

# THE DAILY REVIEW

VOL. XII

WILMINGTON, N. C., TUESDAY APRIL 24, 1888.

NO 98.

THIS PAPER published every evening, Sundays excepted, by J. E. JAMES, Editor and Prop. SUBSCRIPTIONS, POSTAGE PAID: One year, \$10.00; Six months, \$6.00; Three months, \$3.50. One month, 35 cents. The paper will be delivered by carriers, free of charge, in any part of the city, at the above rates. For other parts of the State, the above rates will be increased. Advertising rates low and liberal. Correspondents will please report any and all news to receive their paper regularly.

The most active and well informed Democrats in each county and covering the entire State. Their answers as furnished place the vote as between Stedman and Fowle at 543 for Stedman and 390 for Fowle, giving Stedman a clear majority in the whole Convention of 153 votes over Fowle.

The estimate as between Alexander and Fowle as furnished would not be peculiarly gratifying to the friends of Judge Fowle. It must not be forgotten, however, that the calculation is based upon estimates furnished from every county in the State, many of them being far off from our Capital City. We suppose, however, this would be considered legitimate by Democrats from the State at large. Now, we ask our good friends to place our figures with their straws and keep them until the 30th day of May and see if we are not very near the mark, if the race should be between Stedman and Fowle.

Everything which belongs to pure, healthy blood is imparted by Hood's Sarsaparilla. A trial will convince you of its merits.

## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
LOUIS H. MEARES—Hats  
JNO S. McCAHERN—Notice  
F. C. MILLER—Diamond Dyes  
JNO F. GARRELL—Ah, There!  
TAYLOR'S BAZAR—To the Ladies  
AUCTION NOTICE—S. A. Schloss & Co  
HEINSBERGER—Base Ball Supplies  
M. M. KATZ—New Lot White Goods  
MRS E. B. WIGGINS—For the Ladies

Green peas sold here to-day at 25 cents a peck.

Fluting machines for less than factory prices at Jacobi's Hardware Depot.

School Books and School Stationery you can buy cheapest at Heinsberger's.

You will find a very nice line of Gent's Heavy Jeans Drawers, at 50 cents a pair at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop.

Mocking Bird Cages. A large stock of assorted sizes which are to be had at very low prices at Jacobi's Hdw. Depot.

Mr. Jeré Hewlett, of Greenville Sound, was assisting yesterday in getting out the cargo of the wrecked brig Va, when in some way he managed to hurt his back quite severely.

**Indications.**  
For North Carolina, fair weather, light to fresh Northerly winds and nearly stationary temperature, followed on Wednesday by rising temperature.

We do not think we overstate the case when we say that some of the very finest beef we ever saw in this market was displayed to-day from Mr. Garrell's stalls in Front Street Market. It is stall-fed, from Sampson county, and is to be cut up to-morrow.

**Very Good Reasons.**  
The reasons why you can be benefited by buying from the King Clothier, S. H. Fishplate: You are in a Reliable House. A large assortment to choose from. A saving of 20 percent. All goods steam sponged. Exclusive styles sold by him only. All goods guaranteed sewed with silk. His stores are well lighted by day and night and you can see what you are buying, plenty of light being the most essential thing for buyers of clothing. If you are not satisfied with any article purchased from Fishplate's return the same and he will cheerfully refund you your money. With the above plainly before you how can you refuse to trade with a house of that kind. if

**A Birthday Festival.**  
Our clever young merchant, Mr. O. O. Vollers, celebrated to-day the 23d anniversary of his birth and in response to an invitation from him about a dozen of his friends called to take dinner with him and help to celebrate the auspicious occasion. A delightful feast was provided and for a couple of hours the party sat at the table enjoying the feast of reason and the flow of soul as well as the more substantial viands spread out before them. Though not present Mr. Vollers kindly remembered the Editor, as was amply attested by the waiter of delicacies sent to this office.

Strawberries, from the Sound, sold at 35 cents a quart to-day.

Something new in the shape of a Stepladder at Jacobi's Hardware Depot

The Austrian brig Va has gone to pieces. It is said that much of the cargo was saved but that a part of it, notably the coffee and spices, is ruined by the salt water. It will be brought to this city.

Spring certainly does linger a long time in the lap of Winter. This is the 24th day of April and yet overcoats and fires were both comfortable this morning. But just wait until after the full moon on Thursday morning!

Two young gentlemen of our acquaintance went fishing yesterday in a creek near this city and caught one hundred fine perch. We are not going to tell where that creek is—at least, not until we have had a chance to drop a line there ourself.

The Wilmington Light Infantry will drill this evening in the warehouse of the Champion Compress, lately used for the Pearson meetings, and as the drill takes place at 6 o'clock it is hoped the employers of members will cheerfully release their employees from their duties long enough to attend.

Some time since the crossing over the gutter at the Northeast corner of Sixth and Market streets was removed for some cause. Ever since then the gutter, which is about 12 inches deep at that point, has been left open and a good many of our citizens have been made to "see stars" in that immediate vicinity. We hope that it will be attended to at once.

**The Reason Why.**  
You can save 25 per cent by buying your Clothing, Gents' Furnishing Goods, Hats and Caps from I. Shrier. He buys direct from the largest manufacturers for cash, taking advantage of all discounts. A saving of 25 per cent. guaranteed. All goods warranted as represented or no sale. Call and be convinced.

**I. SHRIER,**  
Old Reliable Clothier,  
No. 16 N. Front St.

Sign of Golden Arm.  
Full line of Stetson Hats. if

**Taking Shape at Last.**  
Several weeks ago we stated that a canning factory was to be started at Burgaw, now we have the assurance of one in Wilmington. A number of gentlemen are about to start a cooperative canning factory here. They will each take from one to twenty shares, to be worth \$25 each, paying into the treasury of the association twenty-five cents per share per week. The preliminaries are as yet incomplete, but will be consummated in a few days. There is to be a meeting of the projectors next Thursday night at the office of Mr. E. F. Johnson, at the corner of Water and Chestnut streets, to formulate plans of operation.

**Memorial Day.**  
Having published in detail, as the appointments were made and accepted, the names of all of those thus far designated by the Ladies' Memorial Association for duty on Memorial Day, we hereby publish them again compendiously:  
Chief Marshal—P. Cumming.  
Orator—H. McClainny.  
Chaplain—Rev. Robert Strange.  
Musical Director—E. P. Boatwright.  
The names of the Assistant Marshals will be announced in a few days.

**Another Outrage.**  
Sunday afternoon, while the six year old daughter of Mr. H. J. Mintz was returning from Sunday School at St. James' House, she was struck with a rock thrown by a colored boy and a gash about one inch long cut over her left eye. Strenuous efforts have been made to catch the young scoundrel but thus far without success. We think they will get him though, all the same.

**Exports Foreign.**  
Ger. barque Oscar Wendts, Schanberg, cleared to-day for London with 4,508 barrels rosin, valued at \$4,711, shipped by Messrs. Williams & Murchison; and Ger. barque Burgermeister Kirslein, Ehrenrich, cleared for Stettin with 3,471 barrels rosin, valued at \$3,750, shipped by Messrs. E. Peschau & Westermann.

**The Street Railway.**  
Not until late yesterday afternoon, after our paper had gone to press, was the organization of the Wilmington Street Railway Company completed. It was finally effected with the election of the following officers:

President—J. D. Bellamy, Jr.  
Vice-President—C. M. Stedman.  
Superintendent—J. Wright Stedman.

Secretary and Treasurer—J. H. Boatwright.

Directors—Charles M. Stedman, J. D. Bellamy, Jr., R. R. Bellamy, J. Wright Stedman and T. B. Harriss.

The capital stock of the company is \$50,000, the par value of shares being \$100 each.

The work of building the road will be commenced about the first of next week, and it is confidently expected will be completed by the 15th of June next. All the iron rails, cross-ties and cars have been ordered.

The equipment will consist of thirty-two horses and eight cars—four open and four closed—and the length of road will be four miles. The track will be laid on Front, Market and Castle streets, and on Fourth street into Brooklyn, with a spur-line to Oakdale Cemetery.

Connection will be made both with the steamers to Carolina Beach and the Seacoast railroad. The track will be laid with 30-32 pound Johnson steel rails, with steel curves, switches, turnouts, chain and tie plates—what is known as the "Johnson steel-girder rail system"—affording the slightest impediment to public travel of any rail known. It will be laid by a competent superintendent—an expert furnished by the Johnson Steel Rail Co., of Johnston, Pa.—and will be so built as to admit at any time of being changed from horse to electrical or other motive power.

**SHR Doing Good.**  
There is a movement on foot among some of the members of the S. P. C. A. to have fresh water furnished continually to the beef cattle confined in the city pound. They are brought here from the country and the city ordinance requires that they be weighed before they can be sold, which compels them to be carried to the pound. They have been driven some considerable distance and are in consequence more or less jaded; they are allowed to go without water, sometimes for 24 hours and even longer. They become fevered and, of course, are unfit for beef, besides suffering a great deal from thirst. It is proposed to have the city place a common trough with an outlet to the stream running from Jacob's spring in the pound so that they will have a continuous supply of fresh water. It is estimated that the trough, complete, will cost about \$15, and as the city's revenue from pound fees is considerable, we doubt not that the project will be favorably received by the Board of Aldermen.

**Auditor and Finance.**  
Pursuant to adjournment of the meeting held April 16th, 1888, the Board of Audit and Finance met yesterday at the call of the chairman. Present, Mr. R. J. Jones, chairman, and Messrs. Wm. Calder, W. I. Gore, and Jno. W. Hewett.

A communication was received from the Board of Aldermen covering the Tax Ordinance for the present fiscal year as adopted by the Board.

The matter was discussed at some length, when the following resolution, offered by Mr. Calder, was adopted:

WHEREAS, an increased revenue of at least ten per centum from license taxes being necessary for the current year, this Board is of the opinion that the rates agreed upon in conference with the Finance Committee of the Board of Aldermen are more equitable and convenient than a uniform increase of ten per cent., and that the tax on liquor dealers can better bear a slight increase than that on business deriving a revenue from day labor; nevertheless, to avoid further delay, this Board yields to the wishes of the Board of Aldermen. Therefore,

Resolved, That this Board concurs in and approves the tax levy as substituted by the Board of Aldermen.

The Board discussed the agreement made by the Board of Aldermen and the Wilmington, Onslow & E. C. R. Co., section by section, and finally, on motion of Mr. Gore, Mr. Calder was appointed a committee to confer with the city attorney and suggest such amendments to the proposed agreement between the city and the W. O. & E. C. R. Co., as would seem to be the interest of the city.

It was ordered that a warrant for \$500 be drawn, payable to the Wilmington Light Infantry.

The annual meeting of the stockholders of Bellevue Company will be held to-morrow at 7.30 p. m., at the office of Mr. John D. Bellamy, Jr.

**The Young Men's Association.**  
A meeting of young men will be held at St. Paul's Episcopal Church this evening at 8 o'clock, under the auspices of the Young Men's Association of that Parish. Addresses will be made by Mr. Oldant, Secretary of the Young Men's Christian Association, Col. Waddell and others. This will be an entirely non-sectarian gathering, and all persons—young and old—are invited to attend. Seats will be reserved for young men. A large gathering of those interested in Christian endeavor is requested.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

**An Old Relic.**  
Mr. O. G. Parsley, postmaster here, showed us to-day an interesting relic of the past. It is a "Table of Postoffices in the United States," published in 1831. It gives us some unique and interesting information. At that time there were but 24 States and the District of Columbia, Florida, Arkansas and Michigan were the Territories. W. T. Barry was at that time Postmaster General. The cost of the service in 1830 was \$1,959,169 and the deficit was \$39,804.44. On the first of April, 1831, there were 8,610 postoffices in operation. There were but four of these in New Hanover county, at Wilmington, South Washington, Long Creek and Beatty's Bridge. Mr. Christopher Dudley, Jr., father of the late Capt. Guilford L. Dudley and of Mrs. Alfred Martin, was postmaster here. The postage on letters was 6 cents for 30 miles or less, 10 cents for 80 miles, 12½ for 150 miles, 18½ for 400 and anything over 400 miles was 25 cents. It therefore at that time cost 25 cents to send a letter to New York, 18½ to Charleston and Richmond, 12½ to Raleigh. In addition to this, a letter composed of two pieces of paper was charged double these rates, of three pieces, triple rates, of four pieces, quadruple rates. "One or more pieces of paper, mailed as a letter and weighing one ounce, shall be charged with quadruple postage; and at the same rate should the weight be greater. The rates on newspapers were, for each paper, 100 miles 1 cent; over 100 miles 1½ cents; but if carried to any office in the State in which it was published, no matter what the distance, 1 cent each copy.

**PLEASE NOTICE.**  
We will be glad to receive communication from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor. Communications must be written only on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

**NEW ADVERTISEMENTS.**  
A. G. McGIR, Auctioneer,  
BY S. A. SCHLOSS & CO.

**RALEIGH POLITICAL MATHEMATICS.**

The methods by which the Raleigh politicians arrive at the conclusion that their candidate, Judge Fowle, is in the lead for the nomination for Governor, whilst entirely innocent, and to them most pleasant temporarily, can only end in disaster. The News and Observer has recently published a list of what it calls preferences, as expressed by counties, and this political learning, also called "Some Straws," is published for the information of provincial Democrats. It seems that the News and Observer sent an inquiry to the Chairmen of the Board of Commissioners of the different counties, asking them what they believed to be the preference of the people in their respective counties for Governor and Lieutenant Governor; and received answers from about fifty counties, as stated by that paper, and from these answers it places the vote of Fowle at 157, and Stedman at 117. Beit remembered that there will be 933 voters, or thereabouts, in the next State Convention, and the estimate furnished by the News and Observer, even if entirely correct, as far as it went, would be a very poor index from which to arrive at a probable conclusion as to who would be nominated. Stedman or Fowle, if the race should be entirely between them, which at the present time is far from being a fact. But just to show how dismal a failure these "Straws" will prove, let the News and Observer add to its list the following counties, which are entirely omitted as not heard from, viz: Third District—Wayne, Duplin, Sampson and Cumberland; Sixth District—Brunswick, Richmond, Anson and Union, and then calculate, if by any process known even to the far-reaching calculations of those who manage politics in our modest capital, it can figure Fowle anywhere ahead of Stedman in the race. If these eight counties do not suffice we can furnish a great many more, which we think will at least satisfy our friends that they are making a sad mistake in attempting to reach a proper result from the article headed "Some Straws" from the News and Observer. It may be, however, that Judge Fowle's friends can get no proper information from these counties on account of their remoteness from Raleigh, for Brunswick county was left from the list, although its county convention had instructed its delegates unanimously for Stedman some days before the publication of the article called "Some Straws," and a correspondent of the News and Observer, in another issue of that paper, stated that a majority of the people of Cumberland county were for Fowle, where, as we are reliably informed, upon the very best authority, that a political search warrant could not find ten men who are for Fowle in the entire county. Now, for the information of our good friends, we will give them an estimate founded upon so-called preferences, furnished not by one but by two of

**Rock Crystal Spectacles and Eyeglasses**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

**Personal.**  
Mr. J. W. Deny, of the Fayetteville Messenger, is in the city in the interest of his paper.

Mr. E. A. Anderson, of this city, Ensign in the U. S. Navy, has been ordered to Fortress Monroe, where he will report for duty to the officer in charge of the U. S. surveying force at that place. Mr. Anderson, it will be remembered, has recently returned from an extensive cruise in Eastern waters, and some of the many interesting letters written by him to his parents here were permitted to publish in the REVIEW. He has been here for about six months, awaiting orders.
