IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, May 1 .- The Senate galleries presented an unusually animated appearance at the opening of to-day's session, being crowded with spectators, principally ladies, drawn by the announcement of a speech at 2 p. m. by Mr. Ingalls, in response to Mr. Voorhees' invective of last Wednesday, and by the prospect of a bitter and excited political discussion. During the reading of yesterday's journal a hum of

conversation pervaded the chamber. Mr. Call introduced a bill appropriating \$100,000 for the prevention and extirpation of yellow fever in the United States. Referred to Committee on Epidemic Diseases.

fr. Harris, in connection with that subject, said that a bill look. ing to the establishment of quarantine stations on the coast had been reported from that committee a month ago, and he would, next Friday, ask the Senate to consider it.

At 2 o'clock the regular order was laid before the Senate, being the Animal Industry bill, but was immediately laid aside temporarily, and the resolution to refer the Presi-dent's message to the Finance Committee was taken up.

Mr. Ingalls was then recognized by the chair. The Senator from Kansas went down into the tombs again, attacking the characters of dead men, McClellan and Hancock, especially that of the former. He also attacked Senator Voorhees, and was replied to by that gentleman, who handled him very roughly.

Senators Eustis and Gibson also cpoke briefly, and at the conclusion of Senator Gibson's speech the Senate adjourned.

HOUSE OF REPRESENTATIVES. The House went into Committee of the Whole, Mr. Springer of Illinois in the chair, on the tariff bill, and was addressed by Mr. McCreary, of Kentucky.

Mr. O'Ferrall then submitted an argument in support of the bill and in contravention of the claim of protectionists that a protective tariff was the cause of high wages in this

Mr. Dorsey, of Nebraska, followed in opposition to the bill. He said that industry and not population created wealth. He adjured the citizens of the West either to stop trying to build up their cities or to defeat such attempts as were made in the pending bill to break down industries.

At the conclusion of Mr. Dorsey's speech the committee rose and the House adjourned.

Goldsboro Argus: Some approximate idea of the building boom that is now in vogue in Goldsboro may be formed from the fact that notwithstanding we have three of the largest and best equipped brick yards in the State, the supply of bricks is exhausted just at this time, and all the yards are running on full time to supply the demand.

Raleigh News and Observer: Col. W. L. Saunders returned yesterday morning from his trip to Alabama, and other Southern points. He came by way of Hot Springs, where he at-tended the Immigration Convention. The Colonel is in excellent health, and says he had a most pleasant and enjoyable trip.
