in paper red on her heel, which slowly grow to the family physician thought it was most by a piece of broken glass or needle, but falled to bring anything to light. The and become feebler all the time, seeming to has her new of her lest, and finally quit walkor entirely. The middle finger and thundof either and became enlarged, the flesh bcoming hard. The hip joints became involved, as that when seventeen months old she could not stand, having lost the use of lay andarm Partial curvature of the spine also followed. The nervous system was weethed, mu cles contracted, and there was general wasting of fieth and muscle. At eighteen mouths of age she was placed under the treatment of a prominent physician of Baton, Eass., but at the end of ten months sho had declined to such a degree that she was in a dying condition. This was in April, 1100 We took the child away not knowing what to do. ... n this dreadful dilenma we were over-persuaded by friends to try "one hotthe" of Swiff's Spicific, which we did, and for the better in her symptoms. We kept it up, and have done so to this day, and will keep it up, if the Lord wills, for many days to come, for it has brought our dying Hazel to life, to vigor, to strength and health again. The ashen hue of her cheeks has changed to a rosy tint. She is able to walk anywhere. her languor and melancholy have passed away, and she is now a blithe, cheerful, have py romping child. Should you with to tacrease your testimonials of proof of the virtue of S.S.S., our names and what we have said is but a portion of what we owe to
