

# THE DAILY REVIEW

VOL. XI.

WILMINGTON, N. C., FRIDAY, SEPTEMBER 16, 1887

NO. 221

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: Year \$4.00, Six months, \$2.00, Three months, \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Correspondents will report any and all fallacious news to their printer regularly.

The Showwell monument fund now amounts to \$577. The committee want to get \$1,000 before going to work.

The William A. Hammond has exchanged his head with an inventor. He says that the financier's head is all right and as sound as a dollar.

Col. Fred Dent Grant heads the Republican ticket in New York, and the fact doesn't seem to arouse an unusual degree of excitement in the Empire State.

The New York Star says that both National organizations of the Democracy in New York are in thorough harmony, and there is no division in the ranks of the party throughout the State.

The New York World sent a professional diver down to get under the Titanic and examine her lines. The exploration was successful, and the Titanic is said to be very nearly undamaged after the mercurial sloop Volun- teer, although the diver is willing to bet that the Volunteer will win the race.

Miss Mary Anderson has concluded an engagement to go next year, when her London season is over, to Australia, and will not return to America for two years. She hopes to run "Winter's Tale" until the end of the season at the Lyceum. If it becomes necessary to change the programme she will play Rosalind in "As You Like It."

Mr. D. R. Revely, of Rockbridge county, Va., State Treasurer under the Mahone regime, has published a letter renouncing his fellowship with the Republican party and giving his adhesion to the Democratic party in the future. He says: "There is a question of immensely more importance to Virginia than any other, in my judgment; that is, shall the white people of this State dominate its affairs? Recognizing this as the most important issue, rising above all others I am convinced that, as parties are at present constituted, the true interests of the people of Virginia are with the Democratic party."

There is a citizen of Jefferson who has had a varied experience in the matter of going to jail. He has been jailed as a nuisance and is now incarcerated for debt and, though he has the money to pay it off, will not do it and cannot swear himself out of jail. Being too stubborn to pay the debt he languishes behind prison bars—*Leveir Topics*.

This is something new and refreshing. How did the said citizen get in jail for debt? The Constitution of North Carolina says that: "There shall be no imprisonment in this State for debt, except in cases of fraud." And when a man is imprisoned for fraud we don't see how he can pay his way out or "swear himself out of jail." Our contemporary has excited our curiosity.

A Washington special to the New York Star says: "The Washington dispatch printed in the New York Sun to the effect that the President has written a note to the secretary of the treasury, reiterating his injunction against the interference on the part of men in office with primaries and elections, is, of course, without the slightest foundation. The President has written no such note. Equally untrue, too, is the story with regard to an alleged letter from the President to a friend in the Northwest, construed to contain a thrust at Postmaster General Vilas. It is unnecessary to say that Mr. Vilas possesses the President's most perfect confidence and most cordial friendship."

The Duke of Marlborough is unhappy because of his reception in the American press. He has sent the following letter to the newspapers: "It is no improbable that I shall collect a few of the best reported specimens of the gutter gazetteer of this country and have the same framed for the edification and benefit of the thousand or more American tourists who are kind enough to honor my country house in England every year with a visit. These treasures of journalism will serve to remind Americans of one of the most admirable and respectable institutions of their country, while they will also suggest to them the reflection that the American eagle, in his flights of mendacity, finds, indeed, such facts to multiply with such rapidity of vice and guilt that he has torn off both his wings in quills and yet is in arrears of human intelligence regarding strangers, while he calmly ignores the vices which lie patent at his own door."

School Books and School Stationery you can buy cheapest at Heinsberger's.

## A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at W. H. Green & Co.'s Drug Store.

## The Verdict Unanimous.

W. D. Sult, Druggist, Bippus Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co.'s Drug Store.

## LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. C. W. YATES—School Books. HEINSBERGER'S—New Check Books. DICK & MEARES—Gentlemen's Furnishings House.

New moon to-morrow morning at 46 minutes past 8 o'clock.

Business may be booming on the wharf but it is very quiet up street.

A part of the street force has been engaged to-day on the gutters on Market street, between Front and Second.

The receipts of cotton at this port to-day foot up 1,658 bales, against 227 bales for the corresponding date last year.

"Changeable" was the prediction of Turner's almanac for the weather to-day, and changeable it has been.

Last night was simply hot, as uncomfortable so, in fact, as some of those nights we had during the warm spell in July.

We had just about enough rain here last night to lay the dust. It was the first (except a very light sprinkle) for very near three weeks.

There are no North Carolina apples on market here now. Some very fine Northern apples are offered by the grocers at 50 cents-per peck.

We would advise all our readers in need of shirts, to stop at the Wilmington Shirt Factory and get the best white shirts in the land at 75 cents. J. ELSBACH, Prop., 27 Market street.

The Centennial of the Constitution, at Philadelphia, is a big thing on ice. Yesterday, the first day, there was a big parade, more than five miles in length. Upwards of 200,000 strangers were in the city.

The steamer *Cape Fear*, which was due here yesterday, did not arrive until 4 o'clock this morning. She was delayed on account of shallow water at several points in the river. She had a heavy freight and a large number of passengers.

It is well enough for the people of North Carolina to remember, as the *News and Observer* says, that at the next election they are to vote upon a proposed amendment to the Constitution, increasing the number of Supreme Court judges to five.

## Sale Confirmed.

At Burgaw, on Wednesday, Judge Philips heard the motion to confirm the sale of the Atlantic Hotel, at Morehead City. Messrs. Whitaker and Busbee, the commissioners, recommended a confirmation of the sale, and Mr. Snow, of counsel for the bidders, spoke in favor of it. The report was confirmed and the sale now stands good.

## For the Pen.

Sheriff Taylor, of Brunswick county, arrived in the city this morning en route for the penitentiary with the following prisoners, who were convicted at the last term of Brunswick County Superior Court, viz: John Chairs, white, 5 years for larceny. Thomas Chasted, white, 5 years, for larceny. John Young, white, 4 years, for larceny. Henry Bruce, colored, 5 years, for larceny. James Wright, colored, 2 years, for larceny. James Williams, colored 2 years, for larceny.

## Carolina Beach.

We think, when the "toting up" is done, it will be found that there have been nearly 15,000 visitors to Carolina Beach this season. But for the drawback of a big lot of bad weather it would probably have amounted to 20,000. This is simply phenomenal, and we feel sure that it is by far the largest number which has attended the first year of the opening of any pleasure resort in North Carolina. We understand that a number of marked improvements at the Beach have been planned for next year, with largely increased facilities for getting there, and we shouldn't be at all surprised if the number of visitors runs up to 50,000 next season. The projectors of the enterprise feel greatly encouraged by the results of this season and will put out a lot of money there before next Summer. What they want, more than all, is a big hotel that will accommodate 500 people.

## Our Reasons Why.

In making up its personal columns the REVIEW does not willingly publish the names of young ladies, unless under the protecting wings of that of a parent or near relative. There may be no actual harm in it but to our mind such a publication is simply disgusting. It is repugnant to all our preconceived notions of order and decency and it is absolutely offensive to the tastes, habits and associations, as well as to the refined sensibilities of the people of this section. Sometimes it is unavoidable, it is true, and in such instances only do we find it excusable. We must remember and realize the fact that newspapers, like the rain which falleth on the just and the unjust alike, find their way everywhere and are read by all classes and conditions of people, the idle, the profane and the vicious, as well as in the quiet and genteel walks of business and social life.

It is not necessary to attempt to make our meaning any plainer than it is expressed here. Our remarks are not made with any direct reference against any one of our contemporaries, but simply to explain why we do not publish these things in the REVIEW, as well as to enter our protest against the leveling influences of so reprehensible a practice.

## Knights of Pythias.

We copy, from a special dispatch in this morning's *Star*, the following report of the meeting of the Grand Lodge, Knights of Pythias, in session yesterday at Goldsboro:

There were nine Lodges represented: Nos 1, 3, 4, 5, 6, 8, 22, 30 and 31. The object of this special session was to elect a committee whose duty it shall be to revise the constitution and by-laws of the State Grand Lodge and the general laws of subordinate lodges, and file a report thereof at the next regular session of the Grand Lodge for its action. This plan was adopted so as to expedite the matter, since final action can be taken on it at the next regular meeting; whereas, otherwise, it would be delayed from the next regular meeting till the annual meeting following.

The committee for this purpose appointed at yesterday's meeting consists of Messrs. T. D. Meares and Jno. L. Dudley, of Wilmington; Jno. M. Sherwood and C. W. Lambert, of Raleigh, and W. T. Hollowell, of Goldsboro. The officers of the State Grand Lodge in attendance were: P. Berry of Goldsboro; G. C. N. O'Brien, of Wilmington; G. V. C. Thos. D. Meares, of Goldsboro; G. M. of Ex. W. T. Seaman, of Fayetteville; G. K. of R. and S. pro-tem, Jno. L. Dudley, of Wilmington; G. M. at A. E. M. Pavie, of Newbern; G. I. G. pro-tem, H. C. Probert, of Wilmington; G. O. G. L. M. Dunlap, of Durham; Supreme Representative, J. A. Bonitz, of Wilmington.

The session appointed a memorial committee on the death of Supreme Secretary, Robert E. Cwan, of St. Louis, consisting of Messrs. J. A. Bonitz, S. G. White, and our townsman, John H. Hill, who will report appropriate resolutions at the next regular meeting, which will be held in Greensboro on the second Tuesday in February.

There being no further business the session adjourned.

A grand banquet was given at night by the Lodge of this city, at the New Arlington.

## Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye, as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

## A Commendable Act.

Mayor Fowler was walking on South Water street this morning when his attention was attracted to a mule that was hauling ice. The animal's feet were swollen very badly and the driver was treating the poor creature cruelly. The Mayor ordered him to unharness the animal. This he refused to do and Officer W. W. Mintz was ordered to arrest him. The mule belongs to Geo. Bell, colored, and the driver's name is Bob Watters.

## Attempted Theft.

Yesterday afternoon, about 3 o'clock, Cudger Larkins was discharging a flat-load of wood at John H. Whiteman's woodyard, foot of Princess street. He had a coop of chickens sitting on the cabin of the flat. He heard a noise from the chickens and turned to ascertain the cause, when he discovered a mink near the coop. Larkins endeavored to capture the four-toed rascal, but he hid under the wharf and couldn't be got at.

## A Horrible Accident.

Richard Smith, a colored man employed at the depots of the W. & W. and W. C. & A. Railroads in this city, to assist in making up trains was seriously and fatally injured last night at the depot on Nutt street while coupling cars. The accident occurred about 8 o'clock, while Smith was engaged in making up a freight train. As soon as discovered the injured man was taken up and carried into the office of the company. He was in great agony. It was found that the left side of his chest was badly crushed, the upper part of his body being very much swollen. Dr. Burbank was at once summoned, and an ambulance was procured and the sufferer removed to the City Hospital, where he died a few minutes after he was placed on the cot.

## City Court.

The first case for the Mayor's consideration this morning was that of Isabella Bruner, charged with allowing her hogs to run at large. She submitted, and was required to pay a fine of \$4 and pound fees.

Peter Evans was next arraigned on a similar charge. He submitted and was required to pay \$5 and pound fees.

Wright Simmons was charged with the larceny of a dog badge. The investigation was deferred until to-morrow.

Judgment nisi and a fine of \$20 each was recorded against two witnesses who failed to appear.

Rosanna Evans, an old colored woman, was charged with keeping an unlicensed dog. She was dismissed and a warrant issued for Ella Martin, the owner of the dog.

Carrie Howard was charged with keeping an unlicensed dog. She failed to appear and His Honor ordered a capias issued for her arrest.

## Personal.

Mr. Nelson Jenkins, we are pleased to hear, is better to-day.

Dr. Walter C. Murphy, of South Washington, is in the city to-day.

Mr. I. L. Greenwald has returned from his visit to the Northern markets. Col. Alfred Rowland, Representative-elect to Congress from this section, is in the city.

We are sorry to hear that Mrs. May, at the Rocks, has been quite sick but hope soon to hear of her complete recovery.

Roy. T. W. Guthrie, Presiding Elder of this district, has almost entirely recovered and will resume his visitations this week.

We regret to learn that Mr. W. H. Styron, of the firm of Behrens & Styron, is seriously ill at his residence on Chestnut, between Sixth and Seventh streets.

Mr. W. B. Furlington, Clerk of the Front Street Market, who has been spending several days in Bladen and Cumberland counties, returned to the city this morning.

Mr. Edward Matthews, a New Yorker who was at one time prominently identified with the Carolina Central R. R., then the Wilmington, Charlotte & Rutherford R. R., died at Newport, R. I., on Tuesday.

Lieut. E. C. Chavert, U. S. N., Life Saving Service Inspector for the North Carolina District, arrived in the city last evening from an inspection of the Cape Fear Life Saving Station. He will continue his tour of inspection along the coast to Hatteras.

Are you going to build, repair or paint? Then buy your material from JACOBI'S. He will supply you with the best and save you money.

## September Cosmopolitan.

The September number of the *Cosmopolitan* opens with an unusually interesting illustrated article on "How the Persians Live." "The Hurricane Island" is another handsomely illustrated article. The conclusion of "The Millionaires of the Pacific Coast" is accompanied by several handsome portraits. The second installment of "Recollections of Charles Sumner" contains many facts in regard to the great statesman that are now published for the first time. William Westall, the well known English novelist, explodes the old established ideas relative to Kasper Hauser, the title of his article being "New Light on an Old Mystery." Olive Thorne Miller contributes one of her delightful bird sketches. "The Rival Orioles." "Shall America have Ambassadors?" is a question that Moncure D. Conway answers in the negative. The fiction in the number is unusually excellent. The poetry is by Bessie Chandler, W. H. Allen, May Riley Smith, and E. A. Dumble.

## Grandest Outfitting Establishment in the South.
