A member of the Legislature of
British Columbia has resigned his
seat and will, it is said, join the Mor-
mons.

Albums containing beautiful au-
tumn leaves are being sent abroad
to give the foreigners a correct idea
of American foliage.

Of five would be bridegrooms who
recently applied for marriage licenses
in Chattanooga, four couldn't
write their names, and made their
marks.

The Emperor William has not been
on horseback since the grand pa-
rade two years ago. His two favorite
horses, Alexander and Brunehild,
are respectively sixteen and thir-
teen years old. The royal stables
contain seventy-four carriage horses.
A slab over the crib of each one in-
dicates its name, pedigree and age.

A San Francisco lady was careless
enough to drink a glass of red ink,
believing it to be claret. She was a
good deal scared when she discovered
her mistake, but no harm came
to her. The doctor who was sum-
moned, upon hearing what had hap-
pened, remarked to her: "Mrs. Graham,
there's such a thing as pushing this
rage for decorated interiors too far."

Here is an item of interest. It is
from the Raleigh Visitor:

We invite attention to the state-
ment in this issue of the Raleigh
Savings Bank, showing its condition
for the first six months of business
ending Nov. 14, 1887. The increase
in loans and discounts as well as in
deposits is in all respects very
satisfactory, there being now 722
open accounts of depositors. Such
is the favorable outlook that the
directors have in contemplation the
increase of the stock to \$50,000.

The Congressional library at
Washington will cover 111,000 square
feet, more than two and a half acres.
Mr. Smithmeyer, to whom the erec-
tion of the library has been entrusted,
has carried on elaborate tests of
the resisting power of the soil on
which it will stand. The German
Parliament House covers 110,000
square feet, the Royal Library at
Munich 90,000, and the library of
the British Museum 97,000.

Many of the leading figures in
Continental politics are suffering
physical ills. The Czar of Russia is
slowly recovering from the measles.
Prince Bismarck has the rheuma-
tism, Emperor William of Germany
has just had a severe attack of old
age, Crown Prince "Unser Fritz"
has had an alarming return of his
throat trouble, the King of Holland
and the King of Bavaria may die at
any moment, and the Sultan of Tur-
key is said to be laboring under
severe nervous depression. It is a
busy time for Court physicians in
Europe.

The Berlin papers say that M.
Schliemann has asked the Greek
Government to allow him to begin
a series of excavations on the Island
of Cerigo (Cythera) and that con-
sent has been readily granted under
the well-known conditions. The
island was the spot where the wor-
ship of the Syrian Astarte first took
root in Greek soil, and from which
in the worship of Aphrodite it ex-
tended over all the Greek coasts.
An island which has been in turns
in the hands of the Phoenicians,
Argives, Spartans, Athenians, Ro-
mans and Venetians ought to offer
a fine field for research.

Yesterday's New York Herald has
the following dispatch from Berlin:
A despatch from San Remo says
the general health of the Crown
Prince continues satisfactory. The
swelling in the throat has almost
disappeared. He will walk out to-
morrow, the weather permitting, for
the first time in a week. He has
decided to remain at San Remo for
the winter. Prince Henry will pass
Christmas with his father.
The present growth in the Crown
Prince's throat increases gradually.
As the Prince has declared himself
opposed to the extirpation of the
whole larynx, difficulty of breathing
will sooner or later arise and prob-
ably necessitate tracheotomy. The
physicians recommend that he
spend the winter in the South,
where it will be more possible to
maintain his present strength.
Precautions have been taken at San
Remo to have surgical assistance in
readiness in case tracheotomy is
decided upon.

The Reich's Anzeiger makes the
statement that "during the exami-
nation at San Remo of the Crown
Prince's larynx the physicians were
able to ascertain that the malady
consisted of a malignant new growth,
mainly situated below the left vocal

chord and back of the margin of the
larynx. Small beginnings of growth
were also perceptible on the right
side. Up to this time the ailment
has been local and has not affected
the Crown Prince's general health,
but now there is danger.

The Emperor, replying to an ad-
dress of sympathy from the West
Prussian Synod, says:—"The pious
wishes expressed by the Synod have
done good to my troubled heart.
May this heavy affliction upon my
house and our Fatherland soon pass
away, through God's omnipotence
and grace."
The Emperor of Brazil has paid a
visit to the Prince and his family at
San Remo.
The National Gazette states that
Dr. Brannann, the senior assistant of
Dr. Bergmann, has gone to San
Remo to be in readiness to assist his
chief in the operation of tracheotomy
is performed on the Crown Prince.

large, as the steamer Louise has a
goodly lot of passengers every day,
both going and coming.

There is every indication now that
the railroad to the Sound will soon
be built as the line has now been
definitely located. The line of the
Onslow road has also been run to a
point about eight miles from the
city.

We heartily wish that a good
heavy fine could be imposed upon
every person who should throw a

ther trial, as he will be at once re-
turned to the penitentiary.

ored, charged with the larceny of a
pump, the property of the U. S.
Government. The charge was fully

quired to give a "justified bond in
the sum of \$100 for his appearance
at the next term of the Criminal
Court, in default of which he was
committed.

John McMillan, colored tramp,
who was found asleep in a box car
at the railroad, was sent below for
three days.

James Miller, colored, disorderly
conduct, was fined \$10 with the al-
ternative of 30 days in the chain
gang.

One party, charged with disorderly
conduct, was discharged.

Election of Officers.
The regular annual meeting of the
Chamber of Commerce, for the elec-
tion of officers, was held at the rooms
of the Produce Exchange at noon to-
day. In the absence of the Presi-
dent, Col. F. W. Kerchner, from the
city, the Vice-President, Mr. E.
Peschau, called the meeting to
order.

The minutes of last meeting were
read and approved.

The Secretary and Treasurer sub-
mitted his report, which was accept-
ed.

The Secretary then read a letter
from Col. F. W. Kerchner, Presi-
dent of the Chamber of Commerce,
regretting his inability to be present
at the meeting.

Capt. W. H. Bixby, U. S. Engi-
neers, who was present by invita-
tion, then addressed the meeting on
the improvements to the river and
bar, illustrating his remarks by re-
ference to a large map. His re-
marks were of much interest and re-
ferred to the original condition of
the river and bar, to its present
condition, and what it
would be in the future.

He stated that when the
present plan of operations was com-
pleted there would be 16 feet of
water from the water works at Hil-
ton to the ocean. (This refers to the
water in the river, and not on the
bar, where it is several feet deeper
than in the river.) The principal
shoal now to contend with in the
river is between Kidder's mill and
the Dram Tree. The operations at
the bar are giving entirely satisfac-
tory results, and there is no doubt
that the improvements will be per-
manent. His remarks were instruc-
tive and interesting and were listen-
ed to with profound attention, and
at their conclusion the thanks of the
Chamber were given him for his
kindness in giving them so much
valuable information.

The Chamber then went into an
election of officers, Capt. J. H.
Currie, on motion, casting the vote
of the meeting for the reelection of
the old board of officers, as follows:
President—F. W. Kerchner.
1st Vice President—E. Peschau.
2nd Vice President—Donald Mac-
Rae.

Executive Council—Messrs. R. E.
Heide, H. C. McQueen, Wm. Calder,
J. H. Chadbourne, George Harriss,
ex-officio the President of the Pro-
duce Exchange.

Secretary and Treasurer—J. L.
Cantwell.

Col. W. L. DeRosset offered the
following resolution which was un-
animously adopted:

Resolved, That we learn with sin-
cere regret of the continued ill-
health of Ex-President A. H. Van-
Bokkelen and beg to assure him of
our earnest sympathy and heart-
felt wishes for his early recovery.

After the transaction of some other
routine business the meeting ad-
journed.

The Zeb Vance Stove, like its
namesake, is welcome in all North
Carolina homes. It is to be found
at Jacob's Hdw. Depot.

Personal.
Hon. A. M. Waddell has been in-
vited to deliver the address at the
Siler City (Chatham county) Fair.

Mr. William Latimer, President of
the Acme Manufacturing Co., ac-
companied by Mr. Henry Savage,
left the city last night for an ex-
tensive Southern tour. They con-
template visiting Havana, West Indies,
Yucatan and other points before re-
turning.

Good Luck.
Mr. Elijah Orrell and three other
men went to sea from Masonboro
Sound yesterday on a fishing excu-
sion and in about three hours they
had succeeded in catching 185
bunches of blackfish. Some of the
fish were alive when they were
brought to market.

The Opera House.
The "Two Old Cronies" will put in
an appearance at the Opera House
to-morrow night, coming here from
Charleston, where they will close an
engagement to-night. In speaking
of the company and the play, the
Wheeling (W. Va.) Intelligence says:

Manager Genter opened his
season at the Grand Opera House last
evening with Wills, Henshaw and Ten
Broeck's combination in "The Two
Old Cronies." The audience was
large, there being a jam in the street
long before the doors opened. The
company is very well suited to the
purpose—to make people laugh. All
the play affords is the opportunity
to do this, and the company's draw-
ing features are the pretty girls, the
pretty costumes, the pretty music,
well sung, and the fun, which is so
irresistible that it sometimes makes
the actors laugh.

The receipts of cotton to-day have
not been as large as usual, only 831
bales having been received.
