The official returns of the City of New York show that nearly three-fourths of all deaths are from consumption. When we stop to calmly think over this fact, it is really awful. And yet every case without exception started from small beginnings. A cough in the morning; tickling in the th oat; a thick phlegmy discharge; chilliness at night; ifficult breathing; a tightness across the chest; these and many more symptoms indicate the presence of that terrible disease which, unless checked, means certain death with long and painful suffer-

In view of such serious and ever-present facts the suggestions and advice of the most coninent physicians are of the greatest value.

Dr. John Gardner, one of the most eminent physicians in London, says : "Science, common sense, Holy Scriptures and all experience testify to the benefits derived from the use of pure whiskey." Dr. D. H. Barker says: "I have used and examined Duffy's Pure Malt Whiskey, and find it the the deeds of the navy was the frig- him come into church wearing it as best I ever tried."

Dr. S. M. Buckwalter says: "Duffy's Pure Malt Whiskey is, without doubt, the invalid's drink when stimulants are indicated, and I find all chronic cases require stimulants, and a large per cent of the acute ones also."

These truths, from the lips of the leading scientific men of the day, and confirmed by the experience of men and women well known in the community should serve as a guide for all who feel the ap- | into the service in the late war, was proach of consumption no matter by what path it may come. Speaking of the names given to our new men-of-war, a Boston newspaper says that with one exception, the Petrel, the names have a good Revolutionary ring; but superstitious old salts will take exception to two or three of them. There was a Yorktown, a sloop-of-war, which was wrecked at Cape de Verde fifty years ago. The only Philadelphia ate of that name, which in the war with Tripoli ran aground and was surrendered, and was subsequently and his gallant companions. stood that Mr. Blaine, while he does ada? not mean to be put into the Presidential race, does intend to return without delay to political life. It is not thought by any of his friends that he desires to return to the House of Representatives; if he did, no doubt Mr. Milliken, one of his most devoted followers, would gladlygive up in his favor. But it is believed that Mr. Blaine prefers the Senate, and that is not a pleasant prospect for Mr. Frye, whose 'term expires with this Congress, and who would like another term, or for Mr. Reed, who would like to beMr. Frve's successor. Mr Blaine's Senatorial aspirations would, in this view, cast a certain gloom over Maine politics next fall and winter, unless, indeed, Senator Hale, as has been suggested, should resign and let Mr. Blaine be appointed to fill his term, which runs to 1893. Those who suggest this say that Mr. Hale was introduced into political life by Mr. Blaine and that it was through Mr. Blaine's long continued, kind and almost fatherly fostering care while he was Speaker that Mr. Hale, without conspicuous ability of any kind, obtained a political and social prominence which finally landed him in the Sen-

The New York correspondent of the Baltimore Sun says: "Whether Mr. Blaine's letter of withdrawal be sincere or insincere, it has had the effect of starting up a whole flock of Presidential booms in New York State. No less than six distinguished sons of New York have the honor of being zealously advocated by their admirers, each as being the best fitted to lead the Republican party to a national victory next fall. The names of the six are Chauncey M. Depew, William M. Evarts, War ner Miller, Frank Hiscock, Ex-Governor A. B. Cornell and Roscoe Conkling. Just at present the Depen boom is soaring the highest, and if any Republican can carry NewYork State against Cleveland this year Mr. Depew is the man, despite his connection with that great corporation, the New York Central Rail road. Six months ago Mr. Depew positively declared that he would not accept the nomination for the Presidency if it were tendered him. Now he simply tells the newspaper interviewers that he is not a candidate and does not want the nomination. The booms of Evarts, Hiscock, Miller, Cornell and Conkling are very diminutive compared with that of Depew. Each of the smaller booms is kept going in the hope that Presidential lightning may strike a "compromise" candidate. Roscoe Conkling, however, it is but just to remark, has no apparent interest in or sympathy for his particular boom. That is being nursed by some of the old stalwart leaders entirely independent of Mr. Conkling's expressed wishes

Who Is Your Best Friend?

Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right-if you are troubled with Heartburn, Dizziness of the head, coming up of the food after eating, Billiousness, Indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without relief.
