DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE
 A STRICTLY VEGETABLE
 PAINLESS FAMILY MEDICINE.
 J. B. SEILER & CO.
 PHILADELPHIA
 Price, ONE Dollar

The majority of the ills of the human body arise from a diseased Liver. Stimulant Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any other agency on earth. SEE THAT YOU GET THE GENUINE.

Mrs. Sally Summers, of Jones county, Ga., has 365 grandchildren, 142 great grandchildren and 42 great great grandchildren. Her husband is a local Methodist preacher.

George R. Sims, the author of "Oster Joe" and "Harbor Lights" is just 51 years of age. He makes upwards of \$20,000 a year by his pen, and was unheard of ten years ago.

United States Minister Curry employs his leisure time at Madrid in writing a work on the different constitutions by which Spain has been governed since the establishment of the Parliamentary regime.

A man at Orlando, Fla., employs two tame sandhill cranes instead of watch dogs. They are more serviceable in warning him against tramps or burglars. They utter a shrill note at the approach of any stranger.

Oliver Optic, otherwise Mr. Adams, has written one hundred and fifteen books, all but seven being for boys. He was thirty-five years old before he found out his peculiar vocation. He now does his composing with a type-writer.

Henry Huckins, of Nebraska City, Neb., in a fit of passion several years ago made a vow that he would never speak to his wife again, and, altho' she lives in the same house with her and has seen her every day since, he has kept his word.

Dominic McCaffray, the pugilist, left home nearly a month ago and went to Europe, assuming the name of C. H. Morris. This movement was kept secret, his object being to challenge Jim Smith or Jake Kilrain, under cover of "an unknown."

M. Pasteur's scheme for the extermination of rabbits has been successfully used on the property of Mme Comumery, near Rheims, France. Heaps of hay were dampened with a mixture containing the microbes of chicken cholera and were placed near the burrows. Nineteen rabbits were found dead next day, and later in the burrows were laid bare and scores of rabbits were found dead.

Prince Chun, Prime Minister of China, has summoned Dr. Manson from Hong Kong to act as his medical adviser. The Prince's Chinese medical attendant was treating his patient with otter's liver, procured from Nankin. This is believed to be the first occasion on which a foreign physician has attended a member of the Chinese imperial house.

Prince Henry of Prussia, the crown Prince's second son, smokes a pipe in the English fashion, and smokes it morning, noon and night. He could meet him when he was at an Remo strolling about after breakfast with a well-colored English short clay or cutty. In the afternoon he made just this sacrifice in fashion—he changed the clay for a briar-root.

Twelve shad boats, with their crews, which were engaged in fishing a short distance above the city, have been forced to take up their nets and return to the city, as a consequence of the big freshet now running in the Cape Fear.

Of the McIntyre and Heath Minstrels, which have the boards of the Opera House to-night, the *Charlotte Hornet*, commenting on their entertainment in that city this week, says: "These Minstrels have come and gone. Big things were expected of them. These expectations were more than realized. Troupes, as well as individuals, have their friends, who claim them to be the best. But if McIntyre and Heath has a superior, this scribe has never seen it. They had a good house. They deserve it. And if they ever come this way again, they will receive a rousing crowd."

Sudden Death.
 Mrs. Mary Farrow died very suddenly this morning at Masonboro Sound. She was apparently well and hearty when she arose but at 7 a. m. she was taken sick and died at 7:30. Death is thought to have resulted from apoplexy. She was 75 years old and was a lady highly esteemed and beloved by all within the circle of her acquaintance.

The Big Freshet.
 The muddy waters of the interior are now rushing madly down to the sea. The banks in many places are overflowing but as there are no crops in the ground no great damage will result. In fact there will be some benefits. The Bladen county lands, said to be about the best in the State, will be left covered with a splendid fertilizer for this year's crops.

A Waif.
 A vigorous boy baby, perfectly nude and evidently recently born, was found at about 6:30 o'clock this morning on the piazza of the house occupied by Diamond Council on Seventh street between Orange and Ann. When found he was lying in a cheap split-oak basket and was asleep. Council had no idea of adopting him so took him down to the Court House and surrendered him to a joint committee consisting of the Deputy Sheriff, the Superior Court Clerk and the County Clerk.

Oak Grove Cemetery.
 From Capt. F. M. James we learn that there were 11 interments in Oak Grove Cemetery last month. Of these number 7 were adults and 4 were children. Of the 11 but 2 were white.

Arrested.
 J. L. Wigman, a printer in the *Messenger* office, who hails from Richmond, Va., was arrested this morning by Col. Hall, Chief of Police, in response to a requisition from Mr. John Poe, Jr., Chief of Police in Richmond. He is charged with embezzling the funds of a trade organization in Richmond and with forgery. He gave bond in the sum of \$50 and an officer will arrive here from Richmond to take him to that city.

The Sixth Congressional District.
 The Democratic Executive Committee of the Sixth Congressional District are requested to meet in Wadesboro on Wednesday, the 8th inst. This meeting has been agreed upon by a majority of the members composing the committee, which is at present constituted as follows: James A. Lockhart, of Anson; G. M. McKeithan, of Brunswick; Dr. R. S. Young, of Cabarrus; E. K. P. Osborne, of Mecklenburg; J. I. Maeks, of New Hanover; Walter H. Neal, of Richmond; N. O. McLean, of Robeson; S. J. Pemberton, of Stanly, and H. B. Adams, of Union. Columbus has no one on the committee at present. The vacancy was caused by the death of Mr. S. E. McDaniel.

Police Arrests in February.
 During the month of February there were collected and paid into the City Treasury fines to the amount of \$324.05, and pound fees \$13.70, a total of \$337.75.

During the same month there were 161 arrests—74 white and 87 colored. One hundred and thirty-nine were males and twenty-two females. There were seven arrests for larceny, fifty-seven for disorderly conduct, five for vagrancy, six for being drunk and disorderly, five for resisting officers, four for fast driving, eight for being drunk and down, four for selling liquor on Sunday, six for gambling, three for enticing seamen to desert, five for desertion from vessels in port and the rest for various other causes.

A Shell Road is Preferable.
 Ex-Mayor Fishplate, who leaves here to-night for New York, will take advantage of the opportunity and will visit Washington City for the purpose of urging the necessity for an appropriation for the construction of a road from Fourth street to the National Cemetery. The idea now seems to be that if this road is constructed it will be macadamized, but we think this is a mistaken idea. As well as we can ascertain a hard shell roadway can be built, and perhaps maintained, for less than the cost of a macadamized road. There is no better road in the world than a well-constructed shell road and it is easily kept up. Once constructed there are enough shells thrown out by the oyster houses in this city to keep it in perpetual repair.

More Light.
 The most essential thing to a buyer of clothing is plenty of light, so that he may see what he is buying. The immense stores of S. H. Fishplate are the best lighted, by day or night, of any in the city. He keeps that class of goods that stand inspection with plenty of light. No Cheap John, shoddy, or moth-eaten goods in his establishment to palm off on the public. As regards Mr. Fishplate's prices and the quality of his goods, he guarantees to give you perfect satisfaction or cheerfully refund you your money. That is the kind of a house to trade with and we advise all of our readers in want of Custom or Ready Made Tailor Made Clothing or Furnishing Goods to patronize him and you will never regret it.

City Court.
 Daniel Biggs, charged with burglary, was ordered committed for trial at the next term of the Criminal Court.
 Mag Branch, charged with larceny and receiving stolen goods, was placed under bond of \$100 for her appearance at Court.
 Ed. Artis, arrested on suspicion. Case dismissed.
 Mary Hammer, suspicion. Case dismissed.

Historic Ground.
 The grounds now being made vacant as a site for the new Federal building, corner Front and Chestnut streets, are historic. It was on this spot that a grand barbecue and supper was given by the people of Wilmington in the year 1815 (probably just about this time of the year) in celebration of two great events—the ratification of peace between the United States and Great Britain, at the Treaty of Ghent, and General Jackson's glorious victory at the Battle of New Orleans, news of both of which important events had then just been received here.

The town was illuminated on that occasion and there was a general turnout of the citizens. Among the articles prepared for the supper was an ox, roasted whole.

The Biblical Recorder.
 The *Biblical Recorder*, the organ of the Baptist denomination in North Carolina, is an uncommonly vital and vigorous paper. Besides its special work of fostering and building up the interests of its church people, and always containing something excellent for the edification and benefit of Baptists, it has recently acquired a special general value by the introduction of a weekly essay or treatise on some popular current subject, always totally leaving out politics.

These articles are either the work of the editor or are contributed by the most learned, able and widely known writers in this and other States, and are as forceful, discursive and interesting as the articles that appear in the leading magazines of the day.

Altogether it is a happy combination of an excellent denominational and family paper and general magazine. It fosters thought and encourages home literature. No Baptist can well afford to be without the *Recorder*, and it would prove of much general value to all others.

The Fire in Brunswick.
 We spoke briefly yesterday of the loss by fire at Judge Russell's place in Brunswick county. Further particulars place the loss at about \$4,000 in all but we are glad to know that the stock was not burned, as the first report indicated. We clip the following from this morning's *Star*:

Judge Russell's "Winnebaw" farm on Town Creek in Brunswick county, was the scene of a fearful fire last Thursday evening. The fire broke out about 8 o'clock in a large barn which contained one thousand bushels of corn and four hundred bushels of peanuts. This barn, and another, containing a large quantity of forage, and the horse stables, were all consumed by the flames in a few minutes. The horses and mules were all taken out and none of the lives of the livestock was lost. Through the determined efforts of the people on the place, and with the assistance of the neighbors, the other barns, the gin-house with valuable machinery, the grist mill and engine and all other buildings were saved. The loss is estimated at \$4,000, upon which there is no insurance. It is thought by some that the fire was caused by an incendiary; but Mr. Johnson, the superintendent of the farm, is of the opinion that it was of accidental origin. A policy of insurance of some eight hundred dollars on one of the barns burned expired only a few days ago.

Children's Suits for \$2.50, worth \$4.
 I. Shrier, at No. 16 Front street will sell, on Saturday only, Children's Suits, from 5 to 12 years of age, the Rough and Tumble suit for boys which are now acknowledged to be the best suit on the market. The fabric of these is guaranteed strictly wool, free from shoddy or cotton and will not fade. The seams being double sewed will not rip; the pockets are made from the best duck canvas, will not tear and the buttons fastened on by the new patent process and will not come off. These suits only can be had at a very low price of I. Shrier, the old reliable clothier, No. 16 North Front street, Purcell House, sign of the golden arm.

Rock Crystal Spectacles and Eyeglasses.
 Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eyes in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Personal.
 Ex-Mayor Fishplate leaves to-night for the Northern markets.
 Mr. A. G. Ricard returned to the city last night from New York.
 Mr. M. M. Katz will leave here to-night for New York for the purchase of new goods.
 Mr. Hugh Waddell, of Washington City, is here on a visit to his brother, Hon. A. M. Waddell.
 Mrs. John Taylor will leave to-night for the Northern markets for the purchase of new spring goods.

School Books and School Stationery you can buy cheapest at Heinsberger's.

Advice to Mothers.
 MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle.
