Mr. Blaine has written a letter in which he says that his name will not be presented at the Chicago convention for the Presidential nomination. Having said this Mr. Blaine proceeds to demonstrate, at great length, that the Republicans have bright prospects for success this year. Mr. Blaine's sincerity in this respect is best tested by the fact that he has declined to become a candidate.

Br. ship *Etta* went down the river on a falling tide yesterday as far as Fort Anderson, drawing 17 feet 4 inches, without rubbing against the bottom. She will go through to Southport to-day and could have gone through yesterday had she started a little earlier in the tide. Br. barque *Lizzie Wright*, drawing the same amount of water, will go through to Southport from this city to-day.

The "Universal Infirmary."
The lecture of Hon. A. Waddell, on the above subject, at the Opera House last night, was not largely attended, but those who were present were delightfully entertained. The speaker was in a happy mood, and his lecture abounded with mirth provoking sallies, which kept the listeners convulsed with laughter. The lecture and its object were both worthy of a crowded house and we regret that the building was not filled to its utmost seating capacity.

We are glad to hear that Hon. A. H. VanBokkelen's condition is greatly improved and are led to hope that he may be able to get out again in a few days.

City Court.
The following cases were for the Mayor's consideration this morning: Lewis Hicks, colored, disorderly conduct, which consisted in getting drunk, breaking up the crockery in his house and beating his wife until she screamed murder. For this sort of fun the Mayor thought that a fine of \$10 or 20 days in the chain gang was a reasonable compensation.

George Fulford, colored, disorderly conduct. The testimony showed that George was anxious to fight, and as there was no real provocation, he hit a man for the fun of the thing. He was fined \$10 with the alternative of 20 days in the chain gang.

William Howe, colored, charged with disorderly conduct. The case was of an aggravated nature and the defendant submitted. In the judgment of the Court a fine of \$20 or 30 days in the chain gang was not too severe a punishment and that sentence was recorded against Howe.

Five young men, whose names we suppress, were charged with playing cards on Sunday. Case dismissed and the defendants discharged with a warning that we trust they will not soon forget.

You will find at Heinsberger's an elegant assortment, just received, of fine wire masks for ladies and gentlemen and some other articles needed for masquerade balls.

The S. A. & N. W. R. R.
The South Atlantic & North-western Railroad Company met at Southport on Saturday last, but the proceeds have not been given to the public, but several of those who are interested in the scheme, among them Mr. Bilheimer, the contractor, still remain to push the work and look out for the interests of the company. Yesterday the County Commissioners gave the company a right of way through Brunswick county and also turned over to the representative of the company bonds to the amount of \$100,000.

Above is an item of "news," just as it was reported to us. It will indeed be "news" to many. In the first place the Brunswick County Board of Commissioners did not meet Saturday; in the second place, if the board had met they would not have transferred the bonds and in the third place if they had wanted to transfer the bonds they could not have done so. The DAILY REVIEW has many warm friends and subscribers in Brunswick county, and especially in the Smithville section, where its circulation is larger than that of any other daily paper published in the State, and while we would be very glad for our friends there to obtain all of the railway facilities they may need yet we do not want to see them imposed upon and duped. Railroads are not built upon paper and when a party of strangers comes along and wants to build a railroad at the expense of the people then let the people get the road before they pay the money.

Joint Resolutions.
At the joint meeting of the Chamber of Commerce and the Produce Exchange, held yesterday afternoon, to express the sense of the two bodies in the death of Mr. Robert E. Calder, the committee, Messrs. D. G. Worth, C. H. Robinson and Clayton Giles, reported as follows: We are assembled to consider a mournful event—the removal by death from our business and social community of a young and active member of these associations. From the prime of manhood, in the midst of usefulness, Mr. Robert E. Calder has been called away; and to express our sense of the loss we have sustained and our appreciation of his many virtues and his honorable record, we offer the following resolutions: **Resolved,** That in the death of Mr. R. E. Calder, a former president of the Wilmington Produce Exchange and an active member of the bodies here represented, we have lost one who has been honored as a merchant worthy of honor, a citizen conscientious in the discharge of his duty to his city, State and county—one who was in his family relations a devoted and affectionate son, brother, husband and father, and in his Christian character consistent and upright. **Resolved,** That as his death separates us from valuable and pleasant intercourse with our friend and shrouds our hearts in the mantle of regret, memory recalls his sterling business intelligence and active Christian virtues, and mingles with our mourning the consciousness of his rich example. **Resolved,** That his quiet and gentlemanly manner in his transactions with men, bespoke the dignity and manhood of his nature, and awakens the more a sentiment of profound and appreciate sympathy with those who more directly feel this bereavement. **Resolved,** That with these reflections inadequately suggesting our appreciation of the character of our departed friend, we tender our sympathies to his deeply bereaved family, and as a mark of respect, recommend that we attend his funeral in a body, and that during his obsequies the rooms of the Produce Exchange be closed and business suspended. **Resolved,** That the name and date of the death of the deceased be inscribed on a blank page of the records of the Produce Exchange, and Chamber of Commerce, as a memorial, and a copy of these resolutions be engrossed by the secretary and sent to his family. The resolutions were unanimously adopted by a rising vote, and on motion it was announced by the chair that the members of the Exchange and of the Chamber of Commerce would attend the funeral of their deceased member in a body.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
