Minston, N. C., April 12, 1887.

Gentlemen—Two or three years ago a canser came on my face. It soon grew to be self-the gentlemen—I had a sore on my upper lip to eight years. Seven different doctors attempted in vain to heal it. One gave me a small viai for five dollars, which was a "cersincure." It is needless to say that it did me no good. About two years ago I became quite measy, as people thought I had a cancer, and I took a course of eighteen bottles of S.S. The result has been a complete cure. The ulcer or cancer healed beautifully leaving scarcely a perceptible scar. From that day I have been in excellent health, the specific having purified my blood thoroughly increased my appetite and perfected my diestion. In a word, I feel like a new woman, and, best of all, the eight year ulcer is gone entirely. Yours sincerely.

It Was not a Firefly.

A lady of this city, whose little feet are always daintily shod, is also the unfortunate possessor of an obstinate and burning corn upon the smallest toe of her left foot. Chiropodists had dug tunnels thro' that corn, yanked at it with nip-pers, smeared it with stinging ointments, and in despair, suggested amputation. The corn held the fort and successively resisted the assaults of the best razor the lady's husband possessed-used, of course, without his, knowledge. Opinion of a Leading Editor.

Almost all the diseases that affiict us from infancy to old age have their origin in a disordered liver. A really good liver medicine is the most important in the whole range of pharmacy.
