# THE DAILY REVIEW

VOL. XII. WILMINGTON, N. C., TUESDAY, MARCH 6 1888. NO 55.

**The Wilmington Savings and Trust Company** has begun operation temporarily in an office on Market street near Third, and next to Dr. W. E. Storm's office. They are receiving deposits and seem to have begun well. They will "branch out" as soon as they get installed into their new offices on Princess street, in the building to be erected by Mr. Andrew Smith.

**Board of Education.**  
The Board of Education met in monthly session at the City Court House yesterday. The treasurer submitted his monthly report accompanied with his books and vouchers. They were found correct and the vouchers were cancelled in the presence of the Board. The Treasurer then exhibited the certificate of the cashier of the First National Bank of this city, showing a balance on hand to the credit of the general school fund amounting to \$16,516.02.

**The Light Infantry.**  
It is gratifying to note that there was never at any time in its history more life and vigor in that veteran organization, the Wilmington Light Infantry, than there is to-day. It has been the pride and boast of our people is days gone by, as it is of those of today, and we trust that its glory and its usefulness may extend far into future ages.

A very enthusiastic meeting of the company was held last night at their Armory. There were about fifty members present who came forward and deposited the amounts required to secure their new uniforms, which will be furnished by the M. C. County Register Sampson's report shows receipts of \$13.50 for marriage licenses.

**Board of Aldermen**  
The Board of Aldermen met in regular session at the City Hall last night.

Committee on Streets and Wharves reported progress in various matters under consideration. A communication from the Board of Audit and Finance in relation to the ordinance concerning the police force was received and concurred in; provided, that no substitute be paid for by the city. No action was taken. Certificates of the registrars and poll-holders of the recent election on the railroad subscriptions were received and read.

The following resolution, offered by Alderman Ricaut, was adopted:

WHEREAS, At an election held in this city on Thursday, the 1st day of March, 1888, in pursuance of an application of the W. O. & E. C. R. Co., and a petition of one-fifth of the qualified voters of the city, and under an ordinance of the Mayor and Board of Aldermen of this city, on the question of a subscription of one hundred thousand dollars to the capital stock of the said railroad company by this city; it is ascertained and hereby declared that at said election there were cast for subscription 1833 votes, and the registration lists show an aggregate of 2962 votes in this city; therefore be it

Resolved, That the proposition has been adopted by a majority of the registered voters of this city.  
Resolved, That the Mayor of the city be and is hereby directed and the chairman of the Board of Audit and Finance of the city be and is hereby requested, to execute the bonds heretofore lithographed for delivery to the said railroad company and that the Finance Committee of this Board be and are hereby authorized and empowered to confer with the proper authorities of the W. O. & E. C. R. Co., to the end that the conditions, terms and stipulations contained in the letter of application of said company to this Board shall be carried out.

Alderman Ricaut also offered the following, which was adopted:  
WHEREAS, The qualified voters of the city of Wilmington did at the election held in said city, on the first day of March, 1888, by a majority of 445 of the duly qualified voters of said city, vote for a subscription to the capital stock of the Cape Fear & Yadkin Valley R. R. Co., in the sum of \$150,000; therefore,  
Resolved, That the Finance Committee of the Board of Aldermen be instructed to confer with the Board of Audit and Finance and the proper authorities of said railroad company, and to arrange the details, terms and conditions, and all other preliminaries to such subscription, with full power to act, and when such terms are arranged and agreed on that the Mayor be instructed to make the subscription aforesaid in the name of the city.

A resolution offered by Alderman Price was adopted, instructing the committee on streets to confer with property owners on Fifth street whose fences and buildings encroach on the streets and ascertain the cost of removal of the same and the manner in which the removal shall be made, and report to the Board.

Alderman Rice reported the bad condition of Queen street between Front and Surry and hoped the committee on streets would investigate the matter.

Petition of citizens for the erection of a bridge on Fifth street over the railroad cut, was referred to the Committee on Streets and Wharves. It was moved by Alderman Pear that Mr. Cutler, city attorney, be employed to assist in the prosecution of the boys who assaulted Master Swift Boatwright.

Petition from the Standard Oil Company for permission to enlarge their warehouse was granted.

Application of the "Love and Charity" association, for the use of the City Hall on the 26th of March, with permission to use a drum, was referred to the Mayor.

Permission was granted for the erection of frame dwellings to Mrs. L. G. Campbell and J. H. Davis.

The reports of the Chief of Fire Department and Superintendent of Health were received and ordered on file, and on motion the Board adjourned.

Peculiar in medicinal merit and wonderful cures—Hood's Sarsaparilla. Now is the time to take it, for now it will do the most good.

The production of colored babies seems to grow apace in this town. Laura Godfrey, who lives on Castle between Second and Third streets, found one on her stoop last night about 9 o'clock. It was turned over to the police and by them taken to the City Hall.

Finest shoes for ladies wear in the city at French & Sons.

Everybody knows that salt making, by boiling and evaporating salt water, was a great industry on the coast hereabouts during the war. An old salt pan, one of the relics of this feature of the late unpleasantness, is now lying in the vacant lot on North Front street, in rear of the ruins of Oldham's mills. Such things have become relics.

**The Ice Factory.**  
We dropped in this morning at Messrs. W. E. Worth & Co's ice factory and found that many veritable changes and improvements had been made there of late. The factory was first opened for business in 1885, but three years ago, and yet today its facilities are five times as great as they were then. It is probable that this increased production will be put to the test this Summer. Among other recent improvements are two steel boilers, five-eighths of an inch thick, one of which is welded, and so closely that it is difficult to tell where the parts were put, together.

**The Lutheran Sunday School.**  
At an election of officers for St. Paul's E. L. Sunday School, held last Sunday, the following were chosen to serve for the ensuing year: Superintendent—W. H. Strauss. Asst. do.—C. W. Polvogt. Secretary—E. Schulken. Treasurer—Luhr Vollers. Librarian—Fred. Bissinger. Asst. do.—Chas. Hutaff. Organist—Miss Minnie Schwartz. Asst. do.—Miss Augusta Lessman. The Sunday School is in a very flourishing condition and numbers now about 175 in all, officers, teachers and scholars. It has recently purchased a new library which is now issued regularly to members of the school.

To Charleston via Wadesboro.  
All of the mail and passenger trains on the W. C. & A. road went out last night on the C. C. R. R., running to Wadesboro and thence to Florence. The vestibuled train passed up this morning. The trains were all run by telegraph and the operators along the line of the road between this city and Wadesboro were kept up all night. Everything worked smoothly. It is probable that the trains to-night will branch off at Hamlet, taking the Palmetto R. R. as far as Cheraw, but this had not been fully decided upon at noon. The force of bridge builders is hard at work and the delay will be a short one. Mr. Kenly, the Superintendent of Transportation, thinks that the trains will cross the new structure on Thursday night.

**Personal.**  
Mr. Johnny Price, a son of the late A. L. Price, is in the city on a brief visit. He is representing a large manufacturing house in Richmond. Mr. Brook Empie, has returned from a brief visit to New York.

We were pleased to receive a visit to-day from Hon. Geo. D. Eldridge, Secretary and General Manager of the National Life and Maturity Association of Washington, D. C. This is Mr. Eldridge's first visit to Wilmington and we hope that he may be so well pleased with our city and its people that he will be induced to come again and make many acquaintances here.

We are very glad to learn that Col. L. C. Jones, Superintendent of the Carolina Central Railroad, who has been sick at his home in Jonesboro for several months, has so far recovered that he is again pronounced ready for duty. He is expected here to-morrow morning and his return will be gladly welcomed.

**More Light.**  
The most essential thing to a buyer of clothing is plenty of light, so so that he may see what he is buying. The immense stores of S. H. Fishplate are the best lighted, by day or night, of any in the city. He keeps that class of goods that stand inspection with plenty of light. No Cheap John, shoddy, or moth-eaten goods in his establishment to palm off on the public. As regards Mr. Fishplate's prices and the quality of his goods, he guarantees to give you perfect satisfaction or cheerfully refund your money. That is the kind of a house to trade with and we advise all of our readers in want of Custom or Ready Made Tailor Made Clothing or Furnishing Goods to patronize him and you will never regret it.

These suits only can be had at a very low price of I. Shrier, the old reliable clothier, No. 16 North Front street, Parrell House, sign of the golden arm.

**Rock Crystal Spectacles and Eyeglasses.**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

**DIED.**

WASHINGTON, D. C., Feb. 27th, 1888.  
Mr. GEORGE D. ELDRIDGE, Sec'y.  
National Life and Maturity Association,  
Washington, D. C.  
Dear Sir—In acknowledging receipt of one Thousand Dollars this day paid me, being full amount of Policy in your Company on the life of my late husband, Col. Ellery C. Ford of this city, allow me to thank you and the Company for the promptness displayed in the settlement. Col. Ford died on January 31st, 1888, and proofs of loss were furnished your company on February 23rd. Under date of February 25th, I received from your check with money my order, and I have this day received the amount, as stated above, being in full, without discount, although the terms of the Policy gave you ninety days in which to make payment. Such promptness must commend itself to every one and can but add to the confidence felt by the public in your institution.  
Respectfully,  
JUNIA A. FORD.

WASHINGTON, D. C., Feb. 2nd, 1888.  
Dear Sir—The management of the National Life and Maturity Association of this city is, to my personal knowledge, in the hands of as good business men as there are in any city in the country, men whose names, with those who know them, are the synonym of integrity, business capacity and intelligence, and you can rest assured that they are not men who would allow their names to be thus used, unless they had personal knowledge and supervision of the management of the business. Any company with which they connect their names is worthy of confidence, and patronage, and this fact alone would convince me of the soundness of the National Life and Maturity even if I had not other facts to justify my confidence in it. Very truly yours,  
W. P. CANADAY.

VERSAILLES, KY., August 1887.  
Mr. W. H. Gibson represents as Special Agent the National Life and Maturity Association of Washington, D. C. I am acquainted with the directors of this Association. They are gentlemen of the highest commercial standing, and I take pleasure in saying that they are gentlemen of integrity, business capacity, and good financial standing.  
Very truly yours,  
J. G. CARLISLE.

AND SEE WHAT SENATOR VANCE SAYS: U. S. SENATE. WASHINGTON, D. C., March 2, 1888.  
Dear Sir—An intimate personal acquaintance with several members of the Board of Directors of the National Life and Maturity Association of Washington, D. C., together with a knowledge by reputation of the high business standing and character of the remaining members of the Board, enable me to say that any business enterprise managed by them will be conducted with integrity, intelligence and business sagacity. In my opinion no company could be better qualified to the confidence and the patronage of the public than such a company.  
Very respectfully yours,  
Z. B. VANCE.
