sun crosses the line on the morning of the 23d, and it is about time now to look out for equinoctial squalls.

Dr. Jno. D. Bellamy offers for rent the brick dwelling on Dock street, one door from Second. It is in good condition and Mr. Reeves, at the store adjoining, will show the premises to applicants.

Mr. W. J. Kirkham, who recently purchased the entire plant of the Government telegraph line on the coast, offers for sale the iron poles and the wire. It is all in good condition and will be sold cheap.

Gilbert Devane, colored, was before U. S. Commissioner Gardner to day charged with being concerned in illicit distilling in Pender county. The evidence not being deemed sufficient to send him on for trial he was discharged.

The State Guard at Richmond.

The Raleigh *News and Observer* says that Adjutant General Jones is now perfecting the details of the plan providing for the attendance of the 1st, 2d, 3d and 4th regiments of the State Guard as a brigade on the occasion of the laying of the corner stone of the Lee monument in Richmond, October 27th. The trip will be a pleasant one for the boys. It will cover three or four days only and will be comparatively inexpensive. The Adjutant General is informed that the railroad lines to Richmond will probably agree to grant a rate of one cent for each mile traveled to all visiting military organizations. At Richmond he proposes to encamp the troops under our own canvas, upon a camping ground provided by the military committee, who will also supply water, forage, straw, fuel, &c., and to insure comfort it will only be necessary that each man carry a bed sack, blanket, towels, &c. The committee informs the Adjutant General that meals have been arranged for with responsible restaurants at twenty five cents each.

A circular letter on the subject of the trip, containing all necessary information, will shortly be issued to the Guard by Gen. Jones. Every military organization in the State has been or will be invited to take part in the ceremonies of the occasion. It is hoped that everybody will lend a hand toward securing a creditable representation of the State.

Grandest Outfitting Establishment in the South.

I. Shrier, on the completion of his new store in the Purcell House building, will add a full line of shoes for men, boys and children. Men's, boy's and children's hats and caps. Gent's furnishing goods of every description. Also, trunks, valises, umbrellas, &c., &c., which will be sold at the very lowest figures. The Fall and Winter display of men's, boy's and children's clothing will be positively the largest and finest in Wilmington.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Death of Mr. D. J. Larkins.

Mr. Dennis J. Larkins, the son of Mr. P. Larkins, died here last night, after an illness of several weeks. He was but little more than a lad, not having yet quite attained his majority, and his untimely death is deeply regretted by all who knew him. He was an honorable, upright, manly youth and a favorite with all. The funeral services will take place to-morrow morning, from the residence to St. Thomas' Church, and the interment will be made in the Catholic Cemetery.

City Court.

J. Capehart, colored, was before the Mayor this morning, charged with disorderly conduct. He was fined \$5.
Wright Simmons, colored, disorderly, case continued until to-morrow.
Carl Dabbett, white, disorderly, \$20 or 30 days.

House-Breaking.

At about 3 o'clock this morning the house of Mr. H. D. Stanland, on McCrae street, between Mulberry and Walnut, was entered by one of the numerous thieves who infest the city. The thief gained an entrance by climbing in at a window which had been left open for the purpose of ventilation, and clambering over a bed upon which the mother of Mr. Stanland was sleeping, which he did without causing her to awake. The thief made a thorough search of all the rooms, but as money seemed to be his only object, he succeeded in securing nothing. In some of his movements he made a noise which awoke the inmates and as they hastened to see what was the matter, the thief made good his escape through a rear door, which he had previously unfastened to make sure of a place of speedy exit should occasion demand that he should leave in a hurry. The scamp got nothing, but he ought to have 39 lashes well laid on for attempting to rob a printer.

Oxford Notes.

A letter from a friend at Oxford says that the citizens of that thriving town voted on Monday on a proposition to subscribe the sum of \$10,000 for the construction of a market and an opera house, two things that have long been needed there. The vote for it was 290 and against it 52.

The majority of registered voters necessary was 274 so it will be seen that the subscription was carried.

The same friend tells us that the town of Henderson voted on the same day on a proposition to subscribe \$40,000 to the Durham and Northern R. R. There were 435 votes for the measure and not one against it.

The tobacco crops in Granville, he says, are the finest ever known in that county.

Personal.

Mr. G. P. Kidder, of Moss Neck, was here yesterday.

Mr. Geo. Z. French, of Rocky Point, was in the city yesterday.

Mr. B. W. Beery, Jr., has been appointed Chief Engineer of Howard Relief Fire Engine Co. No. 1.

Capt. V. V. Richardson, of Columbus county, was in the city for a few hours yesterday afternoon.

Mr. David S. Cowan has returned from the mountains, where he has been for a few weeks.

Capt. T. M. Emerson, accompanied by Mrs. Emerson, left here last night for a visit to points in the great North-west.

Ex-Mayor Fishblate and his daughter Miss Ella, returned to the city last night after an extended visit to New York and Saratoga.

We are sorry to hear that Mrs. Kate Karrer is quite sick. She is at her old home in Raleigh and her daughter, Miss Emma, is with her.

Messrs. Marsden Bellamy, J. C. Davis and Herbert McClammy, of the Wilmington bar, who have been in attendance on Pender County Court, in session at Burgaw this week, returned to the city last night.

Mr. E. H. Sneed, the courteous manager of the Knoxville Furniture Company's business in this city, has been very sick for some days past with bilious fever, but we are glad to learn that he is now much better and hopes to be out again in a few days.

Mr. Fab. H. Busbee, U. S. District Attorney, who was here yesterday to appear for the Government in the hearing, before U. S. Commissioner Gardner, of the moonshiners from Pender county, went up to Burgaw yesterday afternoon.

The Rifles of the Future.

According to all accounts, the Lebel gun will carry its bullet more than a mile and a half, and with a more certain aim than has been possible with ordinary rifles. The bore of the gun is very small, and the ball, which is of steel and sharply pointed at one end is said to revolve at a speed of a thousand revolutions a second. In the tests made by the French Government this bullet has penetrated a brick wall eight inches thick, and at a distance of 500 yards; it will go through any kind of armor which can be worn by soldiers, and at a distance of more than a mile will pass through a man as easily as a ten paces. The gun has no recoil under fire, and the powder gives out no smoke whatever. It has been said that the powder used must be a type of smokeless hunting powder already in the market; but this is denied by the inventor, who says that he uses an entirely new compound. The Lebel gun is, of course, a repeater, and the cartridges are so small that each soldier carries 220 rounds of ammunition, as against 160 rounds formerly considered the maximum. The French government is now making these guns at the rate of 500 a day at Saint Etienne, and is preparing to turn out double that number. Some account of a test of these guns will be found in the first column of this paper to-day.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

DIED.

LARKINS—In this city, at 7.15 o'clock last night, DENNIS J. LARKINS, aged 26 years, 10 months and 13 days.
Funeral at 10 o'clock, Thursday morning, from the residence to St. Thomas' Church, thence to the Catholic Cemetery.
A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home,
Which never can be filled.
God in his wisdom has recalled,
The boon his love had given,
And though the body members here,
The soul is safe in heaven.
