SYMPTOMS OF CONSUMPTION.

FIRST STAGE.—Cough in the morning followed shortly after by slight expectoration, which the patient thinks only comes from his throat. Short breathing, with tightness in the chest—pulse becomes quicker in the evening or after a full meal—chilliness in the evening with slight fever.

Duffy's Pure Malt Whiskey is the *ONLY* absolute cure for the first stages of consumption known to medical science to-day. This can be proven by hundreds of certificates from leading physicians and thousands of testimonials from cured consumptives. Read what a prominent divine says:

PRINCETON, Scott Co., Iowa.

"I have used Duffy's Pure Malt Whiskey with great benefit to my wife, who is a confirmed invalid. I know from experience it is a pure and most valuable medicine. I am also using it in the case of my son who is threatened with consumption. I am a Presbyterian clergyman and a doctor of divinity, but I am not afraid to recommend Duffy's Malt Whiskey as the purest and most efficient tonic that I know of, and my experience is a large one."

REV. B. MILLS.

This whiskey is sold ONLY in bottles, Price, $1. For sale by Druggists, Grocers and Dealers.

Persons east of the Rocky Mountains (except the Territories), unable to procure it from their dealers can have Half Dozen sent in plain case unmarked, express charges prepaid, by remitting $6 to

ARE YOU CONSUMPTIVE

Have you Cough, Bronchitis, Asthma, Indigestion? Use PARKER'S GINGER TONIC without delay. It has cured many of the worst cases and is the best remedy for all affections of the throat and lungs, and disease arising from impure blood and exhaustion. The feeble and sick, struggling against disease, and slowly drifting to the grave, will in many cases recover their health by the timely use of Parker's Ginger Tonic, but delay is dangerous. Take it in time. It is invaluable for all pain and disorders of stomach and bowels. 50c. at Druggists.

Mason & Hamlin

Organs. The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.
Mason & Hamlin offer, as demonstration of the unequaled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with the best makers of all countries, they have invariably taken the highest honors. Illustrated catalogue free.

Pianos. Mason & Hamlin's Piano Stringer was introduced by them in 1882, and has been pronounced by experts the "greatest improvement in pianos in half a century."
A circular, containing testimonials from three hundred purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant.

The Daily Review.

JOSH. T. JAMES, Editor & Prop'r.

WILMINGTON, N. C.

SATURDAY, NOVEMBER 26, '87.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

It is stated that of late Democratic Congressmen, especially those of New York, Maryland and Virginia, have been making inquiries regarding Government employees known to have been on the Republican side during the recent elections. Some of them have furnished department officials with a list of the clerks who were active Republicans in the canvass of this fall. These lists are termed "the black lists," and it is intimated that those whose names appear on them will not be given the preference when reductions become necessary. The lists are not small by any means, and embrace every grade from a laborer up.

Prof. Redom, the eminent German hygienist, declares in a recent lecture that the nervousness of women is generally owing to two defects—anæmia, caused by the silly notion that a hearty appetite is unfeminine, and fresh air starvation, accompanied by a lack of exercise.—To their fondness for fresh air, their open windows at night and their constant exercise, he attributes the greater beauty of English women. "The beauty of German women," he says, "lies in their face, with its changing and amiable expression.—The beauty of the English lies in their whole body and in their health." German women, he adds, are martyrs to an unnatural state of civilization, and if they would only imitate the English, hysteria would diminish in frequency.

In December the secretary of State will reopen his house in Washington, which has been closed for two seasons, and his eldest unmarried daughter, Miss Nannie Bayard, will preside. The house is on Massachusetts avenue, a plain, roomy, substantial family mansion. Mr. Bayard is not a rich man, and he has six children living to provide for. He does not care much for style. He likes a good horse to ride and has one, and he gives capital dinners. He is said to be the best terrapin cook on the Continent. But he has no gorgeous plate nor liveried footman. He has not changed his style of life since he went to Washington, although in that time a great advance has been made in the cost of living there.

The Democratic sentiment in Virginia seems to have concentrated on the Hon. John S. Barbour as the successor of Mr. Riddleberger in the United States Senate. The Baltimore *Sun* has published declarations from the Hon. John Goode and Gov. Fitzhugh Lee, to the effect that they are not aspirants for the position. The name of the Hon. J. Randolph Tucker was also mentioned, but he says he "is not a candidate, and will not be against Mr. Barbour." The press of the State is almost unanimous in favor of Mr. Barbour, and the indications now are that no other name will be presented to the Democratic legislative caucus when it meets in Richmond in December. The prospective Senator is a gentleman of large business experience, clear-headed and conservative, and while not a brilliant speaker, is an untiring worker and will make an efficient Senator.

E. Virginius Valentine, the sculptor who designed the Breckenridge monument, recently unveiled, was born in Richmond, Va, November 12, 1838. When quite a boy he exhibited a talent for the fine arts, which his friends aided him in developing. After a course in drawing and perspective he became a pupil of Hubard, well known through his bronze copies of Houdon's Washington. Becoming enraptured with his study, he left Virginia in 1859 to study in Europe. While in Europe he prosecuted his studies under such masters as Conture, of Paris; Bonialett, of Florence; Kiss, of Berlin, and Prof. Holbein, of the Berlin Academy. Having completed his studies he returned to Virginia in 1865 and established himself in his native city of Richmond. His attention was turned at first to portrait sculpture, in which he produced in rapid succession busts of Beauregard, Mosby, Stewart, Jackson, Maury and other Confederate generals. Among his later works of this class is the bust of the Hon. Robert Y. Hayne, which is now in the Council chamber in Charleston, to which will soon be added, it is hoped, the bust of the Hon. C. G Memminger, recently ordered from the sculptor by the city authorities. Mr. Valentine's ideals are "Penitent Thief" and "Women of Samaria." He is now engaged on a group 'Andromache and Astyanax." He has a fine bold physique, and when at rest has a dreamy and somewhat sad expression, which brightens wonderfully when he smiles.

No instance is kown where Salvation Oil has failed in giving immediate relief from rheumatism or neuralgia. At all druggists. Twenty five cents.

NOVEMBER NONSENSE.

You may laugh at a baldheaded man as much as you like, but you can't make fun of his hair.—*Danville Breeze.*

And soon was bound the fetters;
One year, and she sent back love's truck—
His gifts and all his letters.

One of the most annoying things in life is to think you have found a nickel on a show case, and after making a covert grab for it, discover that it is pasted on the under side of the glass.—*Epoch.*

"There is many a slip 'twixt the cup and the lip,"
A motto that comes very pat, my boys:
There are many slip-ups 'twixt the flips and hic cups—
You had better paste that in your hat, my boys. —*Goodall's Sun.*

There is a good deal of interest manifested now in the subject of whaling in the polar sea. The difference between that and the old-fashioned back-shed variety is that in one instance the victim gets cold and in the other he gets warmed.—*Mer Trav.*

Should Wiggins claim that storms will blow,
Go sailing, son, and fear not;
But should be prophsy a calm,
Into the ocean steer not.
And should he say the sun will shine,
Then look for drenching rains out,
'Tis strange the killer with his club
Don't knock the fellow's brains out. —*Washington Hatchet.*

A Grand Record.

We call your attention to the advertisement of a remedy which has stood the test of more than a half century with increasing popularity, and is universally admitted to have no equal as a remedy for the cure of diseases originating in a disordered Liver, such as Dyspepsia, Biliousness, Constipation, Headaches, Colic, etc. Simmons Liver Regulator is simple and harmless, purely vegetable, and can be safely and advantageously used under any circumstances. It acts mildly and effectually and is especially valuable as a Family Medicine, which position it holds in so many homes. We do not know another preparation which can bring forward such indorsements from heads of families and those holding the highest official and social positions. Keep Simmons Liver Regulator in the house and it will reduce your doctor's bill and insure for your families health and happiness.

It seems strange, but it is nevertheless true, that the world contains people who will try to imitate, counterfeit or substitute something else for a genuine, meritorious article, even to the extent of making a spurious medicine, risking life and health, and it behooves everyone to look that they buy only the genuine. Zeilin & Co., have used the precaution to put on the front of each wrapper their trade-mark of a curved Z entwined around the mortar, and on the side the signature of J. H. Zeilin & Co., in red ink. Frauds should always be denounced and the true remedies upheld.

There are sweet surprises awaiting many an humble soul fighting against great odds in the battle of a seemingly commonplace life.

A Wonderful Freak of Nature

is sometimes exhibited in our public exhibitions. When we gaze upon some of the peculiar freaks dame nature occasionally indulges in, our minds revert back to the creation of man, "who is so fearfully and wonderfully made." The mysteries of his nature have been unraveled by Dr. R. V. Pierce, of Buffalo, and through his knowledge of those mysteries he has been able to prepare his "Golden Medical Discovery." which is a specific for all blood taints, poisons and humors, such as scrofula, pimples, blotches, eruptions, swellings, tumors, ulcers and kindred affections. By druggists.

Speak well of your friend; of your enemy say nothing.

Don't

let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat. bronchical tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.
