CONSTIPATION

Called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous gases in the retention of decayed and effete matter in the stomach and bowels. It is caused by the torpid Liver, not enough bile being secreted from the blood to produce Nature's own cathartic, and is generally accompanied with such results as

Loss of Appetite,
Sick Headache,
Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater constiveness. To secure a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost everything else, I concluded to try it. I first took a small quantity, as per directions, after each meal. I found that it had done me so much good that I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have used it so far it, it having cured me."—Geo. W. Sims, Asst. Clerk Superior Court, Bibb Co., Ga.

Dr. J. C. Ayer's widow is reported to be worth \$25,000,000.

An item to the effect that Mrs. Cleveland will attend the St. Louis National Convention is flying about.

In Chicago one firm have already sold 10,000 drums this year, the great demand being caused by the approaching campaign.

A locomotive was recently sent as a present to the Sultan of Morocco by the King of the Belgians. There is not a yard of railway or tram line in his dominions.

An English seer has discovered that the numerical value of the letters in Boulanger's name when added up amounts to 666, the number of the beast of the Apocalypse. This important clue enables him to predict that Gen. Boulanger will play a leading part in the affairs of the world between this time and the second advent of Christ, "which is to occur at 3 o'clock in the afternoon of March 5, 1896."

The years elute all alike and Queen Victoria has fallen into the habit of taking little "catnaps" in her chair, even when visitors are present. At such times the royal lady goes through the same routine followed by the most humble of her subjects. Her head falls a little forward, swaying slightly from side to side; then she sits bolt upright, opens her eyes very wide and assumes an appearance of great intelligence and alertness.

At a recent examination of the milk furnished by dealers in Philadelphia it was shown that one-third of the supply was well watered and otherwise adulterated before delivery. When the National Society to Prevent the Adulteration of Food, which is growing rapidly, gets strong enough, it intends to enforce the passage of laws which will punish offenders in this line as heavily as if they had entered into a conspiracy to kill.

It is estimated that among the population of the city of London there are 2,428 wives who have left their husbands; 2,371 husbands who have left their wives; 4,750 divorced persons; 191,023 couples that live together in a state of incessant hostilities; 510,512 couples that are absolutely indifferent one to another; 1,000 couples that are apparently happy; 1,102 couples that are happy to a certain extent; and of couples that are really happy, 6.

Justice William Strong, of the United States Supreme Court, retired, is now 80 years of age. He is tall, fine looking man who does not appear to be more than 60. His nose and face resembles Gladstone's, though it is not so wrinkled. Justice Strong seems as active as ever. He has his salary of \$10,000 a year, and a good income besides, but he still lectures on constitutional law at one of the Washington schools, and sometimes gives professional advice.

An Indiana lawyer, who has been looking up the matter a little, finds that there are 800 dead laws on the statute books of that State, every one of which can be taken advantage of by a smart lawyer.

The present indications are that Grover Cleveland will be nominated at St. Louis by acclamation, and that Maj. Stedman's nomination for Governor is next door to a sure thing.

Near Chancellorsville, Va., on the 10th of this month, the ceremonies of unveiling a monument to mark the place where Gen. Thos. J. Jackson received his mortal wound will take place. The ceremonies promise to be of an interesting character, and large numbers of the admirers of the great Confederate commander are expected to be present.

There is a big shortage in the Winter wheat crop and the estimates now are that it will fall off 50,000,000 to 80,000,000 bushels in four leading States. California will lose 50 per cent. and Ohio, Michigan, Indiana and Illinois show a decrease of about one-half of the usual crop.

Stedman for Governor.
The nomination of Maj. Stedman for Governor is reasonably certain and the Press is heartily glad of it. His promotion to the Governorship would be not only a simple act of justice to the man, who has deserved it by his devotion to his party, who would so brilliantly lead the party to victory and who would fill the office with such dignity and ability as would reflect credit upon the State, but it would be likewise an act of justice due to the young Democracy of the State upon whom have devolved the more onerous duties of every campaign, who have borne the brunt of every battle and who have never flinched from any duty, and of whom Maj. Stedman is the *beau ideal* and the recognized leader.

It is conceded that the nominee must be an Eastern man and it is but just that the West give the people of the East the man they want and that man, if the expression of preference by the conventions of nearly all the counties of the East is to be the guide, is undoubtedly Stedman.—*Salisbury Press*.

Peculiar in medicinal merit and wonderful cures—Hood's Sarsaparilla. Now is the time to take it, for now it will do the most good.

Rain was prayed for yesterday in some of the city churches.

School Books and School Stationery you can buy cheapest at Heinsberger's.

There was a slight sprinkle of rain here yesterday forenoon, but not enough to wet the ground.

The annual meeting of the Carolina Yacht Club will be held this evening, in the Mayor's office.

There was a throng of sight-seers yesterday, all day long, visiting and inspecting the *Sylvan Grove*.

Mocking Bird Cages. A large stock of assorted sizes which are to be had at very low prices at Jacob's Hd. Depot.

The truckers are complaining very much of the need of rain. Vegetables are already suffering from the want of it.

Indications.
For North Carolina, local rains, slight changes in temperature and fresh to brisk Southerly winds.

Mr. Willie Ortmann, of Charleston, is here on a visit to his uncle, Mr. F. W. Ortmann. He has just returned from a course of three years study at Leipzig, Germany, and on his way back to Charleston stopped here for a few days to visit his uncle.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Rev. Dr. Pritchard will leave here on Wednesday morning for attendance on the Southern Baptist Convention, which meets at Richmond on Friday next.

Four new members were admitted into the First Baptist Church yesterday, seven were added to Grace Church and one joined the First Presbyterian.

Ger. barque *Bellona*, Lenox, cleared to-day for London, with 619 casks spirits turpentine, 50 barrels gum thus, and 3,450 barrels rosin, valued at \$14,432, shipped by Messrs. Paterson, Downing & Co.

Mr. and Mrs. Heinsberger were married twenty-two years ago to-day. We extend to them our heartiest congratulations and hope that they may live to record their silver and golden anniversaries.

There will be plenty of flowers for Memorial Day. There are millions of roses in bloom now and the magnolia buds are just opening out into flowers. The atmosphere is fairly heavy with fragrance.

Dr. Thos. F. Wood and Dr. W. J. H. Bellamy left last night and Dr. T. S. Burbank, of this city and Dr. Watson, of Southport, will leave to-night for attendance on the State Medical Convention, which meets in Fayetteville to-morrow.

Capt. June Gardner went out to the Southeastern suburbs this morning with a force of nine men to work on the three miles of ditches which drain the city on the East. He hasn't got the 25 the morning papers credited him with, but he ought to have them.

Confirmations and Delegates.
Sunday evening at St. Mark's Church Bishop Watson confirmed a large class of 14 candidates, the majority of whom were men.

Alfred Howe, Henry E. Green and John G. Norwood have been elected as delegates to the annual Diocesan Council, which meets this year on the 23d inst. in St. John's church, Fayetteville. John H. Davis, Albert Saunders and Richard L. Hutchins were elected as alternates. The parish is growing rapidly and is in a prosperous condition.

State Medical Society.
The thirty-fifth annual meeting of the State Medical Society will be held in Fayetteville this week, commencing Tuesday, the 8th inst., Dr. T. D. Haigh, of Fayetteville, president, and Dr. Julian M. Baker, of Tarboro, secretary. The president's annual address will be delivered on Tuesday, at 5 o'clock, in Williams' Hall, where all the sessions of the society will convene. On Wednesday evening a banquet will be served in the magnificent dining rooms of the Aotel La Fayette, to be followed by a ball in compliment to the association.

An invitation will be extended to the Medical Society by the ladies of the Fayetteville Memorial Association to participate in the impressive ceremonies of Thursday, May 10th, which will consist in the address by J. H. Myrover, Esq., in Williams' Hall, at 4.30 p. m., the procession to Cross Creek Cemetery immediately afterward, and the decoration of soldiers' graves.

On Thursday night the annual oration will be delivered, and the society's sessions will continue daily until Friday, 11th inst. A large attendance of members and visitors is expected, whom the people of Fayetteville will meet with all their wanted hospitality.

A piece of real estate, on Chestnut street, between Eighth and Ninth, with a small frame dwelling thereon, was sold to-day at public auction, by Mr. J. W. Woolvin, Commissioner, for \$750. Mr. T. B. Henderson was the purchaser and Messrs. S. VanAmringe & Co. the auctioneers.

The REVIEW acknowledges the courtesy of an invitation from the Ladies' Memorial Association, through Mr. Preston Cumming, Chief Marshal, for its editorial staff and employees to participate in the services to be held on Memorial Day, May 10th.

"Now, what is a corvette?" we imagine many of our readers enquiring. A corvette, according to Mr. Worcester, of dictionary fame, is "a sloop-of-war having less than twenty guns," and, according to the same authority, a sloop-of-war is "a vessel of war, of any rig, mounting between eighteen and thirty-two guns." Now you have it.

City Court.
Before the Mayor this morning Wm. Phinney was charged with disorderly conduct. He was fined \$20 or 30 days.

Mattie Johnson, throwing rocks. Judgment suspended.

James Nash, disorderly, \$10 or 20 days.

Mollie Patnall and Lucilla Merrick, for an affray, were each fined \$5.

Submitted for What it is Worth.
The Seventy-first Regiment of New York are making up a programme to visit Richmond early in July and we cannot but think that if we could get them to time their visit so as to come South about the time of our Encampment and then come on here and pay us a visit it would be the best card we could play. If it can be done at all it can be done very easily. It is but a seven hours' ride from Richmond to this city and the cost—say two-thirds of a cent a mile, would be a mere bagatelle to those New York fellows. We submit the suggestion for what it may be worth.

Very Good Reasons.
The reasons why you can be benefited by buying from the King Clothier, S. H. Fishplate: You are in a Reliable House. A large assortment to choose from. A saving of 20 percent. All goods steam sponged. Exclusive styles sold by him only. All goods guaranteed sewed with silk. His stores are well lighted by day and night and you can see what you are buying, plenty of light being the most essential thing for buyers of Clothing. If you are not satisfied with any article purchased from Fishplate's return the same and he will cheerfully refund you your money. With the above plainly before you how can you refuse to trade with a house of that kind.

The Carolina Yacht Club.
But few persons probably are aware of the fact that the Carolina Yacht Club, of this city, is next to the oldest yacht club in the United States. The senior is the New York Club, ours ranking second, with but one year's difference in their ages.

At no time in its history has the Carolina Yacht Club been in a more prosperous condition than now. There are 137 active paying members on the list, as it comes over from last season, and it is probable that there will be numerous additions this summer. We should not be surprised to see the list run up to 200. A great deal of interest is always taken in the regattas of the Club and the coming season promises to be of a more exciting interest than any of its predecessors. The construction of the rail road will render the transfer of the boats an easy job and already several races in the river, as well as on the Sound, are spoken of.

The Club, we understand, will make some notable improvements to the Club House on the beach opposite Wrightsville, among other things, a broad covered veranda to extend entirely around the building.

The French Corvette is Here.
The French corvette *Bisson* arrived here yesterday morning and was the cynosure of many pairs of eyes through the day. She is lying in the stream opposite the lower part of the city but not much of her beyond the hull and the masts and yards could be seen to-day, as it is wash day on board and the hammocks are spread out on the rigging to dry. She is a square rigged of 900 tons burthen and carries 124 men. Her armament consists of 6 guns. Her officers are Commandant Antoine, Lieutenant Letgall, First Ensign Alexandre, Second Ensign Perdriel, Third Ensign Curnae, Surgeon Landouar and Paymaster Salles.

During the forenoon she was visited by Capt. Moore, of the revenue steamer *Colfax*, Mayor Fowler, Collector Robinson, Mr. R. E. Heide, Vice Consul of Norway, Sweden and Denmark, and others.

By the courtesy of Capt. Moore, of the cutter, the captain's yawl was used to transport these officials. Subsequently Capt. Antoine came ashore and returned the calls.

A committee of the Cape Fear Club also visited the *Bisson* and with the proverbial hospitality of the club tendered the freedom of their rooms to the officers of the corvette.

The *Bisson* will remain here two days and we understand that Capt. Antoine has stated that his ship is open to the visits of such ladies and gentlemen as would like to go aboard of her.

The First Excursion.
The steamer *Sylvan Grove* made her first excursion trip on the Cape Fear this afternoon. She left here at 4:30 o'clock with a large crowd aboard. The run will be down as far as Orton and return. Half of the proceeds are to be turned over to the Ladies' Benevolent Society.

The *Sylvan Grove*, Capt. Jno. W. Harper, will begin to-morrow her regular trips to Carolina Beach. She will make two trips leaving here at 9:30 a. m. and 3 p. m., returning at 1 o'clock and 7 o'clock. This is merely the schedule for the day and not for the season.

Rev. Mr. Wilson, of Woodville, Miss., was here yesterday, and at St. James' Church. He was on his way to Clinton, to take charge of St. Paul's Church in that town.

The fire steamer *Cape Fear* is out this afternoon for regular monthly practice.

Rev. Dr. Patterson, who was expected here yesterday, did not arrive.

Seven excursion parties are already booked by the *Sylvan Grove*.

Capt. W. A. Snell took charge of the *Passport* to-day.

Fluting machines for less than factory prices at Jacob's Hardware Depot.
