

# THE DAILY REVIEW

VOL. XII

WILMINGTON, N. C., MONDAY, MAY 28, 1888.

NO 127.

Every California county has had \$1,000 voted it by the Legislature for advertising purposes.

John L. Sullivan is now a circus man. He bought a third interest in John B. Doris's circus and will go out on the road on June 1.

The Western Unitarians voted at their annual conference to observe in all their church societies the semi-centennial July 15, of Emerson's Harvard divinity school address—that notable attack on religious formalism.

The New York Legislature adjourned without making any arrangement for continuing the State labor in the prisons, and 35,000 men will be continued in enforced idleness for a year on account of the opposition to the contract system.

The Turkish Government has a suspicion that Russian pilgrims, who just now are arriving in great numbers at the monasteries at Galatia and Mount Athos, are really come to spy out the country, and have given orders that the pilgrims be closely watched and hustled along as rapidly as possible.

The Macon (Ga.) Telegraph gives a long list of fine business houses built in Macon in the past twelve months. The aggregate expended in these improvements was over \$500,000. This is not the result of an attempt to boom the city, but is a natural and healthy growth. The Telegraph is confident that the next twelve months will show a still more decided increase in the material wealth of the city.

In 1890 will end the term of 100 years during which the cities of Boston and Philadelphia have each enjoyed the revenue from a bequest of \$5,000 made by Benjamin Franklin. The money was to be loaned out to young married artificers, and the trust has been executed, although the lapse of a century requires a new disposition of the funds. It is significant that while in Boston the \$5,000 has grown to nearly \$328,000, in Philadelphia the \$5,000 has become only \$70,000.

Pope Leo has imparted his apostolic benediction to each member of the Catholic National Temperance Union. In a letter to the Rt. Rev. P. T. O'Reilly, spiritual director of the Union, Cardinal Rampolla says: "His Holiness ardently desires that a society so useful may be from day to day more and more extended throughout America, and he is happy to learn that its members are ready to labor for that end. He beseeches God to be propitious to their undertaking and to shower down His heavenly blessings upon them."

Fly Traps, best and cheapest, at Jacobi's Hd. Depot.

If you want to cool off jump on the *Passport* this evening and take a ride about the port.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

Burglars. You can be safe from them by using the Burglar Proof Blind Locks, sold at Jacobi's.

A big day's business was done here last Saturday. The streets were crowded with purchasers until a late hour.

Bathing Suits. Come down to Headquarters, 25 dozen Flannel Bathing Suits, in all sizes and colors, sold at the lowest manufacturing prices at the Wilmington Shirt Factory, 27 Market st., J. Elsbach, Prop. Look for the blue awning.

Fishing Tackle. A full assortment of all kinds for both salt and fresh water fishing at Jacobi's Hd. Depot.

Another lot of those celebrated Oil Stoves just received at Jacobi's Hd. Depot. It will pay you to use one.

Humors run riot in the blood at this season. Hood's Sarsaparilla expels every impurity and vitalizes and enriches the blood.

Mr. H. D. Stanland, one of the REVIEW typos, pulled from his garden yesterday a cucumber eight inches long.

Those who have been longing for warm weather ought to be happy now. Spring has but three days more to live. June is the first Summer month.

Capt. E. W. Manning displayed this morning two beautiful ripe peaches, large and luscious, from his young fruit farm at Wrightsville. He says he will ship peaches this year from a thousand trees.

Rev. G. M. Tolson, pastor of the Brooklyn Baptist Church, occupied the pulpit of the First Baptist Church yesterday morning, preaching an interesting and instructive sermon to a large congregation. Mr. Tolson has done a great work since he has been pastor of the Brooklyn church, having added in two years 134 new members to its membership.

We invite attention to an advertisement in this issue of a practical and experienced gardener who has recently located in this city. He is a good workman, careful and painstaking, and furnishes excellent testimonials from those of our citizens who see gardens he has cared for. He is located at Mrs. Rehder's, cor. Rankin and Redcross Streets.

Personal.  
Capt. E. J. Pennypacker returned to the city on Saturday night from a visit to Philadelphia.

Mr. Geo. S. Willis, delegate from Unity Tent I. O. R., in this city, to the High Tent, in session at Philadelphia last week, returned Saturday night.

High Tent of Rechabites.  
At the annual meeting of the High Tent of Rechabites, held recently in Philadelphia, Mr. B. H. Webster, of Savannah, Ga., was elected High Chief Ruler; Mr. I. N. Groom, of Zanesville, O., High Deputy Ruler; Mr. Frank D. Russell, of Iliou, N. Y., High Secretary and Mr. F. T. Skipper, of this city, High Treasurer. There was a large attendance and a very harmonious meeting. Much for the good of the Order was accomplished. The next meeting will be held at Ballston Spa, N. Y. In the vote designating place for holding the meeting Wilmington received next to the highest vote.

The Old Garrison.  
Some notable improvements are to be made in "The Garrison" at Southport, by the U. S. Government, and the work was begun on Saturday. All of the old buildings are to be taken down and sold and the money thus obtained is to go towards the cost of the improvements. The parade is to be overhauled and renovated, the walks repaired, grass replanted and probably trees set out. The whole is to be enclosed with a handsome iron fence and to be open to the public. When this is all done we doubt if there will be a more beautiful spot, or a more delightful one, anywhere on the Southern coast than this same garrison parade where lovers have kept their tryst and maids have been wooed and won for all these many years.

The Last Sad Rites.  
The mortal remains of the lamented Capt. Joseph N. Bowden were laid yesterday afternoon in Oakdale Cemetery. The impressive funeral services were conducted by Rev. D. H. Tuttle, of Fifth Street M. E. Church. The attendance was very large. A long line of mourners followed the remains to their last resting place beneath the quiet shades of our beautiful city of the dead. The floral offerings were profuse and exquisite in design. The pall-bearers were Messrs. J. W. King, W. B. Bowden, J. J. Bowden, W. N. Jacobs, B. J. Jacobs, C. D. Jacobs, E. G. Parmelee and J. E. Bunting.

WireCloth for your windows and doors can be had at Jacobi's Hd. Depot.

## Coal Burners for the W. & W.

The Wilmington & Weldon R. R. people are calculating on considerable changes and improvements in the equipment of that road this Summer. Six powerful new engines have been ordered and will be put on the road next Fall. These will be constructed for coal, instead of wood, and it is intended also during the Summer and Fall to change all of the old engines into coal burners. Coal, it is claimed, has many advantages over wood and these advantages are that it is cheaper, gives a steadier heat, and time is saved in handling. There is also, it is said, an economy in the matter of stopping and starting. It is calculated that an engine will average 50 miles on one ton of coal and as the tender will hold about five tons it will be easily seen where the economy in handling it comes in. The coal burners will be put on in time for the Winter travel and freight traffic, which, it is anticipated, will be phenomenally heavy this Fall and Winter, owing to the great boom of progress that is everywhere in the South.

## Day Train to be Resumed.

The Carolina Central R. R. authorities have decided, we understand, to replace the day train on that road and this will be done some time in June, probably about the 12th or 15th of the month. The day train was very popular last Summer and was very convenient to the travelling community. It places Wilmington and Fayetteville within quick and easy access to each other and caught up much of the travel going to the West.

Since the above was in type we learn that a day train will be put on the Carolina Central and also on the Raleigh & Augusta R. R. on the 10th of June. The time between this city and Charlotte will be reduced to eight hours, say leave Wilmington at 7 a. m. and arrive at Charlotte at 3 p. m. This will be pleasant news to many.

## Weather Conditions for June.

Mr. F. P. Chaffee, in charge of the Signal Office here, has furnished us with the following summary of the weather conditions for the month of June as calculated from observations taken here during the month for the past 17 years:  
Possible range of maxima temperatures between 100 in 1880 and 66 in 1883; minima temperatures between 78 in 1881 and 1882 and 51 in 1884; monthly temperature between 87 in 1873 and 1880 and 62 in 1878; clear days, 1 day in 3; rain, 1 in 3; average rainfall, .28 inches daily; cloudy days, 1 in 4; mean velocity of wind, 7 miles per hour; most frequent direction, S.W., (30 per cent.); greatest rainfall in any 24 hours, during June, 7.03 inches, June 30th, 1876.

## City Court.

Mayor Fowler disposed of the following cases this morning:  
Hattie Stocks, goats running at large, \$10 or 20 days.  
Olie Beckton, disorderly conduct. Judgment suspended.  
Robert Lloyd, drunk and down, \$5 or 10 days.  
Mary Fisher, drunk and disorderly, \$20 or 30 days.  
David Neal, horse running at large, \$5 or 10 days.  
One defendant, a colored man, who requests that we suppress his name, charged with disorderly conduct, was fined \$10.

## Election of Commissioners.

The first Monday in June the magistrates will elect a new board of county commissioners, and for the benefit of all concerned we would state that under the act of 1887, commissioners must be elected outside of the board of magistrates; in other words, the board of magistrates cannot, under this act, elect a commissioner or commissioners out of its body.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

## Sprung a Leak in Port.

Schr. R. S. Graham, Avis, which cleared for Philadelphia a few days ago, sprung a leak at Southport, while waiting to go to sea, and was towed up to the city to-day. It is likely that she will have to discharge her cargo and go on the ways for repairs.

## A General Invitation.

An invitation is hereby extended to all merchants, business men, military, members of the press and other organizations and the citizens of Wilmington in general, without regard to religion, military, nativity or political sentiment, to join us in our National Memorial Ceremonies on Wednesday, May 30th. The procession will form in front of the City Hall at 8:30 o'clock p. m. and march thence to the National Cemetery, where the usual ceremonies will take place.

Respectfully,  
John H. Whiteman,  
Chief Marshal.

May 28th, 1888.

Agents for Mr. J. L. Stone's music house in Raleigh will canvass Wilmington during the next few days. Mr. Stone has just returned from New York, where he purchased the largest stock of pianos and organs ever shipped at one time to this State. He is prepared to furnish the citizens of this city and section with first-class instruments at low figures, and on terms to suit the purchaser. Mr. Stone has the exclusive agency for the celebrated Emerson pianos and has already sold several of them here.

### Is'n't This the Truth?

We don't feel bad—oh! no—because a stranger carried off stacks of Printing and Binding last week to be done elsewhere—and that too from business men who are always crying that you must patronize home enterprises and build up Wilmington. We have no stock company at our back—but we have had the means to get what we want to so equip our office that today it is the best in the city. In giving us your orders you have an opportunity of seeing proofs of the work if so desired. Do not expect or require more from your home establishments—as some of you do—than from strangers who are here today and gone to-morrow. Any printing work that we do, or bound books that we make—can be returned if not satisfactory. Could you ask for more?
