### TORPID LIVER

is known by these marked peculiarities:

1. A feeling of weariness and pains in the limbs.
2. Bad breath, bad taste in the mouth, and furred tongue.
3. Constipation, with occasional attacks of diarrhoea.
4. Headache, in the front of the head; nausea, dizziness, and yellowness of skin.
5. Heartburn, loss of appetite.
6. Distention of the stomach and bowels by wind.
7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow.

A natural flow of bile from the Liver is essential to good health. When this is obstructed it results in

### BILIOUSNESS,

which, if neglected, soon leads to serious disease. Simmons Liver Regulator exerts a powerful influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

"I have been subject to severe spells of Congestion of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally had me up for three or four days. Lately I have been taking Simmons Liver Regulator, which gave me relief without any interruption to business." - J. HUGG, Middleport, Ohio.

Senator Voorhees, of Indiana, has written a letter to Judge Ingersoll, of Knoxville, Tenn., in which he says he is not a candidate for Vice President, will not be, would under no circumstances accept a nomination, and would not serve if elected. In other words, Mr. Voorhees prefers his seat in the Senate to presiding over that body.

Heavy machinery is now run by Artesian well power in many parts of France, and the experience of the French shows that the deeper the well the greater the pressure and the higher the temperature. The famous Grenelle well, sunk to the depth of 1,800 feet, and flowing daily some 500,000 gallons, has a pressure of sixty pounds to the square inch, the water being also so hot that it is used for heating the hospitals.

The temperance folks in Florida have got the liquor license question fairly solved in a manner that will almost command the respect of a Prohibitionist. A man who wants to go into the liquor business must first get 300 signatures to his application, and this list must be published in the county newspaper. He then goes before the Court, where strict inquiry is made as to his character. If his application is approved he pays a license fee of \$450, which is equally divided by the State, the county and the town.

Indianapolis has a dime savings and loan company, in connection with one of its churches, that aims to increase the saving tendency among the poor. It receives any sum down to one cent, though its usual deposit is ten cents or upward. One of the prime objects is to benefit poor people by teaching them how to save, and another is to help persons to buy fuel in summer when it is cheap, for use the following winter, when it is dear. Last year was its first, and the experiment proved successful beyond all expectation.

The Ohio Legislature, which has just adjourned, did much in the line of temperance and little in other ways. The Dow liquor tax was increased to \$250 on all saloon-keepers. The State appropriating 20 per cent of the revenues from this source, and laws were enacted providing for temperance instruction in the public schools, and ordering all saloons closed on Sundays. Labor got a semi-monthly pay law, the branding of convict-made goods from other States, and a law increasing the authority of the State shop inspector.

What you need is a medicine which is pure, efficient, reliable. Such is Hood's Sarsaparilla. It possesses peculiar curative powers.

Owing to the late fire we have removed our Shirt Factory, temporarily, to No. 13 Market street, where we will be pleased to meet our friends and customers. No. 13 Market st. Respectfully, J. Efabach, Prop.

The survivors of Co. I, 18th N. C. Regiment (the old Wilmington Rifle Guards) will meet to-night, at 8 o'clock, at Dr. Wood's office, and we hope that all will be there. We think that an organization can be effected and many pleasant reunions in the future result from it.

St. Mark's Church.  
On Tuesday evening next Bishop Watson will make his annual visitation to this church and administer confirmation. Services begin at 8 o'clock. Seats free and all are cordially invited. The Sacrament of Baptism will be administered at the morning services, beginning at 11 o'clock.

### One Hundred Additions.

Five persons were added to the membership of the First Baptist Church at the close of the services last night—three ladies and two gentlemen—which makes about one hundred additions to this church since the Pearson meetings.

### Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eyes in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

### The Canning Factory.

The proposed organization of a stock company in this city seems to be in a fair way of success. Indeed, it may be said to be assured, as a great deal of progress in that direction has already been made. More than half of the amount of shares has already been engaged. We can't see any reason in the world why such an enterprise here cannot be made to pay a handsome dividend under the proper management.

### A Painful Accident.

We are sorry to hear of the accident which befell Mr. S. W. Sanders yesterday. He was on horseback and wanting to see Mr. Jas. E. Willson for a few moments he rode up to Messrs. West & Co.'s store door. Being told that Mr. Willson was in the yard in the rear and having been playfully invited to "ride in," he did so, but came to grief as his horse passed through a doorway, springing up in such a manner as to strike his rider's head against the crossbar at the top and cutting an ugly gash in his head. However, Mr. Sanders was out last night at the band practice and hopes to be able to parade on Memorial Day.

### Mocking Bird Cages.

A large stock of assorted sizes which are to be had at very low prices at Jacobi's Hdw. Depot.

### Very Good Reasons.

The reasons why you can be benefited by buying from the King Clothier, S. H. Fishplate: You are in a Reliable House. A large assortment to choose from. A saving of 20 per cent. All goods steam sponged. Exclusive styles sold by him only. All goods guaranteed sewed with silk. His stores are well lighted by day and night and you can see what you are buying, plenty of light being the most essential thing for buyers of Clothing. If you are not satisfied with any article purchased from Fishplate's return the same and he will cheerfully refund you your money. With the above plainly before you how can you refuse to trade with a house of that kind. ††

### Scribner's Magazine for May.

Scribner's Magazine for May is one of the most picturesque and varied in its contents of the issues of that periodical. It contains several wholesome, out-door articles full of action, adventure, and exhilarating exercise. The illustrations of these are spirited and realistic. The frontispiece is a portrait of Alexander Pope, and the principal papers are, In the Steamers Track; The Bitter Sweet of Spring; The Hill Path; Alexander Pope; A Child of Light; Modern Explosives; Salmon Angling on the Restigouche; Of Love and Death; The Centre of the Republic; Moving in Venice; The Decoration of Vases; Arraignment; First Harvests; Courtesanship, and Gentlemen. Charles Scribner's Sons, New York, at \$3 a year.

### The Winston Normal School.

The fourth session of Winston State Normal School will be held in the Assembly Rooms of the Winston Graded School Building, beginning July 10th and closing July 27th, 1888. The Faculty is as follows: Prof. Wm. A. Blair, Winston Graded School, Superintendent; Prof. E. P. Moses, Superintendent of Schools, Raleigh, N. C.; Prof. M. C. S. Noble, Superintendent Schools, Wilmington, N. C.; Prof. E. C. Branson, Superintendent Schools, Athens, Ga.; Prof. John J. Blair, Winston Graded School; Mrs. J. A. McDonald, Primary Department. Other names will be announced later. Public lectures by distinguished specialists. Rich musical treats. Board at lowest rates. The teachers are all from the South, and no stronger corps has ever been engaged at any one Normal.

### The Canning Industry.

We learn from the Raleigh News and Observer that Capt. J. T. Patrick, Commissioner of Inigation, has returned from Baltimore, where he went several days ago in the interest of the fruit canners of this State to make an effort to secure improved and economical outfits for them at a minimum cost. Mr. Patrick reports that his trip was most highly satisfactory. He succeeded in making arrangements to secure canning outfits at about one-third of what has heretofore been paid for them. The canning industry is becoming an important interest in our State and Mr. Patrick receives many letters concerning the industry. It is a matter that ought to be developed, and Mr. Patrick is moving in the right direction.

### One Saved and Another Anxious.

Daniel Biggs, the colored man who was convicted of burglary and who was sentenced to be hung on Tuesday next, has had his sentence commuted by the Governor to imprisonment for life. Biggs was defended on his trial by Messrs. Junius Davis, J. T. Elliott and DuBrutz Cutlar, Jr., and as there were some mitigating circumstances connected with the case these gentlemen have worked hard to secure this commutation for their client. We think that all unprejudiced people will commend the Governor's action in this matter.

An earnest and determined effort is also being made by Mr. T. W. Strange to save the neck of Stephen Freeman, colored, who was convicted of rape. Two petitions are in circulation and are being numerously signed, one for pardon and the other for a commutation. Some new evidence has been discovered since the trial which goes far towards casting a doubt as to Freeman's guilt and this will be presented with the petition. We do not think that he will be pardoned but that his sentence will also be commuted.

Rev. W. M. Kennedy, of Warsaw, was in the city to-day.

We are glad to note that Capt. John H. Daniel, who has been very sick, has now recovered.

### Indications.

For North Carolina, warmer, followed by cooler fair weather and light to fresh Southerly winds.

The new flag gotten up by a number of ladies in this city for the Wilmington Light Infantry will be formally presented to the company on Memorial Day, just before the parade.

The Cornet Concert Club last night decided to accept the invitation extended them to parade on Memorial Day, and are now practising nightly with this end in view.

Capt. W. C. VonGlahn, Foreman of Wilmington S. F. E. Co. No. 1, has perhaps the handsomest fireman's shirt in the city. It is of thick camel's hair cloth, trimmed as are the shirts of the other members and with the letters beautifully embroidered—by his sweetheart.

Of the number of communications received at this office relative to our article yesterday in regard to the man Penny, we have deemed it necessary with our limited space to publish but one, as this seems to express clearly the sentiments of all. It was written by a prominent clergyman in this city.

### City Court.

Before the Mayor this morning Joseph Bryant was charged with disorderly conduct. Convicted, but judgment suspended.

"Christian No. 4," drunk and committing a nuisance, \$30 or 30 days.  
Ben Clayton, John Wheldon, Joe Green, Leonard Davis, A. Richardson and John Sellers, disorderly conduct, \$2.50 or 5 days each.

### Not a Democrat.

We have received a communication from a highly esteemed friend at Burgaw, himself a thorough Democrat (which means, of course, that he is also an estimable citizen), defending Sheriff Johnston in his political course. He says that our correspondent of a few days since is in error in placing him with the Republicans. He classes him as an Independent Democrat. Just exactly what this means we have been trying for a long time to find out. If there is any such thing in the heavens above or in the earth beneath as an Independent Democrat, then perhaps Mr. Johnston is one. There is but one definition to be given and that is that the man who is not a Democrat must certainly be a Republican. As to Mr. Johnston's genuine political status that must be defined by his acts. If he accepts a nomination of any kind from a Republican convention he is surely not a Democrat, for Democrats don't go to such places to get nominations. It is indisputable, we presume, that Sheriff Johnston did accept not only a nomination but an appointment as delegate at the hands of the Republican convention and in doing so he clearly defined his own political faith.

### She's a Daisy.

The steamer *Sylvan Grove*, chartered by the New Hanover Transit Co. to run this Summer between this city and Harper's Pier, for Carolina Beach, arrived in below this morning at 5 o'clock and after stopping awhile at Southport steamed up to the city, arriving here at about 12 o'clock. She tied up in the dock foot of Red Cross street, where she has been visited and inspected by a great many during the day. She is a regular daisy and will fill the bill quite comfortably. She has ample accommodations for 650 passengers, for which she is licensed, but has carried 800. She has two decks, besides the hurricane deck, the main saloon being on the upper deck. She is handsomely fitted abaft of the wheel, on the main deck, with a ladies' cabin, beautifully upholstered, and has also a number of staterooms on board. There is plenty room under cover, and plenty of room which is not under cover. She averaged 14 miles an hour on the trip out, while running, and this means 16 miles in smooth water, and can easily make five trips each day. In a word, she is just the boat for the service required of her.

For comfort and economy use one of Jacobi's Oil Stoves. †

We understand that the *Sylvan Grove* will begin her regular schedule on Tuesday next.

The French frigate *Bisson* is expected here to-morrow, probably in the afternoon.

We booked to-day seven new subscribers to the DAILY REVIEW, six from the city and one from the country.

We are glad to hear that Mr. Alex. Johnson, who was taken sick quite suddenly yesterday, is much better to-day.

Ger brig *Atlantic*, Schlotzman, cleared to day for Hamburg with 2,742 barrels rosin, valued at \$3,058, shipped by Messrs. Paterson, Downing & Co.

Mr. Gilbert Green has at the city Hall large photographs of Capt. Jack Griffith and Capt. John H. Daniel, both of which are superb likenesses.

### Wilmington Library Association.

The annual meeting of the Wilmington Library Association was held last evening. Dr. Thos. F. Wood, the President, was in the Chair and Mr. J. C. Chase was called upon to act as Secretary.

Mr. William Calder, Vice President of the Association, who has filled the Chair during Dr. Wood's illness, submitted his report, which was read and accepted.

The following were elected a Board of Directors for the ensuing year: Dr. Thos. F. Wood, Dr. W. H. Green, Rev. F. W. E. Peschau and Messrs. William Calder, J. C. Chase, W. B. McKoy, Norwood Giles, Junius Davis and W. A. Cumming.

A resolution was adopted authorizing the Board of Directors to devise some means for the relief of the association, and if advisable to negotiate with the Young Men's Christian Association with some reference to a feasible plan for the joint working of the two associations. The resolution also authorized the Board to report their action at a further meeting of the Association, to be called by the president.

Subsequently the newly elected Board of Directors held a meeting and elected the old officers as follows:

President—Dr. Thos. F. Wood.  
Vice President—Mr. William Calder.

Librarian and Treasurer—Mrs. Louis B. DeRosset.

### "Made in God's Own Image."

EDITOR OF THE REVIEW:—For one I want to thank you most heartily for the many and Christian words you have expressed in regard to the inhuman treatment of the man named Penny. It seems to me that whoever authorized such barbarous punishment made himself liable to the law. I learned that a society for the prevention of cruelty to animals has been organized in the city. Where were its members when this poor fellow was undergoing such cruel treatment?

It is easy enough to write such words on this matter, but it is not my purpose. I felt that when I read your article concerning it, and only want to express my gratitude. I may add that it would be well for those who possess a little brief authority to remember that "man is made in God's own image," even if those who come under their tender mercies are apt to forget it, and that charity is the first principle of the teachings of Him who "went about doing good." Such a spectacle as a human being tied to a cart and dragged through the streets of our city is a disgrace to it beyond expression, and I trust that it will never be seen again while we call ourselves a Christian community. CARITAS.

May 4, 1888.

### A Card from Mayor Fowler.

EDITOR OF THE REVIEW:—Realizing that you would not intentionally do me an injustice, I desire to explain a matter in reference to your article in yesterday's issue, in which it is claimed that one Penny was dragged through the street. Penny is an old offender and one of the most insolent prisoners ever brought before the municipal court.

He swore on yesterday he would not work upon the street. He was advised that the law required him to work. He swore he "would not walk one step." He was therefore ordered to be secured with a rope to the back end of a cart, sufficient rope being given him to follow. This was done to obviate the necessity of sending him out by the officers.

When the cart started Penny put his arms over the tailboard of the cart and hung down behind the cart. In this position he was carried through the streets. It is true his feet dragged upon the ground, but it was done at his own volition. He preferred this to walking. It was neither cruel or barbarous, as
