### CONSTIPATION

is called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous matter in the retention of decayed and effete matter in the stomach and bowels. It is caused by a Torpid Liver, not enough bile being excreted from the blood to produce Nature's own cathartic, and is generally accompanied with such results as—

**Loss of Appetite, Sick Headache, Bad Breath, etc.**

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only cleanse the system, but be a tonic as well, and not produce after its use greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost every remedy, I concluded to try it. I first took a single dose, and afterwards reduced the dose to a single dose, as per directions, after each meal. I found that it had done me so much good, that I had not experienced any difficulty. I keep it in my house and would not be without it, but have no use for it, it having cured me."—Geo. W. Sims, Asst. Clerk Superior Court, Bibb Co., Ga.

**Take only the Genuine,** which has on the wrapper the red Z Trade-mark and Signature of **J. H. ZEILIN & CO.**

John L. Sullivan, the Boston bruiser, has gone to drinking again. His confinement in a French prison was too great a strain upon his delicate sensibilities. He says that he will not go into the prize ring any more, but will hereafter confine himself to exhibitions in boxing.

The Philadelphia Ledger is responsible for the following statement: "Georgia negroes are flocking to the Ocala Swamp and daubing themselves with its mud, in the hope that it will turn them white. This movement had its origin in the fact that a negro who had wounded his leg and bandaged it with the mud of the swamp found, when his leg healed, that it had turned almost white."

At Macon, Ga., a few days ago, there was a meeting of Northern capitalists, at which a land and timber company was organized.—This company has purchased 20,000 to 30,000 acres of finely timbered land in Jasper and neighboring counties of Georgia, along the line of the Covington & Macon Road, which will be colonized by Northern and Western people, developed and made to yield a big revenue. Among those engaged in the enterprise are Messrs. C. H. Stone and J. Bayard Backus, capitalists, of New York, and Mrs. H. S. Gould, a wealthy lady, of the same city.

The announcement that the Richmond & Danville Railroad Company have determined to carry the general offices of that company back from Richmond to Washington meets with a great deal of opposition among Richmond business men. The commercial bodies of Richmond are talking of organizing a movement to throw much of the Southern business, now given to the Richmond & Danville Road, to the Atlantic Coast Line. It is estimated that at least \$150,000 worth of traffic can annually be diverted from the offending company's lines. It is understood that the Richmond & Danville propose to commence the work of moving their offices back to Washington immediately.

The colony of natives of Alsace-Lorraine and New York City have sent President Carnot, of France, a medallion as a testimonial of their regard. The medallion is of silver, a foot in diameter, and set in a frame of bronze. Two allegorical figures, representing the French Republic guarding Alsace-Lorraine, adorn the face of the medallion and the frame bears a scroll in silver, with the inscription: "The Alsace-Lorraine Colonists of New York, souvenir to President M. F. S. Carnot, 1887." A parchment, bound and inscribed with the name of all subscribers to the souvenir, accompanied the medallion.

50 dozen all wool flannel shirts, in all shades and colors, for men and boys, from 75 cents and upwards, at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop.

Since the convention of the Irish National League of America a year and a half ago, Father O'Reilly, the National Treasurer, has forwarded to Ireland over \$120,000.

The Boston Globe has given the world an unexampled instance of newspaper enterprise. For forty-eight hours during the great storm it was impossible to get any way of communication between Boston and New York. The Globe was determined to get news from New York, so it ordered dispatches sent by cable via London to Boston.

"Can't eat a thing." Hood's Sarsaparilla is a wonderful medicine for creating an appetite, regulating digestion, and giving strength.

The water stands in the gutters of the Belgian block pavement on South Water street, even in dry weather. There is evidently a defect somewhere in the construction which should be remedied at once, and before the warm weather comes.

**Rock Crystal Spectacles and Eyeglasses**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

**A Leaf From the Past.**  
About fifty years ago a pilot residing at Smithville by the name of Elijah Todd was alleged to have found a large quantity of money buried on Zeke's Island, the piece of barren land at New Inlet now connected with Federal Point by the big breakwater. Todd was known to have in his possession, and from time to time he exhibited and expended, a number of old English, French and Spanish coins. It was generally believed that the old man found this money on Zeke's Island and that it had been deposited there by some of the pirates who infested this coast in the old days.

**Audit and Finance.**  
The Board of Audit and Finance met yesterday evening in regular session. Present: Mr. R. J. Jones, Chairman, and Messrs. J. F. Madder, Wm. Calder and John W. Hewitt.

Bills were audited and approved as follows: Current expenses, \$134,64; Fourth street bridge, \$334,85; sinking fund, \$169,15; coupons, \$13,047,50; bonds \$300.

Two communications from the Board of Aldermen, in reference to the action taken by the Board in the matter of subscriptions to the Cape Fear & Yadkin Valley Railroad and the Wilmington, Onslow & East Carolina Railroad, were received and read, and after discussion a motion offered by Mr. Calder was adopted, that the communications be referred to the City Clerk with a request that he confer with the City Attorney, and with his aid, have printed for the two Boards, one hundred copies of the acts and amendments thereto authorizing subscriptions to the two railroads and all propositions connected therewith submitted to the Board of Aldermen and accepted by them, and all resolutions adopted by them in connection therewith.

Three bonds and 829 coupons, as above, were burned in the presence of the Board.

### Lippincott's Magazine.

The April number of Lippincott's Magazine has as a frontispiece a portrait of Amelie Rives, which presents her as a young girl of remarkable beauty, with refined and delicate features and an eager, rapt expression. The magazine opens with the long expected novel by this brilliant young genius, who has sprung so suddenly into fame through her poems and short stories, that magazine readers are marvelling whether she may not develop into the great novelist we have all been hoping for. After reading this remarkable novel one turns with renewed interest to the biographical sketch, "Some Days with Amelie Rives," which is contributed by an intimate friend. The fourth instalment of Judge Fourgee's serial, "With Gauge and Swallow," tells a remarkable story of sleep-walking under the sub-title of "The Letter and Spirit." Joel Benton puts in a plea for "The Endowment of Genius," and Thomas Leaming discusses "Western Investments for Eastern Capital." There are poems by Daniel L. Dawson and R. T. W. Duke, Jr. In "Our Monthly Gossip" a great deal of curious information is given in answer to queries, and the Prize Questions are continued with a fresh instalment of twenty. Book-Talk discusses Realism and Idealism and reviews current novels.

**The First Rice.**  
But few people who are fond of that very nutritious article of daily diet, rice, are aware of its origin in this country. Many naturally believe it to be indigenous to the Carolinas, from the fact that it grows so readily here, but such is not the case. It came originally from Africa. It was within a few years of the close of the seventeenth century that a brig from Madagascar, bound from England, which had been blown out of her course, anchored off Sullivan's Island, at the Charleston bar, and furnished Thomas Smith, a prominent colonist, with a bag of rough rice, accompanied by a description of its great nutritious qualities, its method of cultivation and its almost incredible increase. It has now become not only a staple article of food in the South but is grown largely for export. The South is the natural home of rice, notwithstanding the fact that it is not indigenous to the soil, as that raised in the Southern States is far superior to the article brought here from the Orient.

**The Cornet Club.**  
The Cornet Concert Club reorganized last night with Mr. James E. Willson as Leader, a position which Mr. Willson has held previously with much acceptability. We are glad to know that the members have gone earnestly to work again with the determination that their band shall become again what it once was—the pride and boast of our people.

Ask those who have tried and they will tell you that the Boy Clipper Plow is the best made. Sold only at Jacob's, who is the factory agent.

**In Distress.**  
Barque *Nellie E. Rumball* arrived here to-day in distress with sails blown away. She is from Cardenas for Philadelphia with molasses. She is consigned here to Messrs. George Harris & Co.

**The Pearson Services.**  
There was another immense congregation last night in the Tabernacle to hear Mr. Pearson, the renowned evangelist, and the attendance has been variously estimated at from 1,500 to 2,500. Six conversions and fifty penitents were reported. This forenoon services were again held and to a large congregation.

**Personal.**  
Mr. S. Wallace Corbett, of Point Caswell, was in the city to-day.  
Mr. E. W. Hewlett, City Agent of the DAILY REVIEW, is sick and confined to the house.

Mr. M. M. Katz returned to the city last night from his visit to the Northern markets.  
We are sorry to hear that Mr. T. B. Henderson is again sick and confined to the house.

The Southeast cautionary signal has been floating to-day on the Signal Office, in response to instructions received here at 1 o'clock this morning, which stated that a storm was central on the lakes, moving Eastward. The signal was also ordered for Morehead. The wind during the forenoon has been almost due South and the dust has been blinding, but so far the promised storm has not arrived.

**Criminal Court.**  
R. F. Holmes, who was on trial yesterday in this Court, charged with fast driving, on a case brought from the Mayor's Court, when our report closed, was found guilty.

The following proceedings were had to-day:  
State vs. J. F. Aldridge and J. B. Dudley, for contempt. Motion by defendant Dudley for his discharge. Motion granted and defendant discharged. Motion by defendant Aldridge that he be excused. Motion granted on payment of costs.  
State vs. Abraham Watson, Ephriam Hurst and Wm. Gilyard, for robbery. Plea not guilty. On trial at our close. This is the case of the boys who robbed and maltreated Master Swift Boatwright some few weeks ago, a full account of which we published at the time. Solicitor Moore and Mr. DuB. Cutlar appeared for the State and Mr. C. P. Lockety for defendant.

**A Macadamized Road Assured.**  
Ex-Mayor Fishblate returned to the city this morning from New York. While absent he took advantage of the opportunity and paid a visit to Washington City, in the interest of an appropriation by the Government for the construction of a macadamized roadway from Fourth street to the National Cemetery, just East of the city limits.

A bill to construct this road has been introduced by Hon. C. W. McClammy and has been referred to the Committee on War Claims. Maj. McClammy and Mr. Fishblate went before this committee and stated the case to them and the necessity which exists for this road, and the result is that the committee came to the unanimous conclusion to report the bill favorably to the House, recommending that the sum of \$10,000 be appropriated for the construction of this road. Mr. Maish, of Pennsylvania, Chairman of the Sub-Committee, who has charge of the matter, stated that he would try and report the bill to the House on Wednesday (to-morrow) but if not then some time within the next ten days. Mr. Maish told Mr. Fishblate that he could return home, satisfied that the appropriation would certainly be made.

Mr. Fishblate also informs us that an additional appropriation of \$150,000 for the new public building in this city has been agreed upon by the Committee on Appropriations, of which Mr. Randall is Chairman, and that it will be reported favorably in the general appropriation bill.

Hon. A. Rowland, Representative from this district, is working hard for an additional appropriation of \$350,000 for the river and harbor of Cape Fear and seems pretty well satisfied that he will get it.

The receipts of cotton at this port to-day foot up 22 bales.

**A Fall and a Broken Arm.**  
We are sorry to learn that Mr. W. H. James' little daughter Ella fell this morning and broke her left arm in two places. She was standing in a chair endeavoring to reach the limb of a tree when she fell with the results as we have stated. Dr. S. C. Ellis was called in and set the broken arm and at last accounts the little sufferer was doing well.

A colored man, whose name we could not learn, was badly hurt this afternoon at the depot of the Carolina Central R. R. by the fall on him of a lot of sacks of guano, from a vessel discharging cargo at the wharf of the company.

A lady in the congregation the Tabernacle this morning fainted during the services and had to be conveyed to her home in a carriage.

Mrs. E. A. Lumsden has returned from her visit to the Northern markets and will to-morrow open a fine assortment of new goods for Easter, a fact which the ladies will be sure to make a note of.

Mr. DuBrutz Cutlar, Jr., was admitted to-day to practice in the Criminal Court.

The cheapest place to buy your school books and school stationery is at Heinsberger's.
