Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if a little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.

FOR WHOSE BENEFIT. It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of indigestion, constipation, headache, biliousness, nervousness, depression, loss of vitality and general debility. For children it is most invigorating and harmless. No danger from overuse. Cures Colic, Diarrhoea, Bowel Complaints, Feverishness, and all Febrile Affections. Invalids and persons who find it the mildest and most refreshing sleep. A little taken at night insures refreshing sleep and a natural evacuation of the bowels, and the appetite, cleanses the stomach and sweetens the breath.

A PHYSICIAN'S OPINION. I have been practicing medicine for twenty years and have never been able to get up a vegetable compound that would, as effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. M. HENNING, M.D., Washington, Ark.

Marks of Genuine: Look for the red Trade-Mark on front of Wrapper, and the Seal and Signature of J. H. Zeilin & Co., in red, on the side. Take no other.

Col. Frederick D. Grant, talking about his father's "memoirs," is quoted as giving the profits thus far to Mrs. Grant from that source as \$411,000.

It is estimated that at least 500 counterfeiters of the old masters, each of which has been purchased at a large price, are hanging in the galleries of the United States.

The Sweetwater dam just completed at San Diego, Cal., at a cost of \$800,000, is said to be 20 feet higher than any dam in the United States. It is 90 feet from its base to its crest.

A barrel of Ohio river water which took the place of a barrel of Cincinnati whiskey travelled 11,000 miles and was kept in a storehouse seven years before the fraud was discovered.

The locomotive that was captured by the Union raiders at Big Shanty, Ga., in April, 1862, is still in service, being used in their road construction by the Etowah Iron and Manufacturing Company.

A ring worn by a wealthy California lady had in it three much admired blue-white stones, the names of which the lady did not know. The ring was a present from her husband, who now explains that the gems are the first three teeth cut by their three children.

Joseph Davis, of Wayne county, W. Va., has a daughter aged 6 years who weighs 230 pounds. This is believed to be the largest child of its age in the world. (This is also believed to be the largest lie in the world.)

The new Inman steamship, the City of New York, is warranted by her builders to be unsinkable. That is, one condition laid down in the contract by the company was that she should be unsinkable, although she is of iron and has a capacity of 10,000 tons.

Carl Schurz has planned to spend the summer in Germany at the Villa Froestek with his two daughters, where he intends to revise his memoirs. During his residence in Europe he will gather material in different European archives for a comprehensive history of our late civil war. All these "histories" will be of use to the man, probably not yet known, who shall write the true history of the great American war.

Two thousand emigrants left Liverpool for Canada in one week this year, and the next week six additional steamers, with a capacity of 1,000, had to be put on, and they were all filled, and many passengers had to remain over for another week for lack of room. The rate of emigration has been maintained at all the same point ever since, it is said, and the record of the season will be unprecedented.

THE DAILY REVIEW.

VOL. XII WILMINGTON, N. C., WEDNESDAY MAY 23, 1888. NO. 123.

The invitation extended to President Cleveland by the Queen of Spain to be present at an unveiling of a statue of Christopher Columbus in June, in the city of Barcelona, is a kindly recognition of the fact that this country is warmly interested in the erstwhile protegee of Ferdinand and Isabella. Whatever the followers of the Lief Ericson sehium may assert, the heart of this Republic beats true to Columbus. Mr. Cleveland will, in all probability, not go to Barcelona, but he is a Columbus adherent in full standing and rejoices in the statue which is to be unveiled.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Scribner's Magazine.
Scribner's for June marks the beginning of the very important series on the Building and Management of Railways, for which preparations have long been making. It is also an unusually strong number in its literary features—Henry James; Thomas Bailey Aldrich, Robert Louis Stevenson, and Augustine Birrell being among the contributors. "The Building of a Railway" is the leading article, written by Thomas Curtis Clarke—certainly among the most eminent of American bridge builders, and a man of the widest experience in railway construction. The bright side of "Hospital Life" in a great city, as it appears to a patient, is described by A. B. Ward, who writes, from full knowledge and sympathy, of Bellevue, Roosevelt, St. John's and St. Mary's in New York and Brooklyn. Augustine Birrell writes a delightful essay, "Cardinal Newman." Robert Louis Stevenson supplements his essay on "Gentlemen" with a paper on "Some Gentlemen in Fiction." "A London Life," a story in four parts by Henry James, is begun in this number. George H. Jessop is the author of a very dramatic story, entitled "Lalor Abboo Singh." The serial "First Harvests," by F. J. Stimson, takes its characters on a coaching trip in early summer from the Hudson River to Neno, through one of the most picturesque regions in the Northern States. The poems are all good.

Wilmington Base Ball Club.
We understand that a meeting will be held here in a few days for the purpose of reorganizing the Wilmington Base Ball Club and adopting some plan of campaign for the Summer months. It is thought that the season will be very propitious and the fact that the street railway will run very near the grounds and thus afford a ready access to them will aid largely in the attendance. Then, too, there will be a chance for some good playing during the emancipation and the crowds of visitors which are sure to be here during the Summer will add largely to the interest of the games.

Free Musical Concerts.
As warm weather approaches and as our two splendid cornet bands have their regular practice the thought of the free musical concerts which might be given in the open air or at some hall suggests itself. Seats might be provided and a small entrance fee charged, or collections taken up to defray expenses and the band practice thus converted at least once a week into free musical concerts; the two bands alternating, one giving the concert one week and the other the next.

City Court.
Mayor Fowler disposed of the following cases this morning: Jane Outlaw, receiving goods under false pretence, discharged.
Robert Williams, larceny, bound over to the present term of Criminal Court in the sum of \$100.
T. J. Penny, affray, \$5 or ten days.
Frances Breward, hogs running at large, \$5 and costs.

"Feast of Roses."
To-morrow night and Friday night at the City Hall, the ladies of Grace Methodist Church will give their festival, styled "Feast of Roses," at which the admission fee will be ten cents, and lots of good things will be sold for the benefit of their new house of worship.

Indications.
For North Carolina, slight changes in temperature and rain, followed in the interior by fair weather, and fresh to brisk Easterly winds, high on the coast.

The first of June, and with it the half day weekly holiday is rapidly approaching and the "knights of the yard stick" should be getting the quantum sufficient of "bed-ticking" and having their bathing suits made ready.

State vs. Lloyd Sneed, Josh King and Jno. W. Williams, for an affray. Verdict, guilty. Judgment, one penny and costs.

State vs. Dora Johnson, for larceny. Defendant submits. Judgment, \$10 and costs.
State vs. Thos. Andrews, for bigamy. Defendant submits. Judgment five years in the State Penitentiary.
State vs. Sam. Dixon, for assault and battery. Defendant submits. Judgment, one penny and costs.
State vs. Daniel Biggs, on two counts, burglary and robbery. Not pros in each case.

The following cases were disposed of yesterday after 4 o'clock and when our report for that day had closed:
State vs. Frank Mumford, Cornelius Wright and Willie Robinson, larceny, plea 'not guilty.' Verdict, guilty as to Wright and Robinson who were sentenced to three years in the State penitentiary.
State vs. William Brown, larceny, plea not guilty. Verdict of guilty, judgment not rendered.
State vs. Bud Johnson, larceny. Defendant submitted and was sentenced to pay a penny and costs.
State vs. C. E. Bullard, obtaining goods under false pretenses. Before Supreme Court. Defendant and R. H. Lyon recognized in the sum of \$200.

To-Night at the City Hall.
The little ones of the Union Graded School have made their preparations for the festival to be given by them to-night in the City Hall and as the weather itself is in their favor there will probably be a large attendance. The doors will open at 7 o'clock and at 9 o'clock exercises in calisthenics will begin. Refreshments will be offered during the evening and will be served by the young lady scholars. The proceeds are for the Union School Library Fund.

The news from the Congressional Convention at Goldsboro to-day is to the effect that Hon. C. W. McClammy is renominated without a contest, which means, we presume, that it was by acclamation.

Gov. Scales has gone to Baltimore to attend the General Assembly of the Presbyterian Church and Lieutenant Gov. Stedman is again acting Governor of the State.
