SIMMONS' LIVER REGULATOR

TORPID LIVER
Is known by these marked peculiarities:
A feeling of weariness and pain in the back, head, and limbs, bad taste in the mouth, and a general languor, with occasional attacks of dizziness, in the front of the head; constipation, flatulency, and yellowness of the skin; indigestion, loss of appetite, and a feeling of fullness in the stomach and bowels; depression of spirits, and great melancholy, with lassitude and a disposition to give up everything for to-morrow.
A natural flow of bile from the Liver is essential to good health. When this is obstructed, the results are:
BILIOUSNESS,
which, if neglected, soon leads to serious ailments. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to its normal working order, regulates the secretions of bile and puts the digestive organs in such condition that they can do their work. After taking this medicine no more work. After taking this medicine no more work. After taking this medicine no more work.

Krenholm, in Russia, has the largest cotton factory in the world. It contains 340,000 spindles and 22,000 looms. It gives employment to 7,000 hands.

Three Russian women, graduates of medicine, have established a hospital for the diseases of women at Koschau, Persia. Their experiment has proved completely successful. They are reported to have been consulted by 15,000 patients in the last ten months.

Robert Bonner has made another handsome present to his sons jointly. He has given them a square of land on Fifth avenue, New York city, valued at a million and a quarter of dollars. It is the ultimate intention to use the land for the erection of a building for charitable purposes.

Harry Lacey, who is acting at Pittsburg in "The Still Alarm," is said to be the legitimate son of John Wilkes Booth, the assassin of President Lincoln. The mother was a Baltimore lady, and she died shortly after her son's birth. Booth kept the secret even from his own family, but provided for the boy's support and education until his death.

Senator Morrill, the patriarch of congress, passed thirty-four of his seventy-five years in the Senate. He may be called the father of protection, for his noted bill, known as the Morrill tariff bill, dates back to 1861. He is celebrated for his well rounded sentences, and is an excellent conversationalist. His old age is hale and vigorous.

Worth, the French milliner, lives in the suburbs of Paris in a palace that covers several acres and is gorgeously furnished. Once a year it is thrown open to his employees and the fête lasts a day and a night. On this day each of the women employed by Worth is permitted to select a dress from his stock, and it is made up according to her directions.

In 1877 Hermann Harnes, who lives near Winona, Minn., became very sleepy, went to bed and did not wake until 1882, sleeping soundly most of the time. Then he awoke and worked on his farm for four or five months. One day he fell asleep and dropped to the floor. He was laid in bed and has not been out of since. He sleeps soundly all day, and about 9:30 in the evening sits up, takes a little nourishment and goes to sleep.

The late Samuel Morrison, of Indianapolis, who died recently on his fortieth birthday, was very proud of being the author of the plan of a map by which Vicksburg was taken. He was a surveyor and, being familiar with the city, sent to Gen. Grant a fine map of the surrounding country early in the campaign. General Grant acknowledged the receipt of the map in a letter, of which Mr. Morrison was very proud.

Foul Chimneys.
There were two fire alarms this morning, one about 10 minutes past 8 o'clock, and the other at about 9 o'clock. Both were caused by the burning of foul chimneys; one at the corner of Chestnut and Fifth and the other at the corner of Chestnut and Water streets. No damage in either instance.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Boxed the Compass.
The high winds which prevailed here all day yesterday fell as the sun set last evening, and for a while it was almost a dead calm. It hauled around first to the West, then to the Southwest, then South, then East and by morning it had got back to Northwest, from whence it started. To-day it is very bright and bitterly cold.

The People for Stedman

The following card comes to us in the shape of a communication. It was written and handed in by one of the largest wholesale dealers in this city. It speaks for itself:

To the Editor of the Review:—In common with the Democrats, not only in this city but of this entire Cape Fear section, I desire to thank you for your article endorsing Lt. Governor Stedman for the nomination for Governor. I have just returned from a business trip through our neighboring counties and I find that the Cape Fear spirit is everywhere thoroughly aroused. Where I have been everybody is for Stedman and the DAILY REVIEW's course in nominating him is warmly applauded and endorsed. I predict for him the unanimous support of the entire Cape Fear country in convention.
DEMOCRAT.

A Sketch of Rev. Mr. Pearson.

Rev. R. G. Pearson was born in Starkville, Miss., and is therefore a Southern man by birth and also in principle. He received a full collegiate education at the Cooper Institute in Mississippi, and from there he went to the Cumberland University at Lebanon, Tenn., where he graduated in the theological department in 1876. He then returned to Mississippi, and, as his first pastorate, took charge of the Cumberland Presbyterian church at Tupelo, in that State. He retained the pastorate of this church for two years and during that time erected a handsome church edifice and added many to his congregation.

He was then called as pastor to the Cumberland Presbyterian church at Columbia, Tenn., and during a period of two years that he remained there he held a number of revivals at which many were converted.

He was called to the Cumberland Presbyterian church, of Nashville, Tenn., as assistant pastor to the Rev. A. J. Baird, with the understanding that one-half of his time should be devoted to evangelistic work. After one year of harmonious and satisfactory service in this capacity Mr. Pearson decided to devote himself to evangelistic work entirely, and for the past six years has devoted himself constantly to that work. At first his meetings were "denominational," but his labors were so blessed that he received repeated invitations from churches of all denominations to hold "union" meetings, which induced him to conduct "non-denominational" meetings. During the time he has been engaged in this work he has labored in the following States: Tennessee, Kentucky, Indiana, Illinois, Missouri, Colorado, Texas, Mississippi and Alabama, and in the cities of Nashville, Evansville, St. Louis, Dallas, Memphis, Vicksburg, Raleigh and Newbern.

In 1878 Mr. Pearson married Miss Bowen, of Oxford, Miss., who was then a teacher in the Union Female College, from which institution she had previously graduated. Since her marriage she has been a faithful and efficient helpmeet to Mr. Pearson, aiding him in his great work in a quiet, womanly but effective manner that has gained her the love and admiration of all who know her.

His manner in preaching is entirely free from all the claptrap and trickery sometimes resorted to by evangelists. He preaches the Gospel in a plain, but forcible and eloquent style, as all who have attended his meetings can testify, and he seems to imbue his hearers with a portion of his own great earnestness in the work he is doing.

Two years since he was offered the pastorate of Cumberland Presbyterian church of Louisville, Ky., but being deeply impressed with the conviction that he was called of God to do the work of an evangelist, he declined the offer.

While he is a Cumberland Presbyterian himself, and believes in maintaining church organization, he feels that his work is that of a "general evangelist," and he wishes those who may be converted through his instrumentality to join any church that their conscience dictates.

THE MEMORIAL EXERCISES

In View of Kaiser Wilhelm's Death and Burial.

The committee having matters in charge for the memorial exercises to be held, in view of the German Emperor's death and burial, met at the residence of Rev. F. W. E. Peschan, on Monday night, to complete their work as far as possible.

The committee decided to have the memorial exercises take place in the Opera House, at 8 p. m., on Thursday, March 15th, as that is the day on which the Emperor will be buried.

The members of the committee were much gratified at the kind offers made them by Capt. Pennypacker, and by Capt. Daniels, of the Light Infantry, and are glad to be able to announce that the Light Infantry will turn out in uniform and thus help to honor the greatest military monarch of the 19th century.

As the now dead Emperor and also the living new Emperor are both Masons, it is desired by the committee that the various Masonic Lodges of the city grace the occasion by their presence.

It was the unanimous wish of the committee that Hon. Eduard Peschau, the German Imperial Consul, be present, and so a committee of honor was sent to wait upon him and request his presence.

Col. F. W. Kerchner was chosen Marshal of the day and will preside at the meeting on Thursday night. The last meeting of the committee will be held at 8 o'clock to-night, at the Lutheran parsonage, to make the final arrangements, and it is desired that all the members be present.

City Court.

G. F. Bordin, charged with committing a nuisance, was fined \$10.
H. L. Lynder, for fast driving, was fined \$10.

Sanford Smith and Thomas Dudley were charged with the larceny of shoes and the case against them was dismissed but new evidence having been discovered they were rearrested.

Charles Carroll, James McCann and John Richards, all white tramps were ordered escorted to the city limits.

Supreme Court.

In this Court on Monday appeals from this district were disposed of as follows:

Koonce vs. Sanders, from Onslow; case compromised and appeal dismissed.
Cumming vs. Barber, from New Hanover; argued by D. L. Russell for plaintiff, and T. W. Strange and Strong, Gray & Stamps for defendant.

Simon vs. Manning, from New Hanover; argued by J. D. Bellamy, Jr., for plaintiff and T. W. Strange for defendant.
McDaniel vs. Allen, from Jones; argued by S. W. Isler for plaintiff. No counsel contra.

C. F. & Y. V. Preliminary Survey.

Yesterday's Fayetteville Journal says: Mr. H. L. Fry, a civil engineer in the employ of the Cape Fear & Yadkin Valley Railway Company, has been engaged in a preliminary survey on the east side of the Cape Fear river, for the last few days. The purpose is to select the most feasible location for the bridge across the river, and to select the line of the road for a few miles out. The line will go by Idaho, the elegant country seat of Messrs. J. & O. Evans, who do a large business at that point. We learn that a corps of surveyors will be put on the line between this city and Wilmington in a few days. A bill will soon be introduced in Congress, authorizing the construction of bridges across the Cape Fear, Black and North East rivers.

Jumped Out of the Window.

There was a little performance this morning before His Honor the Mayor which was not down on the bill for the regular matinee entertainment in the City Court Room. Two colored boys, Sanford Smith and Thos. Dudley, were charged with stealing shoes. The case against them was dismissed but before the defendants left the room fresh evidence was discovered directly incriminating them, and they were rearrested, whereupon one of them, Thos. Dudley, sprang from a window on the South side of the room and ran swiftly through the City Hall Park, out at the Opera House gate, which happened to be open, and so into the street. He was hardly on the ground, however, before Officer Turlington was after him. The boy led him a long chase, however, and finally managed to elude him in the suburbs.

Pender County Notes.

A friend at Burgaw sends us some interesting news from his locality. He says that the people of that section are depressed as a consequence of the cold wet weather we have had this month. Just at this time garden truck ought to be pushing its way well out of the ground but instead the Irish potatoes are rotting in the ground, and such vegetation as has put out is being cut down and withered by the cold. Early trucking in that section has had a serious set back this Spring. Strawberries are entirely cut off by the frost but the peach and apple crops promise to be good.

Rev. Dr. Pritchard, of this city, was in Burgaw on Monday and got caught there. He had intended returning to the city that night in time for services here but as the train was two hours late he concluded to preach instead at Burgaw.

Our correspondent does not appear to think very highly of the new jail at that place, which has been completed. He says that it cost the people \$5,000, whereas a frame building, to cost not more than \$1,500 \$2,000 would have answered every purpose required and been much more comfortable. He does not like the arrangement of the cells and says that the brick are poor and that the building is badly constructed.

The measles are prevailing all over Pender county but are of the same mild type as that which prevails here. With proper care and good nursing there need be no fatal cases unless some of the doctors die from overwork.

Our correspondent thanks us in very warm terms for having in behalf of the people of this section nominated Maj. Stedman for Governor and asserts that there is scarcely a man to be found in Pender county who does not favor his nomination. With Stedman as Governor, McClammy in Congress and a good crop year the people of Pender county will all feel prosperous and happy.

More Light.

The most essential thing to a buyer of clothing is plenty of light, so that he may see what he is buying. The immense stores of S. H. Fishplate are the best lighted, by day or night, of any in the city. He keeps that class of goods that stand inspection with plenty of light. No Cheap John, shoddy, or moth-eaten goods in his establishment to palm off on the public. As regards Mr. Fishplate's prices and the quality of his goods, he guarantees to give you perfect satisfaction or cheerfully refund you your money. That is the kind of a house to trade with and we advise all of our readers in want of Custom or Ready Made Tailor Made Clothing or Furnishing Goods to patronize him and you will never regret it.
