Simmons Liver Regulator
Unfailing Specific for Liver Disease
SYMPTOMS: Bitter or bad taste in
mouth; tongue coated
with a brown fur; pain in
the back, sides, or joints—often mistaken
for rheumatism; sour stomach; loss of
appetite; sometimes nausea and water-
brash; indigestion; flatulency and belch-
ing; sometimes loss of memory; with
all these symptoms of having failed to do
something which ought to have been done:
namely, to purify the blood and liver by
using the **Simmons Liver Regulator**, a dry
and healthy restorative; the urine is
dark and high colored, and, if allowed to
stand, deposits a sediment.

Simmons Liver Regulator
(PURELY VEGETABLE)
Is generally used in the South to purify
the blood and liver to a healthy action.
It acts with extraordinary efficacy on the
**LIVER, KIDNEYS,
AND BOWELS.**

The late J. W. Drexel paid at the
rate of \$14,000,000 per acre for the
lot of land on which stands the
Drexel building, corner of Wall and
Broad streets, New York, and yet it
proved a remunerative investment.

The first State Democratic Con-
vention of 1888 has just been held at
Pendleton, Oregon. President
Cleveland was unanimously endorsed,
and a delegation solidly in fa-
vor of his re-nomination will be sent
to St. Louis.

Judge Clark has written a letter
to Dr. W. R. Wood, of Halifax, declin-
ing to enter into the contest for the
gubernatorial nomination. This
narrows the contest down to Lt.
Gov. Stedman and Judge Fowle,
with the former gentleman a long
ways ahead.

During the past year \$93,000 has
been realized from cabbages shipped
from Wythe county, Va., in car-load
lots alone. In addition it is estimat-
ed that the railroads realized about
\$4,000 from the freight on these
cabbages. This is a handsome sum
to go to one county for an "infant
industry."

Shelby New Era: It is evident
that the Lieutenant Governor is to-
day the strongest man in the field
and with the hearty support of the
metropolis of the State and the
West, with a large share of popular-
ity in the rest of the commonwealth,
his friends have every reason to be-
lieve that he will be the choice of
the Convention.

In his article on "Where to Spend
the Summer," in *Scribner's* for April,
Gen. Greely, Chief Signal Officer,
makes a prophesy as to the hottest
days in the year 1888. The *Detroit
Journal*, taking the matter up, has
offered a prize of \$500 to the person
guessing correctly, before June 1st,
what the three days will be. Gen.
Greely immediately telegraphed his
guess to the paper, in accord with
his reasons in *Scribner's* for April.

The horsemen of this Congress
are all in the Massachusetts delega-
tion. Representative Leopold Morse,
the millionaire retail clothier, who
represented three different Bos-
ton districts, drives a gorgeous drag
with red wheels, which is the admi-
ration of all the dudes and small
boys. Representative Henry Cabot
 Lodge, the millionaire historian,
drives a neat-looking nag in a bug-
gy. Representative Charles H.
 Allen, the young Lowell lawyer who
making a reputation as a speaker
in the House, drives just such an
one. All the rest of their col-
leagues walk, or ride in street cars
in closed carriages and coupes.

Everything which belongs to pure,
healthy blood is imparted by Hood's
Sarsaparilla. A trial will convince
you of its merits.
Ask those who have tried and they
tell you that the Boy Clipper
is the best made. Sold only at
Hood's, who is the factory agent.

Steamship *Equator*, Capt. Nelson,
arrived here yesterday afternoon
from New York.

A gentleman, one of the "April
showers" that "bring May flowers"
is needed to lay the dust.

The mails now being carried over
the Atlantic Coast Line are very
heavy and are increasing continual-
ly.

A Woman's Missionary Meeting
was held in the Lecture Room of
the First Presbyterian Church this
afternoon.

He Certainly Will.
Minister—Well, Bobby, do you
think you will be a better little boy
this year than you were last?
Bobby (hopefully)—I think so, sir;
I began taking Hood's Sarsaparilla
last week.

Brunswick Superior Court, Judge
Phillips presiding, convenes at
Southport to-day. Quite a number
of the members of the bar in this
city went down on the *Louise* this
morning for attendance.

The steamer *Cape Fear*, Capt.
Tomlinson, brought down 41 passen-
gers from Fayetteville to attend the
Pearson meetings. They will leave
to-night on their return after the
services at the Tabernacle are over.

Chas. E. Whitney, a sailor who
deserted from the brig *George E.
Dale*, was arrested on Saturday
night and lodged in the guard house.
To-day he was turned over by the
Mayor to Deputy Marshal T. O.
Bunting, who will hold him in de-
tention subject to the orders of the
master of the vessel.

Church Membership.
In all there were 122 additions to
church membership in this city
yesterday. Of these Grace M. E.
Church received 31, First Presby-
terian 26, First Baptist 24, Brooklyn
Baptist 16, Fifth Street M. E.,
15, Bladen Street M. E. 7 and Sec-
ond Presbyterian 3.

Rock Crystal Spectacles and Eyeglasses
Advice to old and young: In se-
lecting spectacles you should be cau-
tious not to take more magnifying
power than has been lost to the eye
as in the same proportion that you
pass that point of increase, will cause
you further injury to the eye. Using
glasses of stronger power than is ne-
cessary is the daily cause of prema-
ture old age to the sight. You can get
the best at Heinsberger's.

Death at Southport.
We regret to learn of the death of
Mr. William Grissom, a well-known
resident of Southport and a pilot by
profession. He died on Saturday
and was buried on Sunday. He was
about 35 or 37 years of age and
leaves a family. He had been sick
some time with muscular rheuma-
tism and this was probably the
primary cause of his death.

The Bank Defaulters.
Cross and White, the defaulting
bank officials, are safe in Raleigh at
last. They came down last night as
far as Weldon on the fast mail train
taking the express at Weldon and
arriving in Raleigh early this morn-
ing. A gentleman who saw them
on the train between Richmond and
Weldon says that Cross was very
sad and silent while White, much
the older man, was chatting almost
incessantly.

A Good Investment.
A colored resident of this city by
the name of Wm. Johnson made a
lucky investment in a pair of shad
last Saturday. He paid 25 cents for
a pair of buck which he took home
to his wife, who set to work at once
to clean them. In doing so she came
across a silver five-cent piece in the
entrails and a little further search
revealed a silver half dollar. The
latter was almost black. How the
money got there nobody knows,
of course.

The Big Fresh in Black River.
The freshest in Black River is one
of the largest—if not the very larg-
est—ever known. A resident of the
Caintuck section who is here to-day
says that the banks of the river are
all overflowed and that the water is
out in the woods. A number of in-
stances are reported where it is up
to the door steps of dwelling houses
and in one instance a colored man
had to abandon his house and flee
to higher ground. At last accounts
however, the water was subsiding.

The Moon in April.
The April moon falls on the 26th
at 1h. 22m. a. m. The new moon of
the 11th is in conjunction with Nep-
tune on the 14th at 4h. 40m. a. m.,
being 3° 5' south. On the 19th, the
day of the first quarter, the moon is
in close conjunction with Saturn at
7h. 29' a. m., being 1° 5' south. She
is in conjunction with Uranus on
the 24th at 9h. 5' p. m., being 4° 17'
north. She is in conjunction on the
same day, the 24th, with Mars at 4h.
33' p. m., being 3° 16' north. She
pays her respect to Jupiter, last in
the train, on the 27th, the day after
the full, at 8h. 16' p. m., being 3° 26'
north. The moon the day after the
full, and Jupiter, near his brightest
phase, will make a charming picture
in the southeastern sky on the even-
ing of the 27th.

City Court.
A. A. Monsch was before the May-
or this morning, charged with re-
ceiving money under false pretences.
There was no evidence to justify the
charge and Mr. Monsch was dis-
charged, first paying \$5 license tax.
Geo. H. Brown, charged with
keeping his bar open on Sunday,
was fined \$25, which he paid.
Frank Brown, charged with the
same offense, was discharged.
Frank Bolen, disorderly, \$10 or 20
days. He paid the money.
The same defendant was arraign-
ed on a charge of forcible trespasses,
but judgment was suspended.

The River and Harbor Bill.
Capt. W. H. Bixby, U. S. Engineer
in charge of the Government works
here, tells us that a printed copy of
the River and Harbor bill as report-
ed by the House, shows the follow-
ing recommendations for North
Carolina: Pamlico and Tar, \$5,000;
Contentnea Creek, \$5,000; Trent
River, \$5,000; Neuse River, \$15,000;
Waterway between Beaufort and
Harlowe Creek, \$15,000; Harbor at
Beaufort, \$35,000; Waterway be-
tween Beaufort Harbor and New
River via Bogue Sound, \$5,000; New
River, \$3,000; Cape Fear River,
above Wilmington, \$12,000; Cape
Fear River, below Wilmington,
\$100,000; and Examinations and
Surveys have been recommended for
Trent River above Trenton; Fishing
Creek (tributary of Tar River); Swift
Creek (tributary of Neuse River);
White Oak River and North East
Cape Fear River.

Appropriations for the Fiscal Year.

The aggregate amount of the ap-
propriations for the different depart-
ments of the city government for
the fiscal year ending March 31st,
1889, is \$92,405.50. As agreed upon
by the Board of Audit and Finance
and the Chairmen of Committees of
the Board of Aldermen, the amount
for each department is as follows:
Streets and Wharves.....\$21,077.00
Police Department.....18,263.50
City Hospital.....1,600.00
Salaries.....7,600.00
Public Buildings.....2,968.00
Fire Department.....12,332.00
Keeping Prisoners.....800.00
Light Department.....8,740.00
Markets.....3,850.00
Printing, stationery and ad-
vertising.....500.00
Water Works.....6,750.00
Sanitary Department.....4,485.00
Election (next March).....500.00
Miscellaneous.....2,500.00
Wilmington Light Infantry.....500.00

The original estimates aggregated
\$111,798.50, but modifications and
reductions were made and the
amount agreed upon aggregated
\$92,405.50, as stated above. The ap-
propriation for streets and wharves
was cut down from \$41,395 to \$21,-
077, by striking out an appropria-
tion of \$1,000 for grading and drain-
ing Chestnut street from Fourth to
Front street, striking out an item
for paving Nutt street (\$9,350), the
estimate being that the present
pavement on that street will last in
good condition for eighteen month,
or two years, and by reducing the
appropriation of \$15,500 for paving
Front street to \$6,000—the amount
to be hereafter appropriated. The
chairman of the Committee on
Streets and Wharves expressed him-
self as well satisfied with securing
the appropriation in its modified
form.

After the conference, the Board of
Audit and Finance resumed its ses-
sion and approved of the action of
the Board of Aldermen in appoint-
ing two permanent health officers
at salaries of \$600 each per annum.
Also, increasing the salary of the
superintendent of streets from \$700
to \$800.

The recommendation of the Chief
of the Fire Department, to place in-
dicators in the engine and hook and
ladder houses, was also approved.

The matter of putting a concrete
pavement in Front street market
house, for which an appropriation
of \$1,300 was made, was left to the
Market Committee to decide whether
the paving should be of concrete
or other material.

We publish in this issue the an-
nual statement of that staunch and
popular insurance company, the
Union Mutual Life, of which Mr. J.
D. Smith, of this city, is the general
agent.

Again this morning it was cold
enough for fires and overcoats.
