The Daily Review.

A LEGACY.

Friend of my many years!
When the great silence falls, at last, on me,
Let me not leave to pain and sadden thee
A memory of tears.

But pleasant thoughts alone
Of one who was thy friendship's honored guest
And drank the wine of consolation pressed
From sorrows of thy own.

I leave with thee a sense
Of hands upheld and trials rendered less—
The unselfish joy which is to helpfulness
Its own great recompense:

The knowledge that from thine,
As from the garments of the Master, stole
Calmness and strength, the virtue which makes whole
And heals without a sign;

Yea, more, the assurance strong
That love, which fails of perfect utterance here
Lives on to fill the heavenly atmosphere
With its immortal song.

—*John G. Whittier, in Independent.*

"Lay thy sweet hands in mine, trust in me," he said, but she only remarked that she had neuralgia and must hold her head. Then he bought her a bottle of Salvation Oil for twenty-five cents. Now he holds her sweet hands by the hour.

The Number Seven in the Bible.

Among the Hebrews the word for solemn swearing is "septenare," or protest by seven. Abraham, you will remember, appointed seven ewe lambs as his testimony to the covenant with Abimelech. The Creator rested from His work on the seventh day, and this day was called Sabbath or seventh. A leprous person was either to bathe seven times or be sprinkled seven times with the blood of a sparrow. Seven years was the period for repentance. Every seven years the Hebrew servant demanded liberty for himself. And the prophet praised God seven times a day. Cain, we are told, was to be revenged sevenfold.

The gifts of the Holy Ghost were said to be seven in number, and in presence of the Almighty seven angels stand, as we are told, in Tobias. Seven lamps burn before God, and throughout the whole book of Revelations the number seven is constantly used. Jacob served seven years for Leah, and seven more for Rachael. Then there are the seven ears of corn and the seven kine. It was seven people that possessed the land of Promise in Deuteronomy, and the story of Samson tells how he kept his nuptials seven days, and then was bound with seven green withes.—*Phila News.*

Consumption Surely Cured.

TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully, T. A. SLOCUM, M.C., 181 Pearl st., New York.

Never think you can make yourself great by making another less.

Scarlet Fever and Diphtheria

are spread by contagion, by the transfer of living matter. These particles come from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly with Darbys Prophylactic Fluid, the great germ destroyer.

Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: "As a disinfectant and detergent Darbys Prophylactic Fluid is superior to any preparation with which I am acquainted."

The Acme MANUFACTURING CO,

MANUFACTURERS OF

Fertilizers, Pine Wool and Pine Wool Matting.

WILMINGTON, N.C.

THE REPUTATION OF OUR FERTILIZERS, the ACME and GEM, is now established, and the results of three years' use in the hands of the best farmers of this and other States fully attest their value as a high grade manure.

The MATTING, made from the leaves of our native pine, has already gained a popularity for comfort and durability equal to any wool carpet, and the demand for it is daily increasing. It has virtues not found in any other fabric.

The FIBRE or WOOL is extensively used for upholstering purposes, and as a filling for Mattresses is almost equal to hair, being light, elastic and proof against insects.

Certificates from reliable parties using our goods can be seen at our office, or will be mailed upon application. nov 16 tf

MUNN & CO. ESTABLISHED 1846 PATENTS NEW YORK

After Forty years' experience in the preparation of more than One Hundred Thousand applications for patents in the United States and Foreign countries, the publishers of the Scientific American continue to act as solicitors for patents, caveats, trade-marks, copyrights, etc., for the United States, and to obtain patents in Canada, England, France, Germany, and all other countries. Their experience is unequaled and their facilities are unsurpassed.

Drawings and specifications prepared and filed in the Patent Office on short notice. Terms very reasonable. No charge for examination of models or drawings. Advice by mail free.

Patents obtained through Munn & Co. are noticed in the SCIENTIFIC AMERICAN, which has the largest circulation and is the most influential newspaper of its kind published in the world. The advantages of such a notice every patentee understands.

This large and splendidly illustrated newspaper is published WEEKLY at $3.00 a year, and is admitted to be the best paper devoted to science, mechanics, inventions, engineering works, and other departments of industrial progress, published in any country. It contains the names of all patentees and title of every invention patented each week. Try it four months for one dollar. Sold by all newsdealers.

If you have an invention to patent write to Munn & Co., publishers of Scientific American, 361 Broadway, New York.

Handbook about patents mailed free
