Best shoes for boys at French & Sons.

Turner's Almanac promises "cold and showers" for Wednesday.

Finest shoes for ladies wear in the city at French & Sons.

See the "Artful," the best rat trap known, at Jacobi's Hdw. Depot.

School shoes for children, best in the city, at Geo. R. French & Sons.

Boils, pimples, hives, ringworm, tetter, and all other manifestations of impure blood are cured by Hood's Sarsaparilla.

The wind got around to the Northwest last night and this morning it blew almost half a gale.

The Rev. J. S. Dill, of Goldsboro, will preach the annual sermon before the Murfreesboro Female Institute in June.

You will find a very nice line of Gent's Heavy Jeans Drawers, at 50 cents a pair at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop.

Three of us got on the scales together at Capt. Boatwright's store on Saturday night and pulled the beam down at 690 pounds. We won't tell the names of the others.

Indications.

For North Carolina, fair weather, slight changes in temperature and southerly winds.

Dr. T. H. Pritchard's church voted him a two months' vacation yesterday that he might attend the World's Missionary Convention, which meets in London, June 9th.

At the close of work on Saturday night the Seacoast road was at the curve leading from Tenth street into Ann. To-morrow the track-layers will probably enter the brickyard.

All day long yesterday there were large crowds of people out to look at the progress made by the track-layers on the Seacoast R. R. There were many ladies among them. Some people strolled down as far as the end of the grade, which is about five miles and a half from Market Dock.

Rock Crystal Spectacles and Eyeglasses

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Macadamized Roadways.

As there is some good prospect of an appropriation for the construction of the road on Market street from Fourth to the National Cemetery, we publish here, from the New York Journal of Commerce, the way in which the drives in Central Park were constructed. It is in reply to an enquiry from Newbern:

The Central Park driveways are made as follows: An excavation is made to the depth of about 18 inches. On the bottom of this stone about a foot wide are placed on edge, and the interstices between them are filled in with small stones and loose earth, which also extend two or three inches above the top of the base stones. This is then thoroughly rolled, a few inches of the best gravel, usually such as is found near Poughkeepsie, is spread over it, and after another long continued rolling while the surface is kept wet, the road is ready for use. It is really but a little variation from the old system of highways invented by McAdam, and known as macadamized roads.

Largest Class on Record.

Prof. Loiset is achieving not only a great success with the pupils he teaches by correspondence from his offices, No. 237 Fifth Avenue, but also in classes which he personally instructs. His latest success in the returning line is at Baltimore, where he has a class of 1,087 pupils from Hopkins University and the elite of that city; also 1,005 at Detroit, 1,100 at Washington and 1,500 at Philadelphia.

Ask those who have tried and they will tell you that the Boy Clipper Plow is the best made. Sold only at Jacobi's, who is the factory agent.

Dust to Dust.

The obsequies over the remains of the late Mr. August Lessman were largely attended. Mr. Lessman was one of the oldest of the German settlers here, he having come to Wilmington as long ago as 1853. The members of Howard Relief Fire Engine Co. No. 1 attended in full uniform and the funeral services were conducted by Rev. F. W. E. Peschau, pastor of St. Paul's E. L. Church, of which Mr. Lessman was one of the earliest members. The pall-bearers were Messrs. H. Vollers, J. G. Oldenbittel, A. Adrian, M. Rathjen, M. G. Tienken, C. Bissinger, Wm. Ulrich and J. Weil.

Teachers' Assembly at Morehead.

The Atlantic Coast Line will run an excursion to Morehead City on Tuesday, May 1, on the occasion of the laying of the corner stone of the Teachers' Assembly Building in that city. An interesting programme has been arranged for the occasion and the event will draw a large attendance. The train will leave Wilmington at 7 a. m., and arrive at Morehead City at 2 p. m., and returning, will leave Morehead City at 6:30 p. m., of the same day, and arrive at Wilmington about 11:45 p. m. The fare for the round trip is as follows: Wilmington, \$3.70; Rocky Point, \$3.40; Burgaw, \$3.25; Willard, \$3.05; Duplin Roads, \$3.95; Teachey's, \$3.90; Magnolia, \$3.70; Warsaw, \$2.60; Faison, \$2.40; Mt. Olive, \$2.30.

State Convention of the Y. M. C. A.

The State Convention of the Young Men's Christian Association, which takes place at Charlotte on the 19-22 inst., will be an occasion of extraordinary note and importance. Wilmington will send seven delegates and there will be a very large attendance from all parts of the State. The various railroads have given reduced round trip rates for the occasion, some of which are as follows: Asheville \$7.30, Statesville \$2.45, Greensboro \$5, Bingham School \$6.10, Chapel Hill \$6.75, Goldsboro \$9.20, Laurinburg \$5, Henderson \$8.80, Morganton \$5, Salisbury \$2.45, Winston \$6.10, Durham \$6.75, Raleigh \$7.75, Wilmington \$7.80, Wadesboro \$3.15.

Rates from other points can be ascertained by applying to the agents at the stations who have been instructed by the authorities. The rates are low and Charlotte stands ready to entertain any number of delegates, and it is hoped that each association or community will send as large a delegation as possible. Pastors in towns where there are no Y. M. C. Associations at present are requested to send at least two delegates to represent the young men of their congregations. Quite a number of prominent workers from abroad will be present, and a profitable and instructive convention, without doubt, will be held.

A Little Too Much Water.

Our good friend, Mr. J. W. S. Robinson, of Delta, writes to make some corrections in the statement made by us on the 9th inst. relative to the big freshet in Black river. He thinks that our Caintuck informant must have been mistaken when he told us that the overflow was about the greatest ever known there. Mr. Robinson calls it a "medium" freshet and says that in 1886 it was nearly 4 feet higher than this, which also lacked 14 inches of being as high as the big fresh in June, 1867. This is from the record and there can therefore be no mistake about it. Our informant may have meant the Cape Fear but he certainly said Black river.

River Notes.

The steam yacht *Passport* is now being got ready and will be put on a regular schedule between this city and Southport some time this week. She will also stop at points of interest on the river.

Capt. John W. Harper, with a select crew, will leave here in a few days for New York, to bring out the *Sylvan Grove*, the large new passenger steamer which is to run on the river this Summer.

The fleet on the river is to be increased by the addition of one more boat. Messrs. William Weeks and Richard Doshier have secured the contract for the mail between this city and Southport and will soon put on a new steamer to carry it.

There are now 31 prisoners in the County Jail, all but one being males.

After the New Boat.

Capt. John W. Harper has made up his crew for bringing out the new passenger boat to be put on the river this Summer, the *Sylvan Grove*. He will leave for New York over land next Monday and the others will sail on the *Benefactor* this week. His crew is composed of Capt. W. A. Snell, pilot; W. C. Price, engineer; A. M. Wilson, mate, and Prince Swain, steward.

Personal.

Mr. Wm. Genaust, who has been quite sick, is out again. Col. T. C. Fuller, of Raleigh, is here to-day in attendance on the Superior Court.

Mr. Robert Morrison, we are pleased to learn, is much better and hopes to be out in a day or two.

We were glad to see Mr. E. D. Doescher on the streets this morning. He has been sick for some time.

We are glad to know that Capt. S. W. Vick is recovering from a severe attack of muscular rheumatism.

Mr. J. H. Vollers, of Nichols, S. C., was in the city to-day on a short visit to his brother, Mr. O. O. Vollers.

City Court.

Charles Faison was before the Mayor this morning, charged with disorderly conduct. Judgment was suspended.

Jas. DeBose, disorderly, case continued until to-morrow.

Westley Watson, disorderly, \$20 or 30 days.

Lena Richardson, drunk and disorderly, \$20 or 30 days.

John G. Bagwell, disorderly, \$20 or 30 days.

Charles Faison, for carrying a concealed weapon, was fined \$10 or 30 days in jail.

To Be Considered.

These times naturally bring forth the question from a buyer, "where can I get the best for the least money?" If in want of Clothing, Furnishing Goods, Hats and Caps, it is easily answered. I. Shrier, the Old Reliable Clothier and Hatter, will sell you the goods lower than any other house in the city.

Remember we will not be undersold and guarantee every article as represented or no sale.

I. SHRIER,

The Old Reliable Clothier and Hatter, No. 16 North Front street (Purcell House.)

Sign of the Golden Arm.

Young Men's Christian Association. At the meeting of the Young Men's Christian Association, held on Saturday night, about 50 active members were admitted and also a considerable number of associate members.

The meeting was opened with devotional exercises by Mr. C. Olandt, Secretary of the National Association, when the President, Mr. P. B. Manning, took the chair.

The committee on revision of the Constitution of the Association submitted a report, which will be acted upon at the next regular meeting.

The following were elected delegates to the State Convention of the Y. M. C. A., which meets in Charlotte on the 19th inst., viz: Messrs. P. B. Manning, Frank Huggins, W. H. Howell, George C. Worth, Wm. M. Cumming, John Nutt, J. T. Sholar.

A devotional meeting was held yesterday afternoon which was addressed by Mr. Olandt and to-night there will be a meeting of the Board of Directors of the Association at the residence of Mr. J. S. Allen, on Third street near Nun. Mr. Olandt will be present and confer with the Board in regard to the purchase and policy to be pursued.

About \$11,500 have been so far subscribed for the erection of a building for the Association, and it is thought that an effort will be made to raise \$30,000, in order to make the building an ornament to the city and adequate to all the purposes for which it is designed.

The Poets on Grand Tenuce.

The festival of the Poets is the title of a very charming entertainment which will be presented by the members of St. Agnes' Guild at the City Hall on Wednesday, Thursday and Friday evenings of this week. It must be seen to be appreciated. The Hall will be handsomely decorated and the costumes will be unique and pleasing to the eye. Articles will be offered for sale at different booths and there will be a variety of edibles to satisfy the cravings of the inner man.

Very Good Reasons.

The reasons why you can be benefited by buying from the King Clothier, S. H. Fishplate: You are in a Reliable House. A large assortment to choose from. A saving of 20 per cent. All goods steam sponged. Exclusive styles sold by him only. All goods guaranteed sewed with silk. His stores are well lighted by day and night and you can see what you are buying, plenty of light being the most essential thing for buyers of Clothing. If you are not satisfied with any article purchased from Fishplate's return the same and he will cheerfully refund you your money. With the above plainly before you how can you refuse to trade with a house of that kind.

Preaching to-night at 8 o'clock at the First Baptist Church by the pastor. The interest manifested in the services last night prompted the continuance of the meeting.

Rev. G. M. Tolson baptized an old gentleman and a little girl in the First Baptist Church at 5 p. m. yesterday, and Dr. Pritchard baptized 23 last night, 10 of whom were ladies and 13 gentlemen, all young but one.

NEW ADVERTISEMENTS

EXHAUSTED VITALITY

THE SCIENCE OF LIFE

THE SCIENCE OF LIFE, the great Medical Work of the age on Manhood, Nervous and Physical Debility, Premature Decline, Errors of Youth and the untold miser

as consequent thereon, 500 pages 8 vo., 125 prescriptions for all diseases. Cloth, full gilt, only \$5.00 by mail, sealed. Illustrative sample free to all young and middle-aged men. Send now. The Gold and Jeweled Medal awarded to the author by the National Medical Association. Address P. O. Box 1885, Boston, Mass., or Dr. W. H. PARKER, graduate of Harvard Medical College, 25 years' practice in Boston, who may be consulted confidentially. Office, No. 1 Bulfinch St. Specialty, Diseases of Man. Cut this out. You may never see it again.

MASON & HAMLIN

ORGANS, \$22 TO \$900.

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all the great World's Exhibitions, since that of Paris, 1867, in competition with best makers of all countries, they have invariably taken the highest honors. Illustrated catalogue free.

PIANOS,

GRAND & UPRIGHT.

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1852, and now known as the "Mason & Hamlin Piano Stringer," by the use of which is secured the greatest possible purity and refinement of tone, together with greatly increased capacity for standing in tune, and other important advantages.

A circular, containing testimonials from three hundred purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.
