THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., THURSDAY, DECEMBER 22, 1887 NO 302

CONSTITUTION.

Called the "Father of Diseases," it causes there is no medium through which disease so often attacks the system as the absorption of poisonous gases in the retention of decayed and effete matter in the stomach and bowels. It is caused by a Torpid Liver, not enough bile being excreted from the blood to produce Nature's own cathartic, and is generally accompanied with such results as:

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system

My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost every other medicine, concluded to try it. I first took a few pills, and afterwards reduced the dose to a teaspoonful, as per directions, after each meal. I found that it had done me so much good that I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have given for it, it having cured me. Geo. W. Sikes, Asst. Clerk Superior Court, Bibb Co., Ga.

There is one city in the land where almost everybody, poor as well as rich, wants cold weather. That is St. Paul, Minnesota, where they combine pleasure and profit by having an "ice palace" during the winter. But this year the usual blizzards are so scarce that the inhabitants fear they must do without their special attraction.

A shoemaker at Natchez has just finished a pair of No. 18 shoes for a citizen of Louisiana.

According to the New Orleans Cotton World, the South has been producing less cotton per acre since 1880 and its lands are not yielding so well as formerly. This is attributed to the sale of the seed for manufacturing purposes, instead of using it on the land as formerly, and to the unwise use of commercial fertilizers, which are applied without any knowledge of what the soil really requires.

The cold wave signal has been flying again to-day, so that we still expect to have a falling temperature before many hours.

There is quite a freshet in Black River, and the water was still rising slowly when we had our last reports from that section.

Front Street Market will be closed at 11 p. m. next Saturday night and will not be opened again until Tuesday morning, the 27th inst.

There will be no market reports to-morrow from Liverpool, New York or Chicago. The Boards of Trade want to prepare for Christmas.

The reason of the delay in the arrival of the *Gulf Stream* is in the fact that, although she cleared from New York on Saturday, she did not sail until Monday morning.

Schr. *William and Richard*, Patrick, cleared to-day for St. Pierre, Mart., with 225,000 feet lumber, valued at \$3,950, shipped by Mr. E. Kidder's Son.

The Clyde Line steamer *Gulf Stream* arrived at her wharf in this city at about half past 8 o'clock this morning. She sailed from New York on Saturday last.

The cold wave that was promised should be here at 7 o'clock this morning was considerably behind time. It was not a pleasant morning, but it was not excessively cold.

The following dispatch was received at the Signal Office here from the Chief Signal Officer at Washington, D. C., at noon to-day:
Continue cold wave signal until 7 a. m. 23d. GREENLY.

North Carolina Pecan Nuts.
We make an acknowledgment to our good friend, Mr. R. H. Murphy, of Moore's Creek, for a bag of pecan nuts of this year's growth. These nuts are from trees on his place, brought by him as young plants from Texas. We showed some some of them this morning to a gentleman from that State who was in this office and he pronounced them remarkably fine and large, as they are.

See the Othello Range at Jacob's Hdq. Depot. It is unequalled as a baker; it is finely finished; has a reversible grate for either coal or wood. Can be changed in a second by the most inexperienced. Just the stove for Winter use.

Joint Meeting.

A joint meeting of the Executive Council of the Chamber of Commerce and of the Board of Managers of the Produce Exchange, to which the business public were invited, was held at the rooms of the Produce Exchange at half past 12 o'clock this afternoon. The meeting was called to order by Col. F. W. Kerchner, President of the Chamber of Commerce, who stated that the object of the present assemblage was to hear the report of Hon. A. M. Waddell, who had visited Washington, D. C., at the request of the joint bodies, and called on Col. Waddell, who reported in detail an interview with Speaker Carlisle of the House of Representatives. Col. Waddell, in being spokesman for the representation of other Southern ports, called attention to the fact that not one of the South Atlantic ports had a representation upon the committee on River and Harbor Improvements and that they asked for two members on said committee, and that while he did not suggest any names for that committee, he was prepared to do so if agreeable to Speaker Carlisle. Speaker Carlisle said that he would be glad to have any names suggested, when Hon. George D. Wise, of Virginia, and Donnelly, of Georgia, were presented. Col. Waddell further stated that in consequence of demur on the part of the North Carolina delegation, who wished their State represented on the committee, he had a second interview with Speaker Carlisle, who refused to name a North Carolinian because that State was represented in the Senate branch of the committee, and that he hoped to give the South Atlantic ports one representative. Col. Waddell further stated that Hon. George D. Wise pledged himself to urge as fully the claims of other Southern ports as he would those of his own State of Virginia.

Hon. A. Rowland, the Representative of this district, made a favorable impression, and Col. Waddell felt assured that he as well as Hon. C. W. McClammy, of the Third district, would work earnestly and faithfully for the improvement of our river and harbor, while he was satisfied that Senator Ransom would redouble his efforts for the advancement of the same object.

On motion of Mr. H. C. McQueen, President of the Produce Exchange, the thanks of the meeting were tendered to Col. Waddell for the valuable services he had rendered.—Adopted unanimously.

Personal.

Capt. W. H. Ward, of the steamer *Enterprise* favored us with a pleasant call this morning.

Ex-Mayor Wilson left here this morning for New York, where he has been called by some important business matters requiring his attention. He will be absent about two months.

Dr. Mackintosh, of the Marine Hospital Service, arrived here yesterday with his family from New Orleans, to take charge of the U. S. M. Hospital, relieving Dr. Brooks, who has gone North on a month's leave of absence.

Yesterday's *News and Observer* says: Mr. H. G. Bowles, formerly connected with the office of Mr. F. W. Clark, of the Seaboard Air-Line railroad system, will, after January 1st, accept a responsible position with the Kanawha Dispatch Line of Cincinnati, and for that purpose has resigned his position here.

Matrimonial.
Our very esteemed friend, Capt. J. C. Slocumb, one of the most popular conductors on the Wilmington & Weldon Railroad, was united in marriage at 11 o'clock this forenoon to Miss Mollie Dewey, one of Goldsboro's fairest and most accomplished daughters. The ceremony was performed at Goldsboro by Rev. Dr. Yates of this city, who went up on last night's train to officiate. The happy couple left on this morning's Northern bound train for a bridal tour, followed by the hearty congratulations of a host of friends and acquaintances.

Indications.

For North Carolina, colder fair weather and light to fresh Northern winds, becoming variable.

A PLEASANT OCCASION.

The Wedding—Many Presents—Good Music—Delightful Time.

The residence of Mr. and Mrs. A. Smith, No. 116 Nun street, was thronged last night by many of their friends. The occasion was the celebration of the tenth anniversary of their wedding day. The coming of so many friends was a complete surprise to this couple who are so much respected and so highly esteemed in our community. Mr. A. Smith, who is a member of the firm of Hansen & Smith, is a native of Sweden, and his estimable wife is a German. No doubt many more friends would have been present on the joyous occasion, if they had known of it. There were presents of all kinds of tin articles, and there was such a variety and such a large collection as to last them a long time. The scenes of laughter, as some of them were presented, are indescribable. We venture to say it was one of the most complete and most successful affairs of the kind ever enjoyed in our city. There was instrumental and vocal music and happy conversation. The ladies had wisely brought along provisions enough to constitute quite a repast, which was much enjoyed. In every way and in every sense of the word, the tin wedding celebration was a pleasant occasion and those who attended it had a delightful time.

Wedding Bells.

There was a large gathering at the First Baptist Church at 8 o'clock last night to witness the marriage of Mr. N. F. Brandt of Charleston, S. C., and Miss Josie M. Hewlett, daughter of Mr. W. S. Hewlett, of this city. Rev. G. M. Tolson, of Brooklyn Baptist Church, officiated. At the conclusion of the ceremony the happy couple, with a large number of invited guests, repaired to the house of the bride's father, where a reception was held, and where a bountiful repast was served. There was a large number of beautiful presents for the bride, the gifts of the host of friends and relatives. The newly married couple will leave for Charleston, S. C., on to-morrow's Southern bound train, where they will make their permanent residence, and where it is hoped that a long life of usefulness, health, happiness and prosperity may be their lot.

Texas Ponies.

Mr. Charles McCafferty, of Fort Worth, Texas, has arrived in the city, and his horses have also arrived and can be seen at Mr. R. C. Orrell's stables, corner of Third and Princess streets, where they will be sold at auction to-morrow to the highest bidder for cash. These are the finest horses of the kind ever brought here and it will be a splendid opportunity for the citizens of Wilmington and vicinity to secure a bargain. The cow boys will give an exhibition to-morrow at 10 o'clock on the grounds on Second, between Church and Castle streets. The sale will take place at Mr. Orrell's stables, and not at the cow lot where the cow boys will exhibit.

For Widows and Orphans.

Rev. A. M. Conway of the First Baptist Church, colored, assisted by our benevolent citizens, will give a free Christmas dinner on Tuesday, the 27th inst., to the colored widows and orphan children of the city. The Mayor has given gratuitously the use of the City Hall for a dining room on that occasion. Rev. Henry Epps will lead in prayer. Rev. P. H. Hoge, of the First Presbyterian Church, will deliver an address of welcome and Revs. Wm. A. Alexander and J. Aldrich, will also make speeches appropriate to the occasion. Rev. J. L. Fennell will grace the table and Rev. Wm. Buchanan will pronounce the benediction.

At Home Again.

Mr. William Latimer and Capt. Henry Savage, who have been absent from the city for about five weeks, have returned. During their absence they visited Havana and Matanzas, in Cuba, and Progreso and Merida, in Yucatan. They went on a business trip and had the good fortune to have pleasant weather all the time, and returned in excellent health, having enjoyed very much the change of scene and climate which their journey necessitated.

School Books and School Stationery you can buy cheapest at Heinsberger's.

Christmas Market.

It is scarcely worth while to invite attention to Mr. John F. Garrell's big ad. in this issue. It speaks for itself. His stalls for the balance of the week will be the home of good things to eat, although for that matter every day looks like Xmas there.—Messrs. Hopkins, Holland and Fox are there and will do their best to please everybody.

City Court.

The first case for the Mayor's consideration this morning was a charge against Thomas Washburn of attempting to leave the State with the intention to defraud his creditors, preferred by Mr. Sam'l Bear, Sr. Mr. M. Bellamy appeared as counsel for the defendant. The case was dismissed for want of jurisdiction. George Saunders, John Green, Scott McKay and John Outlaw, all colored and all charged with perjury in relation to their testimony in the gamblers' cases yesterday.—They were bound over to the next term of the Criminal Court in a justified bond in the sum of \$200 each. Frank Schmidt, of Richmond, and John Kelley, of Baltimore, two impetuous foot tourists, were escorted out of the city by an officer.

The Opera House.

As will be seen by reference to our advertising columns the Kate Bensberg Opera Troupe will appear at the Opera House in this city on the night of the 26th inst., in Flotow's opera *L'Ombra*. It is her first appearance in this city and nearly all of our people are unacquainted with her merits either as an actress or as a singer. A gentleman, however, who has heard this company and is entirely competent to form a correct judgment, informs us that as actors and singers the troupe is excellent, and in his opinion none better has been upon the road this season. Of the opera itself, we know but little, but as it was composed by the celebrated Flotow, the composer of the opera of *Martha*, we feel assured that it is an excellent work. Reserved seat on sale on Saturday morning at the store of Messrs. Dick & Meares, on North Front street.

Battles and Leaders.

Numbers 7 and 8, now before us, complete the first volume of that excellent work issued by the Century Co., of New York, entitled "Battles and Leaders of the Civil War." We cannot too highly commend this work. It will be found of interest to all who took part in the late civil strife, as well as to the general student of his country's history. Both sides of the question, Confederate as well as Federal, are presented and equal fairness is accorded to all. The matter is all absolutely authentic and it is accompanied by superb illustrations. In No. 8 we find an article, "Watching the Merrimac," which is from the pen of Gen. R. E. Colston, a brigade commander of distinction during the war and for many years after its close a resident of this city. Messrs. W. F. Morse & Co., of Washington City, are the Southern agents for this work, and it may be had here of Col. M. Brown, on South Second street. It is sold only by subscription.
