

THIS PAPER published every evening, Sundays excepted, by JOSH. T. JAMES, Editor and Prop. SUBSCRIPTIONS, POSTAGE PAID: One year, \$4.00. Six months \$2.00. Three months \$1.00. One month, 35 cents. The paper will be delivered by carriers, free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will please report any and all failures to receive their paper regularly.

Mr. Henry George believes his party will poll 200,000 votes in New York State in November. By means of an air-gun Prof. C. L. Mees has found that to drive straws into pine boards and hickory bark, is often done by tornadoes, a velocity of 150 to 172 miles an hour is necessary.

The Czar entertained his royal Danish relatives with a feat of strength the other day. He took a new pack of cards and by a quick motion of his hand tore it right through.

Lord Cairns, it is announced, has not inherited a million of money from Mr. McCalmont, but, on the contrary, has been left out of the will. Fifteen million dollars have been bequeathed to Lieutenant McCalmont, of the Scots Guards, a young gentleman with a weakness for boating.

P. T. Barnum has just purchased an enormous amount of real estate in Bridgeport, Conn., on which five churches, the old Court House, six livery stables, three bank buildings, all the stores on the west side of Main street and more than 100 private residences and dwellings are located. The property is worth over \$4,000,000.

Matthias Splitlog, the wealthy Indian railroad builder, who at the age of 20 went to Westport Landing, now Kansas City, with 50 cents as his sole worldly possessions, is now enormously rich. He owns a railroad, several silver mines and many blocks of property in Kansas City. He bought an axe on trust, and began cutting wood for steamboats at 25 cents a cord, saved money, bought a sawmill and then got married.

An absurd rumor, recently afloat in London, declared that the Queen was writing a novel. Following it came another that she was engaged in the study of Hindostani. The foundation for them appears to have been the fact that she had been looking over the proofs of the Rev. W. Tulloch's popular biography of the Prince Consort and examining a selection from the public addresses of the Duke of Albany, which are to be published at an early day.

There is a man of Indian descent named Pickett Nelson, living in Essex County, Virginia, who is a veritable giant, being over seven feet in height and weighing 340 pounds. His outstretched arms measure seven feet four inches from the finger tips; from his wrist to the end of his middle finger is twelve inches; his foot is fourteen and a half inches long, and he wears a No 18 shoe, his lasts being necessarily hand-made. He can easily lift 500 pounds, is about 25 years old, is quiet and even diffident in manner, and works in a saw mill at Essex.

The Cuban authorities have published regulations permitting American citizens to arrive at or depart from Cuban ports without being obliged to present a passport or other document signed by a Spanish consul. A simple certificate from the American consul at the port of entry will enable any citizen of the United States to travel all over Cuba, to remain on the island as long as he pleases, and to leave whenever he wishes, without molestation.

The congregation of Plymouth Church, Brooklyn, have practically decided to call the Rev. Charles A. Berry, of Wolverhampton, England, to become the successor of Henry Ward Beecher. The Rev. Mr. Berry has preached twice in Plymouth Church, and has excited much admiration among the late Mr. Beecher's flock. Mr. Berry is about 43 years old. Mr. Beecher made his acquaintance in England a little over a year ago, and took a great liking to him. The young English clergyman is a very earnest and sympathetic speaker.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Best \$3 shoe for gents in the city at French & Sons.

The receipts of cotton at this port to-day foot up 1,346 bales.

Major Young still has a number of desirable dwellings for rent. See ad. in this issue.

To-morrow, All Saint's Day there will be services and a celebration in St. John's Church, at 11 a. m.

Nor. barque *Nor*, Hansen, cleared to-day for London with 2,900 barrels rosin, valued at \$2,096, shipped by Messrs. Robinson & King.

The steamer *Easton* went down the river this afternoon and will go to Currituck with the dredging boats to-morrow, if the weather proves favorable.

The Germania Cornet Band will give a grand ball at Howard Relief Hall, on Fourth street, on next Wednesday night, Nov. 2nd, for the benefit of the band.

The inclement weather of the past week has delayed operations upon the temporary bridge at Fourth street crossing. The workmen are all ready, but the weather will not permit.

500 pair heavy Canton flannel drawers, just the thing for cold weather, from 35 cents and upwards, at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop. Drawers made to order.

The dredge boat *Vim*, with the steam tug *Biard* and two scows, went down the river this forenoon and if the weather is favorable they will put to sea, bound for Currituck, to-morrow. Capt. W. A. Snell, of the steamer *Louise*, will pilot them to their destination.

One of the most attractive places in the city is the dry goods store of Col. J. J. Hedrick, Northeast corner of Front and Market streets, and the ladies will find there an elegant assortment of goods in that line, carefully selected in person in New York. The Colonel has a columnad, in this issue, in which he announces that his goods have been marked down for the retail trade to wholesale prices.

Indications.

For North Carolina, fair weather, preceded by light rains on North Carolina coast, and Northwesterly winds.

Exports Foreign.

Br. steamship *Covenry*, Bacon, cleared Saturday afternoon for Bremen with 5,025 bales cotton, valued at \$20,815, shipped by Messrs. Alex. Sprunt & Son. Br. steamship *Parklands*, Smith, cleared for Liverpool with 4,908 bales cotton, valued at \$214,121, shipped by Messrs. Williams & Murchison; making a total amounting to \$434,936.

John S. Clarke.

Those who can appreciate genuine comedy of the very highest order of merit may have an opportunity for the best sort of fun at the Opera House to-night. Mr. John S. Clarke stands at the head of his profession in that role of acting, and he has with him a troupe of arrests of genuine excellence. There will undoubtedly be a crowded house and lots of fun at the Opera House to-night.

Exports Foreign.

The exports foreign from this port for the month of October, 1887, as taken from the books at the Custom House, were as follows:

Cotton 37,814 bales, valued at \$1,629,664; spirits turpentine, 125,242 gallons, valued at \$39,144; rosin, 22,682 barrels, valued \$31,341; lumber, 632,000 feet, valued at \$8,990; shingles, 55,000, valued at \$311; making a total of exports foreign for the month aggregating \$1,699,459.

Br. steamship *Hemslly*, Capt. Race, arrived here to-day from the Canary Islands, consigned to Mr. C. P. Mebane, and Br. steamship *Bedlington*, Capt. Owens, from Montreal, consigned to Messrs. Heide & Co. Both will load with cotton for European ports.

The gentleman who advertises elsewhere in this issue for a situation is from an interior town in this State and he is a man of education and business capacity and also of considerable experience in trade. He can bring the best of recommendations from gentlemen in this city and elsewhere and we commend him to those in need of clerical help.

The Weather.

It rained nearly all of last night, some of the time heavily, and much of the time it was accompanied by a high wind. The weather began to grow colder yesterday afternoon, and this morning overcoats were in urgent demand.

The Rain and Wind.

There was bluster enough last night for a heavy blow, but the maximum velocity of wind was only 18 miles per hour in this city, and but 20 miles at Southport. The rainfall from 7 p. m. yesterday until 7 a. m. this morning was 1.80, which was a larger volume than we had imagined.

School Books and School Stationery you can buy cheapest at Heinsberger's.

Personal.

Mr. L. A. Galloway, mate of the steamer *Louise*, will have charge of that craft during the absence of Capt. Snell to Currituck.

Mr. W. A. Bryan and wife, who have been in Connecticut and New York for the past four weeks, returned to the city last night.

John S. Clark, with his company, arrived here last night and a part of them registered at the Orton House while the remainder stopped at the Commercial Hotel.

Jessica Thomas.

The Jessica Thomas Comedy Company will begin a five-nights' engagement at the Opera House to-morrow night, at which time they will present the comedy-drama of the "Daughter of the Regiment," concluding with the one-act farce, "The Loan of a Lover." Both of these are standard plays which have been before the public for many years. The company comprises ten persons and the press, wherever they have appeared, have given them high praise. From all we have seen and heard of them the troupe is far above the average so-called comedy companies that visit this section.

The Zeb Vance Stove, like its namesake, is welcome in all North Carolina homes. It is to be found at Jacobi's Hdw. Depot.

A Delicate Operation.

The following item of interest to some of our readers is copied from the *Baltimore American* of a recent date:

Bob Slavin, the minstrel, who has been lying at the point of death at his house, on Pennsylvania avenue, from a most painful ear disease, which had also attacked his brain, has now fully recovered, and will be able to join his troupe in a few days. His affliction was pronounced by several prominent physicians in Chicago and Cincinnati a case of severe neuralgia, until Slavin placed himself under the care of Dr. Reuling, the well-known oculist and aurist of this city, who found that the mastoid bone, in which the ear is imbedded, was inflamed, and that the only means for relief consisted in a trepanation of this bone, which operation was performed by the doctor ten days ago, and followed by the most gratifying result.

See the Othello Range at Jacobi's Hdw. Depot. It is unequalled as a baker; it is finely finished; has a reversible grate for either coal or wood. Can be changed in a second by the most inexperienced. Just the stove for Winter use.

Quarterly Meetings.

Fourth round of Quarterly Meetings for the Wilmington District of the Methodist E. Church, South: Bladen circuit, at Windsor, Oct. 29, 30. Carver's Creek, at Shiloh, Nov. 2, 3. Waccamaw circuit, Salem, Nov. 5, 6. Cokesbury circuit, Nov. 12, 13. Brunswick circuit, Nov. 19, 20. Whiteville circuit, Nov. 26, 27.

T. W. GUTHRIE, P. E.
Largest assortment of pocket knives in the city at Jacobi's Hdw. Depot.

NEW ADVERTISEMENTS.

Hedrick's Announcement

Retail trade thus far this season, through the influence of heat and rain, has not developed the vim and snap that we have been accustomed to in our little store on the corner; to create a revolution we have resolved to mark our entire stock at wholesale prices.

One of our best attractions is our stock of Hosiery, which for quantity, quality and cheapness stands unrivalled. Business has not been dull in this line; we have already cleared out the first 100 dozen lot of boys' and girls' Black Ribbed Hose at 12 1/2c, and commenced on the second lot; we will not be able to get any more.

All of the finer styles of Children's Hose at proportionately low rates; Ladies' Hose in every style and quality; for delicate ladies a few dozen very fine Worsteds cheaper than ever.

Our prices and large sales of Gentlemen's, Ladies' and Children's Underwear has become the talk of the town.

One great feature of our stock is the Superb line of Housekeeping Goods. In Table Damask, we offer at 50 cents a yard, a genuine hand-woven goods, worth much more. For 85 cents a genuine German hand-loom Damask, which would be cheap at one dollar.

Scotch Huck Towels at 25 cts, worth double that amount.

Some very great bargains in Doyleys and Napkins; the sight of this part of our stock would prove a treat to tasteful housekeepers.

Another good thing with us, better than elsewhere, is our stock of Woolen Cloths for men and boys, which contains all that is desirable in domestic and foreign goods.

Also, the ever faithful Salem Cassimere, than which there is nothing better for school-boys.

Handkerchiefs; we like to talk of handkerchiefs; we like to buy them; we like to sell them; nobody south of Mason and Dixon can touch us on Handkerchiefs; a larger supply than ever this season, both for gentlemen and ladies, from the lowest price to the most elegant hand-wrought goods, imported.

Corsets in every desirable style and the best 50-cent Corset in the world.

Dress Goods, Gingham, Prints, Flannels, Domestics, Blankets, Notions, etc.

Everything marked down, Cheap, Cheap, Cheaper than the Cheapest.

We extend to the ladies and gentlemen of Wilmington the most cordial invitation to visit our store; the time spent with us we promise to make both profitable and pleasant.

J. J. Hedrick,
Corner Front and Market Sts.

Prospectus post free from PROF. LOISETTE, 257 Fifth Ave., New York Oct 31

Mason & Hamlin

Organs. The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with the best makers of all countries, they have invariably taken the highest honors. Illustrated catalogue free.

Pianos. Mason & Hamlin's Piano by them in 1882, and has been pronounced by experts the "greatest improvement in pianos in half a century."

A circular, containing testimonials from three hundred purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant. Pianos and Organs sold for cash or easy payments; also rented.
