VOLAPEK.

Take a teaspoonful of English, A medium of Dutch, Of Italian just a trifle, And of Gaelic not too much; Some Russian and Egyptian Add then unto the whole, With just enough to flavor Of the ling of the Pole, Some Cingalese and Pottentot, A soupcon, too, of French, Of native Scandinavian, A pretty thorough drench; Hungarian and Syrian, A pinch of Japanese, With just as much Ojibbeway And Turkish as you please, Now stir it gently, boil it well, And if you've decent luck, The ultimate residuum You'll find is Volapek.

—Buffalo Courier.

A party paid ten dollars for a horse at an auction sale. The horse was lame, bruised all over, had the scratches, and was wretchedly galled. A bottle of Salvation Oil, costing 25 cents, was used, and in two weeks you would not have known the animal. It is now valued at two hundred dollars.

The Amount of Gold in Use.

No one doubts that the amount of gold in the civilized countries of the world has largely increased in recent years. M. Soetbeer named \$107,000,000 as the increase from 1877 to 1885. It is absolutely certain that the reserves of gold in the principal banks of Europe and the United States have in recent years largely increased, and not diminished. Professor Laughlin estimates this increase to have been "from \$95,400,000 in 1870-79 to \$167,200,000 in 1885."—English Paper.

Consumption Surely Cured.

To THE EDITOR:—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully, T. A. SLOCUM, M. C., 181 Pearl st., New York.

Where the Oldest Citizen is Honored.

Belgium has the habit of paying worship to its oldest citizen. The oldest citizen here is as much an official as Tennyson's is in England. In order that the patriarch's fame may wing its flight across the Atlantic, I must tell you that his name is William Van Renterghem and that he is at the present moment one hundred and six years old. The Government allows him a little pension, which suffices for all his material wants. The entire population of Rudderwood, where he resides, is feted him as I write these lines. He is being composed in his honor; poems laudatory of him are being penned and recited; the Mayor and corporation are presenting him with an address, and the clergy are giving him their benedictions. The respectable old gentleman is enjoying the best of health and is, I am told, as lithe and active as a man of forty.—Chicago News.

Have I received great benefit from Ely's Cream Balm for Catarrh.

I cannot express the suffering I have endured the past year from Nasal Catarrh.—C. L. Robbins, Caraway P. O., Randolph Co., N. C.

For several years I have had very bad Nasal Catarrh. I tried Ely's Cream Balm and it has cured me. I can recommend it to all suffering from Catarrh as being the best remedy. DAVID M. K. SMITH, Middle Brook Va.

Not a Paradise for Doctors.

The Chinese penal code provides that when an unskillful physician, in administering medicines or using the acupuncture needle, proceeds contrary to the established forms, and thereby causes the death of the patient, the magistrate shall call in other physicians to examine the medicines or the wound. If it appears that the injury done was unintentional, the practitioner shall then be treated according to the statute for accidental homicides, and shall not any longer be allowed to practice medicine. But if he have designedly departed from the established forms, and have practiced deceit in his attempts to cure the malady in order to gain property, then according to its amount, he shall be treated as a thief; and if death ensues from his malpractice, then for having thus used medicine with intention to kill, he shall be beheaded. There appears to be nothing in the "Celestial" code answering to the laws of "barbarian" nations concerning civil damages recoverable by parties made to suffer from "unintentional" malpractice.—Chicago News.

The Safest Medicine.

To have about the house at all times is Simmons' Liver Regulator. It will harm no one. It will benefit all who may have attacks of Biliousness, Dyspepsia, Headache, Constipation, or other ailments resulting from a disordered Liver or stomach. Keep it always in the house, and you will have a family physician near you who will save you many dollars and much suffering. The genuine always has on the wrapper the red Z Trade-mark and Signature of J. H. Zeilin & Co.

Unique Lily Ponds.

The most unique and beautiful collection of water lilies in the country is the boast of Fairmount Park in Philadelphia. In the great lily ponds every variety, from the pink blossom of New York to the imposing Victoria Regina, an island in its board expanse of leaf, is to be found. Through blue, purple, red and snow white lilies, the gold and silver fish dart, and in summer butterflies of brilliant hue hover over the pond flowers in delight. A new variety of the lily family is to be added to

Advice to Mothers.
MRS. WINSLOR'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle. July 6 deod'wly
