A PHYSICIAN'S OPINION.
"I have been practicing medicine for
twenty years and have never been able to
put up a vegetable as well as the
Simmons' Liver Regulator, promptly
and effectively move the liver to action,
and at the same time aid (instead of weak-
ening) the digestive and assimilative
powers of the system."

The total losses by the recent coal
miners strike in Pennsylvania is esti-
mated at \$3,620,000. The loss of the
miners has been \$1,400,000.

The Dunn Signboard says: "It
does appear that the people of this
section are heartily in favor of the
nomination of Maj. Stedman. If
nominated he will make an able and
vigorous canvass, and the success of
the Democratic party will be assured."

The Medical Society of New York
last year hunted down eighty-
five illegal medical practitioners,
who were humbugging ignorant
people out of their money. Ten of
the swindlers were sent to prison,
and from the other seventy-five
amounting to \$6,000 were col-
lected.

A deeply interesting discovery has
been made in a garden at Salisbury,
England. In the course of excavations
for a cellar a large mosaic pave-
ment of elaborate and beautiful ex-
ecution, depicting a battle between
Alexander and Darius, was found,
bearing fine portraits of many fig-
ures. It is said to be an expanded
replica of the famous mosaic found
at Pompeii in 1831, and now at the
Museo Nazionale at Naples, which
is the most important example of
ancient historical art extant.

Reports from California say that
while Lucky Baldwin's two-year-
olds have not been tried yet, they
are a very promising lot. Gany-
mede is represented as a perfect pic-
ture of Yolande, and Corrientes is
spoken of as a racy colt with plenty
of devil in him. Mr. Baldwin has
engaged the English light weight
boxer, Charles Morton, who came
from this country eight months ago
and agreed to ride for John Hyland
until he and travelled West.
Morton can ride at 90 pounds. He
is well around Salt Lake recently,
and promises to improve.

Somebody who signs himself "A
Democrat" writes to the News and
Advertiser strongly urging Maj. Sted-
man for Governor. He says:
Gov. Stedman is the man to lead
the canvass in the East in 1884.
He has not been excelled since the days
of Briggs and Rayner. His oratory,
vigilance and persuasive, and at
times decorative, won the hearts of
the people, and his arguments, in-
sistive and unequalled in power,
broke down the last barrier to Re-
publican success in many of our
counties. No more apt illustra-
tion can be given of his popularity
among our people than that which
has been furnished by an off-repeat-
ed remark of a Democrat who for
twenty years has attended the speak-
ing of our public men. I have often
heard him say that "he would break
the ice upon the river in mid-winter
swim across with an axe upon his
back to hear Stedman speak." Give
Stedman for Governor and our
party will still be invincible.

You will find at Heinsberger's an
assortment, just received, of
wire masks for ladies and gen-
tlemen and some other articles need-
ed for masquerade balls.

THE DAILY REVIEW

VOL. XII. WILMINGTON, N. C., THURSDAY FEBRUARY 23 1888 No. 45

Dr. A. J. Wolff, a prominent phy-
sician of Hartford, Conn., is of the
opinion that Mr. Blaine is a phys-
ical wreck. He said to a reporter
recently: "When I saw Mr. Blaine
in 1884 I could not do otherwise than
admire him, he was so robust in fig-
ure and enthusiastic in speech. When
I saw him in Paris I was start-
led. His beard and hair are per-
fectly white and his form has become
very much emaciated. His eyes were
large and almost bulging, the eye-
lids swollen to a degree, and his skin
was quite yellow and sickly."

The body is more susceptible to
benefit from Hood's Sarsaparilla
now than at any other season. There-
fore, take it now.

The Southern Churchman of to day
officially announces that the Rev. T.
M. Ambler, formerly rector of St.
Paul's Church, in this city, has ac-
cepted a call to the Episcopal
Church at Ashland, Va., a flourish-
ing town about 20 miles from Rich-
mond.

It was remarked by a gentleman
this morning who has lived more
than 50 years in the Cape Fear sec-
tion, that there has been more rainy
days this Winter than during any
other Winter within his remem-
brance. It has certainly been a
rainy Winter.

Indications.
For North Carolina, rain with
light to fresh winds generally east-
erly, slightly warmer in eastern por-
tion and stationary temperature in
the western portion.

Rev. R. G. Pearson.
A letter has been received by a
clergyman in this city from Rev. R.
G. Pearson, who is now engaged in
evangelistic work at Newbern, stat-
ing that his first service here will be
on Sunday night, March 18th. He
speaks very favorably of the pro-
gress of the work at Newbern and
states that the preparations had
been so faithfully made that he
found a revival in progress when he
arrived. There were ten conversions
and nearly fifty reconsecrations on
the first night of his preaching
there. He will conduct services
here every night except Saturday
night, and all his day services will
be in the morning, either at 10 or 11
o'clock, as the pastors may decide.
He will not conduct services in the
afternoon, as the strain would be
too severe to conduct two services
without a longer interval of rest be-
tween them.

The work of raising the sunken
steaming tug W. P. Craighill was com-
pleted this morning, and after she
was raised she was towed to the
Marine railway, where she will be
overhauled and repaired.

The Rain.
The rain began falling at 7:20 this
morning, and up to 3 o'clock this
afternoon the rainfall amounted to
12.100 inches. It is less than we had
thought, although at no time during
the day has there been a very heavy
downpour. The storm has been gen-
eral along the South Atlantic Coast.

Wide Awake.
The March number of this truly
meritorious monthly is at hand. It
is well named, for it is always wide
awake in matters of interest to the
juvenile fraternity. Its corps of
writers is selected from among the
best in the country and the enjoy-
ment of the various articles as well
as of the truly artistic illustrations
with which each number is replete
is not by any means confined to
those of tender years. It is edited
by Charles Stuart Pratt and Ella
Farmer Pratt, and is published by
the D. Lothrop Company, Boston,
at \$2.40 a year.

S. P. C. A.
The Society for the Prevention of
Cruelty to Animals met last night at
the City Hall.

The President being absent, Vice
President A. S. Heide took the
chair.

The Secretary reported that twenty-
three members had enrolled their
names.

On motion, the by-laws and con-
stitution of the Society were read by
the Secretary for the information of
new members.

On motion, it was ordered that the
books be left open until March 6th,
to give persons who wished to join
the Society an opportunity to do so.

On motion, Messrs. P. Heinsber-
ger and J. R. Marshall were added
to the committee appointed to so-
licit persons to unite with the Soci-
ety.

The Secretary was instructed to
call a meeting of the Governing
Board next Monday night, for the
purpose of selecting appropriate
badges for members of the Society.

A Good Offer.
The following inducements are of-
fered by the Seaboard Air Line sys-
tem, of which Maj. J. C. Winder is
manager, to all non-residents of
North Carolina who settle in the
State on or adjacent to any of the
roads of its system:

"All male heads of families will be
transported over roads at a rate of
one cent per mile for one year from
the date of actual settlement, and
the immediate members of their
families (not including servants)
will be furnished tickets at two cents
per mile during said period. Also a
reduction of one-half from the reg-
ular rates of the road upon which
the settler is located will be allowed
by the agent at their nearest station,
of freight of whatsoever kind re-
ceived by them during the first year
of their residence, provided it be for
their own use and not for sale or
transfer to others."

The Richmond and Danville gives
special rates, or inducements, but
we do not remember their terms.
We will thank Mr. Winburn the
courteous passenger agent for infor-
mation on the subject, for publica-
tion.

Railroad Rally in the Fifth Ward.
A meeting in favor of the railroad
subscriptions was held at the corner
of Seventh and Castle streets, in the
Fifth Ward, last night. A large
number of the voters of the Ward
were present. Valentine Howe was
elected president of the meeting,
and John Mosely secretary. Alder-
man Rice was called on for a speech
but excused on account of being un-
well. Speeches favoring subscrip-
tion to both railroads were made by
Jno. W. Neal, Benjamin Williams,
Henry Brewington, John C. Smith,
I. F. Aldridge, John Holloway, John
Whiteman, Dan Howard, Valentine
Howe and others. All the speakers
were loudly applauded.

At the conclusion of the speaking
a resolution was adopted that all
the voters in the Ward should go to
the polls and vote for subscription
to both railroads.

The meeting then adjourned.

It was announced that a meeting
would be held to-night in the First
Ward, corner of Sixth and Camp-
bell streets.

Ask those who have tried and they
will tell you that the Boy Clipper
Plover is the best made. Sold only at
Jacobi's, who is the factory agent.

The Meetings.
There is a good attendance at the
various meetings now being held in
the different churches of the city,
and there seems to be an earnest
disposition among our people to
have the series of meetings which
are to be conducted by Rev. R. G.
Pearson as prosperous as good pre-
paration can make them.

City Court.
The following was the docket for
the Mayor's consideration this morn-
ing:

John Watson, charged with being
drunk and down, was fined \$10 for
the offense. In a statement made
to the court the defendant said that
he was set upon and beaten by three
men, whom he did not know, and
that if the officers had not arrived
as opportunely as they did, he would
probably have been beaten to death.
His features indicated the truth of
his words.

Joseph Sneed and Hiram Moore,
were fined \$5 each for disorderly
conduct.

Si Brown, colored, was proven
guilty of disorderly conduct, for
which he was required to pay a fine
of \$10 or work 20 days in the chain
gang.

Ella Gregory, colored, drunk and
disorderly. This is an old offender and
the sentence of the court was that
she pay a fine of \$20 or be confined
30 days in a close cell of the city
prison on a short allowance of food.

A Good Work.
In the Raleigh State Chronicle of
the 17th inst., is a carefully pre-
pared paper on the history of Wil-
mington, by Rev. T. H. Pritchard, D. D.,
which is the first of a series of ar-
ticles on the same subject by that
gentleman. The motive which
prompts Dr. Pritchard to prepare
these articles is best told in the
terse, laconic language with which
his article commences, which is as
follows:

"I live in Wilmington, I like Wil-
mington, I believe there is a future
of great prosperity for Wilmington,
and as I am persuaded that the peo-
ple of North Carolina are too little
acquainted with the history and
commercial importance of the city,
I propose to give your readers a
somewhat elaborate account of the
past and present of our city by the
sea."

As the foregoing very plainly in-
dicates, the object of the articles
will be to aid in giving our city a
healthy boom by presenting its past
history, its present condition and its
possibilities for the future in such a
shape as to receive the attention of
people throughout the State, and
even from those who dwell beyond
our borders. The articles will be
written in a graphic, attractive style
and will be a valuable acquisition
to the literature of our city.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In se-
lecting spectacles you should be cau-
tious not to take more magnifying
power than has been lost to the eye
as in the same proportion that you
pass that point of increase, will cause
you further injury to the eye. Using
glasses of stronger power than is ne-
cessary is the daily cause of prema-
ture old age to the sight. You can get
the best at Heinsberger's.
