The public schools of New York city were reopened on Monday with an attendance of about 135,000 children.

It is said that Dr. Charles E. Simmons has presented to the trustees of the Tilden estate a bill for \$143,000 for medical service and attendance upon the Saxe of Greystone during a term of seven years and eleven months.

Mr. George W. Nellis, Jr. of Herkimer, N. Y., has finished his tour across the continent on a bicycle. He left Herkimer on May 24 and reached San Francisco, California, on August 3, having travelled 3,369 miles in seventy-one days. His expenses averaged \$2 a day.

Sheriff Grant, of New York, a prominent sachem in the Tammany Society, and chairman of the committee on organization, has denied the statement that an arrangement has been made between President Cleveland and Tammany Hall for the campaign of 1888.

The Chattanooga (Tenn.) Times reports that the white, rust-proof iron ore, hitherto found only in Sweden, has been discovered in the mountains near that city. The ore is said to contain 65 per cent of pure iron, while the bed is six feet thick and of great extent.

Washington is the best shaded city in the world. At present there are 63,000 shade trees in its streets, most of them in a flourishing condition. Of this number 23,305 are soft or white maples, 892 sugar and black or South-ern maples, 2,786 Norway maples, 864 scarlet or red, 422 sycamores, 4,043 ash-leaved maples, 5,121 American lindens, 7,050 Carolina poplars, 5,355 American elms, European elms and mixed elms, 4,579 sycamores, or butte wood, and European plane trees, &c.

President Cleveland has just pardoned "Bill" Mills, a notorious Cincinnati counterfeiter, who has been serving a fifteen years' sentence in the Ohio penitentiary. Mills is now blind and broken down in health and his wife is dying. He was, in his prime, one of the most successful "shovers of the queer" in the country. He is a man of ingenuity, and has perfected three or four inventions since he last entered prison, which he thinks will support him for the remainder of his days. He has also written a book on prison life. His health is such that he cannot remain much longer on the scene of his earthly misdeeds.

The Washington correspondent of the Philadelphia Times says: "The President will doubtless make every effort consistent with his position to quiet the Democrats on a tariff policy, but there his offices will end, except his official recommendations to Congress. He will earnestly urge tariff revision and revenue reduction to the actual needs of the Government, but he will not depart from his uniform campaign and official declarations demanding the protection of the wages of labor in all our general productive industries. He will not be likely to attempt the often attempted and always disastrous policy of dictating legislation to the law-makers chosen by the people."

It is asserted that the Republican State ticket nominated at Saratoga is dissatisfying to many Republicans in New York.

It is estimated that there were nearly half a million strangers in Philadelphia yesterday, the second day of the Constitutional Centennial celebration.

Senator John Sherman, who is very anxious to obtain the Republican nomination for President, fired off his first big gun at Wilmington, O., on Thursday. He waved the bloody shirt most vigorously.

Gen. Wm. R. Cox, of this State, is very favorably mentioned as the successor of Gov. Porter, as Assistant Secretary of State. The Washington Star says: "Ex-Representative Cox of North Carolina, who is spoken of for the appointment is very friendly with Mr. Bayard, and is well qualified for the position. He has stood as a defender of the administration and a civil service reformer from the start. He was an active member of the foreign affairs committee in the House, and chairman of the civil service reform committee."

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at W. H. Green & Co.'s Drug Store.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co.'s Drug Store.

State Pensioners.
Mr. S. VanAmringe, Clerk of the Superior Court for this county, has received from Gen. W. P. Roberts, State Auditor, the list of persons entitled to pensions under Chapter 214, laws of 1885. There are three veterans on the list, all of whom were wounded, two from the 3rd Regiment and one from the 61st, and nine widows of soldiers, all of whom were killed in action. All of the twelve give Wilmington as their residence.

Of Interest to Dentists.
Mr. VanAmringe, Clerk of the Superior Court, had occasion to address a communication a few days since to Dr. J. F. Griffith, Secretary of the State Dental Board and we have been allowed to make the following extract from Dr. Griffith's reply: "By reference to Chap. 178 (that part pertaining to dentistry) Acts of General Assembly, 1887, you will observe that Sec. 1 applies to those who shall commence the practice of dentistry after the ratification of the Act, 3d March, 1887. This class are entitled to register with the Clerk of the Superior Court, in the county in which the person who proposes to begin practice resides, upon presentation to the Clerk of a diploma from a reputable dental college, or a license from the North Carolina State Board of Dental Examiners, signed by members of said board.

"Sec. 4 applies to all who were legally engaged in practice before the recent act. If dentists now in practice were engaged in practice prior to 1879 then it was their duty to register with the Secretary of the Examining Board, who is responsible to the clerks for their fees and to the State for a correct list of those who have registered. In order to continue practice legally it will be necessary for them to procure from the State Examining Board a license, which license you are authorized to register, fee 50 cents, or by applying to any member of the Board who will conduct the examination, they may (if the examination is satisfactory) get a temporary license, which will be valid until the next regular annual meeting of the Board. Dr. Durham, of your city, is a member of the Board, and can grant the temporary license. You have nothing to do with their cases until a license is secured."
