Charles Breck, of Milton, Mass., wears, and occasionally wears, a pair of shoes made by his father 53 years ago.

One thousand pairs of \$3 opera glasses offered for sale in New York City were found to have cost just 17 cents per pair.

A Cleveland club composed of women has been formed in Chicago. The organization favors the re-election of Grover Cleveland to the presidency.

Pressure is being brought upon Governor Perry of Florida to call an extra session of the Legislature for the purpose of creating a State board of health.

The Emperor William celebrates his 51st birthday next month and every soldier in the great German army will be presented with the Kaiser's biography.

The business of the London post-office is of such magnitude that the present postmaster general has saved \$15,000 a year in sealing wax and printing expenses alone.

The little farm house in which Horace Greely was born, together with 120 acres of farm land, is to be sold at auction at Amherst, N. H., for taxes amounting to \$20.25.

The Duke of Marlborough has purchased a steam fire engine and personally drills his servants once a week for the protection of "Blenheim," the historical mansion he inherited from his great ancestor.

A redwood tree recently felled near Humboldt, Cal., measured 16 feet in diameter one way and 20 feet in the other at the stump. It was 200 feet long, tapering to a diameter of 8 feet, and contained enough timber to construct a small village.

The Germans of Cincinnati are holding mass meetings to restrain the Ohio Legislature from legislating special German instruction out of the schools of that city, as has been done in St. Louis. They say that such a course is "Anglo-American and puritanical."

Mrs. Holibaugh, of Aspen, Col., is taking steps to secure possession of 15 acres of land located in the heart of Kansas City, valued at \$2,500,000. She claims to have been deeded the property by her mother-in-law, a French lady, who then held a title to it. Mrs. Holibaugh was born in France, and her first husband was a Count.

Prof. D. S. Martin is of the opinion that New York is sinking into the ocean. He says that in one hundred years the subsidence has been perceptible, and that in one thousand years it will be no more. "Thus," says the Tribune, "this metropolis of the Western world may be seen to be approaching that period when it will find rest once more from its fever beneath the waters of the Atlantic."

Besides a full exhibit of fish, oysters and game at the Craven County Fair of March 13th, 14th and 15th, there will be shown native woods, farm products, live stock and poultry, marl, antique relics, fancy work and art. Many valuable premiums are to be offered.

A peculiar deposit which resembles clay in pliability, but which when exposed to the air becomes as hard as granite, has been discovered at the base of Bear Mountain, near Taylorsville, N. C. Blocks of it have been dug out and used for all the purposes of stone with success, and it is proposed to build houses with it.

The Sirius and the Great Western are generally considered the first steamships to cross the Atlantic. According to a correspondent of the New York Times, the honor really belongs to the Savannah, which left Savannah, Ga., May 25, 1819, reaching Liverpool, June 20. Her commander, Capt. Moses Rogers, of New London, Ct., also commanded the first steamship on the Hudson, the Delaware, the Chesapeake, and from Charleston to Savannah. The Savannah's log is preserved in the Smithsonian Institute.

Hood's Sarsaparilla is peculiar to itself and superior to all other preparations in strength, economy, and medicinal merit.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Indications. For North Carolina, fair weather, colder in Eastern portion, slightly rising temperature in the western portion and light to fresh northerly winds, becoming variable.

Exports Foreign.

The exports foreign to-day foot up 123,144 feet lumber and 25,000 shingles, valued at \$1,868,47, shipped by Messrs. S. & W. H. Northrop on Brig Mary E. Dana for Hayti; and 10,079 feet of lumber, 15,000 bricks and 46 packages merchandise, valued at \$628, shipped by Messrs. W. & A. Leaman, on same vessel.

You will find at Heinsberger's an elegant assortment, just received, of fine wire masks for ladies and gentlemen and some other articles needed for masquerade balls.

Soldiers to Have Free Clothing.

The State troops are to receive better treatment in the future. Each member of the State Guard is to be furnished with an overcoat, at the expense of the Government, as an opening wedge, and the members of the Wilmington Light Infantry are to have their measures taken for the overcoats next week. Next year, the entire State Guard will be uniformed and equipped at the expense of the Government.

Muggs' Landing.

There was a good sized audience present at the Opera House last night to witness the laughable comedy of "Muggs' Landing," as presented by the Bishop Comedy Co. The entertainment is pronounced by many to have been one of the very best we have had here this season. Miss Carlotta was charming in everything and especially in her singing and dancing specialties; McDowell was an ideal "Asa Beck" and Mason, Chipman, Bishop and the others helped to capture the house. It was a good performance and "Little Muggs" can come again.

City Court.

Monroe Byrd was charged with selling liquor on Sunday. Case continued until Saturday.

Geo. Murray, same offense. Continued to Saturday.

Cornelius Wright, Abraham Watson, Ephraim Hurst, George Brown, Robert Banks, Levy Lane, Leary Davis and Joel Johnson, all colored, arrested on suspicion of being concerned in the outrage on little Swift Boatwright. Case continued until to-morrow.

Amos Washington, disorderly conduct, \$10 or 20 days.

C. C. Cox, a tramp, was ordered escorted to the city limits and told to leave.

To Lay the Corner-Stone.

We learn from the Raleigh News and Observer that the date for laying the corner-stone of the Teachers' Assembly Building at Morehead City has been changed from April 2nd to May 1st. The change is made because it is generally cold on the coast about Easter time, and it is desirable that the weather should be in every way pleasant for the occasion.

The corner-stone will be laid by Mr. Chas. H. Robinson, of this city. Grand Master of Masons, with his associate officers, and it is expected that he will have a fine Escort of Honor of Knights Templars, and the Governor's Guard of Raleigh. There will be in attendance the young ladies of several female schools along the route, and also the Davis Cadets with their brass band, of LaGrange.

Didn't Serve the Warrant.

There is a right good joke on Mayor Fowler and he tells it himself. He is very desirous of seeing the mystery relative to the murdered infant found in the streets cleared up and with this end in view took upon himself a little detective work. Hearing that a colored woman had removed here from a neighboring county and had been expected to give birth to a child at about the same time that the dead body was found, and that she was then located in a house not far from the spot where the body was found, His Honor issued a warrant for the woman's arrest and undertook to serve it himself, his object being to satisfy himself, before serving the warrant, that he was on the right track. So he went to the house, knocked, was admitted and asked if a certain woman lived there and was answered in the affirmative. He then asked if the woman had not recently given birth to a child and again, to his surprise this time, received the same reply. He then, approaching the last step in his detective researches, enquired what became of the child. "There it is" was replied, and looking into the corner he saw a cradle and in the cradle was a bouncing baby that just then set up such a howl that His Honor was compelled to beat a most glorious retreat. The warrant has not yet been served.

The usual weekly prayer meeting and lecture for Grace Methodist Church will be dispensed with to-morrow (Wednesday) evening to give an opportunity to the congregation to participate in the Sunday school mass meeting at the First Baptist Church.

The "Busy Bees," a society formed from among the children of St. John's Sunday School, will forward on Thursday, to the Thompson Orphanage, at Charlotte, a handsome organ, recently purchased by them for that institution. The organ was purchased from Heinsberger's and has been tested and pronounced an excellent instrument.

Railroad Rally.

There will be a grand rally to-night in behalf of the railroad subscriptions. Citizens of the different wards will meet in mass meeting at 8 o'clock in front of the City Hall; or if the weather is unpleasant, in the Opera House. Col. A. M. Waddell, Col. Roger Moore, and Mr. J. H. Currie are expected to speak.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

New Cure for Rheumatism.

Mr. Samuel Musgrove, of Brunswick county, was in the city to-day and was telling of some wonderful experience he has had of late. In 24 years, he tells us, he has been afflicted with rheumatism and was at last cured by taking some kind of a gum (he told us but we have forgotten) steeped in whiskey. Don't everybody go to work now and get the rheumatism so as to have a pull at this newly discovered remedy.

School shoes for children, best in the city, at Geo. R. French & Sons.

Eques-Curriculum.

We were pleased to receive a visit to-day from Mr. J. Louis Ford, an old acquaintance whom we have not seen in a number of years. Mr. Ford is General Agent for Professor Bristol's Eques-Curriculum, which will exhibit at the Opera House in this city on Thursday, Friday and Saturday of next week with a matinee on Saturday afternoon. There are 22 animals in all and the show is a first class one in every respect, and we are sure will draw large houses here.

Children's Knee Pants from 5 to 14 years old for 50 Cents, Worth \$1.

I. Shrier, at No. 16 North Front street, will sell on Thursday only, March 1st, knee pants for children from 5 to 14 years old, for 50 cents, worth \$1. Also, children's suits for \$2.50 worth \$4. We have a full line of the Rough and Tumble suit for boys which are now acknowledged to be the best suit on the market. The basis of these suits is guaranteed strictly wool, free from shoddy or cotton and will not fade. The seams being double sewed will not rip; the pockets are made from the best duck canvass, will not tear and the buttons fastened on by the new patent process and will not come off. These suits only can be had of I. Shrier, the old reliable clothier, No. 16 North Front street, Purcell House, sign of the golden arm.

They Caught the Birds.

The police have arrested in all nine colored boys, suspected of being implicated in the outrage on young Swift Boatwright yesterday noon. Eight of these were hauled up before the Mayor this morning, when the case was continued until to-morrow. Since the adjournment Officer Turlington has taken in an other out of the damp, one William Gilyard. This latter has confessed to having been one of the gang and has implicated two others, Abraham Watson and Ephraim Hurst. Col. Hall seems to think that he has surely got the right birds this time, and we believe that he has.

All of those arrested are boys, ranging in age from 12 to 18 years, and are of what is known as the "coal gang." They go about with bags slung over their shoulders, picking up here and there bits of coal, sifting the ashes thrown out from unconsumed articles and stealing it whenever they can get a chance.

The arrest of these rogues is a little piece of detective work which reflects a great deal of credit on the police force. Now let them get in some more good work and clear up the mystery of the murdered baby found on the street recently. We heard Mayor Fowler say this morning that he would be willing to give \$25 out of his own pocket to have it cleared up.
