The Daily Review.

MY BONNY VALENTINE.

I love the sweetest maiden That walks the earth to-day, Her eyes with love are laden, Her lips ne'er say me nay; Her hair is reddish golden, Like skies when dusk steals on, For just a shade beholden To absence of the dawn.

Her eyes are so alluring, That I may never know, Unless with oft assuring, What colors cause their glow; For oft their hues do vary, Though changeless in their love, And, whether bold or wary, Their light seems from above.

Her manners are all queenly, Her form is quaint, petite; And, when her eyes serenely Meet mine, I aye repeat, "Oh, bonny, blessed maiden! My heart is ever thine, With tender accents taken, My darling Valentine."

"How can I become a poet?" rote a conceited youth to the singer Longfellow. "Eat fish my dear sir." But we doubt the advice; no man however has ever doubted the fact that Dr. Bull's Cough Syrup is the greatest cough remedy now in the market.

Cost of the Wars of the United States.

The Revolutionary War cost the United States \$135,193,703. The colonies furnished, from 1775 to 1783, 395,064 troops.

The war of 1812 cost the United States \$107,159,003. The number of troops engaged is estimated at 471,622.

The Mexican war cost the United States \$109,000,000. The number of troops engaged was 101,382.

The Civil War cost the United States \$6,189,929,000. The number of Federal troops was 2,859,132.—N. Y. Star.

Dyspepsia and Indigestion are killing more people than rum, ten times over. When a man has Dyspepsia his stomach is always with him and he is always conscious of it. He can't sleep, his food doesn't taste right, he's morbid. Your stomach ought to be your best friend, and it will be if after eating you will take a little Simmons' Liver Regulator to assist digestion and allay all irritation.

"After eating a hearty supper, if I take about a teaspoonful of Simmons' Liver Regulator, I never feel the effects of the supper eaten."—OVID G. SPARKS, ex-Mayor of Macon, Ga.

A Wonderful Grapevine.

Mr. A. F. Tift has upon his place in Key West, Fla., a wonderful grapevine covering a great trellis. This vine bears four crops every year. The grapes grow in exceedingly compact clusters, many of them weighing as much as eight pounds, and the vine is literally loaded with bunches. It is a native of the West India islands, probably of Jamaica. As an illustration of the dense nature of the bunches, the grapes grow so thick upon them that the center grapes frequently cannot reach the sunlight to mature. The outside grapes can be picked off as needed, and the mass of grapes beneath the outside layer left to ripen.—Chicago Times.

I have been a great sufferer from catarrh for over ten years; had it very bad, could hardly breathe. Some nights I could not sleep—had to walk the floor. I purchased Ely's Cream Balm and am using it freely, it is working a cure surely. I have advised several friends to use it, and with happy results in every case. It is the one medicine above all others made to cure catarrh, and it is worth its weight in gold. I thank God I have found a remedy I can use with safety and that does all that is claimed for it. It is curing my deafness.—B. W. Sperry, Hartford, Conn.

How \$150 Became \$1,500,000.

The Rev. Eli Fay, who has offered to endow a women's college at Worcester with \$600,000, was formerly a Unitarian pastor at Leominster, and is now a resident of California. The story of his wealth sounds like a fable. He left the East many years ago, on account of his wife's ill health, and traveled in the West. In Colorado he met a friend and entrusted to him a small sum of money, said to be \$150, for investment. After a time he went to Los Angeles, and, it is said, realized \$25,000 from his Colorado investment. He invested this money in real estate in Southern California, and is now said to be worth \$1,500,000.—Boston Globe.
