Mason & Hamlin

Organs. The cabinet organ was first introduced in its present form by Mason & Hamlin in 1851. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1857, in competition with the best makers of all countries, they have invariably taken the highest honors. Illustrated catalogue free.

Pianos. Mason & Hamlin's Piano is the best in the world. It was introduced in 1822, and has been pronounced by experts the "greatest improvement in pianos in half a century."

A circular, containing testimonials from three hundred purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

The Daily Review.

JOSH. T. JAMES, Editor & Prop'r.
WILMINGTON, N. C.

TUESDAY, DECEMBER 20, '87.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

THE RADS IN COUNCIL.

Last Saturday was a big Blaine day in New York. There were delegates present from all over the country and something called a "national league" was the outcome of the conference. The "Man from Maine" seemed to be the choice of the assemblage for defeat next year. The story of the war was told all over again and the venerable ensanguined garment floated in the breeze. Of course Cleveland was denounced and some feeble attempts were made to ridicule his masterly message. The resolutions adopted, in favor of a high tariff, draw the lines very distinctly between the two parties and it is as on this that the big fight will be made next year. Here are a preamble and resolution which were also adopted:

Whereas, It is the opinion of this National Convention of Republican Clubs that no man who at any time denounced Abraham Lincoln while he was President of the United States as a buffoon and clown; or who ever declared from his seat in the United States Senate that no man should denounce Jeff Davis as a traitor in his presence and go unrebuked by him or who, in his official capacity as Secretary of the Interior, ordered that the flag of the United States should be displayed at half mast on the occasion of the death of Jacob Thompson; or who, as a Senator of the United States many years after the war, refused to vote that the thirteenth, fourteenth and fifteenth amendments to the Constitution are valid and binding, ought to be appointed to or hold the high office of Justice of the Supreme Court of the United States.

Resolved, That L. Q. C. Lamar ought not to have been appointed Justice of said court.

The New York Tribune says: "The directors of the Western Union Telegraph Company, at their meeting yesterday, declared a dividend of 1 1/2 per cent for the quarter ending December 1887. Recent dividends have been 1 per cent quarterly, and the increase in the rate was received with much satisfaction in Wall street. It has been rumored for a day or two that George J. Gould and one or two other directors were opposed to an increase at this time, but there was no discussion at the meeting. The statement for the quarter with the recommendation of the executive committee was read, and the vote was unanimous in favor of the larger dividend. In the president's report it was said: 'The gross earnings will be the largest ever earned in one quarter, but little reduction in the expenses of the Baltimore and Ohio system could probably be made before the 1st of December, and it will require a little further time to realize the full benefits of the economies of the consolidation.'

The Chicago Times says: "Chicago Democrats are not worrying themselves about their National Convention. Their committee appointed by the State central committee has not done anything, and when it does no attempt will be made to influence the national committee by dining and winning. It is regarded as a certainty that if New York wants the Convention, it can have it, just as Chicago took it away from Cincinnati on a test of strength between the Blaine and Sherman forces. It is all very well," said W. C. Goudy, a member of the committee having the matter in charge, "to let those who want to have a good time go to Washington and take the credit of bringing a Convention here, but I am not a believer in it. I do not believe that visiting committees of the sort influence the national committee either way. It is politics that brings a Convention to Chicago or some other city and nothing else. It was the Blaine influence that brought the Convention to Chicago as against Cincinnati, the choice of the Sherman faction, and it will be so with the Democratic Convention. If I could see one man I know I could very soon tell where our Convention will be held."

Don't let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or into consumption. Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boesche's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

One Fact

Is worth a column of rhetoric, said an American statesman. It is a fact established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system.

DECEMBER DOTS.

The caterpillar is a beautiful type of frugality, because he never has the slightest trouble in making both ends meet.

Snook—"I suppose you have a wide acquaintance in New York, Mr. Blinks?" Blinks—"Well, yes, one that weighs about 250."

First Tramp—"The melancholy days have come." Second Tramp—"The saddest of the year." "Yes, everybody has wood to saw."

Young Mr. Sissy (to his pretty cousin)—"In your matrimonial fishing, Maude, if you should make a catch like me, what would you do?" Maude—"Throw it back in, Charley."

An umbrella dealer tells "ho" to open an umbrella without damaging it. "It would be more important to know how to take your eyes off an umbrella without losing it."

A teacher in this city asked a class to write an essay on "The Result of Laziness," and one of the bright but lazy boys in the class handed in as his composition a blank sheet of paper.

When a young man is making love to a girl he is apt to tell her that he wishes her silvery accents might ring in his ear forever, but nine times out of ten he would as soon hear a perpetual steam whistle ten or fifteen years after the minister has got his fee.

Young Crimsonbeak—"Goose again for dinner to-day?" Landlady—"Yes, sir." "Well, I declare I've boarded here for three years and I think you've had goose for dinner nearly every day." "I guess you're right, Mr. Crimsonbeak. You seldom miss a meal."

Rheumatism is caused by lactic acid in the blood, which Hood's Sarsaparilla neutralizes, and thus cures rheumatism.

The Louisiana sugar crop is reported to be ahead of any crop since the war.

Brown's Little Joke.

"Why Brown how short your coat is," said Jones one day to his friend Brown, who wittily replied: "Yes; but it will be long enough before I get another." Some men spend so much for medicine that neither heal nor help them, that new clothes is with them like angels' visits—few and far between. Internal fevers, weakness of the lungs, shortness of breath and lingering coughs, soon yield to the magic influence of that royal remedy, Dr. R. V. Pierce's "Golden Medical Discovery."

A chap being asked what he took for a cold, replied: Four pocket handkerchiefs a day.

Mr. Charles Raith, Watchmaker & Jeweler, Baltimore and Mount Streets, Baltimore, Md., said: "I have been suffering excruciating pain, caused by spraining my left ankle, and have been unable to obtain any decided relief or to walk right. I was advised by a friend to try Salvation Oil which I did, and to my astonishment and delight after trying it I am able to use my left foot and leg as well as my right. It didn't take half of a bottle to accomplish this. It also cured my rheumatic troubles."

The new cotton factory at Gainesville, Ga, will early commence operations.

"Who shall decide when doctors disagree?" "Why if it is a case of cut or bruise, or break, or sprain, Salvation Oil will settle the matter for 25 cents."

Ives Goes Free.

NEW YORK, December 17.—Police Justice Kilby has dismissed the case against Henry S. Ives, who was arrested a few days ago on a warrant sworn to by Julius Dexter, president of the Cincinnati, Hamilton and Dayton railroad, who charged Ives with stealing a \$100,000 draft that was given to him as trustee.

Functional derangement of the female system is quickly cured by the use of Dr. R. Pierce's "Favorite Prescription." It removes pain and restores health and strength. By all druggists.

A Snow Storm.

BALTIMORE, MD., December 17.—At 10 p. m. the signal service reports that twelve inches of snow has fallen since 2 p. m.

PHILADELPHIA, PA., December 17.—A regular "noraester" snow storm set in here at 7 o'clock tonight and up to 11 p. m. is snowing hard. Travel much impeded.

WASHINGTON, December 17.—The first snow of the season fell to-day and lies on the ground three inches deep.
