The paper will be delivered by carriers, free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will please report any and all failures to receive their paper regularly.

THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., THURSDAY, DECEMBER 15, 1887 NO 296

SIMMONS' LIVER REGULATOR

TORPID LIVER

Known by these marked peculiarities:

1. A feeling of weariness and pains in the back.
2. Bad breath, bad taste in the mouth, and furred tongue.
3. Constipation, with occasional attacks of diarrhoea.
4. Headache, in the front of the head; nausea, dizziness, and yellowness of the skin.
5. Heartburn, loss of appetite.
6. Distention of the stomach and bowels by wind.
7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow.

A natural flow of Bile from the Liver is essential to good health. When this is obstructed it results in

BILIOUSNESS,

which, if neglected, soon leads to serious disease. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

"I have been subject to severe spells of Congestion of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally laid me up for three or four days. Lately I have been taking Simmons' Liver Regulator, which gave me relief without any interruption to business."—J. Hugg, Middleport, Ohio.

J. H. ZOLLIN & Co., Philadelphia, Pa.

no 26 to 1st d & wly ch sat

Grover Cleveland is the only President of the United States since 1860 who had pluck enough to take the hold stand he did on the tariff question.

The underground line built by the Western Union in New York from its main station to the Cotton Exchange, passing through Pearl street, has been abandoned because it was found impossible to protect the conductors from the heat of the steam pipes.

The population of London and the amount of space to be patrolled have increased far more rapidly than the police force. Its relative weakness is unfortunately well known to the roughs, and, what is worse, these natural enemies of order have of late begun to think that the police is no longer so sure of support by public opinion and the home office as it was.

Reports from the Southern cotton mills show an important improvement, the consumption of cotton having increased 12,000 bales, or nearly 6 1/2 per cent in the last six months. In the last three months thirty-two cotton factories have been established in the South. What is more, many of the products of these cotton mills are finding their way into foreign markets.

At a Roman Catholic congress to be held in London next summer, in which all English-speaking Catholics will have the right of participation, the following topics will be discussed: The attitude of the Catholic Church toward education in general; greater cooperation of the laity in the work of the Church; the diffusion of Catholic literature among the masses.

There is a very general impression that President Cleveland is a fat man. Says a correspondent: "As a matter of fact he is not fat, although he is stout. His flesh is remarkably firm and his muscles are remarkably strong, while his bones are large and well knit. The result is that he carries himself with more ease, grace and dignity than most men of half his size, and suffers very little of the inconvenience over which fat men as large as he are constantly groaning."

Joaquin Miller writes from his summit home in California that the Golden Gate is his doorway and that San Francisco is at his feet.—This is, of course, no reflection on the size of Joaquin's feet. The good poet is speaking figuratively. Miller believes in cremation and has prepared his own funeral pile. It is on the top of a high hill. "When death comes," he says, "I shall be laid on that high heap of wood in the blankets in which I die. The men who lay me there will light their cigars with the same hand that lights the wood-pile and go down to breakfast. While I, phew! up to God in clouds of smoke."

The cheapest place to buy your school books and school stationery is at Heinsberger's.

Senator Evert's house in Washington used to be full of young girls. His daughters have all married off, however, and only Miss Mary Everts remains at home. Miss Everts is anxious to retire from active social life, as she finds the round of gayeties at the Capital something of a bore, but her father will not permit her to go into seclusion. He takes great interest in her toilets, and complains that she does not purchase enough evening dresses to please him. It is so seldom that the father of a young woman in society makes such a complaint that Senator Everts stands almost alone in this matter.

Best shoes for boys at French & Sons.

The receipts of cotton at this port to-day foot up 804 bales.

Ger. brig *Max*. Brudegan, hence, arrived at Shields Dec. 13th.

Schr. *Roger Moore*, Gilkey, hence, arrived at Barbadoes Nov. 24th.

Russ. barque *Otto*, Granit, from Valencia for this port, passed Tarifa Dec. 6th.

Nor. barque *Victoria*, Arsenen, sailed from Demerara for this port Nov. 23d.

There was a slight rain fall and a decided rise in the temperature during last night.

There were several struggles for fair weather this forenoon, but the attempts were futile.

This is bad weather for dressed poultry and other meats. They will not keep long and should not be killed until they are wanted for cooking.

There is a fleet of six vessels now bound from Philadelphia to this port. They all left at about the same time and were expected to arrive here to-day.

Messrs. Brunhild, Simon & Co. are prepared to furnish liquid refreshments for the holiday season, and all of the best at the lowest prices. See ad. in this issue.

Our clever typographical friend, Mr. J. E. Pittman, went home yesterday and found a fat take there for him in the shape of double leaded matter. Twins. Shake, old man!

Eggs are retailed nominally at 25 cents per dozen, but when only 15 good ones could be found in two dozen, as was the case with one family's purchase yesterday, the real price is rather high.

Bad colds are prevailing to a considerable extent throughout the city, especially among the children. Parents should be careful of the health of the little ones, for this weather is favorable to colds and children are heedless in such matters.

The ladies will find a profusion of beautiful and useful things for the Christmas season at the Ladies' Emporium, on Market street, as also a fine line of toys, dolls and fancy goods. Large quantities of these have been ordered expressly for the holiday trade and everybody is requested to call and examine the pretty things there displayed.

Personal.

Mr. J. W. MacKenzie, special agent of the Gamewell Fire Alarm Company, is in the city to-day.

Exports Foreign.

Br. steamship *Stranton*, Hyde, cleared here to-day for Bremen with 4,977 bales cotton, valued at \$231,750, shipped by Messrs. Alex. Sprunt & Son. Nor. barque *Augustinus*, Flgstad, cleared for Ghent, Belgium, with 1,847 bales cotton, valued at \$88,550, shipped also by Messrs. Alex. Sprunt & Son. Nor. barque *Orient*, Olansen, cleared for Cardiff, Wales, with 4,788 barrels rosin, valued at \$4,576, shipped by Messrs. Paterson, Downing & Co., making a total of exports foreign amounting to \$324,876.

Masonic Celebration.

The three masonic lodges of this city, St. John's No. 1, Wilmington No. 319 and Orient No. 395, will jointly celebrate St. John the Evangelist's Day (the 27th inst.) in a manner appropriate to the occasion and worthy of the order. A joint committee, representing the three lodges, has been appointed, and they have nearly completed all the necessary arrangements for making the celebration a grand success. The Opera House has been engaged for the night of the 27th inst., and M. W. Robert Bingham, P. G. M., will deliver an address. There are other arrangements to be made and the committee will meet to-night when all the plans will be perfected. The fraternity have been fortunate in securing such an accomplished scholar and worthy master as Maj. Bingham to address them.

City Court.

There was a small and rather uninteresting docket for the Mayor's consideration this morning, which was disposed of as follows:

Ed. Thomas, colored, was charged with disorderly conduct last Saturday night. The testimony was deemed insufficient and on motion of defendant's counsel, Mr. J. D. Bellamy, Jr., Thomas was discharged.

Jesse Merritt, colored, disorderly conduct. The hearing in his case was continued until to-morrow morning.

One party charged with fast driving across Fourth street bridge was fined \$5 for the offense.

Tom Bond, an old colored man from Brunswick county, came over to the city yesterday to buy some Christmas, and having no place to sleep, applied at the guard house for lodgings. He was anxious to get home to-day and he was told to "git."

This ended the matinee.

School shoes for children, best in the city, at Geo. R. French & Sons.

The Young Gleaners.

The "Young Gleaners," connected with the First Presbyterian Church, propose to give an entertainment at the City Hall on the nights of the 20th and 21st inst., the proceeds of which will be devoted to charitable objects. This Society was formed through the efforts of the late Mrs. George Chadbourn, and it has ever been active in works of benevolence and has accomplished much real good. At the entertainment which is to take place on the nights we have mentioned there will be an abundance of tempting viands which will be sold at reasonable prices and for which there will undoubtedly be a good demand. This entertainment was a project of the late Mrs. Chadbourn and it was her wish that it might be given, in order that money might be raised by which to carry out the plans of charity and missionary work which have been instituted by this society of devoted workers in the Master's cause. Besides the abundance of edibles there will be illustrations of popular authors and other features of interest by the "Young Gleaners." The Society has been successful in the past, having made about \$500 during the present year; an amount which will we trust be largely increased from the proceeds of the coming entertainment, as there will undoubtedly be a large gathering on both nights of liberal hearted people who will gladly contribute of their substance to so good a cause.

Look Here, Mister!

A man's first duty is to himself and that is to keep warm and comfortable. Good clothing is cheaper than doctors' bills and nasty medicine. Heat is life, cold is death. Protect the body with warm woolen under-clothing and stout over-clothing and you will be ready for any blizzard, little or big, that may stray in this direction. You can get the best clothing and furnishing goods of A. Shrier, and for the least money. Every article warranted as represented at the new clothing house of A. Shrier, at the old stand, on Market street.

500 pair heavy Canton flannel drawers, just the thing for cold weather, from 35 cents and upwards, at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop. Drawers made to order.

A Slight Delay.

The steamer *D. Murchison* broke some part of her machinery when near the mouth of Black River, by which she was delayed until it could be repaired. A piece to replace that which was broken was made here and sent up on the steamer *Loaise* to-day, and the accident being repaired the *D. Murchison* came down to the city this afternoon.

The Opera House.

The Rose Osborne Combination arrived in the city this morning and their band discoursed some first rate music (number of pieces considered) on our streets this forenoon. The company will appear to-night in "Fortune's Fool," an emotional drama which gives Miss Osborne excellent opportunities for displaying her fine abilities as a superior actress. In speaking of the play, the star and the company, the *Buffalo Courier* says:

Miss Rose Osborne scored a most palatable success as Coralie Loriot, in "Fortune's Fool." She received a warm reception on her entrance on the stage, which grew into a perfect ovation as the play, "Fortune's Fool," proceeded. There was not an indifferent actor or actress among them. The support was grand.

Fire Matters.

The Chief of the Fire Department, together with his assistant chief and the foremen of the Hook & Ladder Company, Wilmington Steam Fire Engine Company and Howard Relief Fire Engine Company, met at the office of Mr. J. I. Macks, attorney for the Gamewell fire alarm system, yesterday afternoon to confer and exchange views with Mr. J. U. MacKenzie, special agent of the company, who is now in the city. The officials of the department present expressed themselves as well pleased with the workings of the system, but were unanimously of the opinion that the "tappers" in the truck and engine houses should be replaced by "indicators" and "tappers" combined. This change will prevent the mistakes which are sometimes made by the drivers in counting the strokes of the gongs wrong, and going to the vicinity of boxes remote from the fire. We do not know what conclusion was reached, but we hope that any means or method that will increase the efficiency of the department may be adopted without delay.

Another Great Sacrifice in Fine Custom Made Clothing.

I. Shrier, desiring to close out every dollar's worth of Clothing and Gents' Furnishing Goods, and to make quick work of it, will sell out his entire Winter stock regardless of cost. The real cost or actual value of the goods will have nothing to do with the low prices. His main object is to open up in the large and handsome store in the Purcell building, by the 21st of December, with one of the finest stocks of ready-made clothing. All goods on hand will be slaughtered off. Remember, this is no sensational or humbug scheme, and don't miss the opportunity of getting a bargain of the well known I. Shrier, the Old Reliable, on Front street, next door to McIntire's dry-goods store, sign of the golden arm.

Rock Crystal Spectacles and Eyeglasses

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

See the Othello Range at Jacobi's Hdw. Depot.

It is unequalled as a baker; it is finely finished; has a reversible grate for either coal or wood. Can be changed in a second by the most inexperienced. Just the stove for Winter use.
