Its main ingredients are raw beef and Duffy's Pure Malt Whiskey, and it stimulates the energies and builds up the tissues as no other scientific discovery has ever done.

I am a Presbyterian clergyman and a Docor of Divinity, but I am not afraid to recommend Duffy's Malt Whiskey and Duffy's Formula as the purest and most efficient preparations I know of and my experience is a large REV. B. MILLS,

The Daily Review

JOSH. T. JAMES, Editor & Prop'r WILMINGTON, N. C.

WEDNESDAY, MARCH 21, 1888.

Entered at the Postoffice at Wilmington, N.C. as second-class matter.

Mr. Pulitzer, the proprietor of the New York World, has purchased the property in New York known as French's Hotel for \$625,000. The property, upon which a new build ing for the World will be erected at a cost of \$1,000,000, occupies an entire block in Park Row, between Frankfort street and the entrance to the Brooklyn bridge.

One of the saddest incidents of the ecent great storm was the death of Reporter Reilly, of the New York Star. Young Reilly was a medical student who was supporting his aged mother and saving money to pay his college expenses by doing newspaper work. When a call was made for volunteers to go over to Coney Island, Reilly offered his services. He was provided with money and was heavily clothed. When his mother protested, he answered:-"Mother, do not stop me, it is my opportunity to make a name in newspaper life." He made the trip and my. filled his note book with "points" for his report but his strength gave out before he could get back to New York. He sank in a snowdrift, where he was found almost frozen to death. He was taken to the Kings County Hospital at Flatbush, where he died.

The Paris correspondent of the New York Times on March 15 says: is the continuation of the Papal residency at Rome in case of a European war. The Marquis Armijo de la Vega, representing Spain dur ing the Jubilee, was the only personage favored with the Order of Christ. This leads to the supposition that the Pope favors a removal to Spain. To Bismarck only had his Holiness previously been thus generous, after his interference in the Carolines question. It is reported that Lord Salisbury requested the Dake of Norfolk recently to tarry a day longer in Rome, in order to renew officially her Majesty's offer of the Island of Malta for the Pope's residence. The Prince of Monaco and Prince Lichenstein, who has independent possessions in Austria, have both offered the hospitality of their domains. France thicks that her right, as the eldest sister of the Church, should be given prior consideration, and a majority of the Cardinals are inclined to join in this view, but a Papal sojourn might complicate matters considerably. The safety of His 'Hol'ness scarcely seems assured. In any case, his decision will not be taken before a general war seems a question of to

A remarkable divorce decision was rendered in London on Thursday by Justice Butt seriously affecting the status of American women who marry English husbands. In April 1881, Miss Luse, an American girl, the daughter of one of the present American consuls in Italy, married Capt. Alexander McMahon, of the Reyal Artillery, and lived with him a year at Woolwich. In 1883 the wife went to America with her mother, with her husband's consent, he making her a yearly allowance of £150. In 1884 she sued for a divorce in Colorado. He was served with papers, but sent a notice to the Colorado Court declining to appear, and a divorce was granted her there in August, 1884. She then married Edward Beayan. Mr. McMahon recently sued for a divorce in London on the ground of her adultery with Beavan, ignoring the American divorce, and the Judge granted the petition, giving him the custody of his child. This same point would Instantaneous Beef Tea have come up when Mrs. Langtry went to San Francisco to get naturalized and sue for a divorce from her husband. It would have been decided then, had she made the attempt, that she could not marry in America with an American divorce without occupying the same position in London that Mrs. Beavan does. The point established is that if an American woman married to an English husband wishes to obtain a divorce valid in London she must sue in the English Courts or she cannot get it, the domisile of her husband being the controlling fact

Distress After Eating.

This result of indigestion will no longer be experienced if Simmons Liver Regulator is taken after each meal. It is such a good digester, and so mild and pleasant in its effect that it is used by many, after a hearty meal, to insure good digestion. The Regulator does not nauseate or irritate the stomach, but corrects acidity, dispels foul gases, allays irritation, and assists the stomach in its digestion.

Were all wise enough to heed this advice in season, a world of suffering would be avoided. The best months in which to take Hood's Sarsaparilla, the great blood purifier, are

March April May

At no other season is the body so much in need of, or so susceptible to the benefit to be derived from Hood's Sarsaparilla, as now. The impoverished condition of the blood, the weakening effects of the long, cold winter, the lost appetite, and that tired feeling, all make a good spring medicine absolutely necessary. Try Hood's Sarsaparilla and you will be convinced that it is the ideal spring medicine.

Contagious Blood Poison.

Mr. D. B. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well."

Col. B. H. Kieser, editor and proprietor of the Opelika, Ala., Times, under date of August 3, 1887, writes: "When I was a young man, through indiscretion, I contracted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I walked the seven miles and have never felt any return of the old malady. After experiencing the good effects I must say I am satisfied with of the old malady. After experiencing the good effects I must say I am satisfied with the result. I am sixty-eight years of age and I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any inconvenience. I send you this without solicitation

Mr. F. Woehl, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poisoning about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and despaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank you again for the benefit derived from your medicine."

you again for the benefit derived from your medicine."

Dr. J. N. Cheney, a prominent physician, residing in Ellaville, Schley County, Georgia, in a letter recounting the infallible success he has in curing contagious blood poison cases in his extensive practice, writes: "Those who know the almost inevitable, permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder."
