Ex Senator Mahone is said to be very angry at the New York Republicans because they did not put up enough money to enable him to carry the late election in Virginia.

Mrs. J. Donald Cameron, the wife of the Pennsylvania Senator, is a woman of wonderful energy. She has made the best visiting time on record in Washington—forty-eight days in one afternoon.

General Secretary Litchman, of the Knights of Labor, says: "We have nearly 500,000 members now, and all in good standing. We are ready for a new year under the very brightest of prospects."

Louisville and Nashville, Tennessee Coal and Iron, the Richmond Terminal issues, and the Southern stocks generally are leaders now, whenever anything like strength appears in the New York stock market.

Marine insurance companies are having a hard time of it. The Washington is the 16th Boston company to retire from this business in the last eight years. Ship-building is at a stand-still, rates of premium are low and taxes heavy.

Young Hofmann has stirred Boston to its deepest intellectual centres. In other cities Hofmann has been listened to; in Boston they try to account for him. The Theosophists say he is the reincarnation of some great musical spirit.

The executive committee of the New York Canal Improvement Union are to have a bill introduced into the Legislature appropriating \$1,000,000 for canal improvements. It is proposed to spend \$800,000 of this amount on the main canal alone.

The New York people are trying to work up a sentiment in favor of holding the next National Democratic Convention in that city. The views of every "prominent politician" who will talk on the right side are published, and a tremendous pressure will be brought to bear upon the national committee.

The arrangements for the formation of a "trust" which aims to control the storage or warehousing business of the port of New York by compelling shippers to submit to its terms has been nearly completed. Jeremiah P. Robinson is at the head of the combination which will control three-fourths of the business along the river front.

For years the cotton industry of all River, Massachusetts, has not been so prosperous as during the year just closed. One mill pays a dividend of 21 per cent; another 18 per cent; a third 17 per cent; one 13 per cent; one 13 per cent, and three per cent. As these dividends are paid on either watered stock or accumulated capital, it shows that the New England capitalists are making enormous profits on the labor of the women and children who work in the protected industry.

THE DAILY REVIEW

VOL. XII WILMINGTON, N. C., THURSDAY, JANUARY 12, 1888 NO. 10

A member of the House Committee on Territories is quoted as expressing the opinion that Congress will at this session provide for the admission to the Union of the four Territories of Dakota, Montana, Washington and New Mexico.

Angora cats are supplanting the pug dogs in the affections of New York society. It is even declared that it is permissible for ladies to appear in the street with cats. Of course they must be handsome Angora, and elegantly collared and beribboned; if they are not their presence is an evidence of eccentricity, not fashion. The objection is made that cats cannot be led by a string and are difficult creatures to carry, and therefore it is believed that it is to be short lived.

Mr. Bankhead, Congressman from Alabama, has had to choose between the policy of the President and of the Protectionist papers of Birmingham, and has endorsed the position of the majority of his party. He says: "I am in favor of a revision and reduction of the tariff. I shall vote to consider any bill the committee on ways and means may report to the House. I will not oppose the passage of a bill which will give relief to the country the necessary relief from the burdens heaped upon the people by the present tariff laws."

The New York Herald's correspondent at Washington City has interviewed every member of Congress now in the city on the merits of the big strike in Pennsylvania. As a matter of course the majority shirked, and but few seemed to have had moral courage enough to express a conviction on the subject. With many, however, it is doubtless true that no opinion had really been formed. There wasn't a Senator or Representative from North Carolina who gave an opinion. If the REVIEW had been questioned we would have said that while it is a well known fact that we deprecate strikes yet in this instance the strikers have right and justice on their side and we most cordially hope that they may succeed in securing all of their demands.

Sick headache is readily cured by Hood's Sarsaparilla which tones and regulates the digestion, and creates an appetite.

Of late years Western North Carolina beef has risen to the front rank. It finds its way to the markets of Richmond, Wilmington, Charleston and Augusta and is considered equal to the best beef displayed in the New York markets. Mr. John F. Garrell, of Front street market, gets it here regularly by the carload and we saw some of it on his stalls to-day. It is simply magnificent meat and cannot be beat.

An Earthquake.

There was a shock of an earthquake at about quarter past 10 o'clock this forenoon. It was quite pronounced for a few seconds, and caused considerable fright for a few moments among those who felt its effects. It was felt in nearly every part of the city, from the railroad to Church street. It had not force enough to do any damage further than the fright occasioned, but it was a veritable, simon-pure earthquake. People ran from their stores and workshops and the children at Tileston and Union Schools flocked out of the buildings, and for a few moments there were strong indications of a panic among the pupils. The disturbance, however, soon subsided and business that had been suspended by the shock soon resumed its normal activity.

At Messrs. Polvogt & Rehder's store on Fourth street, just North of the bridge, the shock was so severe as to shake a chimney from a lamp. It was felt quite strongly in the Eastern portion of the city and many of the citizens in that locality, especially ladies, were excessively frightened and ran into the streets. The shock was quite severe at Charleston, S. C., but so far as we have been able to learn, no serious damage was done. It seem from all that we can hear that the shock was general throughout this section, but, fortunately, was not severe in any place.

City Court.

The docket for the Mayor's consideration this morning was not large nor important, and it was disposed of in the following order:

Robert Bridges was charged with an assault and battery on Elijah Spencer, colored, by striking him on the head with a piece of brick. The defendant was adjudged guilty and was required to pay a fine of \$5.

R. Green, not the policeman of that name but a countryman who said that his home was 45 miles from here, was charged with being drunk and down. There was no doubt of guilt, nor was there much doubt of his conviction, and as it was his first offense in the city the judgment was that he pay a fine of \$5.

Henry Snowdon, drunk and down and a tramp, who stated that he stole a ride on the "lightning express" into town last night, was required to pay a fine of \$10 or work 20 days in the chain gang.

F. G. Peet, a vagrant, was ordered to be escorted out of the city by an officer with the warning that if caught here again he would be put at work in the chain gang for 10 days.

County Finances.

We have received the annual statement of the Board of Commissioners of New Hanover County for the fiscal year beginning December 1st, 1886, and ending November 30th, 1887, from which we gather the fact that the total expenses of the county for the time named were \$39,043.87. Of this amount \$10,265.55 were paid on the contract for the new jail, leaving the current expenses proper of the county to be \$28,778.32. The county has no bonded debt. The total disbursements for the year of the school fund were \$16,695.09. To show that the affairs of the county have been managed in an economical manner we give the current expenses for the last nine years. In 1878 the current expenses were \$41,037.37; in 1879 they were \$31,546.95; in 1880 they were \$24,735.61; in 1881 they were \$20,236.94; in 1882 they were \$25,042.49; in 1883 they were \$21,761.44; in 1884 they were \$20,887.82; in 1885 they were \$22,356.59, and in 1886 they were \$23,790.32. The State and County school tax levied of 1887 was 20 cents for the State and 12½ cents for the County, making 32½ cents on the \$100; the county tax on property was 4½ cents on the \$100; making the total tax on property 77 cents on the \$100. The poll tax for county was \$1.33½ cents and the poll tax for schools and poor was 97½ cents; making the total poll tax \$2.31.

False Alarm.
One of the chimneys at the Commercial Hotel caught fire at about 11:30 o'clock this forenoon and for while there was quite an excitement on Market street. No alarm was turned in and the confusion soon quieted down.

The Opera House.

The sale of seats for the Concert to be given at the Opera House tomorrow night, by the Mendelssohn Quintette Club, of Boston, was commenced at Heinsberger's this morning and for while they were taken about as fast as they could be disposed of. The Club are assured of a crowded house, for their merits are well known among the musical people here and their skill and proficiency in this most difficult of sciences is keenly appreciated. It will undoubtedly be the musical event of the season.

To-night's Festival.

The ladies of St. Paul's Episcopal Church will hold a festival to-night at the residence of Col. Roger Moore, on Chestnut street, between Front and Second. An elegant bill of fare has been provided and the literary and musical features of the occasion will be delightful and attractive. Miss Josie Myers will favor the company with some of her recitations, and Mr. and Mrs. M. F. Manning will render several vocal selections which will be sure to be well rendered. Rev. and Mrs. Arnold will also contribute to the entertainment. Supper will be served to the business men at 7 o'clock. Admission 10 cents.

Railroad Meeting.

There was to have been a meeting here to-day of the authorities of the Cape Fear & Yadkin Valley Railroad with the commissioners appointed by the city for a conference regarding the proposed extension of the road to Wilmington. Quite a number of the officials of the road arrived on this morning's train, and they met the commissioners appointed by the city at the Mayor's office this forenoon, but without transacting any business the meeting adjourned to meet again at 3:30 o'clock to-morrow afternoon.

The commissioners present on the part of the city were Col. W. L. DeDoss, Col. Roger Moore and Messrs. B. G. Worth, J. H. Chadbourne and B. F. Hall. The road was represented by the President, Mr. J. A. Gray, Major H. T. Morehead and Messrs. John D. Williams and J. A. Graves.

Fifth Street Church.

The congregation of Fifth Street M. E. Church have become aware that their present house of worship is not large enough for the accommodation of the large throngs who assemble to worship there. There was an addition made to the edifice about two years ago which much enlarged its seating capacity, and which was thought at the time to be large enough to amply provide for any demands that might be made upon it. The rapid and almost unprecedented increase of membership and in the size of the congregations, however, have shown that a much larger building has become an imperative necessity, and it is now proposed to build a brick church, modern in style and much larger than the present house of worship. The majority of the members of the church are young, progressive, enthusiastic, and with a will to sacrifice much for the purpose of securing a building which shall meet all the requirements necessary to the accommodation of all who may worship there. The plan is yet in its infancy, but it gives promise of growing to a ripe and sturdy manliness. A committee has been appointed to take the initiatory steps looking to the accomplishment of this purpose. They will ascertain the probable cost of the building, devise means for raising the necessary funds and take action in all other preliminary matters, and report progress at some future meeting of the church. Those having the matter principally in charge are young men of character, vim, courage and good judgment, who are bound to succeed, and we wish them an abundant success in their noble work for the Master whom they serve.

Ask those who have tried and they will tell you that the Boy Clipper Plover is the best made. Sold only at Jacobi's, who is the factory agent.

The Magic City.

BIRMINGHAM, ALA., Jan. 10, '88. DEAR REVIEW:—"The play's the thing" and the Theatre-going people of the "Magic City" had a rare treat last evening in the way of Robt. Downing in "The Gladiator." It is but just to say of Downing that while he does not exactly fill the shoes of McCullough or Forrest yet he is to-day, without an exception, the best "Gladiator" on the stage. To his credit be it said that he is free from the power of ranting. If he visits Wilmington he should be as he was here—greeted with a full house. Soon we will have the two "Stars" of America Booth and Barrett. Why don't Wilmington try to get them? I should think that Wilmington could give a guarantee of \$3,000 or \$3,500.

We have been having very bad weather here since Christmas. Mud, mud, mud!!! why if you go down some of the streets and happen to see a man in the middle of the street, of course you'd think that he was walking, but, oh no! he is on the top of a hack. Phew! "One moment Charlie" and I'll take one with you to wash that down. The "Magic City" should be now named "Muddy ham."

Mr. Geo. C. Kelley and family have returned. They were accompanied by his sister, Miss Inez Kelley.

Birmingham is filled, it seems, with Wilmingtonians. Jesse Hawes, a graduate of Chapel Hill, is here and is doing well, not the only one. I have had the pleasure of meeting some of Col. Waddell's relatives here. Mr. Geo. Waddell is cashier of the Alabama National Bank. He reminds me somewhat of the Colonel. He is, like his illustrious relative, a very pleasant, courteous gentleman.

The "Friday German Club," of this city, gave a fancy dress German last Friday night and it was a grand success. The costumes worn, especially by the ladies, were magnificent. "DICKIE BIRD."

Indications.

For North Carolina, warmer fair weather and light to fresh North-westerly winds.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
