proceding gubernatorial election: Provided, That every township shall be entitled to cast at least one vote, and each township may send as many delegates as it may see fit.

 In cases where townships consist of more than one ward or precinct, each of said wards or precincts shall be entitled to send delegates to county conventions, and shall cast its proportionate part of its township's vote. based upon the last preceding vote for Governor in said

township. 8. The chairmen of township committees shall preside at all town ship conventions. In their absence any other member of said committee may preside.

In cases where all the town-

ocratic State Convention be held in the city of Raleigh on Thursday, the 30th day of May, 1888.

The said Convention will be held for the nomination of candidates for the offices of Governor, Lieutenant-Governor, Secretary of State, Auditor, Treasurer, Superintendent of PublicInstruction, AttorneyGeneral, three Justices of the Supreme Court -one for the vacancy now filled by appointment of the Governor, and two to take their seats in case the number of Justices shall be increased by the vote of the people-and of two Electors for the State at large, and for the election of Delegates and alternate Delegatesto the Democratic National Convention to be held in the city of St. Louis on the 5th day of June next. Also, for the adoption of a platform of principles and the transaction of such other business as may come before it.

It will be observed that the State Convention is to be held earlier this year than usual. This was necessary in order that the delegates to the National Convention, to be held the week after, may be selected. The National Convention is called earlier than usual in order that the SUGAR, P b-Standard grain.. party may be better organized and a more thorough campaign made in behalf of its nominess and its great principles. The same advantage attends the earlier meeting of our State Convention and nomation

of its candidates. The State committee respectfully urge upon the county committees throughout the State to take early action for the call of their county conventions, in accordance with the plan of organization which is publish ed with this address, giving full notice of meetings in the different townships, so that primaries may be fairly held and fully attended. Thus the fairness of all nominations and other business done mus be univer. POMONA HILL NURSERIES sally conceded. It is obviously important that every county shall be represented in the State Convention by one or more of its own citizens, but if for any reason one cannot attend, provision has been made for the representation of the county by any person appointed by the chairman of the county convention, or in case his failure to appoint, by one through the grounds and within 100 feet o
