CONSTIPATION

It is called the "Father of Diseases," because there is no disease through which disease so often attacks the system as through the absorption of poisonous gases in the stomach and bowels. It is caused by a torpid liver, not enough bile being secreted from the liver to produce Nature's own cathartic, and is generally accompanied with such results as

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only cause a purgative, but be tonic as well, and not produce a worse habit of body without changing the habit of disorganizing the system.

My situation, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and having tried almost everything else, concluded to try it. I first took a small quantity, as per directions, after each meal. I continued it until I took two bottles. Good that I had done so much good that I had not experienced any difficulty. I kept it in my system and would not be without it, but have as we see it, it having cured me. Geo. W. Stone, Ass't. Clerk Superior Court, Hills Co., Ga.

Wire Cloth for your windows and doors can be had at Jacob's Hdw. Depot.

Rain is really needed hereabouts but nothing is as yet suffering for the want of it.

Burglars. You can be safe from them by using the Burglar Proof Blind Locks, sold at Jacob's.

"I cannot praise Hood's Sarsaparilla half enough," says a mother whose son, almost blind with scrofula, was cured by this medicine.

Dog collars. Largest and finest assortment ever before brought to this city, to be had at Jacob's Hdw. Depot.

Fishing Tackle. A full assortment of all kinds for both salt and fresh water fishing at Jacob's Hdw. Depot.

Another lot of those celebrated Oil Stoves just received at Jacob's Hdw. Depot. It will pay you to use one.

Dead dogs and cats are being continually found on the streets. It is said that some of them at all events are poisoned.

An important meeting of the Young Men's Democratic Club is called for this evening, at 8 o'clock, in the City Court Room.

Our thermometer got up to 92 today at 1 o'clock and 2 o'clock, and yet it does not seem to have been as warm as it was on Saturday.

The Sylvan Grove took down this morning a very large crowd of colored excursionists. The boat appeared to be literally packed.

It was all that the Seaside R. R. could do to accommodate the crowds that went down to the Hummock on Saturday evening and yesterday afternoon.

The view of the city to be had from the belfry of Grace Church is extensive and magnificent. It looks like one huge garden, embowered as it is in trees.

There was much promise of rain here last evening, and there was a little, but hardly enough to wet the ground. There were good rains West of us on Friday and Saturday.

Mr. S. B. Anders sends us the first cotton bloom of the season from Bladen county. It was plucked on his farm, near Magruder, on Friday last, the 22d inst. Cotton and corn are both promising well in that locality.

The ladies of Fifth Street M. E. Church will give an excursion to the Hummocks on Wednesday. Their tickets will be good on any train running during the day. The ladies will sell refreshments on the Hummocks.

Campaign Equipments, Consisting of white beavers, bandana handkerchiefs, walking cane and torch, for prices and further particulars, address

Sign of Big Hat. Orders from the country promptly attended to.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Death of an Old Citizen.

Mr. Dougald McMillan, who was for many years a prominent resident of this city, where he was previous to the war an inspector of naval stores, died at Sloop Point on Saturday morning, aged about 75 years. The remains were brought to the city yesterday afternoon and interred in Oakdale Cemetery.

First of the Season.

Capt. S. W. Nobles picked ripe grapes from his vineyard yesterday. He informs us that he first noticed them on the 13th inst. They were of the Concord variety, which is the earliest grape grown. He also showed us some cultivated blackberries, the Rochelle variety, which he thinks can be profitably grown in New Hanover. They are far superior to the ordinary blackberry.

Resident Engineer C. F. & Y. V. R. R.

Gen. M. P. Taylor, formerly of this city, but for some years past a resident of Oxford, has been appointed Resident Engineer of the Cape Fear & Yadkin Valley R. R. Gen. Taylor is a civil engineer by profession and in former years did much work in that line in this State. We are glad to note his appointment to the responsible position he will fill and think the authorities have done wisely in tendering it to him.

Well Done.

We call attention of our readers to the fact that Mr. S. H. Fishblate, well known the King Clothier, has ordered and will receive in a few days several hundred Cleveland and Thurman white beavers which he will dispose of to the members of the Young Men's Democratic Club as \$1.00 each. Other houses have advertised them at \$1.50. Mr. Fishblate thinks that in a cause of this kind, a merchant should be patriotic enough to furnish articles necessary for a club at about as near cost as possible. We are of the same opinion.

The Box Sheet.

The box sheet for the complimentary concert at the Opera House tomorrow night is not badly cut up. The work was neatly and scientifically done, and nearly every chair in the orchestra, two rows of benches, half of the boxes and a number of seats in the dress circle have been very prettily removed from the diagram. All of this goes to indicate that the audience will be one of the largest, most cultured and most appreciative that has ever been known at an amateur concert in our pretty little Opera House; which is all as it should be.

Death of Mr. C. S. Love.

We regret very much to learn of the death of Mr. Charles S. Love, a highly esteemed resident of this city, the sad event having occurred at his residence on Fourth street, near Mulberry, yesterday morning. He had been sick for about a week, with typhoid fever, but he was not considered alarmingly ill and his death was somewhat sudden and unexpected. Mr. Love was the senior member of the firm of C. S. Love & Co., commission merchants and agents here for the steamer Cape Fear, plying between this city and Fayetteville, and was a gentleman of strict probity of character and highly esteemed by all with whom he came in contact.

Hot Enough for You?

The heat has been intense everywhere. Coming so early in the season it is really more oppressive than usual. June is not wont to do this thing. Generally, it is in every way a delightful month, although sometimes, last year, for instance, we had too much rain during the month. Our warmest weather generally dawns upon us about the first of July, the Fourth being almost invariably an intensely warm day. The hottest we have had here yet, however, is 92, and that was on Saturday. In New York on Friday it was 98 at 1 o'clock and 90 at 6 o'clock and on Saturday it was 98 at 3:30 p. m. The suffering in consequence was very great. The Signal office people say that it is the warmest weather we have had in June in seventeen years.

Bathing Suits. Come down to Headquarters, 25 dozen Flannel Bathing Suits, in all sizes and colors, sold at the lowest manufacturing prices at the Wilmington Shirt Factory, 27 Market st. J. Elsbach, Prop. Look for the blue awning.

Literary.

"THE MIDNIGHT MARRIAGE," by Amanda M. Douglas. No. 1 of the "Manhattan Series" of Popular American Novels. Paper, 12mo. Price 25 cents. Published by A. L. BURR, 56 Beekman street, New York.

With good judgment a novel by Amanda M. Douglas has been chosen to inaugurate the "Manhattan Series." No writer is more popular with the general novel reader, and this first book, "The Midnight Marriage," has all the elements of her most successful stories which have placed her in the front rank of popular authors. It is intensely dramatic, and full of healthful excitement: its action is rapid, and its plot capitably mysterious. It is a book that will keep thousands of readers awake till the small hours of the morning with its stirring interest. "The Manhattan Series" certainly promises very well and its encouragement solely of American authors deserves hearty support. It is for sale at the book stores.

An Interesting Occasion.

Pythagoras Lodge of Southport has invited the Masonic fraternity of this city to be present at the installation of officers of that lodge tomorrow evening, when Mr. E. S. Martin, of St. John's Lodge No. 1, of this city, will deliver an address. Grand Master C. H. Robinson will install the officers of Pythagoras Lodge. The committee representing the Lodge have made arrangements with Capt. Crapon, of the Steamer Bessie, to carry visiting brethren, the boat leaving here at 5 p. m.

The committee have also secured the services of the Cornet Concert Club, who will furnish music for the occasion.

After the Masonic exercises there will be a musical entertainment in the Court House, and Profs. Schloss, Wilson and Greenwald will render some of their choicest selections. We acknowledge the courtesy of an invitation to be of the party on this interesting occasion.

The Editorial Goshen.

It really does seem necessary to remind some people that it costs money to conduct a newspaper as well as other business enterprises; that the printers must be paid promptly in hard cash at the end of each week; that paper is cash; that ink is cash; that rent, fuel, taxes, postage, and a hundred other minor items must be paid for in money and that the newspaper publisher must himself eat food, sleep under a roof and wear clothes enough to cover his nakedness. It is really hard to impress these facts upon the minds of some people. The newspaper man is the last to be paid; he is expected to work for nothing, or next door to it. He must be a good party man and subscribe more liberally than any dozen other individuals in the community to the success of the campaign. If a big celebration is on hand he must give *ad infinitum* of his stock in trade while others are paid down in hard cash for all they furnish. If there are any quarrels on hand he must take them up and bear them on his own broad shoulders and, if need be, make the thing a personal matter. He must foster all kinds of enterprises, good, bad and indifferent, write up his own town at all times, in season and out of season, father all the lies told and let somebody else get the credit of all of the good things he may say and feel glad, glorious and happy when some one pats him on the shoulder and says to him: "That was a good thing of yours but it would have been a little more telling if you had said so and so."

But probably the worst evil of all, the most harrowing to the soul, the most exasperating to the feelings, is to have some one step in and say, as some one did step in and say to us this morning: "Our organization is to have an excursion this week and won't you please publish this little local for us? We can't afford to advertise." This is only a specimen and we give it here merely as the latest. Verily, the editorial Goshen is anything but a land of milk and honey.

The First Baptist Sunday School will give an excursion on Friday next, the 29th instant, on the Sylvan Grove, to Carolina Beach. Refreshments will be served on the boat and those in charge will do all in their power for the comfort of their guests.

Cape Fear & Yadkin Valley.

The line of the Cape Fear & Yadkin Valley Railroad, between this city and Fayetteville, is definitely located. It crosses Black River at an elevated bluff on the west side, about a quarter of a mile above Union Bridge. The work, except where the main streams are crossed, will prove of the lightest character, the side ditches almost making the entire road bed. For easy grades and light curvature or alignment there is no road in the State which can show such a record. In Gen. Taylor's department there are but two curves in a distance of about 30 miles, the length of the two being only about 2,300 feet. The convict labor, about 200 strong, under Col. Hicks, will begin at Black River on the first of next January.

Moonlight Excursion.

A moonlight excursion, probably the last on this moon, will be given to Wrightsville and the Hummock on the Seacoast R. R. to-morrow night. The train will leave here at 7:30 and leave the Hummock on the return at 11:30. The harpers will furnish music and there will be dancing in the pavilion, interspersed with strolls on the moonlit beach.

Mr. J. F. Byrde, of Nichols, S. C., was in the city to-day on a brief business visit.

The Seacoast R. R. carried down 1,100 people to salt water yesterday.

Mr. and Mrs. L. Vollers, of Point Caswell, were in the city to-day visiting their friends.

New Music House. J. L. Stone, the popular music dealer of Raleigh, has established a branch house at Wilmington, on Dock street one door from Front, where may be found a number of the celebrated Emerson pianos, also other makes from \$150 upwards. Organs from \$45 upwards. Every one is invited to call and examine the instruments.

TRIBUTE OF RESPECT.

WILMINGTON, N. C., June 12, 1888. Whereas, It has pleased God, in His Divine wisdom, to remove from our midst on the 4th day of June, 1888, our beloved brother Freeman, E. W. Doscher, therefore, as a token of our love and esteem, we, the Committee appointed at the last meeting of the Howard Relief Fire Engine Company No. 1, held June 11, 1888, dedicate to his memory the following resolutions: Resolved, That by the death of our beloved brother Freeman, E. W. Doscher, this Company has not only lost one of its most respected and efficient members, but one whose pleasure it was to do his duty. Resolved, That though we miss him in our ranks and feel it to fill his place, we will always cherish his memory. Resolved, That we deeply sympathize with the bereaved family. Resolved, That these resolutions be spread on our minutes, a blank page be left in our book of record inscribed with his name, date of birth and demise, and that a copy of these resolutions be sent to his widow, and to the daily papers with request of publication. J. G. OLDFIELD, J. L. GIESCHEN, M. RATHJEN, M. G. TIENKEN, C. D. HUTAFF, Committee.
