The expenses of the New York
city government steadily increase.
The departments have submitted to
the board of appointments their
estimates for 1888, and the total is
\$1,000,000 more than the sum appro-
priated for this year. The new
aqueduct calls for \$8,000,000, educa-
tion for \$5,300,000, police for \$4,600,-
000, and public works for \$3,400,000.
The total is over \$32,000,000.

Raleigh correspondent Petersburg
Index-Appel: The tone of sentiment
as expressed here among the many
politicians present last week was
that Senator Ransom's re-election to
his seat by the legislature of 1888
is reasonably certain. This expres-
sion is based upon the existing and
growing popularity of President
Cleveland's administration which is
known, in all particulars, to receive
the senator's most cordial endorse-
ment.

"The Cheerful Letter Exchange"
is the latest device of Boston young
women who look for original meth-
ods of lending a hand. The address-
es of "deserving women and girls,"
particularly in the West, are obtained
and a correspondence is started,
which is designed to uplift and gen-
erally delight the deserving woman
or girl, and at the same time allow
the dear good Boston girl to indulge
in epistolary gush to her heart's
content.

In the Canadian village of L'As-
sompion, on Thursday of last week,
twenty venerable couples joined in
a celebration of their golden wed-
ding. High Mass was chanted in
the parish church in their honor.
One of the couples had been mar-
ried seventy years, one sixty-five
years, one sixty-one years, one fifty-
nine years, three fifty-seven and so
on down to fifty years. All are of
French nationality. Such a cele-
bration was probably never witness-
ed before.

Some years ago Vermont had as
unenviable a reputation as Indiana
ever had for granting divorces.—
Public sentiment at last became so
aroused that the Legislature of 1878
passed a law "in restraint of di-
vorce." The number of divorces
granted in 1879 was one-third less
than in 1878, when it had reached
the alarming proportion of one for
every fourteen marriages. But so-
ciety appears to have retrograded
again. The Rutland Herald reports
that no less than forty-four couples
have applied for divorce to the
County Court at its present session,
which is nearly one to every thou-
sand of the population.

About three years ago, according
to the Galveston News, the Texas
and Pacific Railroad Company un-
dertook to sink an Artesian well
near Sierra Blanco, 95 miles east of
El Paso. The pipe was down 600
feet, when suddenly a cavern was
struck, the drill dropped about six
feet and a current of air rushed up
the pipe. The well was abandoned,
and the tubing acted as a flue from
the cavern to the surface of the
earth. Ever since that time the

people of the vicinity have resorted
to the spot in summer to enjoy the
cool and invigorating air that comes
up the pipe. The current of air ebbs
and flows like the ocean tides, the
current being outward one day and
downward the next. The upward
flow has been discovered to possess
magnetic properties, and the people
who live near the well call it the
"fountain of youth."

The receipts of cotton at this port
to-day foot up 1,828 bales.

There was an advance of five cents
per barrel in the price of tar to-day.

Br. steamer *Thornycroft*, Pugsley,
hence, arrived at Liverpool Oct.
25th.

Br. steamer *Nicosian*, Jones,
hence, for Liverpool, passed Brow
Head Oct. 25th.

This is another disagreeable day
for the Wayne County Agricultural
Fair at Goldsboro.

Steamboatmen report about five
feet of water on the shoals in the
Cape Fear, with the river rising.

Without regard to what the Signal
Office has said we pronounce the
present weather as very disagree-
able.

Wood is coming in quite lively
since the rise in the river. There
were several flat loads in the dock
this morning.

The steamer *D. Murchison*, brought
down 308 bales of cotton as a part of
her cargo, and the steamer *Cape
Fear* had 158 bales.

Superintendent Sholar is having
some much needed repairs made to
the sidewalk on Second street, be-
tween Princess and Chestnut.

Those who temporarily sojourn at
the Sound during the hot Summer
months have returned to the city
and the little village is now only in-
habited by the permanent residents.

50 good experienced hands wanted

wages and steady work guaranteed.

bach, Prop.

The work of demolishing the Bridg-
ers mansion on the Southeast
corner of Front and Chestnut streets
has been resumed and the premises
now have an unattractive appear-
ance.

National Thanksgiving will be on
Thursday, November, 24th, just four
weeks from to-day. This holiday
was formerly an exclusively New
England institution, but in later
years it has become more and more
a feature throughout the country.

The wholesale grocers seem to be
doing an unusually large business
as drays, heavily laden, are contin-
ually hauling goods to the different
railroads and steamboat landings,
and there is also a general appear-
ance of busy trade at all the differ-
ent wholesale houses.

Remember and patronize the festi-
val to be given to-night at Con-
cordia Hall, opposite Front Street
Market, by the Ladies' Concordia
Society of the Temple of Israel.—
Music for dancing will be furnished
by the Italian harpers. Go and aid
in a good cause.

Indications.
For North Carolina, warmer
with rain, followed by fair weather,
and light to fresh Northeasterly
winds, shifting to Easterly.

A Word to the Public.
Mr. A. Shrier's new stock of ready
made clothing is now complete. It
is undoubtedly the largest and best
assorted one ever brought to this
city, and consists of the latest styles
for Fall and Winter use. In pur-
chasing Mr. Shrier took pains to se-
cure well made and well fitting gar-
ments, and he has goods in his store
equal to custom made, but at a cost
of at least 50 per cent. less.

City Court.

In the absence of Mayor Fowler,
Alderman Fishplate presided at the
City Court this morning. The dock-
et was small and was disposed of in
the following order:

Donald Stuart, the tramp who
was arrested on the charge of fright-
ening the pupils and teachers of
Tileston School and also the citizens
in that vicinity, was again brought
up, but his case was continued until
to-morrow.

Sarah Wright, colored, for allow-
ing her hogs to run at large, was
required to pay a fine of \$5. This
ended the docket for to-day.

Painful Accident.

At about 1 o'clock this afternoon
York Everett, colored, while at work
taking in cargo aboard a barque on
the West side of the river, opposite
the foot of Dock street, was struck
by a barrel and knocked into the
hold of the vessel, a distance of
about 15 feet. At first it was thought
that he had been killed, having been
rendered senseless by the blow and
fall, but he soon recovered con-
sciousness. He was immediately
brought across the river where a
physician examined his wounds
which were painful but not consid-
ered dangerous. After being exam-
ined by the physician a carriage
was procured and the wounded man
was conveyed to his home on Prin-
cess street, between Tenth and
Eleventh.

Doing Valuable Work.

Capt. William Skinner is doing a
good work in Black River. He has
a contract with the government for
dredging work in that river and is
pulling out the obstructions at a very
satisfactory rate. He is now at work
in the lower end of the narrows, a
few miles above Point Caswell, and
a few days since took out a cypress
log which was six feet in diameter
at the base. This same cypress log
had long been a disastrous obstruc-
tion to navigation and many is the
raft of turpentine and tar that has
gone to grief on it. Its removal will
save hundreds of dollars to the peo-
ple of that section. Capt. Skinner
broke his main chain in hauling on
this huge log and had to send it here
to be repaired.

Personal.

Col. F. W. Kerchner has gone to
Richmond.

Mayor Fowler has gone to the
Fair at Goldsboro.

Mr. A. F. Powell, of Whiteville, is
in the city to-day.

Hon. A. M. Waddell has gone to
Richmond, where he delivers an ad-
dress to-morrow.

Mr. E. A. Hawes, of Point Caswell,
was in the city to-day and paid us
a pleasant visit this forenoon.

Mr. D. J. Aaron, of this city, was
chosen as Chief Marshal of the
Goldsboro Fair vice Mr. G. Herbert
Smith, who is too sick to attend.

Mr. S. A. Craig leaves to-morrow
morning on the *Gulf Stream* for
New York, where he will purchase a
stock of new goods, which he ex-
pects to open here early next month.

Mr. W. W. Barnes, formerly with
Messrs. Parker & Taylor, in this
city, but now connected with a large
house engaged in the foreign fruit
trade in Philadelphia, is here on a
brief visit.

Rev. Robert Strange has notified
members of the Vestry of St. James'
that he will accept the position of
Rector of that Parish. This was
plainly foreshadowed in what the
Review said on Tuesday.

We received a pleasant visit to-
day from Mr. M. S. Bulkley, of Phila-
delphia, representing the printing
ink house of J. H. Bonnell & Co.
Mr. Bulkley is so much pleased with
his visit that he talks of returning
and engaging in business here.

Rev. W. M. Kennedy, of Duplin
county, was in the city for a short
time to-day. He was en route for
the Union Meeting of the Eastern
Baptist Association, which will be
held this year at Moore's Creek
Church, in Pender county, and will
commence to-morrow.

Mr. George S. Greene, Jr., Chief
Engineer of the Department of
Docks in New York City, is here for
the purpose of examining the plant
of the Carolina Oil and Creosote
Works. The latter company, it will
be remembered, have a large con-
tract with the Dock Department
which Mr. Green represents.

Best \$2.50 ladies' kid button boot

Improvement.

The brick were hauled to-day with
which to lay a new sidewalk on the
East side of Front street, from the
flagging at the Northern end of the
Purcell House to the Gem Saloon.
The sidewalk in that locality has
been in a worn out and bad condi-
tion for a long time, and we are glad
to note the prospects of its improve-
ment.

Fine Hogs.

There was a remarkably fine look-
ing drove of hogs this morning in
the vacant lot on the Southeast
corner of Third and Princess streets.
They were brought here on the cars
from Green county, East Tennessee,
via Spartanburg and Columbia, by
Mr. Z. T. Bayless, their owner.
There are 95 in the drove and their
average weight is more than 200
pounds each. Unless Mr. Bayless
can dispose of them here, he will
take them to Richmond for sale.

Back Again.

William Johnson, colored, who
was discharged from the city prison
three days ago, got into a fight at
Front Street Market this afternoon
with another colored man, in which
he struck the latter in the face with
a rock and attempted to cut him with
a knife. Upon seeing a policeman
approaching however, Johnson ran
up Front street to Messrs. Burr &
Bailey's alley, into which he dodged
pursued by the officer. The fugitive
sought refuge under a building
where he was found by Mr. William
McGowan, arrested and taken to the
guard house and locked up by a
policeman.

The Lisbon.

The new steamer which has been
in course of construction by Capt.
Black, to ply on Black River in
place of the *Lisbon*, arrived here
this morning, although in an un-
completed condition. The work is
so far advanced, however, that she
will begin to run regular trips next
week. The new boat will be called
the *Lisbon* and will run from this
city to Clear Run, in Sampson
county, as did her predecessor, and
will be commanded by Capt. Black.
She is 88 feet long, over all, 19 feet
beam and 4 feet deep. She will
draw about one foot when light and
has a carrying capacity of 350 bar-
rels of naval stores. The boat is en-
tirely new throughout, and is much
faster and better than her patro-
nymic.

Presbyterian Synod.

The seventy-fourth annual session
of the Synod of North Carolina was
begun at the Presbyterian Church
in Fayetteville last night, and not-
withstanding the cold, hard rain,
there was a fair attendance. Rev.
J. W. Primrose, of the Second Pres-
byterian Church in this city, preached
the opening sermon from the text,
"He that believeth in Me hath Ever-
lasting Life."

After the sermon the Synod was
officially organized by the election of
Rev. R. Z. Johnston, of Lincolnton,
in the Mecklenburg Presbytery, as
Moderator, and Rev. Alexander
Sprunt, of Henderson, and Capt. J.
F. Johnston, of Charlotte, as tempo-
rary clerks. Rev. J. A. Ramsey,
stated clerk, was detained by a late
train and Rev. W. S. Lacy acted in
his place.

Among the strangers present were
Rev. M. H. Houston, D. D., of Bal-
timore, Secretary of Foreign Mis-
sions for the Southern Assembly;
Rev. S. Taylor Martin, Financial
Agent of Union Seminary, Va.; Rev.
Thomas H. Law, Agent of the Amer-
ican Bible Society.

Since the organization of the
Synod in 1813 it has met in Fayette-
ville thirteen times, which is a fine
compliment to the good people of
that thriving city.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In se-
lecting spectacles you should be cau-
tious not to take more magnifying
power than has been lost to the eye
as in the same proportion that you
pass that point of increase, will cause
you further injury to the eye. Using
glasses of stronger power than is ne-
cessary is the daily cause of prema-
ture old age to the sight. You can get
the best at Heinsberger's.
