HORRISVILLE, Kv., Feb. 24. 1 Gentlemen-Seven years ago a set deser-ged on my nose from a flager not serated, ried a few simple remedies, but the sore id not yield. I grow worse every year well not years. Hany thought I had a can be seen years. Many thought I had a can be seen year ago I commenced taking a seand two dozen bottles entirely cure. When I began with two Less entirely cure along. After I had finished the course is a season. After I had finished the course is season. I was strong and buoyent, and ha good appetite. I regard it as a most Yours respectfuly.

Mrs. R. W. Wilson.

Spantaneurs, S. C., April 2, 18-7.
Gendemen-For twenty years I have lad
a reon my left cheek. It had gradually
bengrowing worse. The many physicians
when I had consulted were unable to do meaning good. Last fall a year 2go I began asing 8, 8, 8. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that I should leave off the medicine. I personal in using the 8, 8, 8. At the end of two his the sore was entirely healed. Think g that the evil was out of my constitution, left off the medicine; but in November, eamonths after, a very slight breaking out appeared. I at once began again on S. S. S. of now that is also disappearing. I have not full in S. S. S. It has done me more relational the doctors and other medical ever took.

Yours truly,

A. R. Shands.

WINSTON, N. C., April 12, 1987. Gentlemen—Two or three years ago a can-or came on my face. It soon grew to be mite large. It wore on me, and my general math was very poor. Last September I egan a course of S. S. S., which I have con-mued to the present time with the happiest naued to the present time with the happiest result. The cancer has entirely disappeared, there being no evidence or symptom of a cancerous character left. My general health is good now, and my appetite better than it has been in years. I am 82 years old, and to-day I am working in the field planting corn. Yours truly, Jonas Linerach.

Gentlemen—I had a sore on my upper lip for eight years. Seven different doctors attempted in vain to heal it. One gave me a small vial for five dollars, which was a "certain cure." It is needless to say that it did me no good. About two years ago I became me no good. About two years ago I became quite uneasy, as people thought I had a cancer, and I took a course of eighteen bottles of S. S. S. The result has been a complete cure. The ulcer or cancer healed beautifully, leaving scarcely a perceptible scar. From that day I have been in excellent health, the specific having purified my blood thorought, increased my appetite and perfected my digestion. In a word, I feel like a new woman, and, best of all, the eight year ulcer is gone entirely. Yours sincerely,

MRS. W. P. CANNON.
